Vol. 74] **PUBLISHED BY AUTHORITY** [No. 1

BANGALORE, THURSDAY, JANUARY 5, 1939.

PART I

IMPORTANT GOVERNMENT ORDERS

DEVELOPMENT SECRETARIAT.

Directs that the third Bitumen Road Emulsion Plant be located at Hassan.

READ—

Government Order No. D. 4487-9—I. & C. 136-38-7, dated 18th November 1938, sanctioning the installation of a Third Bitumen Road Emulsion Plant in the State and directing the location thereof either at Shimoga or Bhadravati.

2. Correspondence ending with Note No. 25—38-39, dated the 19th December 1938, from the Director, Sandalwood Oil Factory, recommending, for reasons explained, the location of the Emulsion Plant sanctioned in the Government order read above, at Hassan.

ORDER No. D. 5611-18—I. & C. 136-38-11, DATED BANGALORE, THE 21ST DECEMBER 1938.

The Director, Sandalwood Oil Factory, reports that, in view of the necessity for arranging for the efficient working of the plant and its supervision by him, it would be best to instal the plant at Hassan. On a consideration of the balance of advantage, Government are pleased to approve of the proposal to locate the Plant at Hassan, instead of at Shimoga or Bhadravati.

2. The Director is requested to select a suitable site and proceed with the construction of the necessary buildings, etc., so that the machinery when received may be installed with the least possible delay.

3. The General Manager, Mysore State Railway, the Superintending Engineer, Shimoga Circle, the Deputy Commissioner, Hassan District and the Chief Electrical Engineer are requested to afford all necessary assistance to the Director in this matter.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department
(Incharge).

Reviews the Administration Report of the Sericultural Department for the year 1937-38.

READ—

Report on the working of the Sericultural Department in Mysore during the year 1937-38, received from the Director of Industries and Commerce in Mysore, with his letter No. D. 4. 188-38, dated 10th November 1938, along with his review thereon.

ORDER No. D. 5176-85—SERI. 42-38-2, DATED BANGALORE, THE 8—9TH DECEMBER 1938.

Recorded.

2. There was a slight reduction in the imports of silk yarn during the year, but an appreciable increase in the imports of raw silk and artificial silk yarn. The imports of the latter article, *viz.*, artificial silk yarn, rose abnormally from 17,628,884 lbs. to 31,589,038 lbs. (an increase of about 14 million pounds). This indicates to what little extent the protective duties have had the desired effect.

3. As a result of inadequate and unevenly distributed rainfall and the fall in prices of cocoons and silk, the area under mulberry which stood at 30,000 acres at the end of the previous year declined to 26,175 acres during the year under review. A large number of people were encouraged to raise mulberry topes which increased to 60 (41) at the end of the year and demonstration mulberry topes were raised in important sericultural villages along Bidadi-Maddur, Bangalore-Kolar and Bangalore-Devanhalli roads. Seventy-two cart-loads of green mulberry cuttings were supplied free of cost to sericulturists from the Government Farms. A special survey of all sericultural villages in the State was conducted and statistics relating to the area under mulberry, yield of cocoons, silk, etc., were collected and compiled

4. The question of further continuing the protection to the silk industry was taken up by the Tariff Board. The members of the Board visited important sericultural areas in Mysore during June, July and August 1938 with a view to study the condition of the silk industry and to gain first-hand knowledge.

5. The demand for cross-breed layings was very keen during the year and Government sanctioned an additional grant of Rs. 45,300 during the year to improve the production of disease-free layings and to adopt measures to reduce the cost of production of silk. There were 10 Government grainages and 21 aided grainages at the end of the year for preparing cross-breed layings. The Government grainages prepared altogether 5,482,026 (4,491,948) disease-free layings and the aided grainages 3,958,407 (3,177,655).

6. The research work in regard to refrigeration of cross-breed layings and multivoltine seed cocoons was continued during the year.

7. The total expenditure on the department during the year amounted to Rs. 1,99,000 against Rs. 1,57,500 in the previous year.

8. The working of the Department during the year was satisfactory.

J. APPAJI GOWDA,
Secretary to Government,
Development Department.

LOCAL SELF-GOVERNMENT SECRETARIAT.

Reviews the report on the Administration of the Bangalore City Municipality for the year 1937-38.

READ—

Letter No. A1. 173—38, dated 15th November 1938, from the Municipal Commissioner, Bangalore City, forwarding the Administration Report of the Municipality for the year 1937-38 together with the resolution of the Municipal Council thereon.

ORDER No. L. 5241-45—ML. 116-38-14, DATED BANGALORE, THE 23RD DECEMBER 1938.

Recorded.

2. *Constitution.*—The strength of the Municipal Council was the same as in the previous year, namely, 30 members, of whom 24 were elected and 6 nominated. Mr. P. Subbarama Chetty was the Honorary President from 1st July 1937 to 27th January 1938. The elections for the offices of the President and Vice-President were held on 29th January 1938, at which Mr. N. Balakrishnaiya, B.A., LL.B., was elected as President and Sri R. Kalyanamma as Vice-President. They continued to hold the respective offices till the end of the year. This is the first time in the history of this Municipality when a lady is elected Vice-President.

In the by-election proposed to be held to fill up the vacancy caused by the disqualification of Mr. K. T. Bashyam Iyengar, he was returned unopposed, as the disqualification was removed by Government, and the election was approved.

Mr. Mirza Azeezulla Beig was appointed as a member of the Municipal Council, *vice* Mr. Abdul Mazeed who became disabled from continuing as a member of the Municipal Council, owing to his continued absence from meetings of the Municipal Council.

3. *Municipal Officers.*—Mr. M. Seshadri, M.A., held the office of the Municipal Commissioner till he handed over charge of the same on 11th October 1937 to Mr. S. Narayana Rao, M.A. (Hons.), who continued as Municipal Commissioner during the remaining portion of the year. Messrs. M. G. Srinivasa Peidpet, L.M.S., B.S.SC., B. S. Narasinga Rao, B.A., B.E., M. A. Basith and K. Rangappa, B.SC., continued as Health Officer, Municipal Engineer, Revenue Officer and Personal Assistant to the Municipal Commissioner, respectively, during the year.

4. *Meetings.*—The Municipal Council held 61 meetings, of which 12 were ordinary, 37 adjourned and 12 special. The number of adjourned meetings which comes to 60 per cent of the total number of meetings held is unusually large and points to the necessity of the Municipal Council showing greater expedition in the despatch of business.

5. *Committees.*—There were seven committees. The Managing Committee held 22 meetings (10) and the City Improvement Committee 17 meetings (5). The Committees continued to work satisfactorily and disposed of the items of business referred to them. The City Improvement Committee disposed of all the subjects referred to it for opinion. Rules and bye-laws for the levy of a tax on arts, professions, trades, etc., were sanctioned by Government in Government Order No. L. 9189-90—Ml. 105-36-27, dated 7th May 1938.

6. *Finance.*—The year opened with a balance of Rs. 11,93,297 including the amount of Rs. 10,92,549 available out of the debenture loan of Rs. 20 lakhs. The total receipts and the expenditure during the year amounted to Rs. 11,61,988 and Rs. 20,15,816 including Rs. 6 lakhs invested in the State Huzur Treasury, respectively, leaving a closing balance of Rs. 3,39,469.

The income under octroi amounted to Rs. 2,45,915 (Rs. 2,41,045). The increase of nearly Rs. 4,900 was chiefly under "raw silk" which is ascertained to have been imported in larger quantities during the year under report. The collection under tolls which was carried out departmentally amounted Rs. 53,239 (Rs. 59,283). The decrease under this head is mainly due to lorries being increasingly used for the import of goods into the city instead of bullock carts.

7. *Demand, Collection and Balance.*—The arrears outstanding at the beginning of the year amounted to Rs. 3,87,961 and the current demand was Rs. 10,58,883. A sum of Rs. 9,29,229 was collected, leaving a balance of Rs. 5,17,615 at the close of the year.

The total demand under assessed taxes was Rs. 7,52,668 (Rs. 6,48,902) including the arrears of Rs. 2,86,766 outstanding at the beginning of the year. There was an increase of Rs. 36,742 in the current demand which was mainly due to the revision of assessment in the II, III, IV, V, VI, VII and VIII divisions during the year. A sum of Rs. 3,57,306 was collected, leaving a balance of Rs. 3,95,362. The percentage of collection was as low as 47·47 (52·8). Government regret to observe that the collection work was, as in the previous year, quite unsatisfactory. There is no reason why the collection should be so low in the Municipality. There appears to be considerable slackness in the supervision of the work of the subordinates entrusted with collection work. The Municipal Commissioner is requested to devote his personal attention to this important work and see that the arrears are collected in full during this year.

8. *Incidence of Taxation.*—The incidence of taxationper head of population was Rs. 4-2-10 (Rs. 4-2-3).

9. *Public Works.*—The expenditure under this head was Rs. 1,39,398 (Rs. 1,59,700). The items of work carried out related chiefly to the construction of new roads and drains and buildings, among which may be mentioned the following :—

(i) Construction of a road to join to Kumbargundi Road.
(ii) Widening the deviation roads (i) south of the Wesleyan Mission High School, and (ii) south of Gangamachery.
(iii) Construction of drains in Srirampur and Narasimharaja Colonies.
(iv) Construction of the Ookad in Hosur Road and Jutka Stand in Chamarajpet.
(v) Formation of a cross road in Dharmambudhi tank and of a new road in Gandhi Nagar.

A sum of Rs. 2,86,065 was spent out of loan funds for the following works :—

		Rs.
(i) For improving water-supply ...	...	57,990
(ii) Advance for purchasing meters	...	16,680
(iii) For tarring roads ...	...	58,476
(iv) Advance for school buildings	....	76,588
(v) For lay-outs and compensation	...	76,331
Total	...	2,86,065

10. *Government Grant and City Improvement Works.*—Government granted a subsidy of Rs. 30,000 for water-supply and Rs. 30,000 for City Improvement Works. A sum of Rs. 29,706 was spent out of the latter, the important items being those noted below :—

(i) Construction of flush-latrines and urinals in different parts of the City.
(ii) Improving (a) the hydrants in the general market, and (b) the circle at the junction of the Sydney Road.
(iii) Levelling Mavalli tank bed and lowering the Dharmambudhi tank bed.
(iv) Constructing ornamental railings and building the Band Stand in the Silver Jubilee Park.
(v) Extending the vegetable yard in the City Market.

11. *Underground Drainage and other Works.*—A sum of Rs. 3,50,750 was sanctioned for underground drainage works in the City. The work is rapidly progressing under the control of the Bureau of Sanitary Engineering and house connections are being insisted upon. A large number of drains were constructed in the interior of the city as well as in the extensions.

12. *Water Supply.*—The control of water-supply continued to vest in the Public Works Department. The work of extending the 18" water main from the Binny Mills to Basavangudi and the several southern extensions was completed during the year, the total outlay thereon being Rs. 1,57,475 including Rs. 7,960 spent for the improvement of water-supply to the Narasimharaja Colony. With the expansion of the City in several directions, the demand for the water-supply is on the increase and will continue to be so. The question of issuing revised rules for regulating the supply of water in the City is under the active consideration of Government.

13. *Public Health.*—The health of the City continued to be good. There were 23 attacks and 16 deaths from plague. The number of anti-plague inoculations performed was 2,164 (9,248); and the number of vaccinations 15,656 (11,734). Special attention was paid to the inspection of food stuffs. A separate Food Inspector for inspecting hotels and eating-houses has since been appointed. Nine hundred and thirty-five prosecutions were launched and 487 ended in conviction, fines to the extent of Rs. 2,418-4-0 having been realized. Anti-malaria and culex work was continued.

14. *Maternity and Child Welfare.*—Two Lady Health Visitors and 11 Midwives attended to this work under the supervision of the Health Officer and the number of labour cases attended to by the midwives was 2,311 (1,842). The Municipal Maternity Home and Belli-Mutt Creche continued to do good work.

15. *Public Instruction.*—The Municipal Council continued to be the Loca Education Authority in respect of the Primary Schools in the Bangalore City. The total number of institutions under the control of the School Board was 60 (64) with 10,248 pupils as against 9,587 in the previous year. The total receipts under the Elementary Education Fund amounted to Rs. 1,13,299 (Rs. 1,11,110) including the Government grant of Rs. 61,955 and expenditure to Rs. 1,10,847 (Rs. 1,11,668). The construction of three school buildings was completed.

16. *Acquisition.*—A Special Land Acquisition Officer was temporarily appointed for a period of six months to expedite this work. A sum of Rs. 33,224 was paid as compensation out of the normal funds of the Municipality, while out of a lakh of rupees allotted for this purpose from Loan Funds, a sum of Rs. 74,853 was spent. The important properties acquired were the following :—

(i) Properties to the east of Subedar Chattram Road for the formation of an extension.
(ii) Properties in Gangamachery for developing the area near the Town Hall.
(iii) Properties for extending the Medical Institutions in the Fort.
(iv) Properties occupied by the Premier Metal Factory for extending Sri Narasimharaja Road.

17. *General.*—The periodical revision of assessment on lands and buildings in the City, for which a special staff had been appointed was completed.

As the normal work of the Engineering Department was itself very heavy for one officer and the additional work of lay-outs, acquisitions and town improvements imposed an undue strain on him, sanction was accorded to raise the status of the Municipal Engineer to that of an Executive Engineer and to give him a Gazetted assistant.

Arrangements were made to lease out 140 sites to Adikarnatakas at a ground rent of eight annas each a month.

Estimates for Rs. 36,000 and for Rs. 15,500 for (i) extending the Municipal Office building for providing more accommodation, and (ii) the construction of shops by the side of "The Iyengar Coffee Club," near the market circle, respectively, have since been sanctioned by Government.

The Municipal Council has recognised the need for providing housing facilities to all classes of people. One hundred and twenty-nine out of 586 scavengers and sweepers have been provided with quarters and a five-year programme has been drawn up for providing housing accommodation to the remaining menials. The lay-out of the Subedar Chattram Road extension has been approved, and the formation of a Park and a small extension to the east of the Maharaja Mills, Ltd., was also sanctioned.

The question of forming extensions near Kanakanapalya, Basavangudi, Malleswaram, Sri Rampuram and Kalasipalya is under the consideration of the Municipal Council.

The acquisition of properties for continuing the Silver Jubilee Park Road to join the Avenue Road and Pathrappa Road at an estimated cost of Rs. 99,790 has also been sanctioned.

Government note with approval that the Municipal Council is anxious (1) to improve the existing civic amenities in the matter of water-supply, lighting, drainage, lay-out of extensions for housing the poor and the provision of maternity

homes and also (2) to embark on a programme of public works calculated to bring credit to the administration of the premier municipality in the State. At the same time, Government regret to observe that the Municipal Council is not equally ready to find the necessary funds. The financial condition of the Municipal Council is steadily deteriorating. Arrears of assessed taxes are accumulating from year to year and no serious attempt is made either to husband the existing resources or to explore new sources of income. The dues to Government on account of water-supply are on the increase and the Municipal Council has defaulted in the payment of the very first instalment towards the sinking fund on the debenture loan. The Municipal Council is therefore requested to apply itself seriously to set matters right, as otherwise a time will soon arrive when it cannot meet even its inevitable expenditure on ordinary services from its normal revenues.

P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

Directs that the Travelling Allowances to Presidents and Vice-Presidents of District Boards should not together exceed Rs. 1,200 in any official year.

READ—

Notification No. L. 5641—L. B. 31-31-9, dated 15th February 1932, directing that the travelling allowance admissible to the President and Vice-President of a District Board shall be subject to a maximum of Rs. 1,200 in any official year in the case of the President and Rs. 720 in any official year in the case of the Vice-President.

2. Extract of the report of the District Boards Finances Committee, recommending that for reasons given, the allotment of Rs. 720 in the budget of each District Board for travelling allowance to the Vice-President be retrenched and that, in exceptional cases, when the Vice-President has also to do touring work, his travelling allowance may be met from the allotment made in the budget for the travelling allowance of the President.

ORDER No. L. 5250-69—L. B. 83-38-4, DATED BANGALORE, THE 23RD DECEMBER 1938.

As per notification dated 15th February 1932 read above, the Vice-President of a District Board is in receipt of travelling allowance from the funds of the District Board, subject to a maximum of Rs. 720 in any official year.

2. The District Boards Finances Committee consider that the major part of the work of the District Board is assigned to the Departments of Government like the Public Works, Medical and Veterinary, and that the only outdoor work which the President and Vice-President have to do is the inspection of minor roads, travellers' bungalows and musafirkhanas, and Ayurvedic and Unani Dispensaries and they are of the opinion that there is not adequate work for both the President and Vice-President touring out on inspection duty. They therefore recommend that the Vice-President need not generally do any touring work and that no separate allotment need be made in the budget of the District Board for his travelling allowance, but that in exceptional cases when he has also to go out on inspection duty, his travelling allowance may be met from the allotment made for the President.

3. Government accept the recommendation of the Committee and are accordingly pleased to direct that the touring work of both the President and the Vice-President should be so arranged as to avoid overlapping and that their travelling allowance should not together exceed Rs. 1,200 in any official year.

4. A notification will issue separately amending the existing rules in this behalf.

P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

Transfers the work of ameliorating the condition of the Depressed Classes from the Registrar of Co-operative Societies in Mysore to the Revenue Commissioner in Mysore.

ORDER No. D. 5416-86—C. S. 47-38-1, DATED BANGALORE, THE 13—15TH DECEMBER 1938.

In their Order No. 1318-68—C. B. 84-26-3, dated the 11th October 1926, Government directed that the work of ameliorating the social and economic conditions of the Depressed Classes be entrusted to the Registrar of Co-operative Societies in Mysore. As most of such work, as for example—housing, relief of indebtedness, formation of agricultural colonies and the like—has to be carried on by the village panchayets, the municipalities and the revenue officers, Government consider that the Revenue Commissioner, who is the head of the Revenue Department and who administers the Village Panchayet Act, and under whose control are placed the Deputy Commissioners of Districts, who are responsible for the administration of the local bodies would be in a better position to attend to this work. They are, therefore, pleased to direct that the Revenue Commissioner in Mysore be appointed the Special Officer for the Depressed Classes.

2. The officers of the several departments dealing with the questions of labour and other social and economic conditions of Depressed Classes should give all necessary facilities to the Revenue Commissioner in the discharge of the work assigned to him.

3. The Revenue Commissioner is requested to include in the annual reports of his department, in future, a special section dealing on the work done by him in this behalf. The directions contained in the Government order dated 11th October 1926 referred to above are cancelled.

P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

FINANCIAL SECRETARIAT.

Records the report on the working of the Government Savings Banks in the State for the year 1937-38.

GENERAL SECRETARIAT.

Directs that the limit to the maximum number of questions to be put by a non-official member of the Legislative Council be raised from five to eight and that not more than four of them be starred.

READ—

Government Order No. Rl. 269-346—L. C. 2-35-5, dated the 16th November 1936, accepting, among others, the recommendation of the Committee appointed for the examination and revision of the Representative Assembly and Legislative Council Acts and the rules and standing orders thereunder, that the maximum number of questions that a member may be allowed to put at any one session of the Legislative Council may be limited to five, of which not more than two might be starred for putting supplementary questions.

ORDER NO. RL. 175-234—L. C. 7-38-2, DATED BANGALORE, THE 3RD JANUARY 1939.

The amended rule limiting the maximum number of questions that may be put by a non-official member of the Council to five and the starring of not more than two of them has been in operation from the Budget Session of 1937. It has been urged that this limit should be raised and that the question hours of the days of a session admit of a larger number of questions being answered.

2. Government agree that the limit may be raised and are pleased to order that each non-official member of the Council be, in future, allowed to put not more than eight questions. Not more than four of them may be starred.

3. Action to amend the existing rule will be taken separately.

BANGALORE, THURSDAY, JANUARY 12, 1939.

PART I

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT.

Passes orders regarding the appointment and training of Revenue Probationers.

ORDER No. R. 3169-71—L. R. 291-38-1, DATED BANGALORE, THE 6TH JANUARY 1939.

Government are pleased to appoint the undermentioned candidates as Revenue Probationers on a salary of Rs. 80 per mensem.

(1) Mr. N. Lakshmana Rao, B.Sc.

(2) Mr. V. N. Channakrishnappa, B.Sc., M.L.

2. During the probationary period which is fixed at two years, the Probationers will be required to undergo satisfactorily the prescribed course of training. They should also pass within this period the necessary departmental tests and produce the prescribed certificate in equitation. On satisfactory completion of the probation, the Probationers will be absorbed as Deputy Amildars or Amildars as vacancies occur, ordinarily not less than 50 per cent of the vacancies in these grades being made available for them.

3. The Revenue Commissioner is requested to issue necessary instructions regarding the posting of the Probationers and the course of training to be undergone by them and report the action taken to Government.

B. T. KESAVIENGAR,
Chief Secretary to Government.

GENERAL SECRETARIAT.

Revises the list of Class II Roads in Bangalore District.

READ—

Government Order No. P. 4185-95—Legis. 46-35, dated the 28—29th December 1935, directing classification of certain roads as Class II Roads.

2. Correspondence ending with letter No. J2. C. 1522—37-38, dated 27th November 1938, from the District Magistrate, Bangalore, requesting for inclusion of Dodballapur-Devanhalli Road in Class II Roads in the circumstances explained therein.

ORDER No. T. 1976-79—R. T. 16-38-4, DATED BANGALORE, THE 4TH JANUARY 1939.

The recommendation of the District Magistrate, Bangalore District, to include the Dodballapur-Devanhalli Road in Class II Roads is approved.

C. SUBRAHMANYA AIYAR,
Secretary to Government,
General Department.

DEVELOPMENT SECRETARIAT.

Reviews the Annual Report of the Department of Agriculture for the year 1937-38.

READ—

Correspondence ending with letter No. R. O. C. 534—Hc. 175—38-39, dated 9th November 1938, from the Director of Agriculture in Mysore, submitting the Annual Report of the Department of Agriculture for the year 1937-38.

ORDER No. D. 5785-5807—AGRI. 111-38-3, DATED BANGALORE, THE 23RD—30TH DECEMBER 1938.

Recorded.

2. Mr. T. G. Rama Iyer was in charge of the department throughout the year.

Work of Scientific Sections: Sugarcane.—Important manurial experiments on the nitrogen and potash requirements of sugarcane were conducted during the year with satisfactory results. The preparation of active carbon for the clarification and decolorisation of cane juice for the manufacture of clean jaggery and clean boora sugar was the most important work of the Chemical Section done during the year and a number of successful demonstrations were held in the preparation of the clean jaggery. Investigation into the keeping quality of cane clearly indicated the superiority of H.M. 320 to P.O.J. 2878.

The greater part of botanical work on sugarcane is being done on the Irwin Canal Farm in view of the assured water-supply there and work on the scheme of breeding thick canes subsidised by the Imperial Council of Agricultural Research has also been transferred from the Hebbal to the Irwin Canal Farm.

Coffee.—The provisions of the Destructive Insects and Pests Act were extended to the Kadur District also to control the spread of the Coffee Stem Borer. Manurial experiments, soil analysis, plant breeding work and experiments on spraying in respect of coffee were continued in the Coffee Experimental Station at Balehonnur.

Cotton.—The American hybrid cottons were under trial on the Irwin Canal Farm and the results so far obtained as regards M. A. II indicate the great scope for extending these cottons in this irrigated tract. Work was continued on the Red Leaf Blight Scheme financed by the Indian Central Cotton Committee.

Tobacco.—Manurial experiments on cigarette tabacco are in progress on the Irwin Canal and the Babbur Farms. Systematic spraying with bordeaux mixture has been found to be useful in safeguarding tobacco seedlings, nurseries from fungoid diseases. For the control of the tobacco stem borer, spraying with calcium arsenate, destroying the affected seedlings, the mechanical removal and destruction of the caterpillars from the borer galls on the seedlings and the use of pyrethrum and derris root powder have been found useful. Experiments in the cultivation of the cigarette variety of tobacco in the Babbur Farm show that there are good prospects for cultivation of this variety in that area.

General.—Under the guidance of the department, the Mysore Sugar Company, the Military Grass Farm, as also several influential raiyats are reported to have taken to the preparation of compost. The fish poison scheme was continued by the Imperial Council of Agricultural Research for short periods at a time and is proposed to be terminated at the end of December 1938. To bring the areca Koleroga under control, 15,500 acres were sprayed as against 12,500 in the previous year. Experiments are in progress to combat the Anaberoga of areca which prevailed in a serious form in the Malnad and semi-Malnad parts resulting in the destruction of many areca trees and the results obtained so far are said to be promising. Bee-keeping was considerably extended during the year.

Experimental Farms.—The main work of the Hebbal Farm related to varietal tests of ragi, groundnut and sugarcane. Pine-apple suckers and seeds of chillies were largely distributed from the Marthur Farm. The Nagenahally Paddy Breeding Station is gaining popularity as the source of supply of pure seeds of improved varieties and more than 480 pallas of paddy have been distributed during the year. It is reported that a suitable strain of coffee has been evolved on the Coffee Experimental Station and that it is proposed to distribute the seeds from selected plants in the coming season for trial under estate conditions. Sugarcane, groundnut, cotton, tobacco, irrigated ragi, plantains and pine-apple are the main crops grown in the Irwin Canal Farm. Clean jaggery manufactured on the Farm was in good demand.

Demonstration and Propaganda.—During the year under review the demonstration section of the Department was reorganised to improve the work in the Districts. The number of circles was raised from 4 to 10 and that of Ranges from 35 to 43. A regular system of demonstration plots on raiyats' fields was sanctioned at a cost of Rs. 8,000. Two hundred ploughs were granted free to facilitate demonstration in the use of improved agricultural implements in select village panchayets and 1933 plots were laid out. The scheme is reported to be very popular with the raiyats who have been co-operating with the department. A large quantity of improved seeds was distributed, their value being nearly twice that of the seeds purchased for the purpose in the previous year.

Agricultural Education.—The strength of the Hebbal Agricultural school decreased from 70 in the year 1936-37 to 50 in the year under report. This fall has been explained to be due to want of opportunities for employment after passing the examination which has seriously affected the popularity of the institution. The vernacular Agricultural Schools at Ramakrishnapur and Chikkanahalli continued to be popular.

The work of the department was satisfactory.

B. T. KESAVIENGAR,
Secretary to Government,
Development Department
(In charge).

Reviews the Administration Report of the Civil Veterinary Department for the year 1937-38.

READ—

Letter No. R.O.C. 534—Hc. 175—38-39, dated 10th October 1938, from the Director of Agriculture in Mysore, submitting the Administration Report of the Civil Veterinary Department for the year 1937-38, with his review thereon.

ORDER NO. D. 5719-5779—A. H. 49-38-3, DATED BANGALORE, THE 19—29TH DECEMBER 1938.

Recorded.

2. It is reported that there were 142 outbreaks of rinderpest during the year. Bangalore District, which was free from rinderpest for several years, was infected during the year and 56 villages were affected. The disease was brought under control by a vigorous inoculation campaign. There were a few cases of out-breaks in Kolar, Tumkur, Hassan and Chitaldrug Districts. The disease was promptly checked by the department with the co-operation of the Deputy Commissioners of Districts by preventing the movement of cattle from the infected localities. The disease has apparently become less virulent since last year, judging from the low percentage of mortality among the affected cattle and the restricted spread of infection to surrounding villages. The number of animals protected against this disease was 51,762.

Blackquarter prevailed in a severe form in Bangalore, Tumkur, Kolar, Hassan and Mysore Districts and caused very heavy mortality among cattle. The number of inoculations conducted was 2,14,612 against 88,096 in 1936-37. Anthrax was severe in Mysore and Bangalore Districts. The number of animals protected against the disease was 23,145. The results of the new saponin vaccine in controlling this disease among sheep and goats are reported to be very satisfactory and its effectiveness in cases of anthrax among cattle is being tested. Hæmorrhagic Septicæmia appeared in a severe form in Hassan, Kadur, Shimoga and Chitaldrug Districts. The number of animals protected against this disease was 32,732. A severe outbreak of strangles was encountered among the military horses of the Mysore Horse and the Mysore Lancers. The disease subsided without any casualties as a result of the timely use of the autovaccine prepared locally.

3. *Veterinary Institutions.*—There were 75 (72) Veterinary Institutions in the State. The number of fresh cases admitted for treatment was 2,69,221 and the number of operations and castrations conducted was 20,478 and 29,762 respectively. It is satisfactory to observe that these institutions are gaining in popularity and are being availed of largely by the raiyat population. Four philanthropic gentlemen came forward, during the year, with generous donations for the construction of dispensary buildings at Channagiri, Yelahanka, Srinivaspur and Kunigal. It is reported that the Veterinary Officers have also co-operated in the live-stock improvement work and assisted the Revenue Officers in the selection and distribution of stud bulls, improved rams and poultry to village panchayets.

4. *Work in Villages.*—The Veterinary Officers visited 14,035 villages, treated 53,472 cases, operated on 1,290 cattle and castrated 38,911 animals during their tours. The staff attended 101 cattle fairs and, besides attending to professional work, delivered lectures on subjects pertaining to live-stock.

5. *Meat Inspection.*—The Municipalities of only 14 taluks engaged the services of the local Veterinary Inspectors for the examination of animals intended for slaughter and for inspection of meat meant for consumption. It is reported that the inspection of animals and meat even in the premier cities of Bangalore and Mysore is still being continued to be done by unqualified men. No municipalities in the districts of Tumkur and Chitaldrug employed qualified Veterinary Inspectors for this purpose. Government wish to emphasise that it is very essential, in the interests of public health, that only disease-free animals should be slaughtered for consumption, that the quality of meat exposed for sale should be good and that the object in view could be achieved only if the inspection of animals and meat is undertaken by qualified Veterinary Officers. They trust that all the municipalities in the State including Mysore and Bangalore Cities will make satisfactory arrangements in this respect.

6. Investigation on Johne's Disease among cattle subsidised by the Imperial Council of Agricultural Research was continued during the year. The Veterinary Research Officer conducted research work on some of the diseases of the live-stock

and poultry, such as carcinema of the nasal sinuses, gastro-enteritis of the malnad cattle, contagious pleuro-pneumonia of goats, heart-water in imported merino sheep, strangles in horses, rabies in dogs and anti-rabic vaccinations.

7. The work of the department continued to be satisfactory.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department
(In charge).

Issues instructions regarding the Printing Work of the several offices and institutions.

READ—

Government Order No. M. 522-87—P. & S. 6-20-72, dated 2nd August 1921, directing that the printing work of all Government Offices should be got done only at the two Government Presses in future and that no work should be entrusted to private presses without the express sanction of Government.

2. Government Order No. M. 3457-61—P. & S. 52-21-1, dated 10th February 1922, observing that in the case of concerns of a commercial nature under Government management it is not obligatory to entrust the printing work to the Government Press and that in such cases the printing might be got done at private presses at the discretion of the Head of the department or office concerned.

3. Para 9 of Government Order No. G. 14823-80—P. & S. 66-29-2, dated 27th June 1930, issuing orders to the effect that such of the works as are scheduled by the Press Committee and for which the departments concerned can pay from their respective budgets may be gradually entrusted to private presses.

4. Correspondence ending with letter No. P. 2204, dated 6th December 1938, from the Superintendent, Government Printing, stating, that in the circumstances explained, it is desirable to centralise the printing work of all Government Departments, including the printing of educational text-books in the Government Presses in the interest of economy, neatness and prompt execution of work and recommending that certain other kinds of works may be given to well equipped private presses.

ORDER No. G. 6448-512—P. & S. 67-38-1, DATED BANGALORE, THE 5TH JANUARY 1939.

The Superintendent reports that with the idea of encouraging private presses, the printing of some educational books has been given on contract to certain private presses and that the Insurance and Electrical Departments are getting their work done partly at the private presses. He has also forwarded a list of Government and quasi-Government institutions and private bodies which pay for their work done in the Government Press.

2. With a view to centralise in the Government Presses at Bangalore and Mysore, the printing work of all the Government departments, including the printing of the educational text-books and at the same time to give patronage to well equipped private presses by entrusting to them certain other kinds of printing works, the Superintendent has submitted the following proposals :—

(i) The efficiency of the machine department of the Government Presses may be improved by enhancing the grants under "Purchase of Machinery" and by steadily following a policy of renewals and replacements for at least five years.

(ii) All the printing work including that of educational text-books and of the Insurance and Electrical Departments may be done at the Government Press.

(iii) The printing works of Industrial concerns under Government management, like the Electric Factory, Porcelain Factory, Sandalwood Oil Factory, Lac Factory, Industrial and Testing Laboratory, etc., whose accounts are made up on a commercial basis and which are profit-earning concerns, may be entrusted to suitable private presses as this will give work to several private presses.

(iv) The printing works of semi-official bodies like the Horticultural Society which is now being done at the Government Press may also be similarly transferred to suitable private presses, and

(v) In cases in which Government Departments have to entrust work to private presses, tenders may be called for from well equipped printing firms and the lowest estimate scrutinised by the Superintendent, Government Printing, may be accepted and the work paid for on bills countersigned by the Superintendent as at present, as this system is working well.

3. As regards item (i) *viz.*, provision of funds for purchase of machinery so as to improve the efficiency of the machine department, orders have been passed separately in Government Order No. G. 2556-7—P. & S. 57-37-4, dated 15th September 1938.

4. With regard to items (ii), (iii) and (iv), Government are pleased to direct that the printing work of all Government Departments (including that of educational text-books and of the Insurance and Electrical Departments) and of semi-official bodies whose work is done free of cost, excepting those referred to in the next para, be done at the Government Presses.

5. As a measure of patronage to private printing presses, the printing work of the Industrial concerns under Government management and that of semi-official bodies, who pay for the work, may be entrusted to well equipped private presses at Bangalore and Mysore.

6. In the cases referred to in the previous para, the Superintendent, Government Printing, will regulate the distribution of work among the several private presses as indicated below. He will call for tenders from the private presses as occasions arise and for distributing the work among them. He will in inviting tenders, take into consideration, the equipment of the several presses for undertaking the work in question, the neatness and promptness of execution, the rates quoted and the extent of work already entrusted. The value of work to be entrusted to any press should not ordinarily exceed Rs. 1,000 a year. The bills for work done will be countersigned by the Superintendent after satisfying himself as to the quality of work turned out and will be forwarded to the appropriate officers.

7. All printing work that may arise in the offices or institutions concerned should be reported to the Superintendent, Government Printing, for taking action on the lines indicated above.

8. This arrangement will be tried in the first instance for a period of three years and reviewed at the end of the period in the light of additions and improvements to the equipment of the Government Presses.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

LOCAL SELF-GOVERNMENT SECRETARIAT.

Directs the extension of the terms of the District Boards till the 31st May 1940.

ORDER NO. L. 5496-513—L. B. 96-38-2, DATED BANGALORE, THE 7TH JANUARY 1939.

Resolutions have been received from some of the District Boards requesting Government to extend the terms of the District Boards till final orders are passed by Government on the recommendations of the Committee on Constitutional Reform in the State. Government consider that there is considerable force in the recommendations made by the District Boards, as both the constitution and the franchise may require to be changed as a result of the Committee's recommendations. They are therefore pleased to direct that the terms of all the District Boards be extended up to and inclusive of 31st May 1940.

C. SUBRAHMANYA AIYAR,
Additional Secretary to Government
in charge of Local Self-Government Department.

BANGALORE, THURSDAY, JANUARY 19, 1939.

PART I

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT.

Reviews the report on the Administration of Civil Justice in Mysore for the year 1937-38.

READ—

Letter No. P. 32—37-38, dated 14th October 1938, from the Registrar, High Court, forwarding a report on the Administration of Civil Justice in Mysore, for the year 1937-38.

ORDER No. P. 3709—CTS. 78-38-3, DATED BANGALORE, THE 10TH JANUARY 1939.

Recorded.

Work of the Courts Subordinate to the High Court.—The total number of Civil Courts at the end of the year under review was 44 (47). The number of suits instituted in all the Civil Courts subordinate to the High Court fell from 34,444 in 1936-37 to 32,861. Of this number, 16,356 (16,406) were ordinary and 16,505 (18,038) small cause suits. The number of ordinary suits was almost the same as in the year 1936-37. The decrease in the number of small cause suits is to some extent due to the operation of the Agriculturists' Relief Act. The institutions work out to one suit for every 195 (186) persons in the State. The average value of each suit was Rs. 222-14-7 (Rs. 226-3-6). Of the 44,943 suits for disposal, 34,091 (36,523) were disposed of during the year. The pending file was reduced from 11,428 to 10,852.

Government are glad to note that the disposal of old suits continued to receive due attention and that the pendency of such suits which stood at 4,901 in 1933-34, was reduced to 392 at the end of the year under review. There has been a steady improvement in the average duration of suits, contested and uncontested taken together. It may now be said that nearly 99 per cent of the suits instituted in the State are disposed of within a year.

Execution Applications.—There was some reduction in the total number of execution cases left pending at the end of the year. Out of 82,694 applications, 53,675 were disposed of, leaving 29,019 (29,834) pending. The percentage of infructuous applications (61·1) is still high, though there was a slight reduction compared with the previous year.

Insolvency Applications.—The gross amount realised out of insolvents' assets was Rs. 73,617-14-0 (Rs. 70,221-6-11) and the amount disbursed to the creditors was Rs. 54,185-0-4 (Rs. 72,215-12-11). Official Receivers were appointed temporarily for the Mysore and Shimoga Divisions.

Appellate Work.—Of 3,011 appeals for disposal, 1,574 (1,905) were disposed of, leaving 1,437 pending at the close of the year. The disposal of appeals was less than in the previous year. The Additional Subordinate Judge, Bangalore, whose whole time is devoted to appeals, and the Principal Subordinate Judge of Bangalore, the Additional Subordinate Judge of Tumkur, and the Subordinate Judges of Mysore and Shimoga, did much less than in 1936-37. Government trust that every endeavour will be made to reduce the pendency of appeals. There was, however, an improvement in the average duration of appeals disposed of during the year.

High Court.—The term of appointment of the Fourth Judge of the High Court was continued throughout the year. There was a slight increase in the institutions of First and Second appeals over those of the previous year. There was a decrease in the disposal of appeals. The average duration of First Appeals disposed of was 632·6 (515·9) days and of Second Appeals 499·1 (568·4) days.

Inspection.—The Judges of the High Court inspected sixteen Civil Courts during the year and the High Court Office was inspected by *Rajadharmaprasakta* Mr. Justice K. Shankaranarayana Rao. The District Judge of Bangalore Division inspected all the Courts in his Division except those inspected by the High Court, and the District Judge of Shimoga Division inspected all the Munsiffs' Courts in his Division. The District Judge, Mysore Division, inspected some of the Courts in his Division.

Court Fees Inspector.—With a view to prevent loss of revenue as a result of short recovery of Court fees, a Court Fees Inspector of the grade of a Second Grade Munsiff was appointed as a temporary measure from 2nd August 1937, and the appointment was continued throughout the year under review. The records of pending cases in all the thirty-eight Civil Courts in the State were inspected by that officer and a sum of Rs. 3,883-8-0 was recovered. It is satisfactory to note that the deficit found was not large. The cost incurred on account of this Inspector was less than the amount realised.

Government note with appreciation that the administration of Civil Justice in the State during the year is marked by progress in all directions under the efficient control and guidance of the High Court.

N. B.—Figures for the previous year are shown in brackets after the figures for 1937-38.

B. T. KESAVIENGAR,
Chief Secretary to Government.

GENERAL SECRETARIAT.

Approves of certain alterations in the Forms of Agreement II and III to be entered into by the teachers employed in aided institutions and deputed for training in Government Training Institutions and also by private stipendiaries admitted to Government Training Institutions.

READ—

Letter No. E. 881—Edn. 121-33-1, dated 1st September 1933, from the General Secretary to Government to the Director of Public Instruction in Mysore, amending the form of Agreement II—Condition (3)—to be entered into by the teachers employed in Aided Institutions deputed to undergo training in Government Training Institutions.

2. Letter No. A6. 4925-522 of 37-38, dated 4th August 1938, from the Director of Public Instruction, proposing certain alterations in the forms of Agreement to be entered into by the teachers employed in Aided Institutions and deputed for training in Government Training Institutions, and also by private stipendiaries admitted to Government Training Institutions.

ORDER NO. E. 1777-8—EDN. 104-38-2, DATED BANGALORE, THE 25TH NOVEMBER 1938.

The Director reports that it sometimes happens that the teachers of aided schools and also stipendiaries who are under training in Government Training Institutions are reverted during the continuance of the course for unsatisfactory progress, conduct or attendance from the Training Institutions and that when employees of the department or local education authorities are thus reverted, they are liable to repay the cost of training incurred by the department on their behalf, while the department has not the same hold over the aided school masters and private stipendiaries. He states that reversions among them are increasing and that in order to check them it is found necessary to incorporate in the Agreement executed by these teachers and stipendiaries, at the time of their admission to training institutions, an undertaking binding them to repay the cost incurred on their behalf in case of reversion before the end of the course owing to unsatisfactory progress as evidenced by failure to secure a pass in any of the school examinations or unsatisfactory attendance. He has therefore proposed certain necessary alterations and additions in Agreement Forms II and III. These are approved. The Agreement Forms as amended are annexed to this order.

M. VENKATESA IYENGAR,
Secretary to Government,
General Department.

ANNEXURE I.

DEPARTMENT OF PUBLIC INSTRUCTION IN MYSORE.

(FORM OF AGREEMENT--II.)

(To be entered into by the teachers employed in Aided Institutions deputed to undergo training in Government Training Institutions.)

Know all men by these presents that I..... (name) son of ... (father's name) of..... (Village) ..... (Taluk) ..... (District) now employed as Assistant Master, ... (name of the aided school) ..... (place) am bound to the Government of His Highness the Maharaja of Mysore to the sum of Rupees..... ..... (in words) to be paid to the said Government of His Highness the Maharaja of Mysore or their certain attorney or assigns for which payment I bind myself, my executors and my administrators by these presents, signed by me, ... dated this ..... day of ..... 193 .

Whereas the abovebounden ..... has entered the ..... (name of the training institution) as a student for the purpose of being trained, receiving a stipend of Rs. ..... per mensem from Government for ..... course and whereas it has been agreed that the above bounden ..... shall enter into a bond in the abovementioned sum of Rs. ..... (in figures) being the total amount of stipend or grant payable to me by Government for the whole course with such condition as is here underwritten.

Now the condition of the above written bond is such that the bond shall be void if—

(1) I shall go through at the abovesaid institution the full course of training prescribed by the Government and shall during such course of training abide by all the rules regarding conduct, attendance and progress and abstain during the above period from any other avocation; and shall not make myself liable to reversion by the order of a competent authority for failure to conform to the rules regarding conduct, attendance and progress;

(2) I shall, after completion of such course of training, appear for the next ensuing examination prescribed by the Government, and if necessary and if permitted to do so, for every successive examination until I have been declared to have passed the same fully and finally; and

*(3) I shall after becoming qualified as aforesaid, continue to serve for a period of five years the controlling authority of the abovesaid aided institution. If my services be not required at any time during the above period by the said controlling authority, I shall be bound to serve for the remainder of the said period, any other similar controlling authority in Mysore or the Government of Mysore in the Department of Public Instruction, if I be so desired, unless my inability to do so is shown to the satisfaction of the Director of Public Instruction in Mysore. In any case, I shall furnish to the Head of the abovesaid Training Institution through my immediate official superior every six months during the five years referred to above, information regarding appointments held, salary and such other particulars as might be required.

The bond shall be void also if I am prevented by ill-health, certified to by a recognised medical authority not below the rank of a District Medical Officer, from going through such full course of training as aforesaid or from continuing to serve in the department after qualifying myself as aforesaid.

Otherwise the bond shall remain in full force.

I agree that the decision of the Government on any question that arises out of or in connection with this bond is final and binding upon me and I shall not question it in any Court of Law or in any other manner;

I agree that any liabilities, pecuniary or otherwise, which I may incur or shall be decided by the Government to have been incurred by me may, in addition to the remedies which the Government may have under the ordinary law, be enforced against me by them in the manner provided for in the Mysore Land Revenue Code for the recovery of the arrears of land revenue.

Signed and delivered by the abovenamed in the presence of—

2. Name

   Address or designation.

The total stipend or grant for the whole course.

Here enter the course chosen from among the following:—

1. Vernacular Teachers' Certificate Examination.
2. English Teachers' Certificate Examination of the Secondary Grade.
3. B.T. Degree Examination of the Mysore University or L.T. or B.T. Degree Examination of any other University.

ANNEXURE II.

DEPARTMENT OF PUBLIC INSTRUCTION IN MYSORE.

(FORM OF AGREEMENT—III.)

(To be entered into by private stipendiary students including teachers of Aided Village Primary Schools admitted to prosecute studies in Government Training Institutions.)

Know all men by these presents that I ..... (name) son of ..... (father's name) of ..... (Village) ..... (Taluk) ..... (District) and I ..... (name of father or guardian) son of ..... residing at ..... (Village) ..... (Taluk) are jointly and severally bound to the Government of His Highness the Maharaja of Mysore in the sum of Rupees ..... (in words) to be paid to the said Government of His Highness the Maharaja of Mysore or their certain attorney or assigns for which payment we bind ourselves, our executors and administrators by these presents sealed with our seals this ..... day of ..... 193 .

* [Government Order No. E. 861—Edn. 121-32-1, dated 1st September 1933, amending Form of Agreement II, Condition (3)].

Whereas the above bounden ..... (name of student) has entered ..... (name of training institution) as a student for the purpose of studies or training at the expense of Government for ..... course and whereas it has been agreed between the parties hereto that the above bounden as well as ..... (here enter name) the father or guardian aforesaid shall jointly enter into a bond in the abovementioned sum of Rs..... (in figures) being the total amount of stipend or scholarship payable to ..... (first named party to this agreement) for the whole course by the Government with such conditions as are here underwritten.

Now the above written bond is conditioned to be void, in case I, the above bounden (student)—

(1) shall go through at the abovesaid institution the full course of studies or training prescribed by the Government and shall during such course of training abide by all the rules regarding conduct, attendance and progress, and abstain during the above period from any other avocation, and shall not make myself liable to reversion by the order of a competent authority for failure to conform to the rules regarding conduct, attendance and progress, and

(2) shall after completion of such course of studies or training appear for the next ensuing examination prescribed by the Government, and if necessary and if permitted to do so, for every successive examination until I shall have been declared to have passed the same fully and finally, and

(3) shall also, after becoming qualified as aforesaid, accept any suitable appointment offered to me as a teacher in any Government Institution and shall serve the Government for a period of five years unless my inability to do so is shown to the satisfaction of the Director of Public Instruction in Mysore or unless no appointment is offered to me for a period of six months from the date of my becoming qualified as aforesaid.

The bond shall be void also if I, the abovenamed (student) am prevented by ill-health certified to by a recognised medical authority not below the rank of a District Medical Officer, from going through such full course of studies or training as aforesaid or from continuing to serve in the department after qualifying myself as aforesaid.

But otherwise the bond shall remain in full force and effect notwithstanding no demand be made by or on behalf of the Government of His Highness the Maharaja of Mysore.

I agree that the decision of the Government on any question that arises out of or in connection with this bond is final and binding upon me and I shall not question it in any Court of Law or in any other manner.

I agree that any liabilities, pecuniary or otherwise, which I may incur or shall be decided by the Government to have been incurred by me may, in addition to the remedies which the Government may have under the ordinary law, be enforced against me by them in the manner provided for in the Mysore Land Revenue Code for the recovery of the arrears of land revenue.

Signed, sealed and delivered by the said ..... and the said ..... this ..... day of ..... 193 .

DEVELOPMENT SECRETARIAT.

Reviews the report on the Administration of the Forest Department for the year 1937-38.

READ—

The report on the Administration of the Forest Department in Mysore for the year 1937-38 received from the Chief Conservator of Forests in Mysore, with his letter No. Pr. 71 of 1937-38, dated 7—10th October 1938.

ORDER No. G. 6628-48—FT. 98-38-4, DATED BANGALORE, THE 7TH JANUARY 1939.

Recorded.

2. *Control.—Rajasevasakta* Mr. M. Machaya, B.A. (Oxon.), continued to be in charge of the Forest Department during the year under review and Mr. C. Abdul Jabbar, B.A., as Conservator of Forests, Shimoga Circle.

3. *Area of State Forests.*—At the close of the year under review the total area of State Forests and Plantations was 3,695·97 square miles and that of reserved lands 237·51 square miles.

4. *Reservation and Settlement.*—Including 14 blocks notified under Section 4 of the Mysore Forest Act, the number of blocks that had to be settled was 27. Of these, 13 blocks were settled under Section 17, leaving 14 blocks awaiting settlement at the close of the year. Forest settlement work requires to be more promptly dealt with as also the disposal of reservation proposals.

5. *Minor Forests and Village Forests.*—The extent of Minor and Village Forests remained practically the same as in the previous year. The revised rules issued with Government Order No. G. 7228-39—Ft. 295-38-3, dated 7th March 1938, which are expected to remove the existing defects in the management of Village Forests and to ensure better co-operation between the Revenue and Forest Departments will, it is hoped, lead to the improvement and conservation of this class of forests.

6. *Cutting and Maintenance of Demarcation Lines.*—The length of permanent demarcation lines cut during the year was 143 miles, 2 furlongs and 150 yards and that of old lines repaired was 142 miles, while 5,963 miles and 3 furlongs of demarcation lines were recleared in connection with fire protection.

7. *Working Plans.*—The drafting of the timber working plan report of four of the important forests of the Bhadravati Division comprising an area of 77·95 square miles and the field work for the revision of the working plans of the State and Minor forests lying on either side of the Anandapuram-Sagar Railway line comprising an area of 102·91 square miles were completed.

8. *Buildings, Communications and Miscellaneous Works.*—An expenditure of Rs. 33,586-12-0 was incurred on new buildings, *viz.*, Sandal Koti and Research Institute in Bangalore, while a sum of Rs. 7,725-7-8 was spent on repairs to buildings and Rs. 18,070 on repairs to roads and paths. The total expenditure on miscellaneous works, including improvement of water facilities, amounted to Rs. 4,020-8-2.

9. *Forest Offences including Sandal Damage Cases and Cases of Sandal Smuggling.*—The total number of cases for disposal was 2,008, inclusive of 140 cases of last year. Of these, 1,868 cases were disposed of during the year, leaving a balance of 140 cases. The number of cases of injury to sandal trees reported was 113 and the number disposed of was 153, including some of the pending cases of the previous year. A large number of cases, *viz.*, 240 is still pending disposal and some of them are pending for three to ten years. The reason for such long pendency is not known. Such delays will not only cause inconvenience to the parties, but may also result in loss of revenue due to Government, as it may become difficult to prove the cases after such a lapse of time. Government trust that all the old pending cases will be expeditiously disposed of and that in future no case will remain pending ordinarily for more than a year. The Chief Conservator of Forests may bring to the notice of the Revenue Commissioner instances of inordinate delay, so that suitable disciplinary action may be taken wherever necessary.

10. *Grazing in State Forests.*—Owing to adverse seasonal conditions and scarcity of fodder in certain parts of the State, some of the forests in Shimoga and Chitaldrug Districts and all the forests in the Tumkur, Bukkapatna and Madhugiri Ranges were thrown open for free grazing during the year. Besides, lopping of Kamara trees was allowed in three forests of Chitaldrug District. A sum of

Rs. 74,141 was realised from grazing fees and sale of grass as against Rs. 72,809 in the previous year. The amount foregone by Government on account of grazing concessions and free removal of fodder amounted to Rs. 22,147-9-6.

11. *Spike and other Diseases.*—The spike disease continued to prevail in the districts of Mysore, Hassan and Tumkur. No such disease broke out in Bhadravati Division, but Sandal trees are reported to be dying prematurely in this as well as in Kadur Division owing to new causes which are being investigated by the Research Officers. Lantana continued to do damage in all the districts except Mysore, Kadur and Chitaldrug and special attention is being paid to clearing the same.

12. *Sylviculture and Afforestation.*—The natural regeneration of teak was, as usual, poor, while that of the other principal species, such as Honne, Jambe, Beete, Mathi, Jalari and Sandalwood was satisfactory in all the deciduous timber forests. Advance growth of the valuable species in exploited coupes was tended by climber cutting and pruning. In the Shimoga and Bhadravati Divisions, Jambe regeneration was plentiful. In the evergreen zone of the exploited areas in State Forests, the regeneration of ghat species such as Nagasampige, White Cedar, Devadari, Surahonne, Dhuma, Balagi and Kiralbhogi was profuse. Four hundred and seventy-six and one-fourth acres of teak plantations were raised during the year at a cost of Rs. 10,205-12-0, bringing the total area of regular plantations of teak at the close of the year to 12,243 acres. Extensive plantings of Casuarina were done in the Bangalore, Kolar, Hassan and Mysore Districts. Sandal dibbling was done in 15,448 acres and Cashewnut planting in 878 acres. Afforestation work continued on the Chamundi Hill, Gopalaswami Hills, on the Talkad sand dunes, Hulikere Block, the Bababudans and the Nandi Hill. Afforestation of the Ratnagiri Hill near Chikmagalur was taken up and Gold Mohar, Jacaranda and Peltoforum were planted. The camping grounds and the orchards at Yelagunda, Sangameswarapet and Sultanpet near Nandi were well maintained, as also the nurseries, from which a good number of plants were supplied to the village panchayets, local bodies, etc., the Revenue Department and the Rural Welfare Centre at Closepet.

Dr. Wilson, the Cinchona Expert of the Government of India, and Mr. Mirchandani, the Soil Chemist, examined several localities in Bhadravati and Kadur Divisions to find out suitable areas for Cinchona cultivation. Of all the areas visited, only the evergreen forest round about Kemmangundi was considered suitable.

13. *Exploitation of Timber.*—The quantities of timber cut in the forests, brought to depots and sold during the year were, respectively, 8,25,207 cft. 7,50,553 c. ft. and 7,27,899 c. ft. In addition, 54,643 'Ascu' treated Dhuma sleepers and 551 teak sleepers were supplied to the Mysore State Railway and the Mysore Iron and Steel Works. One thousand five hundred and fifty 'Ascu' treated balagi poles were supplied to the Electrical Department. The contract with the Kolar Gold Fields authorities for the supply of timber was renewed for a a further period of three years from 1st January 1938.

14. *Fuel Supplies and other Minor Forest Produce.*—The realisations by the sale of firewood and charcoal amounted to Rs. 1,49,669. Fuel supplied to the Sandal Oil Factory, Tobacco Barns, the Silk Factory and the Shimoga Water Works and other small supplies amounted to 16,962 tons. The quantities of firewood and charcoal supplied to the Mysore Iron and Steel Works were 40,765 and 20,558 tons, respectively.

For the first time, a quantity of 3,898 tons of bamboos was supplied to the Mysore Paper Mills. The lease of minor forest produce for 1938-40 of the different taluks in the Hassan, Shimoga, Chitaldrug, Mysore, Bangalore and Kolar Districts was disposed of during the year and a sum of Rs. 45,504-8-0 was realised.

Building materials worth Rs. 5,919-14-0 were granted free of cost to raiyats for reconstructing houses destroyed by accidental fire or other causes.

15. *Exploitation of Sandalwood.*—The quantity of rough sandalwood collected was 2,252-12-0 tons. A total quantity of 1,953 tons, 1 cwt. and 75 lbs. of good wood was supplied to the Sandal Oil Factory, Mysore, from the several kotis in the State as against 1,834 tons and 18 cwts. in the previous year and the net receipts from the sale of sandalwood oil amounted to Rs. 8,92,139. Three hundred and twenty-four tons and nine hundredweights of good wood and 68 tons and 14 cwts. of white wood were sold in retail, realising a revenue of Rs. 2,00,063-5-6. The total quantity

of sandalwood collected and despatched by the special staff from the forests of Kankanhalli Taluk since 1927-28 to the end of the year under report was 3,114 tons.

16. *Financial Results.*—The opening balance was Rs. 4,02,041-0-7 and the demand for the year, including Sandal Oil net receipts, was Rs. 27,39,670-13-0. Out of the total demand of Rs. 31,41,711-13-7, a sum of Rs. 28,16,861-5-10 was realised and a sum of Rs. 23,707-2-4 written off, leaving a closing balance of Rs. 3,01,143-5-5. The total expenditure for the year under Conservancy and Works, Establishment and Wood Preservation Plant was Rs. 14,08,803-11-4 against an aggregate revenue of Rs. 28,16,861-5-10 leaving a surplus of Rs. 14,08,057-10-6.

17. *F. O. B. A. and other Advances.*—The balance outstanding under F. O. B. A. at the close of the year was Rs. 68,670-2-7 and under other Advances Rs. 1,636-14-8. It is satisfactory to note that the Standing Orders relating to the grant and adjustment of advances are being strictly enforced.

18. *Wood Preservation Plant, Saw Mills and other Industries.*—The Wood Preservation Plant at Bhadravati treated 1,14,679 c.ft. of timber besides balagi poles, sawn timber and bamboos, the method of treatment adopted being application of the 'Ascu' preservative with the "full cell" process. The total expenditure of the plant, inclusive of the cost and seigniorage value of raw materials, amounted to Rs. 1,46,854-1-6, as against the revenue realisation of Rs. 2,37,999-7-9.

The working of the Saw Mill at Shimoga was not so satisfactory as in the previous year. A decrease in the quantity of timber sawn, in the outturn of sawn materials and in the revenue realised, is noticeable. A small circular Saw Bench, an internal Fan Kiln and a small 'Ascu' treatment cylinder were added to the Mill.

The Kalkere Saw Mill was practically closed.

19. *Game and Game Laws.*—A number of areas were thrown open to free shooting of tigers during the year on account of havoc to men and cattle. Twenty-four tigers are reported to have been shot in these areas. A bill under the title of "The Mysore Wild Life and Fish Protection Bill" framed and submitted by the Chief Conservator of Forests embodying the suggestions of the Game Laws Committee is under the consideration of the Government.

20. *Elephants.*—There were 47 elephants under the control of the department at the beginning of the year. One calf was presented to the Bhopal State and another transferred to the Lal-Bagh for joy rides. One elephant was presented to the Victoria Gardens, Bombay, and a calf was sold to the Zoological Gardens at Mysore. The elephants dragged a total quantity 4,71,023 c.ft. of timber and 5,023 balagi poles.

21. *Touring and Inspection.*—The Chief Conservator of Forests and the Conservator of Forests toured for 102 days and 167 days, respectively. The Chief Conservator of Forests inspected four District Forest Offices, all the important State Forests and Plantations and the various forest works in progress. The Conservator of Forests inspected all the important forests, all the District Forests in the circle and the Wood Preservation Plant at Bhadravati. The itineration of District Forest Officers (except those of Kadur and Shimoga) was satisfactory.

22. *Deputations.*—The Chief Conservator of Forests was on deputation from 5th to 19th December 1937, during which period he visited Bombay to study the market conditions prevailing there for Mysore Sandalwood, and then proceeded to Delhi to attend the Forest Conference on the 9th and 10th December 1937. He also visited Dehra Dun to study the recent developments in Forestry.

The two Research Officers were also on deputation from 20th November to 30th December 1937 to study the work carried on at the Forest Research Institute, Dehra Dun. Dr. M. N. Ramaswamy was deputed to Bombay in March 1938 to study the market conditions for plywood.

23. *General.*—The Government sanctioned in January 1938 the proposals of the Chief Conservator of Forests to establish a Forest Research and Experimental Station at Bangalore for carrying on sustained experimental and research work on systematic and scientific lines so as to ensure the development of the immense resources of the State Forests in the most advantageous way by finding fresh markets for products which are now going to waste and tackling several other

current problems affecting the department. The institute with its laboratories, nurseries, museum and library is expected to be in full working order shortly.

The work of the department continued to be satisfactory.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

Reviews the Administration Report of the Excise Department for the year 1937-38.

READ—

Letter No. B5-269—38, dated 17th October 1938, from the Excise Commissioner in Mysore, submitting the report on the administration of the Excise Department for the year 1937-38.

ORDER NO. FL. 4317-30—EX. 78-38-3, DATED BANGALORE, THE 11TH JANUARY 1939.

Recorded.

2. The Mysore Sugar Company, Ltd., continued as contractors for the manufacture and supply of spirits from the distillery at Mandya. The number of shops licensed for the retail vend of arrack was 536 (532) and the issues to them were 136,288 (130,222) gallons. The issues of rectified spirits were 7,206 (5,669) gallons. The exports of denatured spirits rose from 199,590 gallons to 234,236 gallons. The number of shops licensed for the sale of special liquors, which include jaggery arrack, was 27 as in the preceding year.

3. There were 1,942 (1,949) shops for the sale of date toddy and 372 (373) shops for the sale of *bagani* toddy. The number of toddy-yielding trees licensed both in and outside the State was 2,30,731 (2,24,493). The revenue realised from toddy was Rs. 32,30,993 (Rs. 31,30,659).

4. The consumption of malt liquors was 22,228 (19,195) gallons and of foreign spirits 36,287 (34,265) gallons. The revenue derived from malt liquors both in the shape of rental and duty was Rs. 19,796 (23,731). The number of licenses issued for the sale of foreign liquors was 83 (77). The revenue from the sale of foreign spirits, inclusive of surcharge fees amounted to Rs. 17,110 (15,904).

5. There were 260 (256) shops licensed for the sale of ganja. The consumption was 9,533 (8,755) seers.

Shops licensed for the sale of opium numbered 89 (89) and the consumption rose to 740 (631) seers.

6. Cases reported under the excise and opium laws increased from 4,674 to 4,892, 1,026 (822) being grave offences. Including 473 (629) cases pending at the beginning of the year, the number for disposal was 5,365 (5,303). Of these, 458 (658) cases were placed before magistrates and 4,506 (4,177) cases were dealt with departmentally. Fines or composition fees were levied in 3,921 (3,642) cases, the realisations amounting to Rs. 19,052 (17,692).

7. The total demand under excise revenue, inclusive of arrears of Rs. 1,14,152 (1,44,870), amounted to Rs. 55,18,715 (54,75,177), of which a sum of Rs. 54,20,071 (53,45,791) was collected and a sum of Rs. 2,928 (15,234) was written off, leaving a balance of Rs. 95,716 (1,14,152). The expenditure amounted to Rs. 3,87,152 (3,86,902). The incidence of taxation per head of the population was Re. 0-13-6 (Re. 0-13-3). The amount refunded to privileged inamdars on account of toddy revenue was Rs. 43,472 (Rs. 82,422).

8. Sixteen (20) Chemists and Druggists were licensed to use rectified spirit in medicinal preparations. Twenty-three (25) licenses were issued to chemists and druggists for sale of preparations of opium and seventy-seven (70) licenses were issued under the Dangerous Drugs Rules.

9. The Government started from 1st July 1938 an experiment to reduce the consumption of liquor and drugs in the area served by the Closepet Rural Welfare and Health Centre. They trust that the Mysore State Temperance Federation, who are in receipt of an enhanced grant-in-aid of Rs. 2,500, will intensify their work in this area, and with the co-operation of the Village Panchayets and individuals devoted to the cause of temperance make the experiment a success.

10. The reciprocal arrangement between the Government of Madras and this Government for the marking of trees in Madras for Mysore shops and *vice versa* was terminated so far as the District of Salem was concerned, and the licensees of toddy shops of the Bowringpet Taluk who were tapping toddy-yielding trees in the Salem District for their shops in Mysore were ordered to stop the tapping of such trees from 1st October 1937 in the Salem District and take fresh trees in the Mysore State.

11. The work of the department was satisfactory.

M. VENKATANARANAPPA,
Secretary to Government,
Local Self-Government Department.

FINANCIAL SECRETARIAT.

Prescribes the Budget Calendar for 1939-40.

ORDER NO. FL. 4400-60—G. F. 200-38-1, DATED BANGALORE, THE 11TH JANUARY 1939.

The attached Calendar for regulating the Budget Work for 1939-40 is approved. The object with which an interval of 13 days is allowed for items Nos. 3 and 15, respectively, in the Calendar is to secure an even flow of work in the Comptroller's Office and in the Secretariat and to avoid rush of work at the last moment. As the time available this year for preparing and completing the Budget is shorter than usual, all officers handling Budget papers are requested not to take up the entire interval but to strictly adhere to the dates fixed.

2. All estimates require to be framed with the greatest possible care. Those relating to heads of receipts should aim at forecasting the realizable result as closely as possible; and those relating to expenditure heads—Revenue and Capital—should be limited to absolute minimum requirements.

3. *No new charge of any kind and no provision for unsanctioned items should be proposed for inclusion in the expenditure estimates.* The attention of all Heads of Departments is invited to this instruction which should be strictly followed in the preparation and submission of their Budget proposals.

4. Sanctions which have not been communicated to the Audit Office on or before the 31st January 1939 need not be taken into account in framing expenditure estimates.

5. The Chief Engineer and the Muzrai Commissioner are requested to take timely action to have the detailed estimates of the Irrigation Cess Fund and General Muzrai Fund, respectively, sanctioned and transmitted, as indicated in item 22 of the Calendar, to the Superintendent, Government Printing, for being printed and supplied to the members of the Representative Assembly and Legislative Council.

6. The General Manager and the Secretary, Mysore State Railway, are requested to have the Authorization Rolls and the Capital Budget Estimates sent, through the Comptroller, to the Financial Department, with the remarks of the Auditor, for being dealt with in the same manner as the estimates of other departments.

7. The Superintendent, Government Printing, is requested to treat all Budget work as urgent and co-operate with the Comptroller in arranging for the issue of the different editions of the Budget on the due dates.

8. As provided in item No. 25 of the Calendar, action will be taken by the Finance Department to communicate to the departments concerned their Budget allotments as soon as they are provisionally fixed with a view to enable the departments to draw up without delay a suitable programme of work for the coming year and systematise their departmental operations.

A. N. RAGHAVACHAR,
Secretary to Government,
Financial Department.

CALENDAR FOR BUDGET WORK, 1939-40.

By 13th February 1939.

Preparation by Heads of Departments (including Railways) of Appendices B, C and D—Details of Estimates of Expenditure on Salaries, Establishments and Allowances (Appendix B), Grants-in-aid (Appendix C) and Scholarships (Appendix D), including those relating to Road Fund, Coffee Cess and Experimental Station Fund, Record of Rights Fund and the University Fund.

13th February to 27th February 1939.

2. Preparation of above Appendices by Comptroller (the Railway Appendices to be prepared by the Auditor, Mysore State Railway) and their transmission to Departmental Officers.

16th February to 1st March 1939.

3. Return of above Appendices by Departmental Officers to Comptroller with remarks regarding changes, if any, required according to current sanctions, copies of statements of alterations proposed being sent simultaneously to Government in the respective Secretariats.

NOTE.—In the case of Railways, the General Manager has to return the Appendices to the Auditor, who in turn, has to send them to the Comptroller with his remarks.

22nd February to 4th March 1939.

4. Submission of above Appendices to Government by Comptroller, with notes indicating points, if any, for orders.

NOTE.—The above Appendices relating to the Electrical and Education Departments will be submitted, after verification by the Financial Assistants, to Government through the Comptroller.

27th February to 10th March 1939.

5. Communication by Government of orders on points referred to under item No. 4.

By 13th March 1939.

6. Submission by Departmental Officers to Comptroller and to Administrative Departments of Government of detailed estimates under all Heads of Revenue with reference to eight months' actuals with Statements of D. C. B. in Form—Appendix A in the case of Land Revenue, Excise and Income-tax.

NOTE.—The estimates of gross revenue under the following heads will be dealt with at this stage :—

XXIV. Railways.	XXVIII. Kolar Gold Fields Water Works.
XXV. Krishnaraj Sagar Hydro-Electric and Irrigation Works.	XXX. Chamaraj Sagar and Water Works.
	13-A. Road Fund.

For II. Forest, I. Sandal Oil, XXVII. Iron Works and XXIX. Industrial Works, however, total estimates working from Opening Balance to Closing Balance will be required.

16th March to 23rd March 1939.

7. Submission to Government by Comptroller, with Budget Notes, of above Revenue Estimates as also the Estimates under "IX. Interest and XI. Pensions and Allowances."

20th March to 28th March 1939.

8. Return to Comptroller of Revenue Estimates by Government with orders.

By 23rd March 1939.

9. Completion by Heads of Departments of Estimates of Expenditure other than Appendices B, C and D, including the Estimates of Receipts and Disbursements under Advances and Loans and the following Fund heads.—

(i) Road Fund.	(iv) Mysore University Fund.
(ii) Coffee Cess and Experimental Station Fund.	(v) General Muzrai Fund
(iii) Record of Rights Fund	(vi) Irrigation Cess Fund.

1st April to 15th April 1939.

10. Preparation by Comptroller of Expenditure Estimates other than Appendices B, C and D based on eight months' actuals and their transmission to Departmental Officers.

20th March 1939.

11. Receipt from Subordinate Departmental Officers by—

(1) The Chief Engineer, of Expenditure Estimates other than for Establishments.

(2) The Chief Electrical Engineer, of Estimates of Revenue Expenditure other than Establishments, of Capital (including Stores) and of Depreciation Fund Works.

(3) The Chief Engineer, Krishnaraj Sagar, of Estimates chargeable to Revenue (other than Establishments) and to Capital and far Acreage contribution from Irwin Canal Area (with a Demand, Collection and Balance Statement.)

25th March 1939.

12. Transmission to Comptroller of Public Works and Electrical Works Estimates for items other than Establishments, by Chief Engineer, Chief Electrical Engineer and Chief Engineer, Krishnaraj Sagar and the Director of Public Health, with detailed lists of works, showing separately the sanctioned and the unsanctioned works. The estimates relating to Acreage contribution from Irwin Canal Area will be accompanied by a Demand, Collection and Balance Statement in the prescribed form.

30th March 1939.

13. Transmission to Comptroller by—

(1) The General Manager, Mysore State Railway, of Authorization Rolls and Estimates of Works chargeable to Capital (including Stores) and Depreciation Fund. (Through Auditor.)

NOTE.—The Authorization Rolls to be verified by the Auditor and sanction of Government in the Finance Department obtained for all items disallowed as uncovered by sanctions.

(2) The Railway Secretary, of Capital and Revenue Expenditure Estimates of the Railways worked by M. & S. M. Railway Company. (Through Auditor.)

(3) The General Manager, Mysore Iron and Steel Works, of Estimates of Capital Works.

(4) The Director, Sandal Oil Factory, of Estimates of Capital and Depreciation Fund Works.

(5) The Director, Industries and Commerce, of Estimates of Capital Works of concerns worked by the Department.

(6) The Director of Public Health, of Estimates of Capital and Depreciation Fund Works of the Kolar Gold Fields Water Works.

(7) The Chairman, Government Electric Factory, etc., Bangalore, of Estimates of Capital Works of the Factories under his control.

6th April 1939.

14. Transmission to Comptroller by Heads of Departments of Estimates of receipts and payments under advances and loans and the fund heads referred to under item No. 9 (other than Appendix B) on the basis of eight months' actuals.

4th April to 17th April 1939.

15. Return with remarks by Departmental Officers of Comptroller's Budget Estimates of Expenditure other than charges included in the Appendices B, C and D, copies of statements of alterations proposed being sent simultaneously to Government in the respective Secretariats. The Departmental Officers should use only the forms supplied by the Comptroller for proposing alterations required.

8th April to 21st April 1939.

16. Transmission to Financial Secretariat, of statements of alterations (with reasons) proposed by the respective Secretariats with reference to estimates referred to under item No. 15.

8th April to 21st April 1939.

17. Submission by Comptroller to Finance Department, of Expenditure Estimates other than Appendices B, C and D, revised with reference to remarks of Departmental Officers, with Budget Notes and statements of points for orders, and also the estimates relating to advances and loans and the fund heads referred to under item No. 14 above.

12th April to 24th April 1939.

18. Return of above by Government to Comptroller with provisional orders and communication of such orders to respective Secretariats.

25th April 1939.

19. Submission of Group and Major Head abstracts by Comptroller to Government.

29th April 1939.

20. Submission by Comptroller, of Group and Major Head abstracts incorporating orders under item No. 18 with a General Note and Ways and Means Estimate.

5th May 1939.

21. Communication to Comptroller, of orders on consolidated Budget Estimates.

11th May 1939.

22. Transmission to the Superintendent, Government Printing, Bangalore, by—

(1) The Chief Engineer, of the copies of the Budget Estimate of Irrigation Cess Fund sanctioned by Government (English and Kannada).

(2) The Muzrai Commissioner, of the copies of the Budget Estimate of the General Muzrai Fund sanctioned by Government (English and Kannada).

(3) The General Manager, Mysore State Railway, of the Authorization Rolls and Detailed Capital Budget Estimates (including Stores) of the Railway Department (English and Kannada).

15th May 1939.

23. Despatch of copies of Provisional Budget Estimates with Explanatory Memorandum to members of Finance and Taxation Committee.

19th May 1939.

24. Despatch of copies of Provisional Budget Estimates with Explanatory Memorandum (together with the Budget Estimates of Irrigation Cess Fund, General Muzrai Fund), Railway Authorization Rolls and Detailed Capital Budget Estimates of the Railway Department (English and Kannada) to members of the Representative Assembly and the Legislative Council and Heads of Departments.

19th May 1939.

25. Communication by Financial Department to Heads of Departments provisional sanctions of Budget allotments.

22nd and 23rd May 1939.

26. Meeting of the Finance and Taxation Committee.

30th May 1939.

27. Commencement of the Representative Assembly.

31st May, 1st and 2nd June 1939.

28. Discussion of Budget and resolutions on Budget by Representative Assembly.

19th to 24th June 1939.

29. Budget discussion and voting of grants by Legislative Council.

30th June 1939.

30. Final orders by Government, communicating grants (voted) as passed by Legislative Council with restorations, if any, and grants (non-voted) sanctioned by Government.

PART I

IMPORTANT GOVERNMENT ORDERS

GENERAL SECRETARIAT.

Directs that the control of the School of Engineering, Bangalore, be transferred from the Department of Public Instruction to the University.

READ—

Government Order No. E. 3741-48—Edn. 399-34-13, dated 4th May 1937, constituting a Committee as noted below to consider the question of the transfer of the School of Engineering, Bangalore, to the control of the University.—

1. The Vice-Chancellor (Chairman).
2. The Director of Public Instruction.
3. The Chief Electrical Engineer.
4. The Chief Engineer of Mysore.
5. *Rajasevasakta Diwan Bahadur* Mr. K. R. Seshachar, B.A., B.E., C.E.
6. Mr. M. Sultan Mohiyuddin, M.A., LL.B., M.Ed.
7. Mr. Gulam Ahmed Kalami.

The Registrar, Mysore University, Secretary.

2. Letter No. 13852, dated 10th January 1938, from the Registrar, Mysore University, forwarding a copy of the report of the Committee above referred to.

3. Correspondence ending with letter No. 19659, dated 6th April 1938, from the same Officer furnishing the views of the University Council in the matter.

ORDER No. E. 2356-8—EDN. 399-34-19, DATED BANGALORE, THE 17TH JANUARY 1939.

The School of Engineering at Bangalore is at present under the control of the Department of Public Instruction and is managed with the help of a Committee of

Officials and Non-officials. It was felt that it would be desirable to place the institution under the University. The subjects taught in both the Engineering College and the School of Engineering are the same, the College teaching up to the degree standard and the school training lower subordinate officials. A great deal of co-ordination is also necessary in these two institutions. As in the case of the Medical School and the Medical College, the same authority, *viz.*, the University might be in administrative charge of both. Co-ordination between the two institutions will help in economising equipment, machinery, etc., as the existing workshop in the Engineering College may also be used to some extent by the Engineering School.

With these objects in view, the University was consulted in the matter and at their suggestion a representative Committee as noted above was constituted to examine the question from all points of view. This Committee made several alternative proposals and the University Council which considered the report at its meeting held on 26th March 1938 were not in favour of taking over the school to the University.

Government have considered the matter carefully and are of opinion that it would be in the interests of the institution if it were to be transferred to the control of the University and that as the University have recommended that they should institute Diploma Courses in certain subjects, it is desirable that the University who are already controlling the Engineering College should take over the Diploma Course of the Engineering School also and co-ordinate instruction in both the institutions just as in the case of the Medical School and the Medical College. Government are accordingly pleased to transfer the control of the School of Engineering to the University with the budget of the School. The Registrar, Mysore University, is requested to take all further necessary action in the matter.

K. SUBBA RAO,
Offg. *Secretary to Government,*
General Department.

Passes orders regarding the utilisation of the Chattram Savings Fund for the grant of Doles to the Old and Indigent.

READ—

Government Order No. 2159-60—Muz. 347-27-2, dated 26th May 1928, passing orders regarding the utilisation of the savings secured by abolition of Annachattrams in the State.

2. Government Order No. 183-4—Muz. 312-36-2, dated 10th August 1937, sanctioning the budget estimates of the Chattram Savings Fund for 1937-38.

3. Un-official Note No. C. 192—38-39, dated the 7th September 1938, from the Muzrai Commissioner in Mysore, regarding the utilisation of additional amount from the Chattram Savings Fund for certain charitable purposes.

ORDER No. 1132-41—MUZ. 222-38-1, DATED BANGALORE, THE 18TH JANUARY 1939.

In Government Order No. 875-90—Muz. 89-23-10, dated 13th November 1926, Government sanctioned the abolition of certain Annachattrams in the State and directed that the savings from the Chattrams so abolished might, among other objects, be utilised towards the maintenance of homes, or for the relief of the aged and the infirm who have none on whom they can depend for maintenance and support. In giving effect to the above object, the fund has, so far, been utilised for making grants to organised institutions and homes for the aged and the infirm, and no provision has been made for affording relief to the infirm and indigent except for the Kangalarakki grant of Rs. 5,000 provided for giving doles of rice and ragi to the poor in the Mysore City. The question of making suitable provision out of Chattram Savings Fund for the grant of relief to the needy persons throughout the State has been engaging the attention of Government for some time past. Government consider that this is an object on which the savings from the abolition of

Annachattrams might be legitimately used. An examination of the income and expenditure of the Chattram Savings Fund shows that the normal receipts of the fund are in excess of the normal expenditure and that there is scope for utilising a part of the income of the fund for this purpose. The Muzrai Commissioner who was consulted in the matter is also agreeable to a suitable sum being set apart annually for the purpose of helping the old and indigent and suggests that, as it may be difficult and inconvenient to distribute rice and ragi doles to such persons, each of the grantees may be paid in cash at the rate of Rs. 3 per mensem, the selection of the persons eligible for the grant of such doles being made in each district by a committee consisting of the Deputy Commissioner of the District, the District Treasury Officer and three non-official members. Government accept this proposal and direct that the cash allowances may be paid to 140 persons each year at the rate of 25 each in the districts of Bangalore and Mysore and 15 in each of the other districts. The proposal of the Muzrai Commissioner as regards the constitution of the Committee for making the selection of the recipients of the grants and also for seeing to the distribution of the grants is also approved.

The cost during the rest of the current year will be met from the closing balance of the fund.

K. SUBBA RAO,
Offg. *Secretary to Government,*
General Department.

DEVELOPMENT SECRETARIAT.

Reviews the Administration Report of the Live-Stock Section for the year 1937-38.

READ—

Letter No. R. O. C. 534-Hc. 175—38-39, dated 10th October 1938, from the Director of Agriculture, submitting the Administration Report of the Live-Stock Section for the year 1937-38, with his review thereon.

ORDER No. D. 6758-817—A. H. 50-38-4, DATED BANGALORE, THE 18TH JANUARY 1939.

Recorded.

2. *Amrit Mahal Section.*—The number of Amrit Mahal herds was reduced by two during the year and one range was abolished. A number of kavals can be spared and the question of their surrender to the Revenue Department for cultivation is under the consideration of Government. The strength of Amrit Mahal herds at the close of the year was 2,765 (2,689) animals.

3. *Demand, Collection and Balance.*—The demand for the year, including previous arrears amounting to Rs. 41,152-10-2, was Rs. 79,059-13-6 and the total collection was Rs. 41,492-0-11, leaving a balance of Rs. 37,567-12-7. Landed properties of defaulters which were proceeded against for the recovery of Rs. 17,373-14-8 (exclusive of interest of Rs. 4,249-6-0) are reported to have been surrendered to the Revenue Department for disposal in accordance with the procedure laid down in Government Order No. R. 2134-87—L. R. 199-37-2, dated 25th November 1937. The disposal of these properties by the Revenue Department should be expedited and the arrears realised early. As regards the arrears of Rs. 5,300 due from District Boards, the Director of Agriculture is requested to expedite the submission of the report called for.

4. A total area of 3,381 acres and 15 guntas out of Amrit Mahal Kaval lands in Mysore, Kadur and Tumkur Districts, was surrendered to the Revenue Department. Seven kavals in Chitaldrug District were temporarily thrown open for free grazing by village cattle owing to adverse seasonal conditions. The strength of the

herds with the nine aided cattle breeders was 1,284 at the end of the year against 1,324 at the commencement. The condition of the herds was satisfactory.

5. *Cattle Breeding Stations.*—The number of animals on the cattle breeding stations at the end of the year was 947 against 991 at the commencement and 170 calves (81 bull-calves and 89 heifers) were born during the year. The total mortality during the year was 29. The percentage of births over the average strength of cows was 57·2 (57·7). One hundred and thirty-two animals were sold. It is of interest to note that some of the animals bought and exhibited at the Karnataka Agricultural Show at Belgaum secured the first prize. The proposal of the Director of Agriculture to sell bull-calves at a flat rate of Rs. 50 each to Village Panchayets and private agriculturists was sanctioned by Government. The total number of bulls and bull-calves sold during the year was 23 and 51 respectively, the number given for stud purposes being the highest so far in any year. Purchases were made by a resident in Bombay and also by the Military Department of H. E. H. Nizam's Government.

6. *Dairy Farm, Hebbal.*—The dairy stock was improved during the year. A new hallikar milch herd with a good bull was purchased in place of the old herd which was sold by auction. A young buffalo bull-calf of the jaffarbadi breed was also purchased. A bull, heifer and a cow of the hallikar breed were sent to the All-India Cattle Show held at Delhi in February 1938 and they won the first prize. The total yield of milk of cows in the dairy was 18,595 lbs. The average daily yield was about 12 lbs., the highest individual yield being 17½ lbs.

7. *Sheep Breeding.*—Sheep breeding was, as usual, continued at Hebbal, Yellachihalli and Ajjampur. Out of 12 merino sheep imported during the year from South Africa, eight died of 'heart water,' common in South Africa. Government have recently sanctioned the purchase of 12 merino rams and 15 ewes from the Department of Agriculture and Fishery, Pretoria, at a total cost of Rs. 6,000. Administrative sanction has been accorded by the Imperial Council of Agricultural Research to the sheep breeding scheme forwarded by Government. The scheme will be commenced shortly.

The Kolar Sheep Breeders' Association had 166 members during the year against 116 in the previous year. The number of stud rams issued to members was 62 against 52 in the previous year. The strength of sheep under the control of the Association was 10,000 (7,353), of which 1,200 were hybrid progeny, 4,000 white and 4,800 mixed. The number of sheep that were machine-shorn during the year was 12,788 against 11,012 during the previous year. The Association produced and sold 3,491 lbs. of wool. About 142 pieces of woollen goods, shawls, carpets, etc., were manufactured from the different kinds of wool.

The proposal of the Director of Agriculture to start a sheep breeders' association for the Mysore District has been sanctioned by Government.

8. *Poultry Farming.*—Poultry farming was continued during the year at Hebbal and Ajjampur and a farm was opened at Nagenahalli in September 1937. The number of birds maintained at the close of the year on all the farms was 663 against 353, at the commencement. The total egg production was 23,541. Several birds laid over 200 eggs during the year with an 'A' grade percentage as high as 86. Birds were sold to the Rural Welfare Centre at Closepet and to Village Panchayets and private individuals. The demand for birds and fertile eggs for breeding purposes was so great that in many cases the requests could not be complied with in spite of increasing the stock. Several times during the year fertile eggs were sold to distant places as Trivandrum and Jodhpur.

To satisfy the increased demand, the proposals of the Director of Agriculture to start poultry-farming at five more centres noted in the margin were sanctioned by Government.

1. Chikmagalur.
2. Shimoga.
3. Chikkanahally School (Sira Taluk).
4. Hassan.
5. Rural Welfare Centre at Closepet).

The Nagenahally poultry farm which was started in September 1937, for Rhode Island birds is reported to be working successfully during the year.

It is gratifying to note that this industry has become very popular in a comparatively short time.

9. The work of the department continued to be satisfactory.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

LOCAL SELF-GOVERNMENT SECRETARIAT.

Reviews the Administration Reports of the District Boards in Mysore during the year 1937-38.

READ—

Reports on the working of the several District Boards in the State during the year 1937-38, received from the Presidents of the District Boards.

ORDER NO. L. 5710-32—L. B. 52-38-9, DATED BANGALORE, THE 12TH JANUARY 1939.

Recorded.

2. There were eight District Boards as in previous years. Orders were issued during the year directing the bifurcation of the Mysore District Board with headquarters at Mysore and Mandya with effect from 1st September 1939. Mr. K. Chengalraya Reddi, President, District Board, Kolar, having resigned, Mr. V. Venkataswami Chetti, Vice-President was elected President in his place and Mr. S. Ramappa was elected Vice-President.

As in the previous year, there were 295 members, of whom 199 were elected, 60 were non-officials nominated by Government, and the remaining 36 were *ex-officio* members as shown in Statement I. The District Boards held 40 (51) meetings during the year and the average attendance at each meeting was 27·15 (28·13) non-officials and 3·27 (2·81) officials, or 30·42 (30·94) in all, against an average strength of 36·9 for each District Board.

The Standing Committees of the Kolar, Bangalore and Chitaldrug District Boards held 10, 8 and 6 meetings respectively, while the number of meetings held by those of Kadur and Tumkur were 5 and 4 respectively. The Standing Committees of the Mysore and Hassan District Boards met three times during the year and the Committee for Shimoga held only two meetings.

3. *Finance.*—The opening balance of the District Boards at the beginning of the year was minus Rs. 39,879 and the income and expenditure during the year amounted to Rs. 22,59,892 (Rs. 31,31,094) and Rs. 22,01,656 (Rs. 35,69,055) respectively, as noted below :—

	Income.	*Expenditure.*
	Rs.	Rs.
A. Ordinary Items ...	14,46,814	14,58,607
B. Investment Account ...	1,93,927	1,25,815
C. Debt Heads :—		
(*a*) Loans ...	1,16,366	1,320
(*b*) Deposits ...	55,994	55,652
(*c*) Advances ...	24,427	37,732
(*d*) Drinking Water Wells Fund ...	29,933	29,831
(*e*) Other Items ...	3,92,431	4,92,699
Total ...	22,59,892	22,01,656

The abnormal decrease in the total receipts and expenditure as compared with those of the previous year is due to (i) the Mysore District Board raising last year a debenture loan of Rs. 7 lakhs and repaying the loan of a like amount taken by it from the Government in connection with the Nanjangud-Chamarajnagar Railway and (ii) the Bangalore and Chitaldrug District Boards withdrawing

a large portion of their investments for the construction of the District Board office and for carrying out the five-year programme of works, respectively. The expenditure is greater than the income in the Kadur and Chitaldrug District Boards, while the Bangalore and Shimoga District Boards have deficit balances. The position of budgetary equilibrium maintained by the other District Boards is only nominal, as many of them have postponed to the next year the payment of work bills and arrears of contributions due by them to several departments of Government. The details of income and expenditure of the several District Boards are contained in Statements Nos. II, V, VI and VIII appended.

4. *Income under Ordinary Items.*—The income under service heads amounted to Rs. 14,46,814 (Rs. 12,59,244), of which Rs. 7,86,676 (Rs. 7 85,038) was realised from local cess, Rs. 1,41,464 (Rs. 62,001) from tolls, Rs. 1,37,742 (Rs. 1,29,489) from markets, Rs. 42,808 (Rs. 1,65,378) from contributions and the rest from miscellaneous sources. The income from local cess fell in all the districts except Mysore and Chitaldrug where the figures show a slight increase. The income from markets showed some improvement in all the districts except Kolar. It is observed that, as prompt steps were not taken to collect the arrears of toll khists and market fees due from contractors, arrears to the extent of Rs. 5,254 became time-barred in the Bangalore District; and in the case of the Hassan District Board, a portion had to be written off the accounts as being time-barred and irrecoverable. Under markets and tolls, the arrears to be collected in six districts amount to Rs. 39,568. The Presidents of District Boards are requested to take prompt steps for their recovery.

5. *Railway Cess Transactions.*—Railway Cess continued to be levied in all the districts except Bangalore and Hassan and the income from this source during the year amounted to Rs. 2,14,873 (Rs. 2,41,764). The total income and expenditure under Railway Cess transactions amounted to Rs. 4,07,131 (Rs. 21,58,171) and Rs. 4,01,787 (Rs. 5,76,624) respectively. The Kadur District Board was permitted to utilise the annual Railway Cess collections in addition to the interest on the Railway Cess investment on a five-year programme of roads and bridges in the District. A loan of Rs. 1 lakh was sanctioned to the Chitaldrug District Board out of the Railway Cess investment for sinking drinking water wells in villages. The five-year programme of roads and bridges ordered to be undertaken by the Chitaldrug District Board out of the Railway Cess funds was inaugurated by His Highness the Maharaja in September 1937, when His Highness laid the foundation stone of the bridge at Donehalli.

As the Railway Cess funds of all the District Boards except Tumkur had hitherto been mixed up with their general balances, resulting in their utilisation for normal expenditure, contrary to the provisions of the District Boards Act, Government issued orders directing the opening of a separate deposit account in the Treasury for accounting the transactions connected with the Railway Cess in respect of each District Board.

6. *Expenditure under Ordinary Items.*—The expenditure under ordinary items during the year was Rs. 14,58,607 (Rs. 17,83,434), the decrease being due to the fact that heavy items of expenditure on public works were not incurred as in the previous year and that certain bills on account of the execution of public works were not paid during the year.

7. *Public Works.*—The expenditure incurred on public works executed by the Public Works Department and the Civil Department amounted to Rs. 5,71,642 (Rs. 9,53,838) and Rs. 97,830 (Rs. 1,18,022) respectively.

The District Board office building at Chitaldrug was completed at a cost of Rs. 50,666 and opened by the Dewan in September 1937. A sum of Rs. 2,13,449 was spent by the Chitaldrug District Board for carrying out the works included in the Five-year Railway Cess Programme. In the Kadur District, an expenditure of Rs. 50,082 was incurred out of the Railway Cess funds on the five-year programme of roads and bridges and another sum of Rs. 5,022 for the improvement of inter-communications. The bridge at Anebidahalla, Kadur District, was completed at a cost of Rs. 24,509. The construction of a bridge across the Shimsha at Halagur, Malvalli Taluk, at a cost of Rs. 85,350 and of a causeway across the Suvarnavathi, Chamarajnagar Taluk, at a cost of Rs. 9,800 was undertaken, the Mysore District

Board contributing half the cost of the works. The mileage grants of several important roads in the Mysore District were increased with a view to maintain them in an efficient condition.

8. *Medical Relief.*—The expenditure under medical relief during the year amounted to Rs. 3,86,900 (Rs. 3,13,695). There were 226 Local Fund Dispensaries, 150 Ayurvedic Vaidyasalas and 240 Midwives maintained by the District Boards out of their funds, either wholly or in part, as against 221, 154 and 251, respectively, during the previous year. Additional Local Fund Dispensaries were opened at Kodihalli, Kankanhalli Taluk and at Mayakonda, Davangere Taluk. Rural Medical Dispensaries of the subsidised type were established at Koppa, Maddur Taluk; Basaral, Mandya Taluk; Nandipur, Mudgere Taluk; Kalasapura, Chikmagalur Taluk; Nallur, Chennagiri Taluk and at Thalaguppa, Sagar Taluk. A female section with a Maternity Home was added to the Local Fund Dispensary at Vadigenahalli. The Vaidyasalas at Kodihalli, Kankanhalli Taluk and at Vadigenahalli were abolished while those at Kumbarpet, Bangalore City, Bagalur, Hunsamaranahalli and Doddalahalli, Bangalore District, did not function.

9. *Vaccination.*—The total number of vaccinations performed during the year was 169,951 (180,391), the decrease being due to the fall in the number of vaccinations performed in all the districts except Kolar and Mysore.

10. *Vital Statistics.*—The total number of births and deaths registered during the year was 123,150 (110,289) and 83,828 (78,626) respectively. The birth rate showed a fall in the districts of Kolar, Mysore and Hassan.

The number of deaths from cholera was 439, from small-pox 84 and from plague 4,385.

11. *Water Supply.*—The number of incomplete well works at the beginning of the year was 317 and the number sanctioned during the year was 163, out of which 107 wells were completed during the year. The receipts and expenditure under the Drinking Water Wells Fund were Rs. 29,933 and Rs. 29,831 respectively. With a view to see that all the villages in the State are provided with drinking water wells within a few years, Government have directed that a sum of Rs. 15 lakhs be contributed by them during the next five years for this purpose. As the existing agencies for the execution of these works were not satisfactory, Government have directed the formation of a Rural Water Supply Committee for each district with sufficient funds at their disposal and the entertainment of the necessary technical staff.

12. *Accommodation for Travellers.*—The income realised from the fees levied for the occupation of the third class travellers' bungalows, musafirkhanas and rest houses under the control of the District Boards amounted to Rs. 10,220, while the expenditure incurred for their upkeep was Rs. 40,959. Some of the travellers' bungalows and musafirkhanas in the Bangalore and Chitaldrug Districts were closed down and the buildings were disposed of otherwise.

13. *Audit of Accounts.*—The accounts of all the District Boards for the year 1936-37 were audited, as usual, by the Local Audit Staff of the Comptroller's Office.

14. *Balances.*—The balances at the credit of the District Boards at the beginning and close of the year were as noted below :—

District	Balance on	
	30th June 1937	30th June 1938
	Rs.	Rs.
Bangalore	—93,228	—66,372
Kolar	8,359	20,781
Tumkur	3,673	18,702
Mysore	19,426	22,833
Hassan	7,584	20,332
Kadur	14,307	3,327
Shimoga	—18,497	—11,547
Chitaldrug	12,093	3,895

The financial condition of the District Boards is very unsatisfactory and the budgets of all the District Boards have ended in a deficit, the Bangalore and Shimoga District Boards having minus balances. The Hassan District Board was in arrears to the extent of Rs. 1,29,447 on 1st July 1938 in regard to the payment of contributions, etc., due to Government. The Kolar, Kadur and Chitaldrug District Boards have unauthorisedly utilised for their normal expenditure, a portion of the Railway Cess funds which had till now been merged in their general balances. The Committee appointed by Government to examine the finances of District Boards have submitted their report and have suggested ways and means for balancing their budgets. Their recommendations are under the consideration of Government.

15. The offices of the District Boards were inspected by the respective Deputy Commissioners during the year.

C. SUBRAHMANYA AIYAR,
Secretary to Government,
Local Self-Government Department.

ANNEXURE.

STATEMENT I.

Statement showing the Constitution and Meetings of the District Boards during the year 1937-38.

Reviews the report of the working of Co-operative Societies in Mysore for the year 1937-38.

READ—

Letter No. 5853—C. S., dated the 14th November 1938, from the Registrar of Co-operative Societies, forwarding the Report of the working of Co-operative Societies in Mysore, during the year 1937-38.

ORDER No. D. 6178-90—C. S. 41-38-3, DATED BANGALORE, THE 11—12TH JANUARY 1939.

Recorded.

2. The gazetted staff of the department was reorganised during the year. There are now five divisions each in charge of an Assistant Registrar, and an Assistant Registrar has been posted as Personal Assistant to the Registrar.

3. The registration of 38 societies was cancelled but as against this, 70 new societies were registered. Though there was increase in the number of societies the membership declined due to the filing of disputes, removal of deceased members and resignations on account of the rule restricting multiple membership in credit societies. While there was an increase under paid-up capital, deposits, reserve fund, working capital, turnover and net profits, the loans issued and recovered showed a decrease as in the previous year.

4. The working of the central financial institutions was slightly better than in the previous year but the profit earned by them declined due to the non-realisation of interest from the borrowers. The recovery of loans outstanding cannot be regarded as satisfactory. Rules for the constitution of the Board of Management of the Apex Bank were framed during the year. The question of improving the working of the Apex Bank is engaging the attention of Government.

5. The working of the Agricultural Societies was not satisfactory though the condition was not so bad as in the year previous. To facilitate the marketing of agricultural products, the Ganjam Fig Marketing Society and the Hiriyur Plantain Marketing Society were started during the year. The question of starting societies for the sale of areca is under the active investigation by the department.

6. The non-credit societies showed a decline in number, membership, share capital and net profits. The amounts overdue showed an increase. The subvention to the Bangalore Weavers' Society was continued during the year, and even with the Government aid the Society does not seem to have improved its position. With a view to remodel the Weavers' Societies as agencies for the supply of raw materials and the marketing of finished products, the question of starting a Central Handloom Weavers' Society is under the active consideration of Government. The Gudigar Societies at Sagar and Sorab worked fairly satisfactorily. The subvention to the Sagar and Sorab societies was continued. The Sericultural Societies have been of help to members in the supply of disease-free layings. The Registrar is requested to consider the question of improving the condition of these societies and investigate the possibility of starting reeling societies independently. The working of the House Building Co-operative Societies was satisfactory. These societies have so far been mere credit institutions providing long-term loans for the construction or improvement of houses but the object of making them supply materials and undertake the construction of houses for the members should be kept in view and the department should take steps to see that this object is realised.

7. The Land Mortgage Scheme was extended to Mysore, Davangere, Sidlaghatta and Chennarayapatna and parts of Belur Taluk. The operations now extend to 29 taluks, 3 sub-taluks and parts of Hiriyur, Nagar and Kadur Taluk. The extension of the scheme is being cautiously undertaken after proper investigation. The working of the Central Land Mortgage Bank was satisfactory. In addition to the six Inspectors already sanctioned, two additional Inspectors were sanctioned exclusively for Land Mortgage Work. The subvention to the Bank was continued. With the aid of the Inspectors deputed exclusively for Land Mortgage work, the recoveries showed an improvement and the local societies also showed better progress.

8. The number of disputes pending with officers increased from 747 to 1,409. The percentage of disposals shows a decline from 69·4 to 55·2. The pendency with the arbitrators continues to be heavy. Government wish to reiterate that greater efforts should be made both by the officers of the department and the arbitrators to reduce the pendency of disputes as far as possible.

9. Though the number of decrees executed during the year shows an improvement over that of the previous year, yet the pendency continues to be heavy and greater efforts should be made both by the Revenue and the Co-operative Departments. The reconciliation of differences between the figures of the Revenue Department and the Co-operative Department in regard to the pendency of decrees has not yet been completed though action was taken during 1936-37 and 1937-38. In spite of instructions issued from time to time, Government find that arrears on account of Court-fee Stamps continues to be very heavy.

10. Government passed orders on the several recommendations made in the Report of the Committee on Co-operation and issued during the year several rules for the better working of the Co-operative institutions. The question of amending the Co-operative Societies Act in order to give effect to the several orders passed is engaging the attention of Government.

M. VENKATANARANAPPA,
Secretary to Government,
Local Self-Government Department
(In charge).

Directs that the Sub-Divisional Officers, Amildars, and the Deputy Amildars be appointed Presidents and the Sub-Registrars be appointed Secretaries of Land Mortgage Societies whenever necessary.*

READ—

Government Orders No. D. 7957-70—L. M. 13-34-6, dated 24th June 1935 and No. D. 4565-79—L. M. 11-35-2, dated 29th January 1936, sanctioning the proposal to appoint the Revenue Sub-Division Officers in Sub-Division Headquarters and Amildars and Deputy Amildars in their taluks as Presidents and Sub-Registrars as Secretaries *ex-officio* of Primary Land Mortgage Societies for a period of three years to begin with.

2. Letter No. 7663, dated 22nd December 1938, from the Registrar of Co-operative Societies in Mysore, recommending, in the circumstances explained, sanction to the continuance of the arrangement and adding that these officers will be appointed only when capable and suitable non-officials do not come forward to take up the work.

ORDER No. D. 6161-74—L. M. 11-38-2, DATED BANGALORE, THE 11—12TH JANUARY 1939.

Government are pleased to direct that the arrangement referred to in the Government orders, read above, be continued for a further period of three years.

M. VENKATANARANAPPA,
Secretary to Government,
Local Self-Government Department
(In charge).

FINANCIAL SECRETARIAT.

Sanctions the procedure regarding recovery of pensionary contribution in respect of employees of the Local Bodies.

READ—

Letter No. Pen. 1069, dated 15th May 1935, from the Comptroller to Government, requesting orders on the procedure regarding the recovery of pensionary contribution in respect of the employees of the Local Bodies.

2. Correspondence ending with U. O. Note No. 1021—Pen., dated 11th May 1936, from the same officer.

ORDER NO. FL. 4660-76—S. & A. 548-34-3, DATED BANGALORE, THE 17TH JANUARY 1939.

The Comptroller has reported that no uniform procedure is at present adopted in respect of the recoveries of pensionary contributions from the various Local Bodies in the case of vacant appointments, there being cases of recovery as well as non-recovery. It is desirable to standardise the procedure and to systematise the mode and method adopted in defining the amount recoverable from each Local Body and with this objective, he has suggested that the procedure obtaining in British India of recovering one-ninth's of the sanctioned salaries of all pensionable appointments, irrespective of the employees or of the posts that are kept vacant, might also be followed in Mysore with advantage. He has also suggested that in the case of posts with progressive pay, the average pay may be taken into account for fixing the contribution recoverable.

2. Government are pleased to accept both the suggestions of the Comptroller and are also pleased to direct that they may be brought into effect with this modification that the pay of the appointments kept substantively vacant for not less than a year might be ignored for purposes of recovering contribution. In such cases, full recovery of contribution against sanctioned establishment may be made in the first instance but the amount due in respect of the vacant posts as per directions above may be refunded to the Local Bodies on a bill submitted by them and passed by the Comptroller after regular audit.

3. The Comptroller is requested to take necessary further action by issuing suitable circular instructions to all the Local Bodies concerned.

BANGALORE, THURSDAY, FEBRUARY 2, 1939.

PART I

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT.

Reviews the Administration Report of the Police Department for the year 1937-38.

READ—

Letter No. C. 56—38-39, dated the 15th October 1938, from the Inspector-General of Police in Mysore, submitting the report on the administration of the Police Department for the year 1937-38.

ORDER No. P. 4044-56—POL. 71-38-2, DATED BANGALORE, THE 25—30TH JANUARY 1939.

There was an increase in the number of cases of dacoity reported from 15 in the previous year to 20, and the number of murder cases rose from 94 to 107. In other respects, grave crime showed a downward tendency, although the seasonal conditions during the year were not favourable and the general slump in trade with the consequent unemployment continued, the most satisfactory feature being the fall in the number of robberies from 115 to 100.

2. There was a rise in the number of heinous cases from 335 to 348, the increase being mainly due to 12 cases put up under Section 124-A of the Indian Penal Code as against none in the previous year. Offences against public tranquillity rose from 65 to 135, and these were due mainly to political disturbances and communal tension in the Bangalore City and in the Bangalore, Tumkur and French-Rocks Districts. It is regrettable that in connection with two of the disturbances, one near the Intermediate College in Bangalore City on 24th October 1937

and another at Viduraswatha on the 25th April 1938, firing had to be resorted to by the Police to bring the situation under control, resulting in the latter case in the death of ten persons. The circumstances relating to the disturbance at Viduraswatha were enquired into by a special tribunal of judicial officers and the report of that body has already been published separately.

3. Towards the end of the year, a minor incident at Channapatna was the cause of strained feelings between the Hindus and Muslims in Channapatna and neighbouring taluks, and a few cases of assault and rioting ensued. But preventive measures were promptly taken and the situation was brought under control.

4. It is satisfactory to note that in spite of the heavy demands which the political and communal disturbances referred to above made on the resources of the Police, the ordinary work of the department did not suffer in any way and that on the other hand, there was some improvement in regard to the control and prevention of crime. This was in no small measure due to better recruitment, more effective supervision and the measures of improvement that have been sanctioned by Government from time to time. Out of 1,060 officers and 5,622 men, 1.060 officers and 4,201 men were literate, as against 995 officers and 3,822 men in the previous year. The percentage of illiteracy among constables was reduced from 30 to 25·2.

5. In order to keep local authorities promptly supplied with reliable information in regard to unhealthy communal and other propaganda and any unusual developments, and to ensure timely steps being taken to prevent serious situations, it was found necessary to strengthen and reorganise the intelligence service of the department. Considerable additions to the Police force were also sanctioned with a view to providing adequate reserves at important places.

6. Government note with satisfaction that the work of both officers and men continued to be satisfactory under the able guidance of Mr. F. A. Hamilton, the Inspector-General.

B. T. KESAVIENGAR,
Chief Secretary to Government.

FINANCIAL SECRETARIAT.

Sanctions the appointment of a wholetime Medical Officer in the grade Rs. 500—50/2—750 for the examination of Medical Reports of the Mysore Government Insurance Department.

ORDER NO. FL. 4901-60—G. F. 224-38-1, DATED BANGALORE, THE 27TH JANUARY 1939.

At present, the Senior Surgeon is the Chief Medical Officer for the Mysore Government Insurance Department, and the reports of the Medical Officers received by the Insurance Department in connection with proposals for insurance are examined by him before acceptance. Fees are paid to him for this work, in accordance with the scale fixed in Government Order No. Fl. 5571-2—G. F. 32-16-9, dated the 23rd March 1917 and No. Fl. 2354-6—G. F. 26-21-2, dated 19th October 1921. This arrangement was found convenient in the initial stages when the number of cases was not large, as the appointment of a wholetime Medical Officer would have been very costly.

2. The number of proposals dealt with by the Public Branch of the Insurance Department has considerably increased during the last ten years. The number of policies issued in the Public Branch in 1920-21 was only 228 but in 1937-38 it was 5,786. Further increase is anticipated in the coming years. Consequent on the increase in the number of cases, the present arrangement of entrusting the work to the Senior Surgeon (who is a touring officer) in addition to his own duties which are growing in volume is found to require modification.

3. In 1920-21, the number of hospitals and dispensaries in the State was 189, but by 1937-38 the number had increased to 291. The present arrangement is thus a very unsatisfactory one, necessarily affecting the quality of the work in both the Medical and Insurance Departments and its expeditious disposal.

4. Various alternative proposals such as the creation of a Medical Board, the appointment of a wholetime Medical Officer, etc., have been under the consideration of Government for a long time. After a careful consideration of all aspects of the question, Government consider that a wholetime Medical Officer may be appointed for this work. They are accordingly pleased to sanction the creation of a post of Surgeon (First Class) in the grade Rs. 500—50/2—750 exclusively for examining the medical reports received by the Insurance Department who will work under the general control and guidance of the Senior Surgeon, the latter continuing as the Chief Medical Officer of the Insurance Department. The cost of the appointment will be debited to the Insurance Fund. The Senior Surgeon will be allowed a consolidated allowance of Rs. 250 per mensem from the Insurance Fund in lieu of the fees now paid to him on the basis of the number of cases examined by him.

5. The duties of the Medical Officer should include a careful investigation into the claim cases which come up for settlement and payment owing to the premature death of the policy-holders. He will also be expected to keep a careful watch over the medical examinations and reports and the forms, etc., connected therewith so as to avoid the risk of acceptance of insured lives under cover of any defective medical examination in the first instance alone.

A. N. RAGHAVACHAR,
Secretary to Government,
Financial Department.

Directs the revision of Rule 14 of the Rules for Commutation of Pensions contained in Appendix L of the Mysore Service Regulations.

ORDER NO. FL. 4807-70—S. & A. 598-37-3, DATED BANGALORE, THE 25TH JANUARY 1939.

Government direct that Rule 14 of the Rules for the Commutation of Pensions printed as Appendix L of the Mysore Service Regulations be revised as under:—

"When the commutation of a portion of a pension has been sanctioned, if the pensioner dies on or after the date from which the commutation is to take effect, but before receiving the commutation value, this value shall be paid to his heirs."

A. N. RAGHAVACHAR,
Secretary to Government,
Financial Department.

BANGALORE, THURSDAY, FEBRUARY 9, 1939.

PART I

IMPORTANT GOVERNMENT ORDERS

ELECTRICAL SECRETARIAT.

Reviews the Administration Report of the Electrical Department for the year 1937-38.

READ—

Letter No. 8550, dated the 26—28th October 1938, from the Chief Electrical Engineer in Mysore, submitting the Administration Report of the Electrical Department for the year 1937-38.

ORDER No. E. D. S. 1844-66, DATED BANGALORE, THE 31ST JANUARY 1939.

Demand, Collection and Balance.—The gross demand for the year was Rs. 74,72,561 including the previous arrears of Rs. 6,69,016. Against the budget estimate of Rs. 63,38,500 under "Receipts" and the revised one of Rs. 65,21,000, the collections aggregated Rs. 67,66,377, showing an increase of Rs. 2,45,377 over the revised estimate. The arrears at the end of the year stood at Rs. 7,06,184 as against Rs. 6,69,016 during the previous year. As already observed in the last year's review, many of the municipalities and village panchayets are badly in arrears. The matter of arriving at the solution of these deficits is still under the consideration of Government.

2. *Working Expenses.*—The working expenses under "Power" and "Telephones" amounted to Rs. 24,71,277 during the year.

3. *Revenue Returns.*—The net revenue for the year amounted to Rs. 42,95,100 after adjusting the annual contribution to Depreciation and Provident Fund Contributions as against Rs. 41,59,486 during the previous year.

4. *Capital Outlay.*—The capital outlay under "Power," excluding Stock and Suspense, amounted to Rs. 23,40,457.

The capital outlay incurred on the Automatic Telephones during the year amounted to Rs. 81,041.

5. *Total Capital Expenditure and Net Returns.*—Under Hydro-Electric Works, the total capital cost, inclusive of capital on Telephones to the end of the year, as per the Finance and Revenue Accounts, was Rs. 352·81 lakhs. The total capital expenditure on the combined Hydro-Electric and Irrigation Works to the end of the year under report aggregated Rs. 8,11,03,293. The net revenue on the combined scheme is Rs. 44,70,401 which amounts to 5·51 per cent on the combined outlay.

6. *Electrification of Towns and Villages.*—As in previous years, the scheme of electrification of rural parts continued to make good progress. The net return on these schemes worked up to 9·78 per cent as against 6·99 per cent in the previous year.

Irrigation Pumps.—The works noted below are some of the important ones that were carried out during the year under supply of power to irrigation pumps:—

(i) Running power lines to and connecting the Irrigation Pump of Mr. A. Sivanna at Ayarahalli.
(ii) Running power lines to and connecting the Irrigation Pump of Mr. K. T. Narayana Gowda, Kalludi.
(iii) Running power lines to and connecting the Irrigation Pump of Mr. Drury, Hessarghatta Road.
(iv) Running power lines to and connecting the Irrigation Pump of Government Orchard, Hessarghatta.
(v) Running power lines to and connecting the Irrigation Pump of Mr. Dhanaram at Yeswantapur.
(vi) Running power lines to and connecting the Irrigation Pump of Mr. N. C. Nagiah Reddy.

Power Generated.—The total power generated during the year in Kilo Watt Hours was 238,582,090 as against 225,180,720 during the previous year. The average working cost per unit of power generated, including depreciation and other charges, was 1·970 pies as against 1·729 pies during the previous year. The slight increases are due to—

(*a*) the transfer of the expenditure on maintaining the Krishnaraj Sagar Dam to the Electrical Department from this year;

(*b*) the increase in the rate of depreciation contribution from 2 to 2½ per cent; and

(*c*) the capital expenditure on Projects such as the Shimsha New Project, the Jog Falls Project and several large Town Electrification Schemes having not yet begun to earn revenue.

8. *Power and Lighting Installations.*—At the end of the year under report, there were 4,340 power installations and 34,671 lighting installations as against 3,747 and 31,777 during 1936-37 and 3,472 and 27,718, respectively, at the end of 1935-36.

9. *Depreciation Fund.*—The amount credited to the Depreciation Fund was Rs. 8,54,638. The total amount that stood at its credit at the end of the year was Rs. 71,37,129.

10. *Contribution Works.*—The cost of works executed for other departments of Government amounted to Rs. 3,90,742 as against Rs. 98,083 in the previous year and Rs. 87,697 during 1935-36.

11. *Stores.*—The value of stores purchased was Rs. 18,02,015, against Rs. 17,17,913 for the previous year and Rs. 13,21,085 during 1935-36. Out of the total value of Rs. 18,02,015 for the year under review, a sum of Rs. 7,74,118 represents foreign purchases. The remaining amount of Rs. 10,27,897 was incurred on local purchases. It is reported that the Stores Management Committee examined in detail during the year the stores of the whole department in the several sections and have fixed the maximum and minimum limit of each item of stock required in each section for the normal operations of the department. It is further brought to notice that the stores balance, exclusive of unserviceable articles, amounts to Rs. 20,15,635 and is well within the normal limits recommended by the above Committee and is about 70 per cent of the average annual issues of stock articles. The report containing the recommendations of the Stores Management Committee should, however, be expedited for the orders of Government.

12. *Accidents.*—There were ten fatal accidents during the year against nine in the previous year and seven during 1935-36. Of the ten accidents, six relate to laymen coming in contact with live wires, two to malicious interference with power lines and one to a villager committing suicide. The other one relates to a departmental employee at Kankanhalli coming in contact with the high voltage equipment. All possible precautions are being taken by the department to avert such accidents in future.

13. *General.*—During the year under review, service was given to Bhadravati Old Town and seven other villages, *viz.*, Gulur, Nadige, Bidarhalli, Begadi, Lakshmidevapuram, Hadonahalli and Herebidnur. The Bangalore Automatic Telephone Exchange was opened for service on the 1st September 1937 with a capacity of 500 subscribers. To meet the immediate demand, an estimate amounting to Rs. 43,700 has been sanctioned during the year for extending the exchange to accommodate 700 subscribers. Even this extended unit is expected to be utilised immediately the additional equipment is put into service. The Chief Electrical Engineer has submitted another estimate amounting to Rs. 5,15,000 for providing additional equipment. From the above progress, it is gratifying to note that the advantage of telephone communication is being fully availed of by the public.

The new balancing reservoir constructed in connection with the IX Installation Scheme was completed and water let in on the 7th June 1938.

With a view to afford relief, rules were revised for the supply of irrigation pumps on the hire purchase system which reduced the rate of interest on the balance of instalments from 6 per cent to 5 per cent.

14. *Conclusion.*—The working of the department continued to be satisfactory during the year.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT.

Directs the issue of a Commission under Section 99, Land Revenue Code, to Lieutenant B. Nanjaraj Urs, in respect of Sarvamanya Mangala Village in Chamarajnagar Taluk and Bellala and Manikyanahalli Villages in French-Rocks Taluk.

READ—

Letter No. C. 1610—38-39, dated 17th January 1939, from the Revenue Commissioner in Mysore, requesting sanction to the grant of a Commission to Lieutenant B. Nanjaraj Urs, conferring on him the powers contemplated under clauses (b), (d), (e) and (f) of Section 99 of the Land Revenue Code, in respect of Sarvamanya Mangala Village in the Chamarajnagar Taluk and Bellala and Manikyanahalli villages in the French-Rocks Taluk.

ORDER No. R. 3702-3—L. R. 315-38-2, DATED BANGALORE. THE 4TH FEBRUARY 1939.

Government are pleased to sanction the recommendations of the Revenue Commissioner and to issue the accompanying Commission to Lieutenant B. Nanjaraj Urs.

B. T. KESAVIENGAR,
Chief Secretary to Government.

ANNEXURE.

COMMISSION GRANTED UNDER SECTION 99 OF THE LAND REVENUE CODE, ACT IV OF 1888.

To

Lieutenant B. Nanjaraj Urs,
Lakshmipura,
Mysore.

By virtue of the powers vested in them by the Land Revenue Code, the Government of His Highness the Maharaja of Mysore are pleased to confer on you, Lieutenant B. Nanjaraj Urs, the following powers specified in clauses (b), (d), (e) and (f) of Section 99 of the Mysore Land Revenue Code to be exercised within the limits of the Sarvamanya Mangala Village in Chamarajnagar Taluk and Bellala and Manikyanahalli villages in French-Rocks Taluk—

(b) to attach the property of persons making default in the payment of land revenue or rent due to you in the said villages;

(d) to exercise the powers of a Deputy Commissioner under Sections 63 and 64;

(e) to receive notices of relinquishment under Section 71 and to determine the date up to which such notices shall be received as in that section provided; and

(f) to take measures for the maintenance and repair of boundary marks in the manner provided for Survey Officers in Section 130.

II. The abovementioned powers delegated to you are vested in you during the pleasure of, and subject to recall by, the Government of His Highness the Maharaja of Mysore.

By Order,
B. T. KESAVIENGAR,
Chief Secretary to Government.

Directs that the rules regarding remission of wet assessment be extended during 1938-39 to rain-fed wet lands.

READ—

Government Order No. R. 14-25—L. R. 149-24-74, dated 3rd October 1925, issuing revised rules in the matter of suspension and remission of wet assessment on Tank irrigated lands and talapariges.

2. Government order No. R. 4130-33—R. M. 48-25-4, dated 17th February 1926, passing orders on the recommendation of the Revenue Commissioner for the remission of wet and garden assessment in the Tumkur District for 1925-26.

3. Government Order No. R. 4229-40—L. R. 489-26-4, dated 1st December 1927, passing orders modifying in certain respects the rules relating to the grant of remission of wet and garden assessments.

4. Government Order No. R. 466-68—L. R. 397-31-19, dated 20th—21st July 1932, passing orders regarding the remission of wet assessment on lands irrigated by channels and hallas.

ORDER NO. R. 3855-64—R. M. 53-38-1, DATED BANGALORE, THE 10TH FEBRUARY 1939.

Representations are being made from time to time both in the Representative Assembly and Legislative Council that the rules regarding the grant of remission of half wet assessment should be extended to the wet lands depending entirely upon rain for cultivation. The Deputy Commissioners of Districts and the Revenue Commissioner who were consulted in the matter consider that in view of the peculiar conditions prevailing this year, the benefit of the remission rules may be extended to rainfed lands, the crops on which have failed owing to inadequate rainfall. In the circumstances explained, Government are pleased to direct that the existing rules regarding the grant of remission of half wet assessment on lands under tanks, etc., may be extended as a special case during this year to the wet lands which are under no tank atchkat but are dependent on rain water.

2. The Revenue Commissioner is requested to submit in consultation with the Deputy Commissioners, proposals for notifying the tracts in accordance with this order.

B. T. KESAVIENGAR,
Chief Secretary to Government.

GENERAL SECRETARIAT.

Constitutes the Public Accounts Committee for the year 1938-39.

READ—

Notification No. Rl. 247—L. C. 9-38-1, dated 10th February 1939, publishing the names of the four non-official members of the Legislative Council declared to have been duly elected to the Public Accounts Committee for the year 1938-39.

ORDER No. RL. 248-318—L. C. 9-38-2, DATED BANGALORE, THE 10TH FEBRUARY 1939.

Government are pleased to appoint the Second Member of Council as Chairman of the Public Accounts Committee for the year 1938-39, and the Assistant Secretary to Government in charge of the Financial Department as Secretary.

The Committee will consist of the following members :—

Official.

1. The Secretary to Government, Financial Department.
2. The Revenue Commissioner in Mysore.

Non-Official.

1. Mr. H. Siddaiya, B.A., LL.B.
2. *Rajacharitavisarada Rao Sahib* C. Hayavadana Rao, B.A., B.L.
3. Mr. K. Henjerappa, B.A., B.L.
4. *Dharmapravartha* M. L. Nagappa Setty.

K. SUBBA RAO,
Secretary to Government,

Prescribes the period of preservation of the Motor Check Register.

READ—

Government Order Nos. T. 235-45—R. T. 81-36-2 and T. 1484-94—R. T. 81-37-4, dated 17th July 1937 and 16th November 1938 respectively, prescribing the period for preservation and destruction of records connected with the working of the Motor Vehicles Act and Rules framed thereunder.

2. Letter No. T. C. 229—37-38, dated 30th December 1938, from the Inspector-General of Police, requesting orders authorising him to preserve the Motor Check Register for a period of three years for reasons stated therein.

3. Un-official Note No. 250, dated 20th January 1939, of the Comptroller to Government, furnishing his opinion on the subject.

ORDER No. T. 2423-33—R. T. 50-38-2, DATED BANGALORE, THE 2ND FEBRUARY 1939.

Government are pleased to direct that the register referred to by the Inspector-General of Police in his letter dated 30th December 1938 read above, be preserved for a period of three years.

K. SUBBA RAO,
Secretary to Government,
General Department.

DEVELOPMENT SECRETARIAT.

Sanctions the establishment of a Cattle Breeding Station at Hunsur on farming lines for a period of five years, from 1st July 1939.

READ—

Government Order No. D. 1028-39—A. & E. 242-28-10, dated 30th July 1929, sanctioning the establishment of a Kar Ragi Breeding Station at Hunsur.

2. Correspondence ending with letter No. Roc. 3279—A. M. 212—36-37, dated 12th November 1938, from the Director of Agriculture, regarding a scheme for reconstituting Amrit Mahal units on farming lines in place of the present ranching system.

ORDER No. D. 7219-7279—L. & A. 20-37-4, DATED BANGALORE, THE 24TH JANUARY—6TH FEBRUARY 1939.

The question of changing the system of breeding and rearing of cattle in the Amrit Mahal Department has been under the consideration of Government for some time. At present, the work is undertaken on what is known as the ranching system in a semi-wild state. The scheme now under consideration drawn up by the Live-Stock Expert contemplates the reorganisation of Amrit Mahal herds on farming lines and gives importance to cattle breeding for draught purposes.

2. The strength of the semi-wild herds is reported to be 2,702 and the total acreage of kavals 2,61,384 acres and 15 guntas. The main advantages of working on farming lines as against the ranching system are said to be as follows:—

(1) The whole stock will become docile progressively.
(2) Early maturity will be bred into the herds.
(3) Regularity in calving and shortening of intervals between calvings.
(4) An increased birth-rate and a low death-rate which is an important factor.
(5) Facilities for careful culling out of inferior sires and cows will prevent degeneracy but tend to progressive appreciation of the stock.
(6) Cows being better fed will be able to raise better stock.
(7) A large extent of land can be surrendered for cultivation.

3. It is proposed, according to this scheme, to establish, in the first instance, a Cattle Breeding Station at Hunsur (with 500 animals) on farming lines at a total cost of Rs. 12,836 as detailed in the annexed Statement No. I.

4. It is further stated that before this scheme is given effect to about 1,000 animals could be disposed of, and four herds and a range establishment disbanded resulting in savings to the extent of Rs. 4,264 as detailed below:—

	Rs.
Pay of cattle establishment of:—	
4 Herds 4 × 35 × 12	1,680
1 Daroga (100 *plus* 20) × 12	1,440
2 Peons 22 × 12	264
Travelling allowance of Range establishment, office rent, contingencies, kaval and other charges.	880
Total ...	4,264

5. The recommendations of the Director of Agriculture are—

(1) that the proposed Cattle Breeding Station at Hunsur on farming lines may be established at a total cost of Rs. 12,836, with effect from 1st July 1939; and
(2) that the present Kar Ragi Breeding Station at Hunsur which is being maintained at a net expenditure of Rs. 5,600 (recurring) be abolished with effect from the same date and its lands, buildings, etc., transferred to the Amrit Mahal Department for locating the proposed Cattle Breeding Station.

6. The non-recurring expenditure of Rs. 6,770 and the recurring expenditure of Rs. 6,066 per annum for the Cattle Breeding Station at Hunsur are proposed to be met from the sources pointed out in the annexed Statement No. 2.

7. At the end of the second year of the opening of the Cattle Breeding Farm a sum of Rs. 3,000 is expected to be realised by the sale of live-stock. From the third year onwards, the annual income is estimated at Rs. 7,750 by the sale of 65 males at Rs. 100 each and 50 females at Rs. 25 each.

8. The particulars of Amrit Mahal Kavals that could be immediately surrendered to the Revenue Department for disposal to raiyats for cultivation and of those that could be released as soon as the 1,000 animals referred to in para 4 above are sold and the scheme is brought into force as well as the additional land revenue that may be expected to be realised are given in enclosed Statement No. 3.

Government are pleased to sanction the recommendations of the Director of Agriculture temporarily for a period of five years with effect from 1st July 1939. It is expected that it would take three years for the scheme to get into full working order and the results can be ascertained in the fourth year. The expenditure on this account will be met as stated in para 6 above.

The Director is requested to obtain the approval of Government before the Amrit Mahal Kavals referred to in Statement No. 3 are surrendered to the Revenue Department.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

ANNEXURE.

STATEMENT No. 1.

The details of the non-recurring and recurring expenditure for the establishment of a Cattle Breeding Station at Hunsur, with effect from 1st July 1939.

Number of cattle—500 (300 cows, 100 heifers, 12 bulls and remaining being young stock of both sexes.)

LOCAL SELF-GOVERNMENT SECRETARIAT.

Nominates Mr. Kenneth Aston as a member of the Stores Purchase Committee.

READ—

Government Order No. G. 1714-72—G. M. 45-27-1, dated 15th August 1927, reconstituting the Stores Purchase Committee.

ORDER NO. G. 7765-76—G. M. 81-38-4, DATED BANGALORE, THE 10TH FEBRUARY 1939.

Government are pleased to nominate Mr. Kenneth Aston, B.Sc., Tech., M.Sc., M.I.E.E., Professor of Electrical Technology, Indian Institute of Science, Bangalore, as a member of the Stores Purchase Committee for a period of one year.

P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

FINANCIAL SECRETARIAT.

Passes orders on the Quinquennial Valuation Reports of the Actuaries on the Insurance Fund for the Quinquennium ending 30th June 1938.

READ—

Letter No. 10502, dated 22nd December 1938, from the Secretary, Mysore Government Life Insurance Department, forwarding the reports of the Actuaries, Messrs. K. B. Madhava, M.A., F.R.A.S., A.I.A. (Lond.) and James Bacon, F.I.A., on the valuation of the funds of the Official and Public Branches respectively, for the quinquennium ending 30th June 1938, together with copies of resolutions thereon passed by the Insurance Committee, and requesting sanction of Government to the following proposals :—

Official Branch.

(1) Grant of a simple reversionary bonus at Rs. 18 and Rs. 20 per annum per Rs. 1,000 sum assured on Endowment and Whole Life assurances, respectively, payable on date of maturity or at earlier death in respect of all policies which were in force on 30th June 1938 and an *interim* bonus at the same rates on each policy that becomes a claim or matures before the next valuation date or period of five years, whichever is less.

(2) Grant of a special additional bonus calculated at Rs. 18 and Rs. 20 per Rs. 1,000 per annum for five years on the total of the reversionary bonus already attached and existing on the policies in full force on 30th June 1938 payable as above.

Public Branch.

(1) Grant of a bonus payable on maturity or earlier death at the rate of two per cent of the sum assured in respect of each year of assurance entered upon since 30th June 1933 upto and including 30th June 1938; and

(2) Until the date of the next valuation or until the rate of interest falls below four per cent per annum, an *interim* bonus at the rate of two per cent per annum on the sum assured, excluding bonuses, in respect of each policy that becomes a claim or matures, the bonus being calculated in respect of each year of assurance entered upon after 30th June 1938.

ORDER NO. FL. 5233-7—G. F. 186-38-2, DATED BANGALORE, THE 11TH FEBRUARY 1939.

Government have perused, with interest, the reports of the Actuaries and are pleased to sanction the recommendations of the Insurance Committee referred to in the letter read above.

BANGALORE, THURSDAY, FEBRUARY 23, 1939.

PART I

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT.

Passes orders regarding the grant of higher starting pay to senior Amildars on promotion to the grade of Assistant Commissioners.

READ—

Letter No. C. 2389—38-39, dated 16th November 1938, from the Revenue Commissioner in Mysore, recommending the grant of a higher starting pay to senior Amildars on promotion to the grade of Assistant Commissioners.

ORDER No. 2619-20—C. B. 142-38-2, DATED BANGALORE, THE 14TH FEBRUARY 1939.

The maximum pay of an Amildar is Rs. 250 which is the same as the minimum pay of an Assistant Commissioner. When an Amildar who has reached the maximum of his grade is promoted as an Assistant Commissioner, he continues to draw the same pay as before and has to wait for two years at least before he can get any increase, although the promotion involves more responsible work and entails additional expense for equipment, etc. The Revenue Commissioner reports that there are several instances where Amildars promoted as Assistant Commissioners have retired on practically the pay drawn by them as Amildars, while in a few cases only one or two increments have been drawn before retirement from service.

In order to mitigate the hardship arising in such cases, Government are pleased to direct that when an Amildar, who has drawn a pay not less than Rs. 250 per mensem for two years in that capacity, is promoted as an Assistant Commissioner, he should be allowed to draw the next increment raising his pay to Rs. 290 after one year from the date of his appointment as Assistant Commissioner. In accordance with this principle, each case as it arises may be submitted for the orders of Government.

B. T. KESAVIENGAR,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Approves of the Forest Settlement of the Hutridurga Forest Block in the Kunigal Taluk.

READ—

Government Notification No. G. 1787—Ft. 69-36-2, dated 12th September 1936, issued under section 4 of the Forest Act in the matter of the proposed constitution of the Hutridurga Forest Block in the Kunigal Taluk.

2. Letter No. C. 2493—38-39, dated 17th January 1939, from the Revenue Commissioner in Mysore, forwarding the Forest Settlement Officer's report on the conclusion of the settlement of the block and stating that the Chief Conservator of Forests is agreeable to the issue of the final notification in the matter.

ORDER No. G. 7524-7—FT. 157-38-2, DATED BANGALORE, THE 6TH FEBRUARY 1939.

The settlement effected by the Forest Settlement Officer and agreed to by the Revenue Commissioner and the Chief Conservator of Forests is approved. The notification under Section 17 of the Forest Act constituting the block a State Forest with effect from 1st April 1939, will be published in the Gazette.

2. The Deputy Commissioner, Tumkur District, is requested to duly promulgate the boundaries of the block in the village concerned.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

ANNEXURE.

Notification No. G. 7528—Ft. 157-38-3, dated 6th February 1939.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under Section 17 of the Mysore Forest Act, XI of 1900, that from the 1st April 1939 the area, the boundaries of which are set forth in the Schedule appended to this notification, shall be deemed to be a 'State Forest' subject to the exercise of rights specified at foot thereof.

By Order,

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

To—The Compiler, *Mysore Gazette.*

Schedule.

District	Taluk	Hobli	Village	Area	Name of the Block	Remarks
Tumkur ...	Kunigal ...	Hutridurga ...	Hutridurga Yalachavadi-gulalipura Yalag lwadi Hoddaghatta Halavagala	A. G. 656 5 or 1·02 Sq. miles	Hutridurga	This block is situated at a distance of about 10 miles south-east of Kunigal Town.

Boundaries.

North.—Starting from a point about 6 chains south-west from the south-west corner of Survey No. 114 of Halavagala, the line runs north-east through Survey No. 113 of Halavagala in a straight line from about 60 chains to a point about 5 chains south-east from the south-east corner of Survey No. 101 of Halavagala; then south-east along the southern boundary of Survey No. 26 of Taremaradapalya for about 23 chains to a point about 10 chains north-west from the south-east gadi bandh of Taremaradapalya.

East.—Then south-east through Survey No. 113 of Halavagala and 85 and 81 of Hodaghatta in a straight line for about 71 chains to the south-west corner of Survey No. 79 of Hodaghatta village; then south through Survey No. 81 of Hodaghatta in a straight line for about 58 chains to a point about 5 chains south-west from the westernmost corner of Survey No 64 of the same village; then south-west through Survey No. 185 of Yalagalwadi for about 35 chains to a point about 10 chains north-west from the north-west corner of

Survey No. 186 of Yalagalwadi then south-west through Survey No. 20 of Yalachawadi-gulalipura for about 6 chains to a point about 5 chains north-east from the easternmost corner of Survey No. 19 of Yalachawadi-gulalipura.

South.—Then north-west through Survey No. 20 of Yalachawadi-gulalipura for about 40 chains to a point about 5 chains north-east from the north-east corner of Survey No. 66 of Yalachawadi-gulalipura.

West.—Then north-east through Survey No. 20 and 58 of Yalachawadi-gulalipura in a straight line for about 57 chains to a point about 10 chains east from the easternmost corner of Survey No. 59 (tank); then north along the eastern boundary of Yalachawadi-gulalipura for about 13 chains to its north-east gadi bandh; then north along the eastern boundary of Hutridurga for about 40 chains to a point about 20 chains east from the north-east corner of Survey No. 174 of Hutridurga; then north-west through Survey No. 205 for about 35 chains to a point about 5 chains north-east from the north-east corner of Survey No 175; then north-east through Survey No. 205 of Hutridurga and 113 of Halavagal for about 27 chains to a point about 5 chains south-east from the easternmost corner of Survey No. 172 of Hutridurga; then north-west through Survey No. 113 of Halavagala for about 10 chains to a point about 5 chains north-east from the north-east corner of Survey No. 172; then north-west through Survey No. 113 of Halavagala for about 10 chains to a point about 5 chains north from the northernmost corner of Survey No. 172; then south-west through Survey No. 113 of Halavagala and 205 of Hutridurga for about 22 chains to a point about 5 chains north-west from the northernmost corner of Survey No. 199 of Hutridurga; then west through Survey No 205 of Hutridurga for about 30 chains to a point about 5 chains north from the northernmost corner of Survey No. 204; then north-west through Survey No. 205 for about 20 chains to a point about 5 chains south from the north-east corner of Survey No. 2 of Bhimanapura; then north-east through Survey No. 205 of Hutridurga and 113 of Halavagala for about 26 chains to the starting point.

Remarks.

(A) Rights of ways over the undermentioned paths are admitted.

1. Foot-path from Hutridurga to Shankareswara Temple situated on the top of the Hutridurga Hill in Survey No. 205 of Hutridurga—2 yards wide and 10 chains long open for men for worship throughout the year. It enters the State Forest in its western boundary at a point about 5 chains north from the northernmost corner of Survey No. 204 of Hutridurga, runs north-east through Survey No. 205 as far as the said Temple.
2. Foot-path from Hutridurga to Halavagala—2 yards wide and 33 chains long—open for men and cattle only throughout the year. It enters the State Forest in its western boundary at a point about 4 chains west from the westernmost corner of Survey No. 172 of Hutridurga, runs north-east through Survey No. 205 of Hutridurga and 113 of Halavagala and quits the forest in its northern boundary at a point about 1 chain south from the south-east corner of Survey No. 103 of Halavagala.
3. Cart-track from Hutridurga to Hodaghatta—6 yards wide and 31 chains long open for men, cattle and carts only throughout the year. It enters the State Forest in its western boundary at a point about 22 chains south-east from north-east corner of Survey No. 174 of Hutridurga, runs north-east and south-east through Survey No. 81 of Hodaghatta and quits the State Forest in its eastern boundary at the south-west corner of Survey No. 79 of Hodaghatta.
4. Foot-path from Yalachawadi-gulalipura to Hodaghatta—2 yards wide and 21 chains long—open for men and cattle only throughout the year. It enters the State Forest in its western boundary at a point about 1 chain north from the south-east gadi bandh of Hutridurga, runs north-east through Survey No. 81 of Hodaghatta and quits the State Forest in its eartern boundary at a point about 12 chains west from the north-west corner of Survey No. 73 of Hodaghatta.

(B) The following concessions are admitted.

(i) The villagers of Halavagal and Hodaghatta are allowed to graze their cattle in Gomal Survey Nos. 113 and 81 respectively included in the State Forest free of cost, during the grazing season, *viz.*, from June to end of December of each year, the goats being strictly prohibited.

(ii) They are also allowed to remove, free of cost, thorns on head loads from the State Forest for fencing purposes on mafi licenses to be isseud by the Range Officer.

(iii) The villagers of Hodaghatta are allowed to take their cattle for water to katte in Survey No. 81 through the existing cart-track No. 3 referred to above.

STATEMENT B.—Register of claims to lands, rights to forest produce or easement in the proposed Hutridurga State Forest in Kunigal Taluk, Tumkur District.

Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of court of final appeal and settlement
2	3	4	5	6	7	8
Patel Boralingegowda, Shanbhog Venkatesiah, Cheluviah, Thimmiah and others of Hutridurga.		Pray that the proposed forest line should be shifted a little bit farther from its present position as it is causing much inconvenience by abutting the hiduvali lands; (2) a right of way to be given to Shankareswar Temple situated on the top of the hill in Survey No. 2 5 of Hutridurga to Halavagala and Hodaghatta.	ral statement of villagers at the time of settlement.	This is not possible as the line of the proposed forest is 5 chains off from the hiduvali lands. This may be allowed.	The villagers have been given assurance that the line of the proposed forest will confine strictly to the measurements as shown in the settlement maps and notification. Right of way over the undermentioned paths is admitted. 1. Foot-path from Hutridurga to Shankareswar temple situated on the top of the hill in Hutridurga S. No. 205, 2 yards wide and 10 chains long through S. No 205 for worship throughout the year. 2. Foot-path from Hutridurga to Halavagal, 2 yards wide and 33 chains long through Survey Nos. 205 of Hutridurga and 113 of Halavagal for men and cattle throughout the year. 3. Cart-track for Hutridurga to Hodaghatta, 6 yards wide and 31 chains long through Survey No. 81 of Hodaghatta for men, cattle and carts throughout the year.	
Patel Anniappa, Shanbhog Venkatesiah, Maregowda, Thimmiah, Pathiah Gowda and others of Yalachawadigulalipura.		Pray that— (1) proposed forest line should be shifted a little farther from its present position as it is very near to the hiduvali lands; (2) a right of way may be given through the existing path to Hodaghatta.	Do ... Do ...	Not possible to shift the line as it is at a distance of more than 5 chains from the hiduvali lands. This may be given.	Assurance has been given to the villagers that the forest line of the proposed block will be cut correctly to the measurements shown in the map and notification. Right of way over a foot-path from Yalachawadigulalipura to Hodaghatta, 2 yards wide, 21 chains long through Survey No. 81 of Hodaghatta is admitted for men and cattle only throughout the year.	
Shanbhog Y. Narasinga Rao, Chikere-Gowda, Anniah, Bettiah, Mare Gowda and others of Yalagalwadi.	29th July 1938.	Pray for the complete exclusion of Survey No. 185 included in the proposed forest for the grazing of their village cattle being a good grazing ground and on account of the existence of a katte.	Do ...	No exclusion of any portion of the proposed area is possible as the village has got enough gomal.	On consideration of the representation of the villagers an extent of 31 acres and 20 guntas of lands has been ordered to be excluded from Survey No. 185 proposed for the forest, as shown in the map so as to enable the villagers to graze their cattle freely and use the water of the khatte.	
Patel Range Gowda, Shanbhog Venkatagiriappa, Pooniah and others of Hodaghatta.		Pray for the complete exclusion of Survey No. 81 gomal from the Forest for grazing of their cattle as the gomal left for the village is quite insufficient for the number of cattle existing; (2) for a right of way through the existing path to Hutridurga and katte in Survey No. 81; (3) for permission to remove thorns for fencing purposes free of cost from the Forest.	Do ...	This is not possible as the Forest contains good growth of fuel species and sandal. As gomal left is insufficient, free grazing may be allowed. This may be allowed. This may also be permitted on mafi passes to be issued by the Range Officer.	Yes. I agree with the District Forest Officer. Exclusion of any portion of the forest proposed is not possible as the area contains fairly good growth of fuel species. Free grazing of cattle of this village is permitted as the Gomal left for the village is not enough. Right of way over the existing cart-track from Hutridurga to the katte in Survey No. 81 is conceded as specified in item No. 1 above. As prayed for by the villagers, they are permitted to remove free of cost from the State Forest, thorns on head loads for fencing purposes on mafi passes to be issued by the Range Officer.	
Shanbhog Venkatakrishniah, Patel Range Gowda, Kade Thimmiah, Chikka Kempe Gowda and others of Halavagala.		Pray for the complete exclusion of Survey No. 113 gomal from the proposed forest for grazing of their village cattle, as the gomal left for them is insufficient; (2) for the right of way through the existing paths to Hutridurga; (3) thorns may be permitted to be removed free of cost for fencing purposes.	Do ...	This is not possible as the area contains good growth of fuel species and further the area falls below the minimum required for the constitution of a State Forest. Right of way over the existing paths may be admitted. Thorns may be permitted to be removed free of cost on mafi passes to be issued by the Range Officer.	Yes, I agree with the District Forest Officer. No further area can be possibly excluded from the proposed area, as the forest contains good forest trees. In consideration of the insufficiency of gomal for the village cattle, free grazing concession has been ordered to be allowed to the villagers. Right of way over the existing foot-path from Halavagala to Hutridurga is conceded to the villagers as noted in item No. 1 *supra*. Thorns for fencing purposes may be removed by the villagers from the State Forest free of cost on mafi passes to be issued by the Range Officer.	

B. MADHAVA RAO,
District Forest Officer,

A. N. ANANTHARAMIAH,
Forest Settlement Offi

FINANCIAL SECRETARIAT.

Sanctions the amendment of Rule 25 of the Mysore Government Life Insurance Department Public Branch Rules, in regard to the grant of Duplicate Policies.

READ—

Correspondence ending with letter No. A. 263, dated 23rd December 1938, from the Secretary, Mysore Government Life Insurance Department, forwarding copy of Resolution No. VII, passed by the Insurance Committee at its meeting held on 17th December 1938, in regard to amendment of Rule 25 of the Public Branch on the subject of grant of duplicate policies and requesting sanction to the proposed amendment of the Rule.

ORDER No. FL. 5282-6—G. F. 137-38-4, DATED BANGALORE, THE 13TH FEBRUARY 1939.

Sanctioned. The Rule as amended and approved by Government is published as an annexure to this Government Order.

A. N. RAGHAVACHAR,
Secretary to Government,
Financial Department.

ANNEXURE.

Copy of Rule 25 of the Public Branch Rules as amended.

"25. (*a*) If a policy or paid-up policy is lost, a duplicate thereon may be obtained on application to the Secretary to the Insurance Committee, provided the applicant furnishes satisfactory proof of the loss of the original document and of his right to obtain a duplicate.

The full circumstances of the loss of the document and the steps, if any, taken to recover it, should be intimated to the Secretary to the Insurance Committee.

The Secretary will, in such cases, usually satisfy himself as regards the applicant's right to obtain a duplicate, by advertising the loss of the document in an issue of the *Mysore Gazette* and in a local paper at the expenses of the applicant. The duplicate will then be issued only if no valid objection therefor is received by the Secretary within the period notified in the said advertisement.

Before a duplicate is issued, the applicant, along with two other persons of sound financial position will also be required to execute an Indemnity Bond in such form as may be prescribed by the Committee.

The duplicate issued as above will stand on a par with the original document.

A fee of rupees two will be charged for the issue of a duplicate.

25. (*b*) A simple copy of a policy, paid-up policy, reversionary bonus certificate, or premium receipt book may be obtained on application to the Secretary to the Insurance Committee on payment of a fee of rupee one in the case of a policy, or paid-up policy and of a fee of annas eight in the case of a premium receipt book or reversionary bonus certificate."

PART I

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT.

Issues instructions regarding the passing of the Civil Examination by Amildars for inclusion in the list of officers eligible for appointment as Assistant Commissioners.

OFFICIAL MEMORANDUM.

O. M. No. 2746-55—C. B. 147-38-1, DATED BANGALORE, THE 27TH FEBRUARY 1939.

Government have in their Official Memorandum No. 3485-93—C. B. 136-29-1, dated the 3rd March 1930, invited the attention of all Amildars to the fact that in future, selections for appointment as acting Assistant Commissioners will be confined to officers who have passed Civil Parts I and II, and who possess all the other qualifications prescribed for Assistant Commissioners. A few Amildars have, however, been given a chance of acting as Assistant Commissioners on the distinct understanding that such promotion is only provisional and subject to the passing of the Civil Examination at an early date.

No Amildar will in future be selected for inclusion in the eligibility list for being promoted as Assistant Commissioner nor will he be allowed the benefit of *sub pro tem* or provisionally permanent arrangements, until he acquires the necessary obligatory qualifications. And unless so qualified, he will not in future be entitled to the benefit of increments.

In the case of Amildars, who are already acting as Assistant Commissioners and who have not yet fully qualified themselves, they should be informed that they will not be continued even on an acting tenure for long periods.

By Order,
B. T. KESAVIENGAR,
Chief Secretary to Government.

LOCAL SELF-GOVERNMENT SECRETARIAT.

Reviews the reports on the working of the Town and Minor Municipal Councils in the State for the year 1937-38.

READ—

The Reports on the working of the several Town and Minor Municipal Councils in the State for the year 1937-38 and the reviews of the Deputy Commissioners of Districts thereon.

ORDER NO. L. 7150-62—ML. 116-38-15, DATED BANGALORE, THE 4TH MARCH 1939.

Recorded.

2. There were 40 Town and 64 Minor Municipalities as in the previous year. The boundaries of Dodballapur and Hiriyur Municipalities were extended. The municipal councils of Channapatna, Mugur, Honnali and Tirthahalli continued to be superseded. A municipal council has since been reconstituted for Honnali.

3. *Reconstitution of Municipal Councils.*—Sixteen municipal councils were reconstituted during the year. Bye-elections were held in nineteen municipalities, the vacancies having been caused by a strict enforcement of the provisions of the Municipal Acts relating to Municipal Councillors being deemed as having vacated their seats as a result of their failing to pay arrears of municipal taxes, even after the issue of special notices. In the case of Kankanhalli, Dodballapur, Magadi, Sarjapur and Anekal, no bye-elections were held as the required number of candidates who stood for election was only equal to the number to be elected. Elections for the offices of Vice-Presidents were held in all the reconstituted municipalities.

4. *Strength of Municipal Councils and Meetings.*—The total number of members of all the municipal councils on the last day of the year was 1,730, of whom 1,181 were elected, 347 were non-officials nominated by Government and 202 were *ex-officio* members. The total number of meetings held by the municipal councils was 1,827 of which 1,037 were ordinary, 596 special and 194 adjourned meetings. The number of meetings held in some municipal councils in the districts of Mysore and Kadur, fell short of the prescribed minimum, while in others, the number of adjourned meetings was large. The attendance of both the official and non-official members at the meetings of the municipal councils is reported to be fairly satisfactory, although there is room for further improvement.

5. *Presidents, Vice-Presidents and Chief Officers.*—The municipal councils of Tumkur, Tiptur, Malur and Jagalur continued to have elected non-official Presidents. The Assistant Commissioner in charge of the Kadur District Treasury continued to be the President of the Chikmagalur Town Municipality. All the Town (except Chikmagalur) and the Minor Municipal Councils had elected Vice-Presidents. Orders were passed forming a separate cadre for Chief Officers and Assessing Officers. The Town Municipal Councils of Davangere, Chikmagalur, Shimoga, Tumkur, Chikballapur, Seringapatam, Nanjangud, Channapatna and Mandya continued to have Chief Officers. A Chief Officer has since been appointed for the Sagar Town Municipality.

6. *Committees.*—Government regret to observe that, in spite of the repeated observations made in the reviews of the previous years, there has been no improvement in the working of Committees. It is necessary that all the Town Municipal

Councils should constitute essential committees and insist on their meeting regularly in the interests of quick despatch of municipal business. The Deputy Commissioners of Districts are requested to instruct the Presidents of Town Municipalities to take necessary action in this direction.

7. *Rules and Bye-laws.*—The following rules were issued by Government:—

(1) Empowering all Town Municipal Councils to take action to prescribe the regular line of public streets.

(2) Regarding the grant of leave to the menial employees in the Sanitary, Conservancy and Engineering Departments of the several municipalities.

(3) Requiring candidates standing for election in Minor Municipal Councils to deposit Rs. 25.

(4) Requiring the registration of lease deeds executed by the shandy and market contractors in favour of Municipalities and District Boards.

(5) Prescribing the procedure to be adopted to prevent the construction of buildings on road margins.

(6) Requiring sale certificates for sites sold in municipalities to be duly stamped.

Rules (1) regulating water-supply in Konanur Minor Municipality, (2) the levy of lighting tax in Channapatna and Bhadravati, and (3) water-tax in Bhadravati and Shikarpur Municipalities were sanctioned.

Bye-laws were sanctioned for the (1) licensing of dogs in the Shimoga Town Municipality; (2) the numbering and registration of vehicles in Chitaldrug and Chamarajnagar; (3) the compulsory registration of marriages in Tumkur, Chiknayakanhalli and Davangere; (4) the regulation of water-supply in Closepet and Mandya; (5) the regulation of slaughterhouses in Channapatna; (6) the issue of licenses for regulating hotels in Closepet; (7) the levy of octroi in Madhugiri, Seringapatam, Mandya and Chamarajnagar; and (8) the regulation and inspection of municipal markets in Arsikere and Hassan Town Municipalities.

As pointed out in the review last year, it is necessary that the Town Municipal Councils should, under Section 49 of the Town Municipalities Act, get the rules and bye-laws printed and make them available for sale to the public. As it came to the notice of Government that the rules and bye-laws framed by certain Town Municipal Councils were not strictly in conformity with law, the Deputy Commissioners were requested to advise the municipal councils concerned to take necessary action to set them right.

8. *Finance and Incidence of Taxation.*—The year opened with a balance of Rs. 3,94,318. The income and expenditure during the year amounted to Rs. 18,88,999 (Rs. 18,28,488) and Rs. 18,35,351 (Rs. 18,36,126) respectively. The closing balance at the end of the year was Rs. 4,54,829. Government regret to observe that the financial condition of several municipal councils continued to be unsatisfactory and they were not able to maintain the prescribed minimum balance. The municipal councils should observe the strictest possible economy and restrict the expenditure only to obligatory items. The average incidence of taxation per head of population ranged from Rs. 5-10-6 in Koppa Minor Municipality to Re. 0-4-2 in Talkad Minor Municipality. The revision of assessment on buildings and lands was completed in all the municipalities, except in seven minor municipalities in the Mysore District and two municipalities in the Chitaldrug District where the work is under progress.

9. *Demand, Collection and Balance.*—Out of a total demand of Rs. 20,42,031 during the year including the arrears, a sum of Rs. 16,14,499 was collected, leaving a balance of Rs. 4,27,582 as against Rs. 4,26,881 at the end of the previous year. The percentage of collection to the demand including the arrears was the highest in the Hassan District, being 87·5 per cent and the lowest in Bangalore District, being 63·25. As compared with the figures of demand of last year, a slight increase is noticeable due to the revision of assessment on buildings and lands being given effect to in several municipalities. Special staff was employed for the collection of arrears of taxes in several municipalities. Although there has been a slight improvement in the collection as a whole, compared with that of last year, the total arrears have increased. The collection work was reported to be hampered owing to the prevalence of plague in some municipalities in Kolar and Mysore Districts. It is also reported that in some municipalities, *e. g.*, the Birur Town Municipality, no systematic action was taken to recover the taxes. The Sakleshpur Town Municipal Council has, as usual, collected the entire demand under assessed taxes. The

percentage of collection to demand was more then 90 in the following municipalities :—

		Rs.
1. Koppa	...	... 99·4
2. Kadur	...	... 99·4
3. Chikballapur	...	... 94
4. Bagepalli	...	... 92
5. Sringeri	...	... 91·4

The arrears are more than Rs. 10,000 in the following Municipalities :—

		Rs.
1. Davangere	...	... 24,394
2. Shimoga	...	... 17,513
3. Harihar	...	... 12,522
4. Hassan	...	... 12,518
5. Tumkur	...	... 17,609
6. Kolar	...	... 10,771
7. Chikmagalur	...	... 12,135
8. Closepet	...	... 12,239
9. Channapatna	...	... 18,176
10. Nanjangud	...	... 11,527
11. Hunsur	...	... 11,735

The municipal councils should be instructed to take prompt action for the realisation of the recoverable arrears. Government desire to impress on all the municipal councils, the importance of collection work as the basic factor for successful administration. Such of the municipal councils as have not already got a Chief Officer are also advised to consider the question of appointing Chief Officers with a view to see that the collection work is speeded up.

10. *Town Improvement Works.*—Government made a grant of Rs. 2,63,000 for water supply and other improvement works in towns during the year.

11. *Drainage.*—A comprehensive drainage scheme at an estimated cost of Rs. 88,380 was sanctioned for Dodballapur and Government contributed a sum of Rs. 6,650 towards the first stage of the scheme. The drainage schemes in Davangere, Tumkur, Jagalur, Arsikere, Goribidnur, Chikballapur and Chamarajnagar were in progress. Similar schemes for Chikmagalur, Tarikere, Hassan, Molakalmuru, Saklespur, Sagar, Hole-Narsipur, Belur, Nanjangud and Gundlupet were under consideration.

12. *Water Supply.*—The water-supply works at Ganjam, Hoskote, Melkote, Nagamangala and Mandya were completed. Water-supply schemes to Sagar, Krishnarajnagar, Shikarpur, Davangere and Saklespur Municipalities and improvements to the existing works at Chikmagalur, Kolar and Shimoga were sanctioned. A revised estimate for the water-supply to Hassan Town was sanctioned for Rs. 1,26,210. The bore-wells in Sarjapur, Ajjampur and Hosnagar were completed. The improvements of water-supply in Tumkur, Belur, Channarayapatna, Bowringpet and Arkalgud were under active consideration. In order to enable the Municipal Councils to meet their share of the cost, loans were sanctioned to the Municipal Councils of Hassan, Shikarpur, Davangere, Chikmagalur, Kolar and Shimoga.

13. *Public Health and Sanitation.*—Public health was generally good during the year except for occasional outbreaks of plague, cholera and small-pox in a few places. The municipal councils are reported to have adopted the necessary preventive and precautionary measures to check the spread of the diseases. Anti-malaria measures were adopted in Chikmagalur, Bhadravati, Shimoga and Mandya Municipalities. Baby Shows were held in Krishnarajapet, Heggaddevankote, Ajjampur and Narasimharajapur Municipalities. Maternity Homes were opened in Thyamagondlu and Nelamangala. The Maternity Ward and Child Welfare Centre at Sira and the Maternity Ward at Turuvekere commenced work during the year.

With a view to enable the municipalities to attend more efficiently to the work of sanitation, the sanitary maistries who are not well qualified for the task are being replaced in such municipalities by Assistant Sanitary Inspectors who have passed out of the Sanitary Inspectors' School.

14. *Public Safety and Convenience.*—In order to prevent the dust nuisance, tarring of Doddapet in Shimoga Town was undertaken. The question of tarring

important State Fund Roads running through the municipal limits of certain towns is under consideration.

The electrification schemes of Hunsur, Krishnarajnagar and T.-Narsipur were completed. The electrification of Davangere and Belur was sanctioned. Proposals for the electrification of Belakawadi, Mirle, Chamarajnagar, Tiptur and Kunigal are under active consideration. Electrification schemes for other municipalities are under preparation.

Five units of houses were constructed in the Chitaldrug Town for the housing of the poor.

The construction of a combined Dispensary and of a Veterinary Dispensary at Chamarajnagar was sanctioned. The Municipal High School sanctioned for Mandya Town began work during the year. Cattle Shows were held in Malvalli, Saligrama and Maddur Municipalities.

15. *Audit of Accounts.*—The accounts of all the municipalities for 1936-37 are reported to have been inspected by the Local Audit Department staff of the Comptroller's Office during the year. No serious irregularities are reported to have been observed. A sum of Rs. 181-2-10 being the octroi and mohatarfa collected in the Mirle Minor Municipality is reported to have been misappropriated by the Bill Collector who has absconded. The Bill Collector in Channapatna Town misappropriated a sum of Rs. 87. The amount was made good by the official concerned, who has since been dismissed.

Government regret to observe that there has been still much delay in the disposal of audit notes and objection statements. The Deputy Commissioners are requested to issue definite instructions to the Presidents of all municipal councils to bring to disposal all the pending audit notes of previous years before the close of this year. Action taken should be mentioned in the Administration Reports of the Municipalities for the current year.

16. *Inspections.*—The Deputy Commissioners of Districts inspected all the municipal offices in their districts and issued necessary instructions for the rectification of the defects noticed by them. The Revenue Sub-Division Officers of Mysore, Kadur and Chitaldrug Districts are reported to have inspected the Minor Municipalities in their jurisdiction. The Deputy Commissioners of other districts are requested to instruct the Revenue Sub-Division Officers to inspect similarly all the municipalities in their charge.

17. *General.*—The levy of octroi on petrol was abolished. Government have taken power to transfer officials from one local body to another and to appoint Chief Officers in Town Municipalities. His Highness the Maharaja was graciously pleased to visit Chitaldrug, Jagalur, Challakere and Hiriyur Towns. Loyal Addresses of Welcome were presented by the Chitaldrug Town Municipal Council and the Jagalur Minor Municipal Council.

It is gratifying to note that the members of municipal councils evinced interest in the administration of municipal affairs and formulated several schemes intended to provide the citizens with larger amenities. The work was, however, hampered for want of funds. Government trust that the municipal councils will devote special attention to the collection of taxes—current and arrears—so that they may be in a better position to expand the beneficent activities of their administration.

P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

PART I

IMPORTANT GOVERNMENT ORDERS

FINANCIAL SECRETARIAT.

Sanctions the amendment of Rules 21 and 22 of the Public Branch of the Mysore Government Life Insurance Department.

READ—

Letter No. A. 265, dated the 23rd December 1938, from the Secretary, Mysore Government Life Insurance Department, forwarding for sanction of Government, certain amendments of Rules 21 and 22 of the Public Branch passed at the meeting of the Insurance Committee held on the 17th December 1938.

ORDER NO. FL. 5846-90—G. F. 197-38-2, DATED BANGALORE, THE 8TH MARCH 1939.

Sanctioned.

2. The amended rules are published as an annexure to this order.

A. N. RAGHAVACHAR,
Secretary to Government,
Financial Department.

ANNEXURE.

Payment of Claims.

21. Provided no notice to the contrary has been served on the Secretary by a competent Court of law in the Mysore State, the sum payable on a policy issued under these rules shall, on surrender of the policy and reversionary bonus certificates, if any, and subject, in the case of a claim arising by death of the insured, to the production of satisfactory proofs of death, be paid—

(*a*) if an assignment of the policy has been registered under Rule 22, to the person or persons entitled to receive payment under the terms of the assignment;

(*b*) if no assignment of the policy has been registered under Rule 22, and

(*i*) if the claim arises by maturity of the policy in the ordinary course, to the insured himself;

(*ii*) if the claim arises by death of the insured, to the surviving nominee or nominees, if any, registered under Rule 22; and failing such nominees to the legal heirs declared as such by a competent Court of law in the Mysore State:

Provided that in the event of the death of the insured before an assignment or nomination in respect of the policy has been registered by the Secretary under Rule 22, and the sum payable does not exceed Rs. 2,000, payment may be made to such person or persons, as the President of the Insurance Department, after reasonable enquiry, finds entitled to the claim.

Note 1.—An authenticated extract of the Mortuary Register of the place where the insured died and a statement of two respectable persons who have personally attended the cremation or burial of the dead body of the insured may be considered sufficient proof of death.

Note 2.—Policies which have been in force for at least one year are not rendered void by death of the insured from suicide.

Assignment and Nominations.

22. A policy holder may assign his policy to another, or nominate any person or persons, to receive the amount payable on it in case of his death. Such assignment or nomination, the latter of which should be in the prescribed form shall, on receipt of a notice thereof, be registered by the Secretary in the books of his office.

Note 1.—All assignments of policies sent to the Insurance Office for registration should be accompanied by duplicates, duly signed, dated and attested as in the case of the originals. Such duplicates are required for record in the office and assignments received without them will not be registered.

Note 2.—In registering an assignment, the Insurance Department does not admit or express any opinion as to the form, legality, validity or effect of an assignment and the assignor should satisfy himself on these points before submitting the assignment for registration. A fee of Re. 1 is levied for registering any assignment other than that made by the insured in favour of his/her wife/husband, children or parents.

Authorises retired Military Officers not lower in rank than a Lieutenant to sign Life Certificates of Military Pensioners.

READ—

Letter No. A5-C 1083—38-39, dated 25th January 1939, from the Chief Commandant, Mysore State Troops, forwarding a petition received from certain Military pensioners residing in Tumkur in the matter of the difficulty experienced by them in obtaining life certificates from Civil Officers, and recommending that retired Military Officers not lower in rank than a Lieutenant may be authorised under Article 453 of the Mysore Service Regulations to sign life certificates of Military pensioners who are unable to attend the treasury in person to receive their pensions.

2. Un-official Note No. 224—Pen., dated 15th February 1939, from the Comptroller to Government in the matter.

ORDER NO. FL. 5891-9—S. & A. 322-38-3, DATED BANGALORE, THE 8TH MARCH 1939.

Government are pleased to sanction the recommendation of the Chief Commandant.

A. N. RAGHAVACHAR,
Secretary to Government,
Financial Department.

Passes orders in the matter of carriage by goods train of personal effects of the officers on transfer.

READ—

Government Order No. Fl. 7060-7121—S. & A. 536-37-1, dated the 19th May 1938, revising the rates of travelling allowance for journeys (by railway) on transfer, and sanctioning, among other things, the actual cost of carriage by goods train of personal effects of the officers on transfer subject to certain limits.

2. Letter No. 258—T. A., dated the 27th January 1939, from the Comptroller to Government, suggesting that, as in Madras, the claims for transport of personal effects may be subject to the condition that the transport is subsequent to the date on which the officer had authoritative intimation of the transfer and *within three months* after the date on which the officer actually reports himself for duty at the place to which he is transferred.

ORDER NO. FL. 5901-40—S. & A. 426-38-2, DATED BANGALORE, THE 8TH MARCH 1939.

Government are pleased to approve of the above suggestion of the Comptroller.

Amendments to rules in Appendix I of the Mysore Service Regulations *re* grant of Command and Regimental Allowances to the officers and men of the Mysore State Troops.

READ—

Correspondence ending with Un-official Note No. C5-591—38-39, dated 10th February 1939, from the Chief Commandant, Mysore State Troops, submitting for approval of Government certain amendments to the rules in Appendix 'I' of the Mysore Service Regulations in regard to the grant of Command and other Regimental allowances to the Officers and Men of the Mysore State Troops, when they go on privilege leave, or, are temporarily absent on other duty or courses of instruction.

ORDER NO. FL. 6034-6— S. & A. 445-38-2, DATED BANGALORE, THE 13TH MARCH 1939.

Approved.

2. The amendments approved are indicated in the annexure to this order.

ANNEXURE.

Appendix I—Mysore Service Regulations.

Rule 1 (b). *Page 196.*

Substitute the following for the existing rule 1 (b)—

If an officer holding an appointment ceases to perform the duties thereof *otherwise than in the following circumstances* :—

1. Temporary absence on duty,
2. Casual or privilege leave,
3. While on sick list under Note 2, Rule 13, Appendix I—M. S. R.,

and an officer is appointed to officiate in his place, the latter will draw the command or regimental allowance, if any, attached to the appointment. The same rule will apply to any other officiating appointment rendered necessary in consequence.

No officiating arrangement will be permitted for the period of absence of an officer during which he is allowed to draw the command or regimental allowances, if any, attached to his appointment under the above rules, but the current duties of the appointment will be carried on by a Junior Officer, during such period.

When an officer is absent on combined leave, the above rule applies to the privilege leave portion only.

Rule 20 (ii). *Page 200.*

Substitute the following for the existing rule 20 (ii) :—

Privilege leave.—Full pay, command or regimental allowances if any, attached to the appointment, subject to the proviso that no extra cost is caused to the State thereby.

In the case of other ranks no Ration allowance is admissible during periods of absence on leave except casual leave, but proficiency pay and good conduct pay are admissible during all kinds of leave with allowances.

Under no circumstances will the same allowance be drawn by two individuals.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT.

Passes orders *re* the transfer of Kanuvanaghatta Village in Hirisave Hobli to Nuggihalli Hobli, Chennarayapatna Taluk.

READ—

Letter No. C. 396—38-39, dated 24th February 1939, from the Revenue Commissioner in Mysore, recommending that Kanuvanaghatta Village in Hirisave Hobli may be transferred to Nuggihalli Hobli, Chennarayapatna Taluk, as five other villages forming a Shanbhogi firka are included in that hobli.

ORDER No. R. 4526-9—L. R. 376-38-2, DATED BANGALORE, THE 17TH MARCH 1939.

1. It is reported that the marginally noted six villages of the Chennarayapatna Taluk comprise a single Shanbhogi circle, *viz.*, the Samudravalli circle, and that while the first five are included in the Nuggihalli Hobli, the last, Kanuvanaghatta village, is in the Hirisave Hobli. With a view to relieve the inconvenience felt by the Village Officers, the Deputy Commissioner, Hassan District, recommends that Kanuvanaghatta village may be transferred from Hirisave Hobli to Nuggihalli Hobli of Channarayapatna Taluk. The villagers are also reported to have no objection to the said transfer. Both the Revenue Commissioner and the Superintendent, Land Records, Survey and Settlement, support the proposal of the Deputy Commissioner.

1. Samudravalli.
2. Joisara Mavinahalli.
3. Kaval Hosur.
4. Bananakere.
5. Settihalli.
6. Kanuvanaghatta.

2. In the circumstances reported, Government are pleased to sanction the recommendation of the Revenue Commissioner.

B. T. KESAVIENGAR,
Chief Secretary to Government.

Directs that in future the entire work relating to Advertisements on behalf of all Government Departments and Commercial concerns be handled by the Publicity Officer to Government.

READ—

Government Order No. 5251-99—G. M. 27-37-3, dated 12th January 1938, directing that from February 1938, the Director of Industries and Commerce in Mysore, will handle advertisements on behalf of the Government Departments and Commercial Concerns for a period of one year.

ORDER No. G. 9140-85--G. M. 132-38-1, DATED BANGALORE, THE 15TH MARCH 1939.

Government are pleased to direct that in future the entire work relating to advertisements pertaining to all Government Departments and Industrial and Commercial Concerns be handled by the Publicity Department of Government. The advance of Rs. 30,000 at present placed with the Director of Industries and Commerce in Mysore, will be transferred to the name of the Publicity Officer. The present procedure relating to the maintenance of accounts, statements, etc., will continue to be in force, and the establishment of the Publicity Section now working under the Director of Industries and Commerce will henceforth work under the control of the Publicity Officer.

2. All communications relating to advertisements should, in future, be addressed to the Publicity Officer to Government, Public Offices, Bangalore.

PART I

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT.

Sanctions the continuance of the scheme for granting Taccavi Loans to Coffee Planters in the State for one more year from 1st May 1939.

READ—

Government Order No. R. 4059-70—L. R. 240-37-3, dated 7th March 1938, according sanction to the continuance of the scheme for granting Taccavi Loans to Coffee Planters in the State for a year, *i.e.*, till the end of April 1939.

2. Letter No. C. 2868—37-38, dated 4th March 1939, from the Revenue Commissioner in Mysore, recommending the continuance of the scheme for a further period of one year from 1st May 1939.

ORDER NO. R. 4623-34—L. R. 389-38-2, DATED BANGALORE, THE 24TH MARCH 1939.

The Revenue Commissioner reports that the scheme of granting Taccavi Loans to the Coffee Planters extended for a year in the Government order read above has been extremely helpful to coffee planters, particularly to those of limited means and recommends that the scheme may be continued for a further period of one year from 1st May 1939, the work relating to the scheme being, as hitherto, entrusted to the Sub-Division Officers of Chikmagalur and Saklespur in the districts of Kadur and Hassan, respectively, and the typist attached to the Chikmagalur Sub-Division being also continued.

2. He further requests that a provision of Rs. 1,50,000 may be made in the budget of the next year for granting these loans and that an additional allotment of Rs. 34,000 may be sanctioned for payment to be made during the months of May and June 1939.

3. In the circumstances reported, Government are pleased to sanction the recommendations of the Revenue Commissioner. The Revenue Commissioner is requested to intimate, towards the end of May 1939, the additional grant required, so that a demand for the additional amount may be placed before the Legislative Council.

4. The grant of loans will be regulated by the rules issued with Government Order No. R. 5060-72—L. R. 109-36-7, dated 3rd June 1937, as modified by Government Order dated 7th March 1938, read above.

B. T. KESAVIENGAR,
Chief Secretary to Government.

GENERAL SECRETARIAT.

Reviews the report on Public Instruction for the year ending 30th June 1938.

READ—

The Report on Public Instruction in Mysore for the year ending 30th June 1938, submitted by the Director of Public Instruction in Mysore, with his letters No. G2. 3233-48—37-38, dated 23rd December 1938 and 20th January 1939.

ORDER No. E. 3169-3230—EDN. 40-38-8, DATED BANGALORE, THE 23RD MARCH 1939.

Recorded.

2. *Direction.*—Mr. E. G. McAlpine, M.A., DIP. EDN., V.D., J.P., was in charge of the Department from the beginning of the year till 3rd May 1938, when he availed himself of combined leave for 7 months and 21 days. During the rest of the year Mr. M. Sultan Mohiyuddin, M.A., LL.B., M.ED., officiated as Director of Public Instruction in Mysore.

3. *Touring and Inspection.*—Mr. E. G. McAlpine toured for 79 days visiting 493 institutions and offices in all the districts of the State, besides attending 96 meetings and conferences. Mr. M. Sultan Mohiyuddin, during the period he was in charge of the department, toured for 21 days, inspecting 49 institutions and offices and attending 16 meetings and conferences. The touring and inspection work of the Inspecting Officers of the department was on the whole satisfactory.

4. *Statistics.*—The following table shows the total number of institutions and scholars as on 31st March 1938, classified according to management as compared with the figures of the previous year :—

Kinds of Institutions	1936-37		1937-38	
	No.	Scholars	No.	Scholars
Government	387	51,723	406	54,972
Local Bodies	4,858	2,22,062	4,832	2,24,763
Aided	1,619	50,032	1,688	55,096
Un-aided	29	2,994	22	2,426
Total ...	6,893	3,26,811	6,948	3,37,257
Private	838	12,885	993	15,640
Grand total ...	7,731	3,39,696	7,941	3,52,897

There was an increase in the number of both public and private institutions of 210 with an increase in the total strength of 13,201 pupils.

On an average there was one school for an area of 3·70 square miles and for every 809 persons of the total population. One out of every 2·86 of the population of school-going age was under instruction and the proportion of pupils to the total

population was 19·05 as against 19·60 in 1936-37. The percentage of boys under instruction to the total male population was 8·31 (8·01), that of girls to the total female population 2·54 (2·44), and that of boys and girls together to the total population 5·5 (5·3).

The following statement shows the percentage of scholars in the different grades of institutions to the total number :—

Institution	Number of		Percentage of	
	Boys	Girls	Boys	Girls
1. Colleges	3,279	209	1·27	0·27
2. High Schools	9,643	826	3·71	1·06
3. Middle Schools ...	39,914	6,215	15·38	8·00
4. Upper Primary Schools ...	26,381	13,050	10·16	16·80
5. Lower do ...	1,74,779	56,666	67·33	72·96
6. Special Schools ...	5,590	705	2·15	0·91
	2,59,586	77,671	100·00	100·00

5. *Expenditure.* The total expenditure both direct and indirect on public instruction, including that on University education, amounted to Rs. 67,53,101 (Rs. 66,42,196) and was met from different sources as noted below :—

Sources.	*Amount.*	*Percentage.*
	Rs.	
State Funds	52,88,469	78·31
Local Funds	5,57,478	8·26
Municipal Funds	87,124	1·29
Fees	5,92,763	8·78
All other sources	2,27,267	3·36
Total ...	67,53,101	100·00

The direct expenditure (*i.e.*, excluding the cost of direction, inspection, buildings, equipment and scholarships) amounted to Rs. 51,61,458 and the indirect expenditure to Rs. 15,91,643.

The total receipts under the Elementary Education Fund inclusive of the Government grant and of the opening balance (exclusive of invested balances) amounted to Rs. 27,43,572 and the expenditure under this head was Rs. 22,65,694.

The average cost of education per head of the population was Rs. 1-0-9 (1-0-7), of which Re. 0-13-2 (0-13-3) was met from State Funds.

6. *College Education (Oriental).*—As in the previous year, provision for the study of Sanskrit language and literature on traditional lines was made in three institutions of the College grade.

7. *Secondary Education.*—The number of High Schools for boys increased during the year by two, a Municipal High School having been opened at Mandya, and an un-aided High School at Mysore. There were consequently 34 High Schools for boys on 31st March 1938 with 9,762 pupils, including 119 girls, on their rolls as against 32 High Schools with 8,704 pupils including 82 girls in the previous year. Of the 34 High Schools, 18 were Government institutions, 14 Municipal or Aided ones and 2 un-aided ones. Additional sections were also opened in some of the High Schools to meet the growing demand for seats.

Three thousand two hundred and fifty-five candidates were registered for the S. S. L. C. Public Examination. Of these, 3,219 were examined and 1,824 were declared "Passed," the percentage of passes being 57 (47). The University declared 1,040 of the 1,824 passed candidates as eligible for College courses of study, the percentage with reference to the number passed being 57.

8. *Middle School Education.*—Eight new Middle Schools were opened during the year. On 31st March 1938, there were 310 schools with 41,474 pupils including 1,658 girls as against 302 such schools with 38,932 pupils in 1936-37.

There was a fall in the percentage of passes in the Middle School Examination of 1938. Out of 8,843 candidates registered for the Examination 8,717 candidates were examined and 3,580 passed, which amounts to a percentage of 41·0 (50·3).

The Director reports that there is urgent need for additional staff, accommodation and equipment in the Middle Schools and also for increasing the qualifications of candidates to be appointed as teachers in these schools. Government have been allowing additional funds as far as finances permit for appointing additional teachers and for providing accommodation and equipment. In regard to the question of prescribing higher educational qualifications for the candidates to be recruited as teachers in Middle Schools, the Director of Public Instruction is requested to submit separate proposals for the orders of Government.

9. *Practical Instruction.*—There were 102 practical instruction classes attached to Middle Schools. With a view to encourage vocational education, sanction was accorded to the opening of a Vocational Middle School at Tirumukudlu and to the conversion of the Central Adikarnataka Institute, Mysore, into a Vocational Middle School.

10. *Primary Education.*—There was an increase both in the number of Upper Primary Schools and in the number of boys studying in them. The number of Upper Primary Schools for boys on 31st March 1938 was 306 with a strength of 30,544 pupils as against 292 Upper Primary Schools with a strength of 30,114 pupils in 1936-37. The Lower Primary Schools recorded a steady increase. The number of schools rose from 5,576 to 5,613 and the number of pupils from 201,570 to 206,762. The increase in the number of schools was due mostly to the opening of Primary Schools on a grant-in-aid basis. There were only 72 schools for adults on 31st March 1938 with 2,204 pupils as against 78 schools with 1,858 pupils in 1936-37.

The working of all the School Boards is reported to be satisfactory.

11. *Special Schools.*- The working of the institutions for training of men teachers is reported to be satisfactory. Proposals for providing better training and facilities to present and prospective teachers are under the consideration of Government.

12. *School of Engineering.*—On the recommendation of a Special Committee appointed by Government, orders were recently passed directing the transfer of the School of Engineering from the Education Department to the control of the Mysore University.

The number of commercial schools remained the same as in the previous year, *viz.*, 14, but there was a slight increase in the number of pupils.

The Government School for the Deaf and Blind Boys, Mysore, had a strength of Rs. 65 (70). The curriculum of studies for the blind and the syllabuses for the general education of the deaf were revised during the year. A table of balanced diet prepared on the lines suggested by the Bureau of Nutrition Research, Coonoor, is reported to have been introduced during the year. The strength of the Municipal School for the Deaf in Bangalore was 22.

13. *Women's Education.*—There were eight High Schools for girls with a total strength of 707 girls as against seven schools with 611 girls in 1936-37. Besides, there were 119 girls studying in boys' High Schools. The number of Middle Schools for girls rose from 38 to 41 with a corresponding increase in the total strength by 713.

The number of separate schools for girls was 533 (540) with a strength of 39·501. In addition, there were 39,459 girls reading in boys' schools. Altogether, the total number of girls under instruction was 77,671 (75,836). The fall in the number of girls' schools was due to the amalgamation of girls' Primary Schools with those of boys.

One hundred and thirty-five girls passed the S. S. L. C. Examination, and of these, 85 were declared eligible for College courses of study. Four hundred and sixty-eight girls passed the Middle School Examination and 216 the Vernacular Upper Primary Examination. The results of the Training Examinations were satisfactory. The total expenditure on Women's Education, including University, was Rs. 7,34,792.

14. *Education of Europeans and Anglo-Indians.*—The total number of schools for Europeans and Anglo-Indians was four with a strength of 350.

15. *Education of Muslims.*—The number of separate schools for Muslim boys and girls rose from 897 to 905 and their strength from 38,087 to 38,882. Besides these, there were 7,285 Muslim pupils reading in other schools. The percentage of Muslim pupils to the total Muslim population of school-going age calculated at 15 per cent of the total Muslim population, was 83·04 (81·43).

The total expenditure incurred by Government on institutions maintained exclusively for the pupils of the Muslim community was Rs. 5,92,359.

16. *Freeships and Scholarships.*—The total amount provided for scholarships (including backward and depressed class scholarships) excluding those awarded by the University, was Rs. 1,33,800. Out of 9,762 students in High School classes, 1,262 students enjoyed free concessions either because they were recipients of scholarships or because they were exempted from the payment of fees as belonging to certain specified communities. Besides, 806 students were exempted from payment of half the fees as belonging to certain specified communities. In addition, 248 free-studentships and 2,616 half free-studentships were granted to other than scholarship holders in the High School classes.

17. *Education of Depressed Classes.*—There were 472 separate schools for the education of depressed classes pupils with a total strength of 11,098. There were 12,259 pupils of depressed classes in general schools. The Adikarnataka and Adidravida pupils who were successful in the S. S. L. C., Middle School and Upper Primary Examinations were 48, 99 and 32 respectively.

The number of hostels and boarding homes intended for Adikarnatakas and other depressed classes was 26 with a strength of 1,041.

18. *Libraries.*—The number of libraries aided by the department remained the same as in the previous year, *viz.*, 21.

19. *Hostels.*—The number of hostels increased from 109 to 110. Of these, 27 were Government hostels and the remainder aided.

20. *Scout Movement.*—Two scout and two rover teams were deputed to Delhi to take part in the All-India Ambulance Competitions held during February 1938. Fifty scouts and rovers were trained in the Air Raid precautions arranged by the St. John Ambulance Association, Mysore State Centre. The total membership of the movement was 11,383. His Highness the Chief Scout was graciously pleased to pay a visit to the Scout Headquarters during the year. A scheme for the development of the movement in the State and for enlarging the scope of its activities is under consideration. To facilitate the work of the District Councils in the matter of training camps and to standardise the training given, Mr. S. Byrappa, B.A., LL.B., was appointed as Headquarters Commissioner for training. Thirteen training camps are reported to have been held during the year.

21. *The Girl-Guide Movement.*—The progress of the movement in the several districts is reported to be satisfactory. Miss Hacon, the trainer attached to the Indian headquarters, held training courses in all the districts and a few Taluk Headquarters for a total period of three months.

22. *Physical Education.*—The extra curricular activities in the schools on the side of games and sports were generally satisfactory. It is reported that the question of organising physical education on a systematic basis in schools is engaging the attention of two Special Committees appointed for the purpose.

23. *Medical Inspection.*—Medical Inspection of boys was conducted in the colleges and schools in the cities of Bangalore and Mysore and in the schools in 19 other Municipal areas. Inspection of girls was confined to the Vani Vilas Institute, Bangalore. The number of pupils examined during the year was 25,518.

24. *Conclusion.*—The Marriage of Prince Sri Jaya Chamaraja Wodiyar shortly preceded the Birthday of His Highness the Maharaja and both the happy events were celebrated in all educational institutions in the State with great rejoicing.

There were five benefactions amounting to Rs. 23,150 for various purposes connected with education during the year.

The Committee appointed to consider questions connected with the expansion of Primary Education have since submitted their preliminary report and the proposals made therein are under examination.

Government are pleased to observe that the work of the department during the year was satisfactory.

J. APPAJI GOWDA,
Secretary to Government,
General Department.

Permits the entry of Harijans into the temples at Belur and Sravanabelagola up to the limits to which non-Hindus are at present allowed.

READ—

Correspondence ending with letter No. H. C. 44—35-36, dated 31st July 1936, from the Muzrai Commissioner in Mysore, in the matter of permitting Harijans to enter the temple of Sri Chennakeshavaswami at Belur up to the limits to which non-Hindus are allowed.

ORDER No. 1554-1603—MUZ. 294-38-3, DATED BANGALORE, THE 20TH—23RD MARCH 1939.

The question of admission of Harijans into Hindu temples, managed by the Muzrai Department, is being urged on Government for a few years past, both in the Representative Assembly and the Legislative Council. When the question came up for discussion before the Legislative Council in June 1938, it was represented that the ban on the admission of Harijans to the Belur and Sravanabelagola temples, at least to the point to which non-Hindus are allowed to go, should be removed. It was stated on behalf of Government that there was some difference of opinion in this respect and that the matter would be examined.

2. So far as Sri Chennakeshavaswami temple at Belur is concerned, it is ascertained that non-Hindus are allowed inside the court-yard, so that they can have a view of the architectural work on the outside of the walls of the inner temple and that they are also permitted to go to the places where no worship is conducted. Harijans are allowed, from time immemorial, for three days during the jatra to go up to the Navaranga in the temple. The Agamiks of the Muzrai Commissioner's Office who were consulted in the matter have stated that it is nowhere said that non-Hindus may enter temples consecrated according to the Agama Shastras and that Mahasamprokshane should be performed if Antyajas enter such temples. As a matter of *mamool*, however, non-Hindus are allowed to enter the outer enclosure in some Hindu temples and the devotees have generally acquiesced in this long-standing practice. The Muzrai Commissioner is therefore of the opinion that Harijans may be permitted to enter the temple at Belur up to the point to which non-Hindus are at present allowed.

3. As regards the temple of Sri Gomateswara on the Hill at Sravanabelagola, it is reported by the Deputy Commissioner, Hassan District, that non-Hindu visitors are allowed to enter the open space known as "Rajangana," in front of the deity up to the stone barricade which is at a distance of 12 feet from the image.

4. The general trend of opinion regarding admission into the Sri Chennakeshavaswami temple at Belur and into the Sri Gomateswara temple on the Sravanabelagola hill is that Harijans should be accorded the same treatment as is shown to non-Hindus. Government are, therefore, pleased to direct that Harijans be permitted to enter Sri Chennakeshavaswami temple at Belur and the Sri Gomateswara temple on the Sravanabelagola hill up to the limits to which non-Hindus are permitted to go at present, as indicated above.

J. APPAJI GOWDA,
Secretary to Government,
General Department

Directs the filling up of a vacancy in the Standing Committee for Railways, Public Works and Electrical Departments for the remaining periods of the year 1938-39.

READ—

Government Order No. Rl. 45-54—R. A. 2-38-1, dated 22nd—26th July 1938, constituting the three Standing Committees for the year 1938-39 and appointing among other persons, Mr. A. Bheemappa Naik, B.A., Member, Representative Assembly, Chitaldrug, as a member of the Standing Committee for Railways, Public Works and Electrical Departments.

2. Notification No. Rl. 384—R. A. 18-38-35, dated 14th March 1939, stating that Mr. A. Bheemappa Naik, B.A., has ceased to be a member of the Representative Assembly for reasons stated therein.

ORDER NO. RL. 401-13—R. A. 2-38-3, DATED BANGALORE, THE 25TH MARCH 1939.

The Government of His Highness the Maharaja are pleased to direct that Mr. R. B. Siddabasavaradhya, Merchant, Chintamani, be appointed as a member of the Standing Committee for Railways, Public Works and Electrical Departments, for the remaining portion of the current official year in place of Mr. A. Bheemappa Naik, who has ceased to be a member of the said Committee.

LOCAL SELF-GOVERNMENT SECRETARIAT.

Directs that the supersession of Tirthahalli Minor Municipal Council be continued for one more year from the date on which the present period of supersession expires.

READ—

Government Order No. L. 8069-72—Ml. 117-36-4, dated the 6—7th May 1937, directing that the Tirthahalli Minor Municipal Council be superseded for a period of two years from the date of the publication of the order in the Gazette and that the powers and duties of the Municipal Council be exercised and performed by the Amildar, Tirthahalli Taluk, during the period of supersession.

2. Letter No. M3. C. 2867—38-39, dated the 13th March 1939, from the Deputy Commissioner, Shimoga District, recommending, in the circumstances explained, that the period of supersession which expires by the end of May 1939 may be extended by another year.

ORDER No. L. 7842-45—ML. 171-38-2, DATED BANGALORE, THE 30TH MARCH 1939.

Government are pleased to accept the recommendation of the Deputy Commissioner and to direct that, under Section 42 (4) of the Minor Municipalities Act, 1933, the supersession of the Tirthahalli Minor Municipal Council be continued for one more year from the date on which the present period of supersession expires.

P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

Reviews the Administration Report of the Krishnaraj Sagar and allied works for the year 1937-38.

READ—

Correspondence ending with letter No. 2509—K. S. S., dated the 13th December 1938, from the Chief Engineer, Krishnaraj Sagar Works, forwarding the Administration Report of the Krishnaraj Sagar and allied works for the year 1937-38.

ORDER No. G. 9712-25—G. M. 90-38-4, DATED BANGALORE, THE 25—30TH MARCH 1939.

Recorded.

2. *Diwan Bahadur* N. N. Ayyangar, on return from combined leave, assumed charge of the office of the Chief Engineer and Secretary to Government, Public Works Department (Krishnaraj Sagar Works), on 3rd November 1937, from Mr. R. W. Scaldwell, who reverted as Superintending Engineer, Mysore Circle.

3. The Government sanctioned the constitution of a Construction Division at Mandya and a Sub-Division at Garudanahalli for the execution of the Shimsha Branch Works. The Construction Sub-Division for the Cauvery Branch at Garudanahalli was transferred from the control of the Irwin Canal Maintenance Division to the new Construction Division.

The Special Land Acquisition Office, Krishnaraj Sagar Works, formed in November 1936 at Mysore for the acquisition of the properties coming under submersion at plus 124′ contour of Krishnaraj Sagar was continued during the year.

4. *The Dam Works.*—Against the final grant of Rs. 3,69,400 for the Dam Works, the outlay incurred during the year was Rs. 3,51,380 which brings the total expenditure to date to Rs. 2,46,59,251.

The construction of a Rest House at Krishnaraj Sagar made good progress. An estimate amounting to Rs. 63,900 was sanctioned for the construction of a new building with ten suites of rooms equipped with up-to-date sanitary fittings at Krishnaraj Sagar.

The regulation of water due to Madras was as usual conducted satisfactorily.

The Brindavan Gardens.—About 4,000 visitors made use of the boat on the lake. The Krishnaraj Sagar and Brindavan Gardens continued to be popular as evidenced by the increase in the number of visitors. During the year, 142,681 pedestrians visited the gardens in addition to those who visited the gardens in their vehicles, against 118,917 in the previous year. The gross revenue from the toll-gate over the Dam was Rs. 17,214 as against Rs. 15,246 in the previous year.

5. *The Irwin Canal.*—Against the final grant of Rs. 7,75,000 (excluding receipts on account of acreage contribution), the outlay during the year was Rs. 7,21,747. The total outlay on the canal works from the commencement after taking into account the "Receipts on Capital Account" works up to Rs. 1,67,47,935. There was rapid progress in the extension of the Cauvery Branch beyond 13¾ miles, the work on which was resumed in September 1936, and eight distributaries commanding an aggregate extent of 6,200 acres were opened for service in July 1938. The total area for which water was made available to the end of June 1938 was 57,518 acres including 8,800 acres of Government waste lands. The extent actually under irrigation at the end of June 1938 was 48,025 acres against 46,919 acres secured in the previous year. Most of the lands in holding have already been brought under irrigation.

The draw-off from the Reservoir for irrigation under the Irwin Canal was somewhat more than the quantity drawn during the previous year due to increase in the area of irrigation for sugarcane cultivation and decrease in the area used for dry crops.

6. *Krishnaraj Sâgar Working Committee.*—The Krishnaraj Sagar Working Committee met twice during the year and considered a number of questions relating to the development of irrigation in the Irwin Canal tract, such as exchange of lands under the Irwin Canal for the lands coming under submersion, elimination of the Government waste lands not developed under the Irwin Canal, the draining of Mandya tank and measures for Malaria control.

7. *Other Works.*—Most of the roads undertaken by the Public Works Department (Irrigation) for providing communications from villages in the interior to the main road, were completed during the year. With a view further to develop and improve communications in the Irwin Canal area, Government sanctioned a sum of Rs. 2 lakhs for the construction of new roads and the improvement of existing roads in the Irwin Canal tract and also constituted a committee with *Rajamantrapravina Diwan Bahadur* K. Matthan as Chairman. The Special Committee met twice during the year and selected the roads requiring attention in the order of urgency. Government sanctioned a separate Sub-Division from 1st July 1938, for the execution of these road works. The Project Sub-Division which was formed at the end of August 1936, was continued during the year. The project for opening a channel from the Keelghatta Ane on the left bank of the River Shimsha for feeding five tanks in the area and for bringing under irrigation about 1,400 acres of lands situated directly under the channel was sanctioned by Government for Rs. 2·50 lakhs. Government sanctioned another project costing Rs. 50,000 for restoring the sarva inam tank in Kestur village of Maddur Taluk. The question of intercepting the waste water running into the Hebbahalla and using the same for irrigation was further examined. All the anicut channels in the Cauvery Valley including the two low level canals issuing from the reservoir (in charge of Irrigation Circle) comprising nearly 652 miles in length, were maintained efficiently, and the distribution of water for an area of about 110,000 acres was promptly attended to. An extent of about 670 acres was newly brought under irrigation under the anicut channels below the reservoir by means of improvement of duty.

8. *General Remarks.*—The problem of control of malaria and the prevention of water logging and similar other cognate questions affecting the health of the villages in the Irwin Canal tract received very close attention. In some cases action was taken to shift to a higher level villages in the I Section of the Irwin Canal, on account of their unhealthiness. A new method of lining the channel up to a certain length near villages with a view to make it water-tight, was tried in certain places and was found successful.

9. *Grant and Outlay.*—Against a final grant of Rs. 13,29,059 for the year 1937-38, the aggregate expenditure was Rs. 16,87,633.

10. *Distinguished Visitors.*—His Highness the Maharaja of Bikaner, the Yuvaraja of Pithapuram, Viscount and Viscountess Samuel, Sir G. S. Bajpai, the Thakur Saheb of Palitana, Sir Akbar Hydari and the Hon'ble Mr. C. Rajagopalachari were among the distinguished visitors to the Brindavan Gardens during the year.

11. The work of the department was satisfactory.

IMPORTANT GOVERNMENT ORDERS

LOCAL SELF-GOVERNMENT SECRETARIAT.

Passes orders regarding the formation of an Extension in Yeswantapur Village, Bangalore Taluk.

READ—

Correspondence ending with letter No. C. 725—37-38, dated the 17th December 1938, from the Revenue Commissioner in Mysore, submitting proposals for the formation of an extension in Yeswantapur Village, Bangalore Taluk.

ORDER No. L. 7871-5—V. P. 53-38-1, DATED BANGALORE, THE 31ST MARCH—5TH APRIL 1939.

It was reported to Government sometime ago that several persons had purchased agricultural lands in Yeswantapur Village with the idea of converting them into building sites. As the village is situated at the entrance to the Bangalore City and is almost contiguous to the industrial area developing to the north of the City, it was thought desirable that indiscriminate building should be prevented in this area and that a suburb should be laid out on a regulated plan, with proper facilities for water-supply and drainage. The Revenue Commissioner was therefore requested to submit proposals for the formation of an extension, and his proposals, sent in consultation with Mr. G. H. Krumbiegel, covered an area of 33 acres and 15 guntas. Government thereupon appointed a Committee consisting of :—

1. The Deputy Commissioner, Bangalore District,
2. The Executive Engineer, Water Supply Division,
3. The Sanitary Engineer, and
4. The Revenue Sub-Division Officer, Bangalore,

to work out a scheme in all its details for the formation of an extension, the area being limited for the present to the immediate demand for building sites.

2. The Committee has now submitted its report. The present position is that an area of 7 acres and 26 guntas comprising Survey Nos. 19/2, 19/3, 19/4, 19/5, 19/6, 19/7 and 26/1 has already been divided into sites varying in sizes from 26′ × 24′ to 142′ × 80′ and disposed of by private parties to about 60 persons; but the purchasers have no right to construct houses on them, unless the Land Revenue Department gives them the necessary permission, after recovering a special conversion fine of Rs. 1,000 to Rs. 2,000 per acre and a special assessment of Rs. 10 per annum per acre. The Committee therefore recommends that these lands be acquired from the purchasers, laid out into suitable sites of proper dimensions and sold to the present owners, each purchaser being allotted a site—not necessarily in the same place nor of the same dimensions as the site originally purchased by him—at an upset price covering the cost of acquisition and layout, including provision for a system of protected water-supply, drainage and roads.

3. The Committee considers that it is sufficient for the present to limit the lay-out to these 7 acres and 26 guntas, though it may ultimately be extended if necessary to 33 acres and 15 guntas as recommended by the Revenue Commissioner. It is also of opinion that, since the appropriation of these lands for building purposes has not been sanctioned by competent authority, the lands can only be treated as agricultural lands for purposes of valuation while acquiring them from the present owners irrespective of the price they may have paid to their vendors. The cost of acquisition on this basis is estimated at Rs. 6,195 including the cost of appurtenances. A six-inch water-supply main is proposed to be laid at a cost of Rs. 16,670 to meet not only the present demand, but the demand of the entire suburb when it is fully developed. The distribution system, however, will be limited to the present needs and will cost Rs. 4,590. The Committee also recommends (a) under-ground drainage at a cost of Rs. 8,000 together with the outfall and the treatment of sewage at a cost of Rs. 6,500, and (b) the tarring of roads at a cost of another Rs. 5,300.

4. Government accept the recommendations of the Committee but they are not in favour of providing underground drainage and tarred roads as these items will needlessly put up the cost per square yard. Bore-hole latrines may be provided for each site and surface drains may suffice for this extension.

The immediate development of 7 acres and 26 guntas involves an initial capital expenditure of Rs. 40,405 as noted below:—

		Rs.
1.	Cost of acquiring 7 acres and 26 guntas with appurtenances ...	... 6,195
2.	Estimates for providing roads and drains on 7 acres and 26 guntas (approximate) ...	... 5,300
3.	Cost of water-supply main for the entire suburb ...	... 16,670
4.	Cost for distribution system in 7 acres and 26 guntas ...	... 4,590
5.	Special conversion fine at Rs. 1,000 per acre ...	... 7,650
	Total	... 40,405

5. As the area to be laid out immediately is only 3/13th of the entire area of the intended suburb, only 3/13th of the cost of item 3 will be taken into account for calculating the upset price per square yard; and the remaining 10/13th of the cost of this item amounting to Rs. 12,823 will be borne by Government for the present. The net cost of the present lay-out will therefore be Rs. 27,582.

6. Excluding the area taken up by roads, lawns and other open spaces, the area actually available for the formation of sites will be about 24,780 square yards. Reserving also another 1,780 square yards in the extreme south, pending further development of the extension on this side, the remaining area of 23,000 square yards is divided into 55 sites of 2 sizes—100′ × 60′ and 80′ × 40′ as in the plan annexed to the report. In calculating the upset price per square yard to be charged to the original purchasers, the proportionate cost of the water-supply main debitable to the future extension will be excluded as already mentioned. Calculated on this basis, the cost per square yard will amount to Rs. 1-3-2 as noted below:—

		Rs.	a.	p.
1.	Cost of acquisition and special fine ...	0	9	8
2.	„ Water-supply	0	5	10
3.	„ Drainage and road	0	3	8
	Total ...	1	3	2

7. The actual distribution of the sites will be done by the Committee whether in accordance with the agreement reached among the purchasers themselves or by drawing lots or other suitable devices, the decision of the Committee in each case being final. Water will be supplied to the colonists at 10 annas 6 pies per 1,000 gallons for domestic consumption without any free allowance, the Water-Supply Department being at liberty to charge higher rates for non-domestic and industrial purposes.

8. The cost of the scheme will be advanced from State Funds and recouped later by the sale of sites. An agreement should be taken from intending purchasers of sites, agreeing to these conditions before the scheme is undertaken.

9. Government agree with the Committee that the area may be formed into a separate Village Panchayet under Section 58 (B) of the Mysore Village Panchayet Act. Separate proposals in this respect may be submitted for orders after the extension is actually formed.

10. The Committee is requested to proceed with the scheme as expeditiously as possible.

P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

Reviews the report on the working of the Public Works Department for the year 1937-38.

READ—

Report on the working of the Public Works Department for the year 1937-38, received from the Chief Engineer of Mysore, with his Memo No. 6978, dated the 26th January 1939.

ORDER No. G. 10088-100—G. M. 85-38-3, DATED BANGALORE, THE 3RD—6TH APRIL 1939.

Recorded.

2. Mr. R. W. Scaldwell who was appointed as officiating Chief Engineer and Secretary to Government, Public Works and Electrical Departments, from 3rd May 1937, continued in that charge till 6th November 1937, when *Diwan Bahadur* N. N. Ayyangar, B.A., L.C.E., M.I.E. (Ind.), I.S.E., who had gone on combined leave for six months and three days on a foreign tour, rejoined duty.

3. *Grant and Outlay.*—The final grant for the year under all heads was Rs. 79,13,646 and the outlay Rs. 77,90,186 against Rs. 69,62,371 in the previous year. The aggregate grant from State Funds was Rs. 47,24,539 and the expenditure Rs. 47,66,381, resulting in an expenditure of Rs. 41,842 in excess of the grant.

4. *Irrigation Works Charged to Revenue.*—The expenditure under this head amounted to Rs. 8,09,920, of which Rs. 5,37,220 was spent on major tanks, Rs. 1,69,249 on channels and Rs. 1,03,451 on minor tanks. The construction of a reservoir across the River Shimsha at Marconahalli, Kunigal Taluk, at a cost of Rs. 22,00,000 was sanctioned in January 1937. The foundation stone for the reservoir was graciously laid by His Highness the Maharaja on 20th January 1938. The work made rapid progress during the year and it is expected that during the year 1938-39 it would be possible to supply water for about 2,000 acres. The reservoir when completed will have a capacity of 7,572 units and is intended to irrigate about 10,000 acres. A reservoir across the Kumudvathi near Anjanapur, Shikarpur Taluk, has been constructed by building an earthen bund across the river. The irrigation channels are taken to a length of 20½ miles on the right bank and 6½ miles on the left. Water was let down in the first 16 miles of the channel on the right bank and in 2 miles of the channel on the left bank. Irrigation has not developed fully on account of dearth of labour and unhealthiness of the locality. To encourage colonisation, specially of labour classes, Government ordered, in April 1938, that 133 acres and 6 guntas in Gabbur Village, Shikarpur Taluk, be granted free of cost to poor settlers and 100 acres in Hitla Village at concessional rates to labourers who will be employed on the maintenance work of the reservoir bund and channels. Special attention was paid to measures for the prevention of malaria in the irrigated zone and to the grant of liberal taccavi loans.

5. Among the other tank works in progress during the year were (*a*) a new tank across the Maralwadi stream, Kankanhalli Taluk, (*b*) a tank across the Vadli stream near Hairige, Hunsur Taluk, (*c*) new tanks at Thumbadi, Koratagere Taluk, at Nidasale, Kunigal Taluk, and at Kamasamudram, Bowringpet Taluk, across the Brishabhavati River, and Dalavoy Tank, Chiknayakanhalli Taluk. A project was prepared for constructing the first stage of a dam across the Bhadra at Lakkavalli to develop 21,500 H. P. and to irrigate about 22,000 acres in Shimoga Taluk.

6. Nine out of 42 major tanks under restoration and 41 out of 163 minor tanks were restored during the year.

7. *Civil Works.*—The expenditure on buildings amounted to Rs. 7,38,118, of which a sum of Rs. 3,75,699 was on medical buildings, important among them being the new Mental Hospital at Bangalore with its subsidiary buildings, Sri Narasimharaja Hospital at Kolar, Sri Cheluvamba Hospital for Women at Mysore, the Sri Chamarajendra Hospital at Hassan, McGann Hospital at Shimoga, the Pathological Block in the compound of Sri Krishnarajendra Hospital at Mysore and Rukmaniamma Maternity Hospital at Chikmagalur.

8. *Communications:—Roads.*—The expenditure on original works amounted to Rs. 2,72,462. Among the important road works in progress were, the Hiriyur-Dharmapur road in Chitaldrug District, the improvements to a section of the Bangalore-Mangalore Road ghat portion, a motor road to Nandi Hills in the Kolar District, improving and metalling of the ghat portion of the Avinhalli-Karur Road in Shimoga District, opening out Channagiri-Shivani Road in the Shimoga District, opening a new road from Alur to Biccode in Hassan District and deviation of the Madras-Cannanore Road near Maddur and laying track slabs.

The layout of an Aerodrome near Jakkur, 7 miles from Bangalore, was sanctioned at a cost of Rs. 39,406 and the site formed.

Bridges.—During the year the piers in the stream portion of the bridge across the Shimsha near Halagur, Malvalli Taluk, were raised to bearing level. The right abutment of the girder bridge across the Vedavathi at Kellodu in Chitaldrug District was completed and three piers were formed.

9. *Repairs.*—The expenditure amounted to Rs. 11,21,649, of which Rs. 11,07,998 was on the annual maintenance and special repairs of State Fund Roads and Rs. 13,651 on repairs to bridges. A total length of 2,210 miles of State Fund Road, of which 2,083 miles are metalled was maintained during the year.

10. *Industrial Works:—Chamaraj Sagar and Water Works.*—The outlay on the maintenance of Chamaraj Sagar and Water Works, old and new, was Rs. 1,04,666 and Rs. 3,92,324 respectively. 2,101·7 million gallons of filtered water were pumped into the reservoir at the combined Jewell Filters, Bangalore, as against 2,106·2 million gallons during the previous year. The filtration and pumping plant functioned satisfactorily. The average daily consumption of water during the year in the Bangalore City and the Civil and Military Station, Bangalore, was 3·5 million gallons and 2·04 million gallons, respectively, against 3·27 and 1·9 million gallons during the previous year. The total number of service connections in the City at the end of 1937-38 was 9,806.

11. *Irrigation Cess Fund.*—The grant under this head was Rs. 3,24,502, the outlay being Rs. 3,63,395. The number of works in progress and the number completed were 975 and 355, respectively. The report of the Committee constituted for examining and suggesting measures for improving the position of the Irrigation Cess Fund is under the consideration of Government.

12. *Establishment.*—The total charges under this head amounted to Rs. 9,04,362. The proportion which the establishment charges bore to the total expenditure on works and repairs under all funds was 13·2 per cent against 17·9 per cent of the previous year.

13. *General.*—His Highness the Maharaja of Mysore was graciously pleased to lay the foundation stone of the Donehalli bridge in Jagalur Taluk and opened the District Board Office building at Chitaldrug in September 1937. His Highness performed the opening ceremony of Sri Narasimharaja Hospital at Kolar in December 1937, and in January 1938 laid the foundation stone of the Marconahalli Reservoir.

The Dewan, *Amin-ul-mulk* Sir Mirza M. Ismail, K.C.I.E., O.B.E., toured in the Districts of Shimoga, Hassan and Chitaldrug and inspected important works in progress.

Donations for public buildings like hospitals to the extent of Rs. 91,425 were received during the year.

14. The work of the department during the year continued to be satisfactory.

P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

FINANCIAL SECRETARIAT.

Sanctions certain Amendments to Leave Rules regarding grant of leave to officers and men of the Military Department placed on the Sick List.

READ—

Correspondence ending with U. O. Note No. C. C. 9—36-37, dated 20th January 1939, from the Chief Commandant, Mysore State Troops, submitting for the approval of Government, certain amendments to Appendix 'I,' Mysore Service Regulations, in regard to the grant of leave to officers and men of the Military Department placed on the 'Sick List.'

2. U. O. Note No. 378—Mily., dated 8th February 1939, from the Comptroller to Government, in the matter.

ORDER NO. FL. 6209-11—S. & A. 465-38-2, DATED BANGALORE, THE 23RD MARCH 1939.

Government are pleased to approve of the amendments proposed by the Chief Commandant with a suitable modification.

2. The amendments approved are embodied in the annexure to this order.

A. N. RAGHAVACHAR,
Secretary to Government,
Financial Department.

ANNEXURE.

APPENDIX 'I,' MYSORE SERVICE REGULATIONS.

Rule 13, *para* (4), *Note* 2. *Page* 198.

Substitute the following for the existing Note 2:—

Officers and men placed on the sick list will not be considered as on leave except in cases where the illness is certified to be due to their own indiscretion as in the cases of venereal diseases, etc., but if they should continue to be on the sick list for more than 15 days at a time or if they frequently go sick, the matter must be reported to the Chief Commandant as to whether such persons should continue on the sick list or allowed to take medical leave.

Officers placed on the sick list will be regarded as on duty for all purposes including that of qualifying for privilege leave for a period not exceeding *fifteen days* at a time, even though privilege or other leave is granted after the said period, but in special cases when they sustain injuries or wounds while discharging Government duty, the whole period of their absence in Government Hospitals as in-patients and after discharge thereof until they are certified to be fit for duty, will be treated as on duty with the proviso that in cases in which the absence exceeds three months, sanction of Government should be obtained.

The above restrictions do not apply to Non-commissioned Officers and men who will be regarded as on duty while they are placed on the sick list regardless of the period they are so placed, provided the sickness or disability is due to causes beyond their control.

PUBLIC WORKS SECRETARIAT.

Directs that the fee for the occupation of First Class Travellers' Bungalows be reduced from Rs. 1-8-0 to Re. 1 per room per day.

READ—

Government Order No. G. 313-75—G. M. 14-22-1, dated 12th July 1922, directing that the fee per room per diem for the occupation of the First Class Travellers' Bungalows be raised from Re. 1 to Rs. 1-8-0.

2. Letter No. 1755, dated 30th April 1937, from the Superintending Engineer, Shimoga Circle, requesting sanction, for reasons stated therein, to the reduction of the fees in the case of First Class Travellers' Bungalows from Rs. 1-8-0 to Re. 1 per day.

3. Letter No. C. 58, dated 22nd July 1937, from the Superintending Engineer, Mysore Circle, on the subject.

ORDER No. P. W. 3075-3136—S., DATED BANGALORE, THE 31ST MARCH—6TH APRIL 1939.

It has been represented that the existing fee of Rs. 1-8-0 per diem for the occupation of rooms in the First Class Travellers' Bungalows is rather high and beyond the means of the ordinary public. The Superintending Engineers have accordingly proposed that the fees be reduced from Rs. 1-8-0 to Re. 1. Such a reduction in fees, it is considered, would induce a greater number of visitors to make use of the Travellers' Bungalows more frequently and for longer periods.

2. Government are pleased to accord sanction to the above proposal and direct that the fee for the occupation of rooms in the First Class Travellers' Bungalows be reduced from Rs. 1-8-0 to Re. 1 per room per day, tentatively for a period of one year, with effect from 15th April 1939.

3. A report may be submitted at the end of this period to see how this reduction would affect the revenue therefrom and to decide the question of the permanent reduction of fees.

IMPORTANT GOVERNMENT ORDERS

LOCAL SELF-GOVERNMENT SECRETARIAT.

Issues revised rules for the Registration of Births and Deaths in Minor Municipalities in Bangalore and Shimoga Districts.

READ—

Notification No. L. 4008—Ml. 113-33-5, dated 11—13th December 1933, issuing rules for the proper registration of births and deaths in the Minor Municipalities in the State.

2. Para 9 of the Government Order No. G. 2990-3016—P. H. 154-36-4, dated 7th October 1937, directing, among other things, that the draft rules framed by the Vital Statistics Committee for the registration of births and deaths in the several Municipalities (including the Minor Municipalities) may be commended for adoption by the Municipalities in the two districts, *viz.*, Bangalore and Shimoga.

3. Letter No. V. S. 770, dated 1st February 1939, from the Director of Public Health, soliciting instructions in the matter of the registration of births and deaths in Minor Municipalities in accordance with the recommendation of the Vital Statistics Committee referred to above.

ORDER NO. L. 8508-12—ML. 114-38-19, DATED BANGALORE, THE 19TH APRIL 1939.

Under Section 106(2) (n) and (3) of the Minor Municipalities Act, 1933, Government are pleased to issue, in supersession of the rules referred to in Notification dated 13th December 1933 read above, the accompanying revised rules for the registration of births and deaths in the Minor Municipalities in Bangalore and Shimoga Districts. In the case of the other Minor Municipalities, the rules of 13th December 1933 will continue to be in force until further orders.

2. The Director of Public Health is requested to take necessary further action, in consultation with the Deputy Commissioners of Bangalore and Shimoga Districts, to bring the revised rules into force very early.

P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

ANNEXURE.

Rules for the Registration of Births and Deaths in Minor Municipalities in Bangalore and Shimoga Districts.

1. *Definitions.*—For the purpose of these rules—

(*a*) the term "division" means the area in which any Registrar of Births and Deaths is appointed to perform his functions;

(*b*) the term "occupier" includes any person for the time being paying or liable to pay to the owner the rent or any portion of the rent of the land or building in respect of which the word is used;

(*c*) the term "President" means the President of the Municipal Council for the time being;

(*d*) the term "public institution" includes a prison, lock-up, lunatic asylum, hospital, reformatory, industrial school, barrack and any charitable or other institution, which is under the management of a public body, officer or person;

(*e*) the term "Registrar" means and includes any person who may be appointed by the President as a Registrar of births and deaths for any division of a municipality;

(*f*) the term "Registrar-General" means the Director of Public Health to the Government of Mysore for the time being and the "Assistant Registrar-General" means the Superintendent of the Bureau of Vital Statistics for the time being;

(*g*) the term "still-born" or "still-birth" has reference to a child born after the 28th week of gestation as dead or apparently dead and not called back to life.

2. *Appointment of Registrars.*—For the proper registration of all births and deaths, the municipality shall be divided into divisions and for every such division a Registrar of Births and Deaths shall be appointed.

3. *Registrar to live in his division.*—Every Registrar shall reside at some conveniently central place within the division of which he is Registrar, and shall cause his name with his designation as Registrar of Births and Deaths for the division for which he is so appointed, in English and Kannarese, to be placed in some conspicuous place on or near the outer door of his office.

4. *Temporary arrangements during illness or absence of the Registrar.*—In case the Registrar is unable for more than a week to attend to his duties on account of illness or other urgent cause, he shall report the fact to the President, who shall at once make temporary arrangements for the performance of the duties of the Registrar, and any person thus temporarily appointed shall be held to be the Registrar for the purpose of these rules. The President shall report the arrangements made to the Registrar-General.

5. *Information of birth to be given within seven days.*—Information covering all the particulars specified in Form No. V. S. 1 (b) appended, shall be given to the Registrar of the division within one week after the day of birth regarding every birth that takes place within the municipal limits.

The duty of giving notice of births is laid, in the first instance, upon the father, provided that the child is legitimate and that the father is in the municipality.

In the absence of the father and in all cases of births of illegitimate children, the duty is laid on the mother, provided her health permits.

Should both the father and the mother be unable or fail to give notice, the duty is laid on the medical officer or midwife attending the mother.

Where there is no medical officer or midwife, the duty is laid upon the occupier of the building in which the birth takes place.

6. *Information of death to be given within 36 hours.*—Information regarding the death of any person dying within the municipal limits, covering the several particulars prescribed in Form No. V. S. 2 (b) appended, shall, within 36 hours of such death, be given to the Registrar of the division.

The duty of giving such notice is laid in the first instance, upon the nearest relative of the deceased person who has been present during his illness.

Failing such relative, it is laid upon the medical officer who attended the deceased person.

Where there is no medical officer, the duty is laid upon the occupier of the building in which the death occurred.

7. *Births and deaths occurring in public institutions to be notified by the officers in charge.*—The above rules do not apply to the case of a birth or death occurring in a public institution. In that case the duty of sending the notice is laid upon the officer in charge of the institution.

8. *Particulars regarding dead bodies found exposed to be reported by the Police.*—In cases of the discovery of the dead bodies, whether of newly born children or otherwise, it shall be the duty of the Police Station Officer within whose jurisdiction any such body is found, to report to the Registrar such particulars as are available for the purpose of the entries to be made in the register of deaths as well as, in the case of the bodies of newly born children, in the register of births.

9. *Priests and burial ground watchmen to furnish information if required.*—Should the President so order, every person who conducts the funeral obsequies of any person dying within the municipal limits, and any person who is placed in charge of the grave yard, burning ground or other place of burial or cremation, shall furnish the Registrar with such information as he may be required by the President to furnish regarding any funeral obsequies conducted by him or any burials or cremations that have taken place within the premises committed to his charge, as the case may be.

10. *Registrar to register information without fee or reward and to inform himself of every birth and death.*—Every Registrar shall inform himself carefully of every birth and death which takes place in his division and shall register, as soon as conveniently may be after the event, without fee or reward, the particulars required to be registered under Rule 11 touching every such birth or death, as the case may be, which has not been already registered.

11. *Forms of birth and death registers to be maintained in original and duplicate and triplicate.*—The Register of Briths shall be maintained in Form No. V. S. 1 (b) and the Register of Deaths in Form No. V. S. 2 (b) appended, in original, duplicate and triplicate.

12. *Entries to be numbered serially.*—In each of these registers the occurrences registered shall be numbered serially, the series of numbers running from 1st January to 31st December. No entry shall be interpolated between two serial numbers.

13. *Written information received by the Registrar to be preserved for two years.*— All information received by the Registrar in writing in connection with the registration of any birth or death shall be filed by him and preserved for two years.

14. *Entries in respect of children born dead.*—A special column in the register of births is provided for the entry of still-births, which are not included in the statistics either of births or of deaths.

15. *Entries in respect of children born alive which die before the birth is registered.*—In the case of a child which is born alive, but dies before its birth has been registered, the Registrar shall enter the birth in the Register of Births and death in the Register of Deaths.

16. *Registers to be renewed once a year. Registers to be sent by the Superintendent, Government Press, direct to Presidents for distribution to Registrars.*—Each register shall consist of 1,098 pages—366 original, 366 duplicate, 366 triplicate and shall be used continuously for a period of one year. The Superintendent, Government Press, will print these registers and issue them to the Presidents for distribution to the Registrars concerned at least by the end of November of each year.

17. *Triplicate copies to be sent daily to the President of the Municipality.*—The triplicate pages which have been written up during every day shall be detached at the perforation and sent by the Registrar to the President of the Municipality before the close of the following day. The particulars shall thereupon be posted into the consolidated registers of births and deaths which shall be maintained in each municipality.

If during any day no births or deaths have occurred, the triplicate form should be sent with the remark "Nil" written thereon.

18. *The President to collect the duplicate returns from Registrars and forward them to the Registrar-General so as to reach him on or before the close of the third day following.*—The duplicate pages shall be similarly detached at the perforation and sent to the President, who, after scrutinising the returns carefully, should forward them in a bundle to the Registrar-General so as to reach him on or before the close of the third day following.

19. *Check by President of regular receipt of returns.*—A set of posting registers showing the names of the Registrars will be maintained in the office of the President, in which the returns received will be posted as they come in. When these registers show that the return for any day is 48 hours overdue, a reminder will be sent to the Registrar. The President will take disciplinary action against Registrars who are frequently in default.

20. *Process of sorting and abstracting the returns in the Central Statistical office.*—The returns received in the Central Statistical Office will be abstracted and posted into registers for purposes of compilation.

21. *Filing of returns permanently.*—As soon as the required information has been abstracted and posted, the returns for each month will be filed in racks. At the close of each year, the returns will be transferred to record. These returns will be retained as permanent records.

22. *Reviews to be published weekly, monthly and quarterly.*—The statistics so abstracted will be published for the information of the authorities concerned and of the public with a review of the same, weekly, monthly and quarterly.

23. *The original register to be finally deposited in the office of the President.*—Each register of originals shall be retained in the custody of the Registrar for one year after it is closed, and shall then be sent to the President who, after careful scrutiny of all unattested erasures and alterations, shall file it as a permanent record.

24. *Entries to be made in the birth registers by midwives and vaccinators.*—It shall be the duty of the Registrar to produce his register of births before the midwife and the vaccinator, and it shall be the duty of the midwife and the vaccinator, respectively, to enter their initials with such remarks as may be called for, against the cases in which they have attended at the birth of a child, or vaccinated it, as the case may be.

25. *Inspections by District Sanitary Officer and Sanitary or Assistant Sanitary Inspectors.*—The District Sanitary Officer and the Sanitary Inspector or the Assistant Sanitary Inspector, as the case may be, shall constantly inspect the registers of births and deaths, make test checks by enquiry, instruct the Registrar as to the discharge of his duties, and exercise a general supervision over the work of the Registrar. The registers shall be checked at least once a week by the Sanitary Inspector and entries verified should bear the initials of the checking officer with date of check.

26. *Errors.*—Every error found in the register of births or in the register of deaths shall be corrected by drawing a line through the original entry (but not so as to render it illegible) and writing the new entry above it and the correction shall be fully signed and dated by the Registrar, if the error be discovered by him, and by

both the Registrar and the checking officer, if the error be discovered by a checking officer. All such corrections shall be duly intimated to the Registrar-General, through the President with the reasons therefor. The corrections when approved by the Registrar-General will be made in the returns filed in the Central Statistical Office, and due information will be sent to the Presidents for informing the Registrars concerned:

Provided that no entry shall be corrected under this rule more than a year after the entry has been made except with the previous sanction of the President.

27. *When registrar to give extract free of charge.*—The Registrar shall, as soon as the Registration of the birth of a child has been completed, give, on application, free of all charges, to the person who gives information of the birth, an extract under his hand from the register relating to such birth. For purposes of this rule the register will be the register of originals kept by the Registrar.

28. *Search of birth and death registers.*—Any person may, at any reasonable time, on payment of a fee of four annas for each visit, search any register of births and deaths. For purposes of this rule the register of births and deaths will be the returns sent daily by the Registrar through the President to the Registrar-General and filed in the Central Statistical Office, or in the case of occurrences prior to the coming into force of these rules, the registers filed in the office of the President.

29. *Issue of birth and death certificates—(a) In cases registered under the new system.*—Any person requiring a certificate of birth or death may put in an application affixing a one-anna court-fee stamp and enclose an eight-anna court-fee stamp to be affixed to the certificate.

The application should state clearly—

(*i*) the name and father's name of the party in relation to whose birth or death a certificate is required;
(*ii*) the date, month and year of occurrence;
(*iii*) the name of the street and the division where the event occurred; and
(*iv*) the postal address of the applicant for sending the copy.

The application may be addressed either to the Registrar-General or to the President, who will forward it to the Registrar-General. On receipt of such an application, the Registrar-General will cause the duplicate return relating to the occurrence to be traced and a true copy of the same to be issued over his signature or that of the Assistant Registrar-General and sent to the President to be given to the party concerned. Such extracts shall be certified as provided in Section 76 of Indian Evidence Act, 1872, and may be produced in proof of the entries of which they purport to be copies.

(*b*) *In cases registered under the old system.*—The above rule will be applicable only to occurrences taking place after these rules have come into force. In regard to occurrences prior to that date, the old rule will continue as follows:—

Every person applying for a certified extract from registers of births and deaths shall affix on his or her application one half a rupee court-fee stamp for the authenticated extract, and if the extract required is from the registers of a year other than that in which the application is made, an additional searching fee of half a rupee shall be charged, except copying fees payable to copyists, which should be paid in cash, all other fees being paid in advance and in court-fee stamps affixed to the application. Such extracts shall be signed by the President and sealed with the seal of the Council.

30. *Penalty for omission to give information.*—Any person whose duty it is to give information under the preceding rules and who neglects or refuses to give such information or gives false information, shall be liable on conviction to a fine not exceeding ten rupees.

BANGALORE, THURSDAY, MAY 4, 1939.

PART I

IMPORTANT GOVERNMENT ORDERS

DEVELOPMENT SECRETARIAT.

Issues orders in the matter of opening an Agricultural School at Somanahalli.

READ—

Request made by the Vokkaliga Hostel Committee, Somanahalli, Maddur Taluk, in the address presented to the Dewan on the 22nd December 1938, for a liberal grant from the Government for the proposed conversion of the Vokkaliga Hostel at Somanahalli into an Agricultural High School.

2. Correspondence ending with letter No. Fa. 248-540—39, dated the 30th January 1939, from the Director of Agriculture in Mysore, submitting a scheme for an Agricultural School at Somanahalli.

ORDER NO. 9171-74—AGRI. 177-38-4, DATED BANGALORE, THE 21ST APRIL 1939.

The Director of Agriculture reports that there is a hostel for students of the Middle School at Somanahalli and that it is proposed to establish an Agricultural School to train these students in agriculture by giving practical training in dry, wet and garden cultivation, market gardening and poultry farming. For this he requests sanction to a non-recurring expenditure of Rs. 14,750 and a recurring expenditure of Rs. 6,150 as detailed in the Appendix. A receipt of Rs. 4,750 is expected from the farm produce, thus reducing the recurring charge to Rs. 1,400. This he proposes to meet from the savings likely to accrue by the abolition of the Jeevannarayanakatte Farm at Mysore.

The Somanahalli Farm is proposed to be worked as a demonstration farm which is expected to yield a surplus three years after its establishment.

Government are pleased to approve the proposals of the Director of Agriculture and direct that arrangements be made to start the school from the beginning of the next academic year.

A sum of Rs. 15,000 will be provided in the next year's budget for the capital expenditure of the school. Local contributions may be forthcoming and the Government grant will be reduced to the extent of private donations that may be secured.

The Jeevannarayanakatte Farm will be abolished from the 1st July 1939, as proposed by the Director of Agriculture.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

APPENDIX.

Scheme for an Agricultural School at Somanahalli, Maddur Taluk.

Sanctions the recommendation of the Director of Agriculture to give effect from 1st July 1939 to the Goat Breeding Scheme, sanctioned in Government Order No. D. 8573-82--L. & A. 48-35-3, dated 8—10th June 1937.

READ—

Government Order No. D. 8573-82—L. & A. 48-35-3, dated 8—10th June 1937, approving the goat breeding scheme submitted by the Director of Agriculture.

2. Government Order No. D. 5130-31—L. & A. 17-37-4, dated 18—19th January 1938, approving *inter alia* the Director's suggestion to defer, for the present, the goat breeding scheme referred to in the Government order read above.

3. Letter No. Fl. 129-1730—38-39, dated 25th March 1939, from the Director of Agriculture, recommending, in the circumstances stated, sanction (i) to give effect to the goat breeding scheme sanctioned in the Government order dated 8–10th June 1937, read above, from 1st July 1939, and (ii) to provide a sum of Rs. 3,725 as detailed in the margin and in the Government order dated 8—10th June 1937, in the next year's budget of the Live-Stock Section.

	Rs.
Initial and non-recurring expenditure ...	2,765
Recurring expenditure per annum ...	960
Total ...	3,725

ORDER No. D. 9176-86—A. H. 135-38-2, DATED BANGALORE, THE 17—24TH APRIL 1939.

Government are pleased to sanction the recommendations of the Director of Agriculture.

2. A provision of Rs. 3,725 therefor will be made in the budget of the Live-Stock Section for 1939-40.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

LOCAL SELF-GOVERNMENT SECRETARIAT.

Issues the Rules for regulating Water Supply in the Hoskote Minor Municipality.

READ—

Letter No. C. 2. 3262—38-39, dated 28th February 1939, from the Deputy Commissioner, Bangalore District, forwarding for sanction, the draft Water Supply Rules framed by the Hoskote Minor Municipal Council.

2. Un-official Note No. 1507-4, dated 3rd April 1939, from the Director of Public Health in Mysore.

ORDER No. L. 8656-9—ML. 70-38-109, DATED BANGALORE, THE 26TH APRIL 1939.

Government are pleased to issue, under Section 106 (2) (i) and (3) of the Minor Municipalities Act, 1933, the accompanying rules for regulating the supply and distribution, etc., of water within the limits of the Hoskote Minor Municipality, Bangalore District.

P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

RULES.

1. No person shall (*a*) remove, break, injure or open any cock, lock valve, pipe work or engine belonging to or under the control of the Hoskote Minor Municipality in connection with the water-supply; or

(*b*) flush or draw off any water in or derived from any such water work or do any act whereby the water in any pipe or water work is likely to be wasted or contaminated ; or

(*c*) obstruct, divert or in any way injure or alter any water main, submain or duct.

2. The water supplied by the Municipal Council is intended primarily for domestic use and therefore water from any public stand post, or tap shall not be taken for garden, irrigation, building purposes or for other non-domestic purposes. In the latter case, the previous sanction of the President or Vice-President should be obtained in writing on such payment and under such conditions as may be settled by the Municipal Council, provided that the use of water from the public taps for non-domestic purposes mentioned therein shall not be permitted unless there is sufficient supply of water at the tank or source.

3. No person shall bathe or wash an animal, vehicle, clothes or utensils at any public stand posts or taps which are specially set apart for such purposes.

4. No person shall do anything to damage or disfigure the stand posts or platforms or to obstruct the free flow of water from the platform.

5. No person shall water any animal at any public stand pipe or cistern, except at places prescribed by the Municipal Council for the purpose by notice posted thereat.

6. In cases of emergency, the President or Vice-President or his authorised agent may, at any time, with previous public notice by beat of "tom tom" stop the supply of water, if it appears to be unfit for use by the public.

7. The President or Vice-President or his authorised agent in writing shall have power to stop or reduce the supply in any public main or sub-main for repairs or renewals without any notice. But when such stoppage is over on extensive area or is due to exigencies which can be foreseen, such previous notice as is possible under the circumstances will be given by general "tom tom."

8. Applications for house connections from the public mains or sub-mains are to be made in the prescribed form with the necessary plans and estimate to the President or Vice-President who, in consultation with the Bureau of Sanitary Engineering, is authorised to comply with such requisitions by owners of property who are required to lodge with him or his agent the cost of the attachment as specified below :—

½" attachment	...	Re. 1-0-0
¾" attachment	...	Rs. 1-8-0

After the house connection estimate is sanctioned, the rest of the transaction will be entirely between the owner and the plumber and the Municipal Council will not interfere in the matter of settlement of claims, etc., between the owner and the consumer.

9. Private house service connections will be limited to houses paying a house or shop tax of not less than Rs. 5 a year in localities where a supply can be given without detriment to street service, provided there are facilities to make proper arrangements for draining off the waste water to the municipal drains.

10. The number of taps to be given to any dwelling house will be limited to a maximum of three.

For houses taking ½" connection, a monthly fee of Re. 1 each and those taking ¾" connection Rs. 1-8-0 each will be charged.

Non-domestic connection will be charged for all water drawn at eight annas per thousand gallons.

11. The Municipal Council, in consultation with the Water Works Department (Bureau of Sanitary Engineering), may give connections to factories, firms and railways on any other non-domestic purposes if the entire cost of the pipe line

together with the cost of the meter is borne by such factory, firm or railway, provided such water connection does not interfere with the normal supply of water required for the Municipal Area.

12. For every connection given for non-domestic purposes such as Garden, Factories, Presses, etc., there shall be provided at the consumer's cost and maintained in due working order, a water meter for gauging the water consumed.

The word " Garden " does not include the garden in the compound of dwelling houses.

13. For all connections where a water meter is fixed, a charge of four annas per month shall be levied as the rent for the meter in addition to whatsoever charge may be due for the water consumed, provided that, for the periods when the meter is out of order, no rent shall be charged.

14. If the owners or occupiers of such houses or property, are to vacate or abandon such houses or property either temporarily or permanently, the responsibility of informing in writing to the President or Vice-President shall rest upon such owners or occupiers before the 5th of every month, signifying their intention not to use the water till they re-occupy the house or property and upon such application, the President or Vice-President shall arrange to cut off the water connection. In the case of houses or property remaining temporarily vacant for more than a month and a half, the usual meter rate will be charged, but in the case of such temporary vacancy for a month, no reduction shall be made nor refund of amount granted.

15. Service pipes to private properties shall be laid by plumbers duly licensed by the Municipal Council on approved plans and estimates and specifications under conditions and rules sanctioned by the Municipal Council.

The final connection between the private service pipes and public water mains shall not be allowed until the work is inspected and passed by the President or Vice-President or his authorised agent.

(*a*) No alteration or extension or private connections shall be allowed without previously obtaining the sanction of the Municipal Council and such works shall be carried out only by licensed plumbers.

(*b*) Repairs may, however, be carried out by the owners or occupiers of property after giving intimation to the President or Vice-President in writing of the nature of repairs to be done, the work being entrusted to the licensed plumbers only.

16. The water rate and meter rent or any other charges due under these rules shall be collected or caused to be collected by the President or Vice-President or his authorised agent every month in advance from the owners or occupiers of such houses or property. The owners or occupiers of such houses or property shall be solely responsible for the payment of all charges or rate or rent and all such dues shall be collected as a municipal demand and shall be subject to the same conditions as are provided in the Minor Municipalities Act, 1933, or the taxation rules framed thereunder, provided that the bill shall be served or presented to the owners or occupiers liable to such water rate, meter rent or other charges only once and for the first time and the Municipal Council shall not be bound to serve such bills at the beginning of every month unless there be an alteration or enhancement or reduction as the case may be, in which case, a separate bill shall be presented or served.

(*a*) The Municipal Council may receive payment from the agent or occupier.

(*b*) In order to facilitate the adjustment of accounts between the owner of a house or property and his tenant or occupier, the President or the Vice-President shall, when required in writing, furnish a memorandum showing the consumption and probable charges on account of water rate and meter rent for any broken period of the month since the preparation of last bill in his office.

17. Arrangements will be made to read the meter as far as possible within the 5th of every month. The meter reader will leave, with any available person in the house, a slip showing the consumption of water during the preceding month.

In calculating the charges under the clause of metering, the quantity of 500 gallons and below shall not be charged but when it is over 500 gallons, it shall be charged for as if it were 1,000 gallons.

18. All complaints regarding the accuracy of reading or non-receipt of slips referred to in Rule 17, should be made in writing to the President or Vice-President within the 10th of every month concerned, after which no complaints will be entertained.

19. Any owner or occupier of a house or property having a water connection, who may suspect or dispute the accuracy of the measurements indicated by water meter, may apply to the President or Vice-President and have the meter tested on payment of a fee of rupee one per test. If, on actual test, the quantity registered by the meter exceeds 10 per cent of the correct quantity, the fee will be refunded to the party concerned. Otherwise it will be credited to the Municipal Funds.

20. The Municipal Council reserves to itself the right to test any meter for its own satisfaction at any time. Due notice shall, however, be given to the owner or occupier of the house or property concerned.

21. If, on examination, any meter is found to be out of order and consequently not registering correctly, the consumption during the period, since the last reading till the meter is repaired or a new meter is attached, shall be calculated at the average daily consumption of the last registered period during which, in the opinion of the President or Vice-President, the meter was registering correctly and the consumption of water was not for any reason abnormal.

22. The President or Vice-President or his authorised agent may, at all reasonable times and with the permission of the owner or occupier, if permission be refused, after giving six hours' notice, enter any premises in which there is a water connection in order to inspect and examine or repair the same.

23. The President or Vice-President or his authorised agent shall have the power to cut off connection between the private pipes and the public main in any of the following cases :—

(*a*) In default of payment of the water rates and other charges due under the rules, if on any bill presented on account of repairs to meters under rule above, within 5 days after the same shall have been demanded in writing or presented.

(*b*) If any house owner or occupier who is supplied with water shall use or permit the use of water for purposes in violation of the conditions on which the connection is granted, provided that 5 days previous notice is given in writing.

(*c*) In cases of leakage of pipes or other defects in the private service, likely to cause loss to the municipality, provided 24 hours' notice is previously given.

(*d*) If water is allowed to run to waste after the owner or occupier has been warned against allowing such waste by a printed or a written notice of six hours or such shorter period as the President or Vice-President deems fit.

(*e*) In any case of broken pipes or fittings causing loss of water likely to cause damage to property when such written notice as may be possible shall be given.

(*f*) In any case of refusal to allow the President, Vice-President or their authorised agent to enter on any land or building for the purpose of inspecting service pipes, fittings, etc., after a day's notice.

24. The Rules 2, 3, 4, 5, 6, 7 and 20 stated above shall apply to public street fountains which have been or may be allowed to be erected at the expense of the private individuals for dedication to public use and such fountains shall be further subject to the following conditions :—

(*a*) That their number is strictly restricted by the *bona fide* public requirements of particular localities which shall be decided by the Municipal Council.

(*b*) That they are not placed closer to any other public fountain than the minimum prescribed distance of 200 feet.

(*c*) That their free and unobstructed use at all hours by the public for the use of which they are intended, is duly safeguarded.

25. Any person whose house connection is stopped for non-payment of dues or leakage, etc., should pay a fee of Re. 1 for re-connecting the same.

26. The Municipal Council reserves to itself the power, whenever it deems fit, to alter or modify the foregoing rules or to abolish altogether the system of house connections established thereunder or to stop or to reduce the supply to any private attachment or any public fountain without assigning any reason whatsoever.

27. Any person infringing any of these bye-laws shall be liable to be punished with a fine not exceeding fifty rupees on conviction before a Magistrate.

BANGALORE, THURSDAY, MAY 11, 1939.

PART I

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT.

Places Mr. M. M. C. Sri Rangachar, B.A., Registrar, General and Revenue Secretariat, on Special Duty in connection with the arrangements for the reception and entertainment of Indian Guests during the Festivities connected with the Birthday of His Highness the Maharaja of Mysore in May 1939.

ORDER No. O. 3044-52, DATED BANGALORE,
THE 5—6TH MAY 1939.

Mr. M. M. C. Sri Rangachar, B.A., Registrar, General and Revenue Secretariat, is placed on Special Duty in connection with the arrangements for the reception and entertainment of Indian Guests during the Festivities connected with the Birthday of His Highness the Maharaja in May 1939.

2. Gentlemen invited to Mysore as Guests are requested to place themselves in communication with that Officer for any information or assistance they may require by way of accommodation, conveyance, etc., at Mysore.

3. The Deputy Commissioner, Mysore District, the President, City Municipal Council, Mysore, the Executive Engineer, Mysore Division and the Assistant Engineer, Headquarters Range, Mysore, are requested to render all reasonable help to the Officer on Special Duty.

B. T. KESAVIENGAR,
Chief Secretary to Government.

GENERAL SECRETARIAT.

Withdraws the Government Order *re* entry of Harijans so far as it affects the Jain Temple at Sravanabelagola.

READ—

Government Order No. 1554-1603—Muz. 294-38-3, dated 20th—23rd March 1939, permitting the entry of Harijans into the temples at Belur and Sravanabelagola up to the limits to which non-Hindus are at present allowed.

2. Representations dated 13th April 1939, received from the members of the Jain Community in the State, requesting that the above order so far as it affects the Sri Gomateswara Temple at Sravanabelagola may be withdrawn in the circumstances explained by them.

ORDER NO. 1924-73—MUZ. 294-38-5, DATED BANGALORE, THE 5TH MAY 1939.

Since the issue of the Government order read above, the members of the Jain Community have prayed that the order may not be made applicable to the temple of Sri Gomateswara on the Sravanabelagola Hill. A deputation consisting of representatives of the community in the State waited on Government on 13th April 1939 and represented that this order affected their religious susceptibilities and that if the Harijans were allowed near the image which has been duly consecrated, it would be polluted and *samprokshana* would have to be performed. They further plead that the agitation on behalf of the Harijans who are Hindus had all along been only as regards their right of entry to Hindu Temples of which they are devotees and that the Harijans had nothing to do with Jain Temples.

2. On further consideration, Government are pleased to direct that the Government order read above be withdrawn in so far as it affects the Sri Gomateswara Temple on the Hill at Sravanabelagola.

J. APPAJI GOWDA,
Secretary to Government,
General Department.

Directs that the existing rules regarding apportionment of Service Tax between the Government and the Local Bodies be amended so as to ensure prompt payment to those bodies.

READ—

Government Order No. P. 3931-53—R. T. 7-36-2, dated 18th—21st December 1936, prescribing the rules for the apportionment of mileage cess and service tax between the Government and the Local Bodies under sub-section (4) of Section 32 of the Road Traffic and Taxes Act.

2. Letter No. G. T. 2450, dated 3rd March 1939, from the President, City Municipal Council, Mysore, requesting orders for payment of service tax on the city service buses due to the Municipality, for the year 1938-39.

3. Un-official Note No. 362—T. A. D. A2., dated 13th April 1939, of the Comptroller to Government in the matter of suitable amendment of the rules so as to ensure prompt payment to the Municipalities without causing unnecessary delay.

ORDER NO. T. 3734-47—R. T. 23-38-4, DATED BANGALORE, THE 3RD MAY 1939.

The present practice in regard to the payment of service tax due to the Municipalities is that the Traffic Board Office collects the necessary figures from the District Magistrates concerned and obtains orders of Government for the provisional payment of the amount pending verification of figures in audit. This procedure has entailed unnecessary correspondence and delay in payment of the amount to the Municipalities. In order to ensure prompt payment of the amount to these bodies, it is necessary to amend the existing rules prescribed in this behalf. Government are therefore pleased to direct that the rules for the apportionment of service tax prescribed in the Government order read above, be amended as in the annexure to this order. They are further pleased to direct that with regard to

matters relating to account procedure raised in the Comptroller's un-official note read above, the same procedure as is followed in the case of apportionment of mileage cess may be adopted in respect of service tax also, as the rules for apportionment of both are almost the same.

J. APPAJI GOWDA,
Secretary to Government,
General Department.

ANNEXURE.

Rules for the apportionment of Mileage Cess and Service Tax between the Government and the Local Bodies under sub-section (4) of Section 32 of the Road Traffic and Taxes Act.

* * * *

II. Service tax on buses plying solely within the limits of a Municipality.

8. Subject to such additions as may be made by Government from time to time, the service tax shall be apportioned between the Government and the Municipalities of Bangalore and Mysore Cities.

9. From the gross amount of service tax collected in respect of motor bus services let or plied for hire solely within the limits of a Municipality, the following deductions shall be made, that is to say :—

(i) A deduction at such rates as may be fixed by Government, from time to time, to cover collection and other incidental charges. This rate is tentatively fixed at 15 per cent.

(ii) From the balance after deducting the amount specified in (i) above, a sum determined by Government as representing the Municipal vehicles tax, leviable in respect of motor buses which were in use in the half-year ending with 31st December 1935, at rates then in force for such vehicles in such Municipality.

10. The balance of the service tax after making deductions specified in Rule 9, shall be apportioned between the Municipality and Government in the proportion which the mileage of roads used by buses maintained by the Municipal Funds bears to the mileage of such roads in the limits of the Municipality maintained by Government or for which contribution is paid by Government. The amount thus payable shall be determined by Government in each case.

11. The District Magistrates, will, as in the case of mileage cess, apportion the service tax collections between the Government and the Municipalities concerned and arrange to furnish to the Comptroller and the Secretary, Traffic Board, a monthly statement showing the total amount of tax collected with dates of credit into the Treasury and the apportionment thereof. The Comptroller will, after verifying the collections with the Treasury credits and deducting the collection and other charges specified in Rule 9, adjust the amount quarterly, due intimation thereof being sent to the Secretary, Traffic Board, the District Magistrate and the Municipality concerned.

RAILWAY SECRETARIAT.

Nominates the Members to serve on the Mysore State Railway Local Advisory Committee for a period of two years from 1st July 1939.

READ—

Government Order No. R. S. 894-931—Ry. F. 224 G. 37-38, dated 27th October 1937, approving of the reconstitution of the Railway Advisory Committee for Mysore Railways for a period of two years from 1st July 1937.

2. Letter No. 682, dated 19th April 1939, from the General Manager, Mysore State Railway, stating that the term of office of the Members of the Mysore State Railway Local Advisory Committee nominated in the above order expires on 30th June 1939, and requesting orders for reconstituting the Committee.

ORDER No. R. S. 2405-45—RY. F. 224 G. 38-39, DATED BANGALORE, THE 1ST MAY 1939.

The Government of His Highness the Maharaja are pleased to nominate the following Members to serve on the Mysore State Railway Local Advisory Committee for a period of two years from 1st July 1939, on the expiry of the term of the present Members :—

1. The Traffic Manager, Mysore State Railway.
2. ,, President, District Board, Bangalore.
3. ,, Do do Mysore.
4. ,, Do do Kolar.
5. ,, Do do Hassan.
6. ,, Do do Shimoga.
7. ,, Do do Chitaldrug.
8. ,, Do do Tumkur.
9. ,, Do do Kadur.
10. One Representative of the Mysore Chamber of Commerce, Bangalore.
11. Mrs. W. H. Theobald, K.I.H. Hon. Superintendent, Vocational Institute for Women, Mysore.

2. The General Manager, Mysore State Railway, will be the *ex-officio* Chairman of the Committee and his Personal Assistant the Secretary to the Committee.

B. T. KESAVIENGAR,
Secretary for Railways,
Government of Mysore.

BANGALORE, THURSDAY, MAY 18, 1939.

PART I

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT.

Issues orders *re* the bifurcation of the Bangalore Taluk into two taluks, *viz*, Bangalore North and Bangalore South, with effect from 1st July 1939.

READ—

Government Order No. R. 1205-64—L. R. 524-27-6, dated 10th August 1928, sanctioning the appointment of a separate Amildar for Bangalore City with jurisdiction over the Kasaba and Yesvantpur Hoblis with certain staff for a period of two years from 1st October 1928.

2. The marginally noted Government orders sanctioning the continuance of the appointment of the separate Amildar and the staff referred to in the Government order read above till the end of June 1932.

No. R. 1044-1103—L. R. 603-29-2, dated 12th August 1930.
No. R. 3717-76—L. R. 603-29-4, dated 30th December 1930.
No. R. 5950-6009—L. R. 443-30-2, dated 2nd May 1931.

3. Government Order No. R. 5542-601—L. R. 352-31-4, dated 23rd May 1932, directing the abolition of the appointment of the separate Amildar with the staff referred to above, with effect from 1st July 1932, and placing both the City and the Taluk charges under a single Amildar with certain additional establishment as a temporary measure.

4. Government Order No. R. 4473-4—L. R. 19-37-101, datad 9th May 1938, sanctioning the continuance of the temporary establishment referred to in the Government order dated 23rd May 1932, till the end of June 1939.

5. Government Order No. R. 5725-6—L. R. 404-37-2, dated 29th June 1938, permitting the Amildar of the Bangalore Taluk to draw fixed Travelling Allowance of Rs. 75 per mensem instead of Rs. 50 per mensem.

6. Letter No. C. 768 of 37-38, dated 10th January 1939, from the Revenue Commissioner in Mysore, submitting proposals for the bifurcation of the Bangalore Taluk.

ORDER NO. R. 5489-548—L. R. 316-38-2, DATED BANGALORE, THE 3RD—6TH MAY 1939.

The question of making satisfactory arrangements for the conduct of revenue work of the Bangalore Taluk has been under the consideration for some considerable

time. This taluk consisting of nine hoblis is very extensive in area and has been found to be too unwieldy a charge for one Amildar especially when a growing City like Bangalore is included in the charge. The Muzrai work of a large number of Muzrai Institutions in the City, the recovery of Income-tax and Co-operative Societies' dues and the numerous calls on the Amildar's time prevent the Amildar from devoting sufficient and sustained attention to the work of the office and to work in rural areas which has increased in various directions in recent years. An experiment was tried for a few years from 1928 by splitting the taluk into two charges, one comprising the Kasaba and Yesvantpur Hoblis and the other of the remaining seven hoblis. As this arrangement did not produce any improvement in the administration of the taluk, the charges were combined in 1932 and the taluk was placed in charge of a single Amildar assisted by a Special Sheristedar, a Revenue Inspector and two Process Servers, sanctioned temporarily and this arrangement is being continued from year after year.

2. The Deputy Commissioner, Bangalore District, and the Revenue Commissioner in Mysore, have reported that the special establishment has not given much relief to the Amildar and the work in the Taluk Office has become congested. The question of reducing the size of the taluk by transferring a few hoblis to the neighbouring taluks has been considered but it was not found feasible in view of the administrative difficulties involved and the local opposition to any such measure. As an alternative it is now proposed the bifurcation of the taluk into two, *viz.*, Bangalore North and Bangalore South, consisting of four hoblis and five hoblis respectively, as detailed in the margin. Both the Taluk Offices are proposed to be located in Bangalore and in the same building with suitable alterations, the combined Treasury and Record Room for both the offices being attached to Bangalore South.

BANGALORE NORTH TALUK.

1. Bangalore
2. Yesvantpur
3. Hessarghatta
4. Yelahanka

BANGALORE SOUTH TALUK.

1. Krishnarajpur
2. Varthur
3. Begur
4. Uttarahalli
5. Kengeri

3. As regards the establishment in connection with the bifurcation of the taluk, the Revenue Commissioner has reported that extra staff as detailed in the margin will be necessary and the distribution of the establishment between the two taluks will be as indicated in the proposition statement appended to this order. He has further recommended that the temporary establishment of two Process Servers, one Special Revenue Inspector and one Peon may be added to Bangalore North and that an additional Nagadi Gumasta may be given to the Bangalore South Taluk. The post of Special Sheristedar is considered to be unnecessary as the Amildar of the Bangalore North Taluk will be assisted by a Taluk Sheristedar with no Treasury work and will be able to manage the entire work of the taluk including any special work that he may be called upon to do and that the Taluk Sheristedar can also attend to the general work connected with the City.

	Rs.
1. Amildar, Rs. 150—25/2—250 ...	212½
F. T. A. 50 ...	50
2. Head clerk, Rs. 40—2—50 ...	47½
3. Six Clerks, Rs. 25-1-30—1—40	202½
4. One Village Panchayet Clerk on Rs. 30 ...	30
5. One Attender ...	15
6. One Dafterband ...	13
7. Six Peons on Rs. 10 each ...	60

4. Government agree that the bifurcation of the Bangalore Taluk is an urgent necessity and are accordingly pleased to sanction the proposals of the Revenue Commissioner and to direct that the scheme of bifurcation be brought into effect from 1st July 1939. The proposals regarding the additional staff and the adjustment of staff between the two taluks are also sanctioned. A sum of Rs. 500 is sanctioned for the purchase of furniture for the new Taluk Office. Necessary provision will be included in the Budget of the next year for the purpose.

5. The Revenue Commissioner is requested to take steps in consultation with the Chief Engineer for providing the necessary accommodation in time for the scheme being brought into effect from 1st July 1939.

6. A Notification will issue in the matter separately.

B. T. KESAVIENGAR,
Chief Secretary to Government.

Passes orders *re* the bifurcation of the Mysore District and the constitution of the Mandya District with effect from 1st July 1939.

READ—

Correspondence ending with letter No. C. 3904—38-39, dated 20th March 1939, from the Revenue Commissioner in Mysore, submitting detailed proposals as regards the staff, equipment, etc., required to bring the scheme of bifurcation of the Mysore District into effect from 1st July 1939.

ORDER No. R. 5603-63—L. R. 63-38-11, DATED BANGALORE, THE 6TH MAY 1939.

The Mysore District, as at present constituted, is an exceptionally heavy charge comprising 15 taluks and one sub-taluk besides the Jahgir Taluk of Yelandur which has been under the management of Government for the past eight years. The normal work in the District Office is nearly twice as much as that in some of the other districts. With the development of irrigation under the Irwin Canal, there has been a great increase in the volume of work in all departments and the special and intricate problems connected with the irrigation in the Canal area occupy a good deal of the Deputy Commissioner's time and attention. The number of offices which the Deputy Commissioner has regularly to inspect is also very large and as the area of the District is very extensive, the touring and inspection work involves considerable strain on the head of the District.

2. The question of giving relief to the Deputy Commissioner, Mysore District, either by bifurcating the District or by other suitable arrangements has been under the consideration of Government for some time past. Government have carefully considered the question in all its aspects and have come to the conclusion that in the interests of work and the efficient administration of the District, the bifurcation of the District is an urgent necessity and have therefore, decided to bifurcate the District and to bring the scheme of bifurcation into effect from 1st July 1939. Action has already been taken to construct the necessary buildings.

3. The new District will be known as the Mandya District and will have its headquarters at Mandya. It will comprise the existing two Revenue Sub-Divisions of French-Rocks and Mandya, and the marginally noted seven taluks included in these two Sub-Divisions, while the Mysore District will be left with the eight taluks and one sub-taluk of the Mysore and Nanjangud Sub-Divisions. A statement is appended showing the area, population, number of hoblis and villages of the two Districts.

1. Seringapatam
2. French-Rocks
3. Nagamangala
4. Krishnarajpet
5. Maddur
6. Malvalli
7. Mandya

4. In view of the importance of the Mysore District even after the bifurcation, Government consider that it is necessary to continue the posts of the Personal Assistant to the Deputy Commissioner and of the separate District Excise Officer of the Mysore District. There will be no separate Excise Officer for the Mandya District and the excise work will be looked after by the Sub-Division Officers who will be given the necessary clerical staff for the work. Separate orders will issue regarding the clerical and menial establishment for excise work in the two Districts. The District Survey Officer, Mysore, will continue to look after the Survey and Record of Rights work in the new Mandya District.

5. The Revenue Commissioner's proposals regarding the clerical and menial staff required for the new District and the readjustment of the staff between the two Districts as detailed in the statements appended to this order are also sanctioned.

6. A sum of Rs. 2,000 under "Contingencies" will be sanctioned to the new District in addition to an additional provision of Rs. 2,500 on account of Travelling Allowances to the Deputy Commissioner and his staff. A permanent advance of Rs. 300 will also be placed at the disposal of the Deputy Commissioner of the new District.

7. A grant of Rs. 20,000 on account of non-recurring expenditure, such as furniture, tents and other requirements of the new District is also sanctioned. The Revenue Commissioner is requested to take necessary action to equip the new offices with the necessary articles of equipment, etc.

8. A notification regarding the constitution of the new District will issue separately.

B. T. KESAVIENGAR,
Chief Secretary to Government.

STATEMENT I.

Statement showing the area, population, number of hoblis and villages of the two Districts.

GENERAL SECRETARIAT.

Places Mr. M. M. C. Sri Rangachar, B.A., on Special Duty in connection with the Budget Session of the Representative Assembly commencing in May 1939.

ORDER NO. RL. 566-73—R. A. 30-38-1, DATED BANGALORE, 9—10TH MAY 1939.

Mr. M. M. C. Sri Rangachar, B.A., Registrar, General and Revenue Secretariat, placed on Special Duty in Government Order No. O. 3044-52—O. E., dated 5—6th May 1939, is also placed in charge of the arrangements in connection with the Budget Session of the Representative Assembly commencing in May 1939. Members of the Representative Assembly are requested to place themselves in communication with Mr. M. M. C. Sri Rangachar for any information or assistance that they may require at Mysore during the Session of the Assembly.

2. The Deputy Commissioner, Mysore District, the President, City Municipal Council, Mysore, and the Assistant Engineer, Headquarter Range, Mysore, are requested to render all reasonable help to the Officer on Special Duty.

J. APPAJI GOWDA,
Secretary to Government,
General Department.

DEVELOPMENT SECRETARIAT.

Directs that the period of Technical Scholarships granted to students for undergoing training in Technical Institutions outside the State be reduced from 12 months to 10 months in the academical year.

READ—

Correspondence ending with letter No. E. 2-73—38-39, dated 31st March 1939, from the Director of Industries and Commerce in Mysore, stating that the grant of scholarships to students for training in Technical Institutions outside the State may be restricted to the actual period of work not inclusive of the vacation period during a year.

ORDER NO. D. 9616-18—I. & C. 9-38-35, DATED BANGALORE, THE 12TH MAY 1939.

At present, scholarships are granted to students for undergoing training in Technical Institutions outside the State, for a term of 12 months in a year, inclusive of the vacation period. Government consider it necessary to reduce this term to ten months, that is, the actual school period, exclusive of the vacation, as in the case of scholarships awarded locally. They are accordingly pleased to reduce the period of the scholarships to ten months in the academical year.

2. This arrangement should be adopted from the next academic year.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

Reviews the report on the working of the Workmen's Compensation Act in the State for the 1937-38.

READ—

Letter No. Fl. Per. 28—37-38, dated 15th February 1939, from the Commissioner for Workmen's Compensation, submitting consolidated statement of returns of the Workmen's Compensation Act No. XIV of 1928, as amended by Act III of 1936 in the State for the year 1937-38.

(Printed as Annexure.)

ORDER No. D. 9619-27—I. & C. 254-38, DATED BANGALORE, THE 12TH MAY 1939.

Recorded.

2. It is observed that annual returns under Section 15 of the Act were received only from 143 factories out of 250 factories on the register against 149 out of 216 in the previous year. The Commissioner's attention is invited to the direction in the second para of the review issued with Government Order No. D. 5738-46—I. & C. 155-37-2, dated 7th February 1938, for the previous year and he is requested to take effective action to ensure prompt submission of returns.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

ANNEXURE.

F. WORKMEN'S COMPENSATION ACT.

Of the 220 cases that were for disposal before the Commissioners for Workmen's Compensation, 191 cases were disposed of during the year. Of these, 57 related to accidents which proved fatal, 67 to non-fatal accidents and the remaining 67 cases related to the registration of Memorandum of Agreements. The number of claims in respect of accidents in the Mining Industry disposed of during the year was 188 as against 221 in 1936-37. Compensation amounting to Rs. 44,365-7-0 was deposited with the Commissioners during the year and a sum of Rs. 8,248-6-0 was pending distribution at the commencement of the year. Of this amount, Rs. 27,739-2-0 was distributed among the dependents of the deceased, Rs. 3,763-2-0 among the claimants in non-fatal cases and a sum of Rs. 3,482-8-0 was returned to the depositors, leaving a balance of Rs. 17,630-1-0 pending distribution at the end of the year.

A sum of Rs. 11,220-9-9 remained in deposit in the Government Savings Bank for the benefit of the minors at the beginning of the year and a sum of Rs. 6,032-7-0 was invested during the year bringing the total investment at the end of the year to Rs. 17,253-0-9. Of this, a sum of Rs. 3,230-8-1 was withdrawn, leaving a balance of Rs. 14,022-8-8 in deposit at the end of the year.

The total amount collected as court fee during the year was Rs. 199-6-0 as against Rs. 183-1-0 in the previous year.

Of the 191 cases that were disposed of during the year, 71 cases were contested, 118 cases were uncontested, one case was withdrawn and in another case, compensation deposited with the Commissioner was returned as no dependents came forward to claim the amount.

Some of the employers of labour in Bangalore City deposited during the year with the Commissioner for Workmen's Compensation for the area, a sum of Rs. 457-8-10 under Section 8 (2) of the Act, for disbursement to the injured workmen in non-fatal cases and a sum of Rs. 16 deposited by them in similar cases last year was pending disbursement at the beginning of the year. The entire amount was disbursed during the year.

The annual returns under Section 15 of the Act were received from 143 factories out of 250 factories on the register.

The following tables furnish particulars of compensation deposited with and disbursed by the Commissioners for Workmen's Compensation and of proceedings before them during the year under report.

Statement showing the amount of compensation deposited with the Commissioners and distributed during the year 1937-38.

N.B.—F—Fatal,—N. F. Non-fatal,—M. A. Memorandum of Agreement.

Issues orders reviewing the Report of the Game Laws Committee.

READ—

Government Order No. G. 295-305—Ft. 339-35-2, dated the 14th July 1936, constituting a Committee to examine certain questions arising in connection with the administration of the Arms Act and Rules and the Game Rules.

2. Letter dated the 31st January 1937, from the Chairman of the said Game Laws Committee, forwarding, for the consideration of Government, report of the Committee.

3. Un-official Note No. D. 2 Dis. 2673—36-37, dated the 5th June 1937, of the Revenue Commissioner in Mysore furnishing his views.

4. Letter No. A 3. 4935 513 of 36-37, dated the 11th June 1937, from the Director of Public Instruction in Mysore on the subject.

5. Un-official Note No. 3088, dated the 30th June 1937, of the Chief Inspector of Mines on the subject.

6. Letter No. 2406, dated the 30th July 1937, from the Registrar, University of Mysore.

7. Letter No. S2. 54-633-34—35, dated the 9th August 1937, from the Chief Conservator of Forests in Mysore, submitting his proposals for the revision of the existing Game Act and Rules thereunder.

8. Letter No. G. 136-37, dated the 19th August 1937, from the Inspector-General of Police in Mysore, on the subject of Arms Acts and Rules.

9. Letter No. B. 507, dated 7th October 1937, from the Chief Engineer of Mysore, forwarding copy of the rules framed for the guidance of Public Works Officers and contractors regarding strict control and use of explosives for blasting purposes.

ORDER No. G. 11308-66—Ft. 339-35-26, DATED BANGALORE, THE 12TH MAY 1939.

Government appointed a Committee consisting of the marginally noted members, with Sir Charles Todhunter, K.C.S.I., J.P., Private Secretary to His Highness the Maharaja as Chairman, to examine the several suggestions made by the All-India Conference for the preservation of wild life, held in Delhi in January 1935, and to advise Government as to the policy to be adopted in the matter. More particularly, the Committee was requested to examine and report on the following subjects:—

The Revenue Commissioner in Mysore.
The Inspector-General of Police in Mysore.
The Director o Public Instruction in Mysore.
The Chief Conservator of Forests in Mysore.
The Deputy Commissioner, Bangalore District.
Mr. R. C. Morris,
The District Forest Officer, Bangalore (Secretary to the Committee).

(i) The reduction of the number of gun licenses and the introduction of effective consultation between the departments concerned before licenses are issued, possibly the transfer of part or the whole of the licensing functions to the Forest Department.

(ii) A revision of the definition of " Game " in the Game Rules.

(iii) The means of enforcing the laws against poaching and the sale of game out of season.

(iv) The advisability of establishing a Fisheries Department.

(v) The education of public opinion about wild life in the State.

2. The Committee has gone into these questions in considerable detail and has submitted a comprehensive report which contains several useful suggestions of

great importance. It has also pointed out some defects in the existing Arms Act and the rules framed thereunder and their administration and has made several recommendations with a view to check the rapid growth in the number of licenses consistent with reasonable requirements and in regard to the classification of licenses to suit different purposes for which they are issued and also in regard to the registration and checking of weapons. These recommendations are under consideration and orders will issue in due course.

3. With regard to Game Laws, the Committee point out that, judging from the small number of licenses taken out every year after the fees were raised, the existing rules do not seem to appeal to sportsmen. The present Game Laws proceed on the principle that what is not prohibited is permitted. The Committee has suggested that the basis of the rules should be altered so as to provide for what is permitted and to prohibit what is not. Further, the existing rates of license fees are considered to be excessive. The Committee has proposed the following classification of game licenses:—

License No. I, to be issued at a nominal fee of rupee one or even eight annas to cover shooting by a raiyat, on his own land, of any animal or bird, the shooting of which is not prohibited and not protected by the rules regarding the close season and also the shooting on private lands and on public lands other than State Forests.

License No. II, to be issued on payment of a fee of Rs. 5 for a single district, or of Rs. 15 for the whole State to cover shooting in district or village forests and other public land, on private lands with the permission of the owner and in State Forests with the permission of the Forest Department, and subject to the observance of the close seasons, of any animal or bird, the shooting of which is not prohibited.

License No. III, to be issued on payment of a fee of Rs. 10 for a district, or Rs. 25 for the whole State to cover shooting in the area specified for License No. II of tiger, bison and deer of any description as well as of any of the animals or birds covered by Licenses Nos. I and II.

4. The Committee has also suggested that a person holding a license in Form No. II may be permitted to exchange the same for a license in Form No. III on payment of the difference in the fees, that in the event of a game license being cancelled for breach of the conditions, the gun license may also be liable to cancellation and that licenses for the whole State may be issued by the Chief Conservator of Forests. It is further proposed that special licenses not covered by the licenses referred to above may be issued by the Chief Conservator of Forests on such conditions and terms as he thinks fit and that both game and gun licenses be made to run from 1st July to 30th June each year.

5. Government approve of the foregoing suggestions. The licenses proposed above and approved for adoption will be subject to the total prohibitions at present in force and to such others as may be enacted from time to time. A clear list of such prohibitions will be noted on the licenses. The Government further direct that the rates of fees prescribed for licenses in Forms II and III be double the prescribed rates in the case of sportsmen from outside areas who come into the State for shikar. By "sportsmen from outside areas" is meant persons who do not own property in Mysore or are ordinarily not residents in the Mysore State. The decision of the License Issuing Officer on the question will be final.

6. The Committee has stated that the existing procedure in regard to the issue of licenses is cumbrous to a degree and has suggested that the power to issue both game and gun licenses for purposes of sport be conferred upon both the District Magistrates and the District Forest Officers, that the use of stamp papers be done away with and that licensing officers be authorised to receive payment by cheque or in cash, that an enquiry office be attached to the office of the Chief Conservator of Forests, not only for the issue of game and gun licenses, but also to supply information regarding the areas in which game is likely to be found, the location of bungalows and facilities for obtaining transport and supplies. The enquiry office will also serve as a clearing house and means of inter-communication between the license issuing officers in order to prevent too many licenses being issued for any particular area, by maintaining a register of all licenses issued and also keeping a note of licensees who have been convicted or suspected of having committed breaches

of the rules. The proposals of the Committee are sanctioned. The payments received in cash or by cheque should be properly accounted for in the cash books maintained in the offices of the Licensing Officers.

7. As regards the measures necessary to ensure the proper preservation of game and to prevent indiscriminate destruction of the same by malpractices or otherwise, the Committee suggests that the issue of gun licenses be regulated and controlled, that shooting be prohibited from or in the immediate vicinity of any wheeled vehicle, that the use of artificial lights be prohibited as also the shooting of bison and deer between sunset and sunrise, that *paradees* be not permitted to net small game within the State, that drives by villagers which are another potent cause of destruction of game, be put a stop to except in a few areas where it may be permitted for special reasons and that provision be made in the Game and Fish Preservation Act for seizure of the game and any instruments, apparatus or other articles used in the commission of an offence under the Act or the rules framed thereunder.

8. The drives by villagers occur at long intervals and afford them an opportunity of recreation as well as of supplementing their food resources. Such drives do not seem to have much adverse effect on the preservation of game and their total prohibition is not called for. Accepting the opinion of the Chief Conservator of Forests who has been further consulted in the matter, Government direct that beats for wild pigs during the cultivation season and for rabbits at all times should de permitted as usual in lands other than State Forests, reserved lands and village forests. Drives in these reserved areas will require the permission of the authorities concerned. Except to this extent, the proposals of the Committee summarised in para 7 are approved.

9. The Committee proposes that the system of close season for big game may be discontinued since owing to the variations in the breeding season and the natural protection enjoyed on account of the monsoon, the high grass and the leeches, the prescription of a close season is not a measure that is practically useful, and since the prohibition of the shooting of females, immature males or mature males that are hornless or whose horns are in velvet serves to a great extent the same purpose. The Government understand that there is considerable difference of opinion as to the wisdom of abolishing the close season for big game. The question is therefore reserved for further examination. The close season for feathered game will, however, continue, but the period will run from 1st March to 1st September.

10. The Committee also recommends that the possession of game birds killed in the close season should be made illegal, that game should be declared to be forest produce whether found in a forest or not, that the sale of game generally should be under a license, which should involve the responsibility of maintaining registers of purchase and sale and should place on the licensee the onus of proving that his goods have been obtained from persons licensed to kill them, and that licenses should also be required for the sale of skins, horns or plumage or trophies which include any of these. The Government consider that such licensing or control will be useful in checking illicit or unauthorised destruction of game, and accordingly approve of the suggestions made by the Committee. The Chief Conservator of Forests will suggest the rates of fees to be levied for such licenses.

11. The Committee has stated that a suggestion has been made to it that two new game sanctuaries may be created in Kadur District. The Chief Conservator of Forests will examine the feasibility of giving effect to this suggestion and submit proposals for the orders of Government.

12. The Committee also suggests that in the case of the existing sanctuary at Chamarajnagar, the question of making inoculation for rinderpest compulsory in the surrounding villages may be considered, as it is not possible to prevent village cattle from entering the sanctuary. The Superintendent, Civil Veterinary Department, will examine this question in consultation with the Revenue Commissioner.

13. The Committee has recommended that a State Game Association may be organised and the members thereof given some facilities, such as grant of game license at favourable rates, allowing free use of forest rest houses, etc. The Chief Conservator of Forests will study the question further and submit proposals for the orders of Government.

14. As regards the education of public opinion in the matter of protection and preservation of, and of promotion of kindness to, wild life, the Committee commends to the attention of Government the following recommendations of the All-India Conference:—

(i) That the introduction of nature study as an optional subject in secondary schools be brought to the notice of the Educational Departments of Governments in India, Wild Life Associations and Boy Scout Organisations.

(ii) That the attention of the Education Departments be drawn to the need for the provision of better facilities for the training of teachers in nature study and particularly as regards the provision of suitable books of assistance to them in teaching the subject.

(iii) That more use be made of museums for the teaching of nature study and financial assistance be given to them for lectures in natural history.

(iv) That suitable lantern slides for illustration purposes be provided.

(v) That steps be taken to issue cheap publications in various vernacular languages suitable for popular instruction.

(vi) That a strict ban be placed on cinema pictures which are likely to create terror and consequently hatred for wild animals among the public, especially children.

15. The Committee also suggests the following measures:—

(i) Prescribing the charts and books published by the Bombay Natural History Society and the Basel Mission Press, Mangalore, as text books; and making endeavours to secure the writing of books with stories illustrative of the life history of Indian animals and birds.

(ii) Bird Survey of Mysore.

(iii) Formation of sanctuaries for birds in the neighbourhood of large cities.

(iv) Other measures for the education of public opinion suggested are the following:—

(a) Display of films and giving of magic lantern lectures; and

(b) Inducing different societies like University Unions, College Unions and Clubs to take interest in the matter of promoting kindness to animals

The above work should be done through the proposed State Game Association as a Central Agency.

16. The Director of Public Instruction, to whom the question was referred, states that Natural Science (Biology) is already a part of the High School Curriculam, that the student is introduced to the habits of animals, though wild life as such is not taught or studied under this subject, and that Nature Study is also a part of the syllabus prescribed for Teachers' Training Examinations. He further states that the Museum at Bangalore and the Zoo at Mysore are systematically availed of by schools for teaching Natural Science, that some of the schools have also small Museums and that funds are necessary for arranging for lectures on Natural Science, for the purchase of lantern slides and for the issue of cheap publications in vernacular languages suitable for popular instructions. As regards prescribing charts and books published by the Bombay Natural History Society and the Basel Mission Press, Mangalore, as text-books, and making endeavours to secure the writing of books with stories illustrative of the life history of Indian animals and birds, the Director of Public Instruction states that he will examine the question and submit a report. The Government consider that it is very essential that short books in Kannada containing stories on animals and birds found in India, and especially in Mysore, with suitable illustrations should be arranged to be published and used as text-books. The Director of Public Instruction is requested to examine this question in consultation with the Text Book Committee and to submit proposals as to the best manner in which such books may be prepared and published and the encouragement that may have to be shown in the shape of patronage. Arrangements should also be made to get suitable lantern slides prepared on the above subjects for exhibition in schools or in places where school children congregate. This could be done in the first instance through the Health Department, which has a cinema for the exhibition of slides on health. The question of appointing a whole-time lecturer in the Education Department may be considered later on.

17. The Government are glad to note that a useful departure was made in the Government Central Museum last year, when a large number of lectures were delivered in Kannada to parties of students, with the aid of the exhibits available on the fauna and flora, architecture and history of Mysore.

18. The Government agree with the Committee regarding the need for a Bird Survey of Mysore and the establishment of sanctuaries for birds. They have given a subsidy of Rs. 3,000 to the Natural History Society of Bombay, who have kindly

undertaken to make a complete survey of bird life in Mysore, to write a report and to supply specimens to the Museum at Bangalore. The Chief Conservator of Forests is directed to examine the possibility of having a bird sanctuary in the island of Seringapatam and to submit definite proposals to Government in the matter.

19. As regards improving the stock of fish and its preservation and the regulation of its supply for consumption, the Committee, while furnishing details of the work done in these respects in the Madras Presidency, has proposed that in the first instance an application be made to the Government of Madras for the loan of an officer to survey the possibilities in the State and to make detailed recommendations. This question is engaging the attention of the Government and as soon as an expert officer becomes available, necessary steps will be taken to get the survey made. The question of imposing a license fee on every net used for fishing and for fishing with rod and line in any unprotected water in the State will, as suggested by the Committee, be deferred for action until the survey is made by a Fisheries Expert and a Game Association is created for the whole State.

20. The Committee has stated that there is much destruction of fish by persons who explode dynamite under water and have suggested closer control over licenses issued and more effective check of the explosives possessed under such licenses. The Chief Inspector of Mines, who was consulted in the matter, is satisfied that the existing arrangements on the Kolar Gold Fields do not admit of any misuse of the explosive issued for blasting purposes. The Chief Engineer has issued a circular to all officers of the department in regard to the regulation and accounting for explosives used by the department and the contractors. In the case of private individuals permitted to purchase dynamite for sinking wells, necessary instructions will be issued to the District Magistrates to scrutinise more closely every application for such a license and to allow purchase of only the minimum quantity required and to arrange for inspection of the explosives possessed under the cover of such license and to make enquiries as to the use made thereof.

21. Necessary action will be taken to consolidate and amend the Mysore Game and Fish Preservation Act No. II of 1901 and the Rules framed thereunder by incorporating in them the decisions of Government on the points dealt with in this order.

22. The Government desire to express their thanks to Sir Charles Todhunter the Chairman, and the Members of the Committee, both official and non-official, for the thoroughness with which they have dealt with the matters referred to them and for the valuable report that they have submitted.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

LOCAL SELF-GOVERNMENT SECRETARIAT.

Restores Government Order No. G. 5001-5—Med. 116-32-2, dated 20th January 1933, in respect of Fees for Pathological Examinations and directs that fees may be accordingly charged in the case of all patients visiting private medical practitioners.

READ—

Government Order No. G. 5001-5—Med. 116-32-2, dated the 20th January 1933, sanctioning a revised scale of fees for pathological examinations in the Public Health Institute, and the Victoria and Krishnarajendra Hospitals.

2. Government Order No. G. 3721-4—P. H. 5-36-9, dated the 1st December 1936, passing orders on the extended facilities to be provided in hospitals and dispensaries in the State for the treatment of venereal diseases.

3. Representation of Mr. S. Rajan of the Srinivasa Pathological and Bacteriological Laboratory, Bangalore City, requesting that the Government order dated 1st December 1936, may be modified as the free examination of samples for venereal diseases in the State Laboratories, is causing hardship to private laboratories.

4. Correspondence ending with letter No. G. C. 228-57, dated the 26th August 1938, from the Senior Surgeon in Mysore, furnishing his opinion on the above request.

ORDER NO. G. 11282-6—MED. 298-38-2, DATED BANGALORE, THE 3RD—11TH MAY 1939.

In the Government order dated the 1st December 1936, read above, it has been ordered that, with a view to affording more facilities for the treatment of venereal diseases in the State, blood and smear examinations should be made free of all charges in all the State Laboratories in the Medical and Public Health Departments and that both medical men in service and private medical practitioners should be encouraged to get such examinations made in them.

2. Mr. S. Rajan represents that as a result of the issue of the above Government order, his private pathological laboratory is languishing, as all blood and smear samples sent even by private practitioners are being examined free of cost in the departmental laboratories. He, therefore, requests that the above order may be cancelled.

3. The Senior Surgeon, who was consulted in the matter, points out that out of the large number of patients resorting for treatment to private practitioners, the number of patients availing themselves of the concession is very small, and that when a patient can afford to get himself treated by a private practitioner paying him the necessary fees and cost of medicines, he can very well afford to pay the small fee chargeable for such pathological examination also. He, therefore, recommends that in the case of patients visiting the Government Medical Institutions, the Government order dated the 20th January 1933, read above, may be restored, so that fees may be charged to persons whose income is above Rs. 50 per mensem, and that in the case of patients visiting private medical practitioners, fees may be charged in all cases irrespective of income.

4. The question was placed before a meeting of the Standing Committee of the Representative Assembly and Legislative Council for Local Self-Government Department and Departments of Medicine, Sanitation and Public Health held on 8th April 1939, and the Committee was of opinion that the Senior Surgeon's recommendation may be accepted.

5. Government are pleased to approve of the Senior Surgeon's recommendation.

P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

Orders the continuance and extension of experiments in Prohibition in the Rural Welfare and Health Centre at Closepet from 1st July 1939.

READ—

Government Order No. Fl. 5395-97—Ex. 56-37-11, dated the 16th March 1938, introducing a scheme for conducting experiments in prohibition for a period of one year from 1st July 1938, in the Rural Welfare and Health Centre at Closepet.

2. Correspondence ending with letter No. A1-810—38-39, dated 4th April 1939, from the Excise Commissioner in Mysore, submitting a report on the working of the experiments in prohibition in the Centre and furnishing his views in regard to the continuance and extension of the scheme referred to.

ORDER NO. FL. 7415-17—EX. 56-37, DATED BANGALORE, THE 16TH MAY 1939.

In reporting on the results of the experiments in prohibition, the Excise Commissioner, agreeing with the Deputy Commissioner of Bangalore District, recommends that in addition to the 13 Excise shops which have already been closed in the area included in the Rural Welfare and Health Centre, the remaining four toddy shops, *viz.*, at Closepet, Kotahalli, Santhemogenahalli and Bilakere, may also be closed from the next year, as it is difficult to gauge the effect of the experiments

when some shops in the area are allowed to continue. The Mysore State Temperance Federation has also been urging for the closure of the remaining shops in the area.

2. Government agree with the Excise Commissioner in the view expressed by him. Government further consider that the continuance of Excise shops in Channapatna, geographically within the area of the Rural Welfare and Health Centre and of the toddy shop at Kengal, which is just outside the area is bound to affect the success of the experiments. The closure of these shops will ensure that there will be no excise shop of any kind in the entire area covered by the Closepet Rural Welfare and Health Centre and also in close proximity thereto.

Government are therefore pleased to order that in addition to the Excise shops already closed, the ten shops noted below be also closed with effect from 1st July 1939, so that the experiments may be tried under proper conditions:—

1.	The four toddy shops at Closepet, Kotahalli, Santhemogenahall and Bilakere	...	 4
2.	The five Excise shops at Channapatna—		
	Toddy	...	... 2
	Arrack	...	... 1
	Ganja	...	... 1
	Opium	...	... 1
3.	Toddy shop at Kengal	...	... 1
		Total	... 10 shops

PART I

IMPORTANT GOVERNMENT ORDERS

DEVELOPMENT SECRETARIAT.

Reviews the Report on the Working of the Department of Industries and Commerce for the year ended 30th June 1938.

READ—

Report on the working of the Department of Industries and Commerce during the year 1937-38, received from the Director of Industries and Commerce with his letter No. B. 413, dated 26th December 1938.

ORDER No. D. 9692-9752—I. & C. 197-38-3, DATED BANGALORE, THE 13TH MAY 1939.

The post of Director of Industries and Commerce was held by Mr. S. G. Sastry, B.A., M.SC., till the 19th July 1937, when, consequent on the bifurcation of the Department, he was appointed Director of Sandalwood Oil Factory with headquarters at Mysore. Mr. M. S. Ramchendra Rao, B.A., was appointed Director of Industries and Commerce and continued to be in charge of the Department for the rest of the year.

2. *Reorganisation of the Department.*—The Divisional Offices of the Superintendents of Industries which had been abolished in 1934 as a measure of economy, were revived during the year. The Bangalore Division consists of the Bangalore, Tumkur, Kolar and Mysore Districts, while the Shimoga Division with headquarters at Shimoga includes the Shimoga, Kadur and Hassan Districts. The Director also submitted in the course of the year proposals for the reorganisation of the gazetted and the executive staff of the Department. The main features of these proposals, which have since received the sanction of Government are :—

(1) Redistribution of work among the sectional officers in the head office with suitable changes in their designations.

(2) Relieving the Superintendents of Industries of the duty of inspecting factories and boilers which had hitherto devolved upon them and entrusting this as a whole-time work to certain officers of the Department.

(3) Appointment of Assistants to the Superintendents of Industries to help them in development work in the Districts.

3. *Financial Aid to Industries.*—(*a*) *Large Industrial Concerns.*—Among the large scale industries newly started during the year with the assistance of Government, mention may be made of the Mysore Chemicals and Fertilisers, Ltd., the Mysore Silk Filatures, Ltd., the Mysore Vegetable Oil Products, Ltd., and the Mysore Coffee Curing Works, Ltd. Considerable progress was made with regard to the formation of the Mysore Glass and Enamel Works, which proposes to manufacture high class glassware and enamel articles. Government have subscribed a part of the capital of these companies besides giving concessions with regard to land, water and power.

(*b*) *Industrial Loans.*—Industrial loans to the extent of Rs. 43,000 were sanctioned during the year. This is nearly double the amount sanctioned in 1936-37. Against loans previously sanctioned, a sum Rs. 73,348 was collected during the year, including a sum of about Rs. 22,000 written off as being irrecoverable. The arrears (Rs. 1,31,735) are very heavy and adequate steps should be taken for their collection.

Although there is no statute governing State aid to industries in Mysore, loans for industrial and commercial purposes have been given by the Department since its inception mainly with a view to encouraging medium and small-scale industries worked by machinery. The loans thus given amount to over Rs. 16 lakhs not taking into consideration large advances made to the Sri Krishnarajendra Mills, and other large undertakings.

4. The Sandalwood Oil Factory, the Central Industrial Workshop, the Soap Factory, the Industrial and Testing Laboratory, the Bitumen Plant, and the Lac Factory are among the Government concerns worked under the supervision of the Director of Industries and Commerce, and the Director, Sandalwood Oil Factory. The Chairman, Mysore Iron Works, is in charge of the Government Electric Factory and the Government Porcelain Factory. As the operations of some of these concerns are separately reviewed, it is only necessary here to refer to the working of the others.

Central Industrial Workshop.—Work of the value of Rs. 1,38,300 was turned out in the workshop. Experiments were conducted with a view to improving certain classes of appliances useful for rural industries.

Government Soap Factory.—Production of soap in the factory increased to 611 tons. The amount realised in sales was Rs. 5,04,171. A sum of Rs. 5,838 was incurred towards capital expenditure of the factory. The erection of the glycerine recovery plant was completed.

Industrial and Testing Laboratory.—The total output of several kinds of medicinal preparations in the Pharmaceutical Section of the Laboratory was 127,016 lbs. (95,642 lbs.). The production of Turkey Red Oil came to 31 tons. Pharmaceutical preparations valued at Rs. 51,570 were supplied to the Government Medical Stores. Drugs worth Rs. 14,589 (Rs. 5,317) were supplied to the Veterinary Department. Sales of medicines to the public showed a welcome improvement.

Bitumen Plant.—There was a large demand for bitumen emulsion. The total quantity produced in the plant at Bangalore was 351,395 (188,760) gallons. The selling price was reduced from six annas to five annas six pies per gallon. In spite of this reduction, the value of sales was Rs. 1,23,689 (Rs. 75,510). A duplicate plant was established at Mysore to meet the growing demand for emulsion and to secure economies in transport. The total production during 1937-38 was 173,420 gallons.

Lac Factory.—About 12,778 lbs. (6,332 lbs.) of sealing wax were produced. The production of lac polish was 3,007 (1,793) gallons and varnishes and paints, 1,907 (539) gallons. The sales amounted to Rs. 18,424 (Rs. 9,903).

The Lac Factory has been shifted to Mysore with a view to its expansion for the manufacture of some of the paints and varnishes required by the State Departments and the general public. Additional machinery and plant of the value of Rs. 10,000 has been ordered.

Silk Weaving Factory.—The factory undertook the manufacture of a number of varieties of silk fabrics, such as gold tissue, georgette, a new design of neck ties and different varieties of interlaced saries. The sales of products of the factory during the year amounted to Rs. 1,53,825 against Rs. 1,29,300 in the previous year.

The Government Filature.—The machinery and equipment was transferred to the Mysore Silk Filatures, Ltd., at a valuation. The transfer is subject to the

condition that the company should supply to the Government Silk Factory its requirements of raw silk at an agreed price.

5. *Industrial Education—Chamarajendra Technical Institute.*—Three hundred and eighty-eight students were under training. The total expenditure on the Training Section of the Institute amounted to Rs. 45,000. In the workshop section, goods of the value of Rs. 75,000 were manufactured. The sales amounted to Rs. 78,000. Production as well as sales increased by 50 per cent as compared with the previous year.

Industrial Schools.—Four hundred and seventy-one students were under training in the nine industrial schools under the control of the Department and a sum of Rs. 13,000 was spent on scholarships. Articles of the value of Rs. 35,000 were manufactured and sold by these institutions. Wool weaving and spinning classes are to be opened at the Government Industrial School, Chitaldrug. Four private industrial schools received grants from Government aggregating to Rs. 6,816.

Government Weaving Institute.—Fifty students were under training in the Weaving Institute, which provides training in the Certificate and Artizan courses. It contains also a research section which seeks to improve the appliances and processes of hand loom weaving and to provide suitable designs to the weavers.

6. *Cottage Industries—Handloom Weaving.*—The technical research work of the Weaving Institute is supplemented in the field by propaganda carried out by itinerating demonstration parties. During the year, these parties conducted demonstrations in 14 weaving centres, visited 382 villages, introduced 202 new designs, fitted up 149 improved looms and loom parts and trained 1,118 workers in improved methods of weaving.

The question of establishing a central organization with sufficient capital for the supply of raw materials to the weavers and arranging for the sale of their products is engaging the attention of Government.

7. *Industrial Surveys.*—Several industrial surveys as noted below were made by the Department during the year in connection with specific questions that arose for consideration or with a view to starting development work in selected areas:—

(1) Survey of existing Cottage Industries in 26 villages in the Closepet Rural Reconstruction Centre.

(2) A similar survey of Cottage Industries in 44 villages round about Kyatasandra near Tumkur.

(3) A survey of handloom weaving industry in 20 villages in the State in connection with the proposed Central Society for the Handloom Weavers in the State.

(4) A Survey of handloom weaving and other Rural Industries in 39 villages selected for concentrated Rural Development Work in the Mysore District.

(5) A survey of "Gota" and "Nakki" weaving industry in Bangalore City.

(6) A survey of sericultural industry in all the sericultural villages in the State.

(7) A survey of 6 villages in the Closepet Rural Reconstruction Centre with a view to find out their self-sufficiency.

8. Proposals for conducting detailed surveys of the oil seed crushing industry, handloom weaving, ceramic industry and tanning industry on the lines recommended by the Government of India Industrial Research Bureau were submitted to Government during the year under report and these have since been sanctioned by Government. The work will be taken on systematic lines in the coming year 1938-39.

9. *Spinning Centres.*—The Centre at Badanval increased its khadi sales to about Rs. 62,000. There were 3,565 spinners and 144 weavers working under the control of the Centre. For securing greater efficiency in the methods of spinning and carding, improved appliances of the value of Rs. 4,600 were proposed to be distributed among the spinners at half cost. Two new centres, one at Kolar and the other at Thuruvanur in the Chitaldrug District, were started. The Centre at Kolar is concentrating attention on improvements in the spinning and weaving of wool.

10. *Home Industries Classes.*—One new home industries institution was started at Channaptna during the year. There were 13 home industries classes working at the close of the year. They received grants from Government to the extent of Rs. 8,190. The number of women under training was 557. The Director is requested to submit a separate report on the working of the several institutions receiving grants-in-aid from Government and the actual extent to which the specific object for which these grants are given is being promoted.

11. *Labour.*—During the year under review, there were three labour disputes, two in the gold mines in Kolar District, and one in the Government Electric Factory, Bangalore. The disputes in all these cases were of a minor character and of short duration and normal conditions were soon restored. Excepting in these three cases, the relations between the employees and the employers were satisfactory throughout the year. Proposals for enlarging the powers of the Board of conciliation and reconstitution thereof into a Labour Welfare Board were under the examination of Government.

Under the Maternity Benefit Act, a sum of Rs. 22,682-6-6 was paid to women employees in the factories of the State.

12. *Administration of Special Acts.*—(*a*) *Weights and Measures Act.*—During the year 7,113 units of weights and measures were tested and certified and a sum of Rs. 381-15-6 was realised as fees as against 9,131 units and Rs. 519-6-6 in 1936-37. Prosecutions were instituted in 122 cases for breach of the provisions of the Act and convictions were obtained in 103 cases as against 139 prosecutions and 129 convictions in the previous year.

(*b*) *Factories Act.*—At the end of the year there were 250 factories at work of which 48 were seasonal and the rest perennial. These factories employed on an average 25,526 persons daily as against 23,101 persons in 1936-37. Two hundred and twenty-nine factories were inspected during the year as against 212 in the preceding year.

(*c*) *Cotton Ginning and Pressing Act.*—The number of cotton ginning and pressing factories working in the State during the year was 22 and 7 as against 27 and 7, respectively, in the previous year.

(*d*) *Workmen's Compensation Act.*—During the year under review 220 cases came up for disposal before the Commissioner for Workmen's Compensation as against 244 in 1936-37. The number of cases disposed of was 191 and the balance at the end of the year was 9 as against 230 and 14, respectively, in the previous year. Of the cases disposed of, 57 related to fatal accidents and 67 to non-fatal accidents. The total amount deposited for distribution during the year was Rs. 52,614-13-0 and the amount distributed to the dependents of the deceased was Rs. 27,739-2-0. The annual return under Section 15 of the Act was received from 143 out of 250 factories as against 149 out of 216 factories in the previous year. The Chief Inspector is requested again to see that the timely submission of the return by the remaining factories is strictly enforced.

(*e*) *Steam Boiler and Prime Movers Act.*—At the end of 1937-38, there were 229 boilers in use in the State as against 233 in the previous year. Of these 213 were examined and licensed during the year as against 173 in 1936-37. A sum of Rs. 5,267 was realised as fees during the year as against Rs. 5,768 in the previous year.

13. *Marketing Survey Work.*—In addition to drafting its reports on the several commodities selected in the previous year, the Marketing Survey Staff undertook during the year under review, the survey of Jute, Lac, Cashewnuts, Cotton, Sugar and Fish at the suggestion of the All-India Third Marketing Officers' Conference. The Department also prepared draft bills providing for the establishment of Regulated Agricultural Markets and Grading Stations in the State which have been under the consideration of Government.

14. *Industrial and Commercial Enquiries.*—The Department received 215 enquiries in regard to Industrial and Commercial matters during the year as against 175 in 1936-37 and information was furnished as far as possible.

15. *Trade Statistics of the State.*—With a view to making the trade statistics of the State, which are confined at present only to railborne trade, complete and more reliable, a scheme for the collection and compilation of the complementary road borne trade statistics passing through the frontier toll-gates in the State has since been sanctioned and brought into effect from 1st December 1938.

16. *Conclusion.*—The working of the Departments of Industries and Commerce and Sandalwood Oil Factory continued to be satisfactory.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

Passes orders directing the absorption of the Government Weaving Institute with the Sri Krishnarajendra Silver Jubilee Technological Institute with effect from 1st July 1939.

READ—

Correspondence ending with letter No. 14-545—38-39, dated 26th March 1939, from the Secretary, Board of Management, Sri Krishnarajendra Silver Jubilee Technological Institute, submitting for orders of Government a copy of the resolution of the Board in the matter of the absorption of the Government Weaving Institute, Bangalore, in the Sri Krishnarajendra Silver Jubilee Technological Institute.

2. Un-official Note No. A1-401—38-39, dated 10th April 1939 of the Director of Industries and Commerce in the matter.

ORDER No. D. 9657-67—I. & C. 337-38-2, DATED BANGALORE, THE 11—12TH MAY 1939.

The Committee constituted in Government Order No. D. 3177-237—Uni. 151-29-1, dated 21st September 1929, to work out the details of a scheme for establishing a Technological Institute suggested that the Weaving Institute might, if possible, be absorbed in the Textile Section of the proposed Technological Institute. The Director of Industries and Commerce who was consulted in the matter was of opinion that it was both desirable and necessary that the present Weaving Institute should be absorbed in the Technological Institute as there was no object in having these two institutions separate and under different control. The Board of Management of the Technological Institute considered this question at their meeting held on 23rd March 1939 and approved of the absorption of the Weaving Institute in the Technological Institute subject to the following conditions :—

"I (*a*) That there should be no commitment on the part of the Board of Management of the Technological Institute as the result of the absorption of the Government Weaving Institute;

(*b*) that the Certificate and Artisan Courses be Continued in the Technological Institute as in the Weaving Institute;

(*c*) that the minimum qualification for admission into the certificate course be S. S. L. C. Course, perference being given to those who have passed the S. S. L. C.;

(*d*) that the qualification for admission into the Artisan Course be the Middle School Course;

(*e*) that the number of students to be admitted into the Institute for the Certificate Course be limited to 15 per annum and to the Artisan Course to 10;

(*f*) that the duration of the course be two years in the case of the Certificate Course and one year in the case of the Artisan Course.

II. That the Technological Institute which is to absorb the Government Weaving Institute, Bangalore, do afford all facilities to the Department of Industries and Commerce in Mysore, in connection with the carrying out of any necessary experiments in connection with the production of new designs, etc., which is now being undertaken at the Government Weaving Institute."

2. The Director of Industries and Commerce who was consulted in the matter is agreeable to the proposals of the Committee and states that after the amalgamation of the two institutes it would be necessary to transfer a part of the budget grant now allotted to the department on account of the Weaving Institute to the Technological Institute as noted below. He also proposes that out of the existing staff of the Weaving Institute only two Demonstrators (Weaving and Dyeing) may be transferred to the Technological Institute and that the provision on account of the salaries of the two officials may also be transferred to the latter institute :—

28. I. & C. 4. Demonstration and Experiments.	*Provision during 1938-39.*
vii. *Government Weaving Institute.*—	Rs.
Looms, yarns, materials, etc., ...	1,500
Travelling allowance, contingencies and other charges ...	2,000

3. Government agree with the views of the Director and direct that necessary action be taken for the absorption of the Weaving Institute in the Technological Institute on the lines proposed with effect from 1st July 1939. The Comptroller is requested to effect suitable alterations in the budgets of the two Institutions on the lines suggested by the Director of Industries and Commerce.

Secretary to Government,
Development Department.

FINANCIAL SECRETARIAT.

Sanctions the appointment of nine registered Private Medical Practitioners to examine proposers in the Public Branch of the Mysore Government Life Insurance Department.

READ—

Government Order No. Fl. 3872-6—G. F. 209-37-2, dated 19th December 1938, sanctioning the resolution of the Insurance Committee to permit registered Private Medical Practitioners to examine proposers in the Public Branch and directing that the scheme be given effect to in the cities of Bangalore and Mysore for a period of three years, each individual selection being made with the approval of Government.

2. Letter No. Nil, dated 17th April 1939, from the Secretary, Mysore Government Life Insurance Department, requesting approval of Government to the recommendation of the Senior Surgeon for the appointment of the following registered Private Medical Practitioners to examine cases for insurance in the Public Branch under Rule 10 temporarily for a period of three years, the four Medical Graduates being allowed to examine proposals up to Rs. 5,000 and the others only up to Rs. 2,000.

ORDER NO. FL. 7191-4—G. F. 308-38-2, DATED BANGALORE, THE 4TH MAY 1939.

Sanctioned.

A. N. RAGHAVACHAR,
Secretary to Government,
Financial Department.

Formation of a new Irrigation Development Fund for financing large irrigation works of a protective character.

READ—

Government Order No. Fl. 7714-63—G. F. 149-28-1, dated 19th April 1929, fixing the Government grant from General Revenues for Irrigation Works at Rs. 10 lakhs per annum from the year 1929-30

ORDER NO. FL. 7440-96—G. F. 324-38-1, DATED BANGALORE, THE 18TH MAY 1939.

In the pursuit of an active policy of restoration, conservation and improvement of the existing sources of irrigation in the State and with a view to securing continuous attention towards the construction of irrigation works and the restoration of tanks in the State, Government sanctioned, in their order read above, the provision of an increased annual grant from General Revenues towards irrigation works, which, together with the interest income on the Famine Insurance Fund, would secure a minimum annual contribution of Rs. 10 lakhs towards this class of expenditure, with effect from the year 1929-30. It was also laid down therein that, after meeting the requirements on account of the restoration work and the establishment charges each year, the balance of this grant, together with the contributions from the Irrigation Capital Reserve, the Irrigation Cess Fund and other sources, should be made available for expenditure on new works of construction.

Accordingly, they provided for expenditure on irrigation works an allotment of not less than the minimum limit of Rs. 10 lakhs every year, in spite of the very great strain on the annual revenue and capital budgets of Government during the financial and economic depression in 1930-31 and in later years. With the working out of the balances held in the Irrigation Development Reserve and the Irrigation Cess Fund, the burden of all expenditure on irrigation works of a protective character has fallen on the General Revenues.

2. It has, however, been the case that the restoration of tanks and the repairs of old irrigation works require a much larger grant than is being provided at present and it has not been found practicable in consequence to undertake the financing of new works of magnitude from the grant under "23. Irrigation". The imperative need for finding additional resources to meet the expanding demand for expenditure on this account has not diminished and Government consider it necessary to explore the possibility of finding additional funds for meeting the cost of large irrigation works (costing Rs. 1 lakh and above) of the type referred to. They are accordingly pleased to direct that a new Fund head "Irrigation Development Fund" be opened in the Budget and Accounts of the State, with an initial contribution of Rs. 28 lakhs, and that besides this initial contribution, the water rate and contribution recovered each year in respect of irrigation works financed from the Revenue Account be also credited to the Fund head.

3. The list of works to be financed from this fund will be specified by Government from time to time.

4. The initial contribution of Rs. 28 lakhs will be obtained by transferring Rs. 8 lakhs from the "Special Reserve for Non-recurring Expenditure" and Rs. 20 lakhs from the "Famine Insurance Fund". The Famine Insurance Fund has been in existence for more than 30 years, and has at present got a credit balance of about Rs. 62 lakhs, and Government consider that the transfer of Rs. 20 lakhs from this fund for financing irrigation works of a protective character is quite justified, particularly when it is remembered that the construction of such tanks is proposed to be undertaken largely in places which are subject to recurrent drought. At the same time, Government desire that the balance in the Famine Insurance Fund should be restored to the present level of Rs. 62 lakhs as early as possible and for this purpose, the interest on the Famine Insurance Fund investments, which is now taken over to the Revenue Account, will not be credited to the Revenue Account in future but will be credited to the Famine Insurance Fund itself.

5. The Comptroller is requested to issue necessary instructions regarding the accounting procedure to be followed.

A. N. RAGHAVACHAR,
Secretary to Government,
Financial Department.

PUBLIC WORKS SECRETARIAT.

Approves of the Triennial Programme of Restoration of Major and Minor Tanks in the State for the years 1939-40, 1940-41 and 1941-42.

READ—

Government Order No. 724-741, dated the 17th October 1926, approving of the programme of tank restoration works for the year 1926-27 and for the next three years.

2. Correspondence ending with letters Nos. 535 and 1234, dated the 12th October 1938 and 8th November 1938, respectively, from the Superintending Engineers of Shimoga and Mysore Circles, submitting the programmes of restoration of major and minor tanks pertaining to the several Divisions of their Circles for the next three years, *i.e.*, 1939-40, 1940-41 and 1941-42.

ORDER No. P. W. 3512-37—S, DATED BANGALORE, THE 28TH APRIL 1939.

In the course of the discussions at the Budget Session of the Legislative Council held in June 1938, it was promised by Government that the programmes

for the restoration of major and minor tanks for each of the districts would be arranged to be compiled and published and that they would be made available to the members of both the Representative Assembly and the Legislative Council. The subject was also brought up at the Legislative Council meeting held in January 1939.

2. Accordingly, a triennial programme of restoration of major and minor tanks in the State for the years 1939-40, 1940-41 and 1941-42, together with an introductory note on the problems connected with the restoration of tanks, has been drawn up.

3. Government are pleased to approve of the programme and they hope that every endeavour will be made to work it out as far as possible.

N. N. AYYANGAR,
Secretary to Government,
Public Works Department.

ANNEXURE.

Problems connected with the Restoration of Major and Minor Tanks in the State.

1. *Raiyats' demand for restoration works.*—There has been of late an incessant demand by the public for the restoration of tanks in larger numbers. This is being pressed for in the several petitions that are presented to the Dewan during his tour in the several districts, and also by the Members of the Representative Assembly and Legislative Council, by way of representations and resolutions. They generally want (1) that a systematic survey of tanks be conducted to ascertain their present capacities to irrigate the atchkat lands under them, and (2) to prepare a comprehensive scheme for the restoration of all the unrestored tanks within a fixed period.

2. *Tanks and the cost of restoration.*—There are in all 23,459 tanks in the State, of which 2,656 are Major and 20,803 are Minor. To end of 1937-38, 2,401 major and 5,040 minor tanks have been restored. To provide funds for the restoration of the remaining 255 major and 15,763 minor tanks is the main problem.

The average cost of restoring a major tank is about Rs. 9,000 and that of a minor tank is Rs. 1,600 (exclusive of raiyats' share of contribution). On this basis, the cost of restoring the remaining major and minor tanks would be about Rs. 2·70 crores.

3. *Survey of tanks.*—A survey of tanks in the State was once conducted during the years 1900 to 1903 by a Special Duty Officer and his staff appointed for the purpose. The statistics collected then have been compiled and published in the form of Tank Registers, Supply Statements, Serial and Index Maps. The publications have facilitated the preparation of tank restoration projects a good deal. During the year 1927, the constitution of Project Sub-Divisions was sanctioned at a total annual cost of Rs. 50,000 solely for the preparation of projects. These Sub-Divisions were abolished in 1931, as a measure of economy.

As the existing establishment has to attend to various kinds of routine works, it has not been found possible to depute them solely for the survey of tanks. The survey and preparation of projects require continuous and undivided attention. The question of the revival of these Project Sub-Divisions is under the consideration of Government.

4. *Maintenance work to tanks.*—This important work has long been neglected by the raiyats. It has been laid down in the Irrigation Act of 1932, that the repairs to bund and feeder channels have to be attended to by the raiyats in addition to the other works, such as clearing jungle, weeding off plants, clearing silt in the channels, etc., Government on their part have to look after the repairs of sluices and waste weirs.

Keeping the waste weirs and sluices in order does not mean everything to the tanks, unless the raiyats do maintenance work properly, by customary labour. During the Dasara Session of the Representative Assembly (1938), a levy of acreage cess in lieu of the raiyats' share of the maintenance work was proposed, but

the members felt reluctant to bear the cost. If our tanks are to be in order, maintenance work has to be carried out either by the obligatory customary labour, or by the recovery of acreage cess.

5. *The problem of silt.*—It is a common complaint that several tanks in Mysore are silted up and that capacities of tanks in several cases are inadequate for irrigating the entire achkat. Representations for their improvement or the conversion of wet into dry assessment have become frequent.

Silting is a natural process, and during rains, fine and coarse soil is being deposited in tank beds. This process has to a certain extent been accelerated by developing cultivation upstream almost up to the water edge of the tank, and the loose earth is readily washed into the tank bed. The only effective remedy against silting is to scrape out the silt from the tank beds when dry. This could be done by the raiyats for purposes of manure. If every household in the village removes—say, ten cart-loads of silt every year, the capacity of the tank would be improved. The work of scraping out silt may well be included as a part of the rural uplift scheme. Even after this, if any silt remains, arrangements could be made for scraping it by machinery. Scraping out of silt by machinery may form part of the item of restoration of minor tanks provided in the budget and charged to that head. Removal of silt from a tank is a substantial and permanent improvement to a tank.

6. *Economic use of water.*—Much can be done by preventing the wastage of tank water during distribution. The sluices, are mishandled and water is wasted. By economic use of water by a careful regulation of sluices, the present capacities of tanks could be made at least sufficient for the lands below.

7. *Use of sub-soil water.*—There is, however, a large quantity of sub-soil water available very near the ground level, below these tanks. If this water be used by pumping up, it is possible that the difficulties of the owners of lands below the tanks would be solved.

This is being done in Kyalasanahalli (Bangalore District) in the estate of *Lokasevasaktha Rao Bahadur* B. K. Garudachar. Some of the details of working cost, etc., are furnished below:—

A. CAPITAL EXPENSES.

(*Valued liberally*)	Rs.
(1) 30 acres of wet land valued liberally at Rs. 400 per acre.	12,000
(2) 50 acres of dry land at Rs. 60 per acre ...	3,000
(3) Forming grounds, levelling and fencing ...	2,000
(4) Cost of motor, pump, pipes, etc.	2,000
(5) Implements, 6 pairs of bullocks, sheds, etc. ...	2,500
Total ...	21,500

B. WORKING EXPENSES.

(*a*) Eight servants at Rs. 7-8-0 per month, per man	..	720
(*b*) One Foreman at Rs. 15 per month ...	...	180
(*c*) Seasonal labour, etc. ...	...	750
(*d*) Kandayam (if paid) ...	...	300
(*e*) Manure (chemical and oil cakes in addition to farm manure for the year's crop). ...	...	600
(*f*) Cost of electric power as per bills ...	...	250
(*g*) Depreciation on machinery and implements	...	100
(*h*) Depreciation on bullocks ...	...	100
Total		3,000

C. EXPECTED YIELD.

(*Value fixed very conservatively*).

(*i*) 20 pallas of paddy per acre or 500 pallas at Rs. 5	...	2,500
(*ii*) 300 maunds of jaggery per acre 1,500 maunds at Re. 1	...	1,500
(*iii*) Ragi and other crops at Rs. 40 per acre for 50 acres	...	2,000
Total	...	6,000

D. NET YIELD.

In the least	...	...	...	3,000

E. RETURN.

Fourteen per cent roughly. Allowing for bad years, we may safely take the return at 12 per cent, as we have calculated the value of land and expenses liberally and have taken the value of crop very conservatively. If we consider Rs. 100 a month as remuneration for the labour of the owner himself as Manager, the net return will be Rs. (3,000−1,200)=Rs. 1,800, which gives a return of 8·4 per cent. Intelligent agriculture as is done by Mr. Garudachar, seems, therefore, to be one of the solutions for assuring full yields below our maidan tanks.

8. *Grant for irrigation works.*—The average annual grant for irrigation works for the past ten years is about Rs. 11 lakhs out of a total grant of Rs. 32 lakhs for Public Works Department, while the average for the previous ten years from 1916-17 was about 5 lakhs. This indicates that a liberal policy of financing irrigation works has been followed. If all the tanks are to be restored within a fixed period, say 10 years, the grant that would be required each year will be Rs. 27 lakhs, only for tank works. This is not possible in view of the irrigation works of magnitude on hand.

9. *Conversion of wet lands into dry.*—Even after attending to all these works, if the water in the tank is found insufficient, it is desirable to convert the lower portion of the achkat into garden land. To convert the wet lands into dry on account of inadequacy of water is suicidal to the interest of wet cultivation and, in the long run, will cause a heavy drop in revenue to the extent of nearly Rs. 20 lakhs. Rather than convert wet into dry, it would be desirable to convert into garden, cocoanut and plantain for instance. There are several tanks below which there is no paddy cultivation at all, but only cocoanut gardens.

N. N. AYYANGAR,
Chief Engineer of Mysore.

IMPORTANT GOVERNMENT ORDERS

DEVELOPMENT SECRETARIAT.

Passes orders *re* the Three-year Plan for the Development of Rural Industries in the State.

READ—

Letters No. S. D. 5-323—38-39, dated 21st March 1939 and 6th April 1939, from the Director of Industries and Commerce, forwarding for sanction a three-year plan for the development of rural industries in the State.

ORDER No. D. 10131-42—I. & C. 182-38, DATED BANGALORE, THE 25—26TH MAY 1939.

The Director of Industries and Commerce has submitted proposals for starting demonstration centres of the marginally noted industries in 43 centres in the different districts of the State so that demonstrations in at least four industries might be conducted in each district simultaneously. The total cost of the scheme is estimated to come to Rs. 1,81,570 and the realisations by sale of products are expected to be about Rs. 49,740, the net cost therefore being Rs. 1,31,830. According to this, it is proposed to incur the whole of the non-recurring expenditure during the first year, the recurring cost being spread over three years as in the margin. The Director of Industries and Commerce requests sanction of Government to the proposals.

1. Village tanning.
2. Leather stitching.
3. Flying demonstration.
4. Lacquerware.
5. Tile making.
6. Pottery.
7. Coir industry.
8. Village smithy.
9. Mat weaving.
10. Paper manufacture.
11. Manufacture of tin toys.

Development Department.

Manufacture of Implements.

ORDER No. D. 10047-10107—I & C 269-35-5, DATED BANGALORE, THE 25TH MAY 1939.

The question of manufacturing edge tools and agricultural implements in the State has been under the consideration of Government for some time past. A scheme for manufacturing these articles on a small scale has been prepared and according to rough estimates of cost, the capital and operation expenses come to about Rs. 1·5 lakhs and Rs. 0·5 lakhs respectively, for a daily output valued at about Rs. 700 for a year of 300 working days. The scheme is expected to result in a net profit of about Rs. 20,000 after providing for depreciation and interest on fixed and working capital.

2. The financial side of the scheme has been examined more than once. There is in the State itself a large demand for these implements which is now met by imports, and, local manufacture can, it is believed, successfully compete with foreign manufacturers. The steel required for the factory can be obtained from the Mysore Iron and Steel Works and a well trained staff can be procured on comparatively cheap terms. With the skeleton staff, local persons can be trained eventually both for factory as well as cottage work.

3. Government consider that it is desirable to start the industry and approve the scheme generally. The industry will be started as a Government Concern in the first instance and converted into a Private Company later on when conditions become favourable.

4. In view of the fact that it is not desirable to increase the labour force at Bhadravati and that, as far as possible, industries should be spread over the whole State, Government direct that the proposed factory be located at Hassan which is favourably situated on account of its proximity to the coffee estates of Coorg, Hassan and Kadur and of its having cheap labour.

5. The factory will for the present be placed under the administrative control of the Secretary to Government, Development Department.

6. A sum of Rs. 5,000 is placed at the disposal of the Administrative Officer for meeting the initial working expenses in the current year, the amount being met by reappropriation from the sanctioned grants under " Advances ".

7. Separate orders will issue in the matter of appointment of a General Manager for the Factory.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT.

Grants a Commission under Section 99, Land Revenue Code, to Mr. B. A. Krishnaswamy Iyengar, in respect of Sarvamanya Vadiyandahalli and Ballekere Villages in the Seringapatam Taluk.

READ—

Letter No. C. 3965—38-39, dated 23rd May 1939, from the Revenue Commissioner in Mysore, requesting sanction to the grant of a Commission to Mr. B. A. Krishnaswamy Iyengar, conferring on him the powers contemplated under clauses (b), (d), (e) and (f) of Section 99 of the Land Revenue Code, in respect of Sarvamanya Vadiyandahalli and Ballekere Villages in the Seringapatam Taluk.

ORDER No. R. 6129-30—L. R. 541-38-2, DATED BANGALORE, THE 10TH JUNE 1939.

Government are pleased to sanction the recommendation of the Revenue Commissioner and to issue the accompanying Commission to Mr. B. A. Krishnaswamy Iyengar.

B. T. KESAVIENGAR,
Chief Secretary to Government.

ANNEXURE.

COMMISSION GRANTED UNDER SECTION 99 OF THE LAND REVENUE CODE, ACT IV OF 1888.

To

B. A. Krishnaswamy Iyengar, Esq., B.A., LL.B.,
Pleader, Mysore.

By virtue of the powers vested in them by the Land Revenue Code, the Government of His Highness the Maharaja of Mysore are pleased to confer on you, Mr. B. A. Krishnaswamy Iyengar, the following powers specified in clauses (*b*), (*d*), (*e*) and (*f*) of Section 99 of the Mysore Land Revenue Code, to be exercised within the limits of Sarvamanya Vadiyandahalli and Ballekere Villages, Seringapatam Taluk :—

(*b*) To attach the property of persons making default in the payment of land revenue or rent due to you in the said villages ;

(*d*) to exercise the powers of a Deputy Commissioner under Sections 63 and 64 ;

(*e*) to receive notices of relinquishment under Section 71 and to determine the date up to which such notices shall be received as in that section provided ; and

(*f*) to take measures for the maintenance and repair of boundary marks in the manner provided for Survey Officers in Section 130.

II. The abovementioned powers delegated to you are vested in you during the pleasure of, and subject to recall by, the Government of His Highness the Maharaja of Mysore.

By Order,
B. T. KESAVIENGAR,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Sanctions the transfer of the Industrial School at Gudibanda to Chikballapur.

READ—

Government Order No. D. 5820-21—I. & C. 104-38-4, dated 3rd January 1939, sanctioning the continuance of the Industrial School at Gudibanda till 1st July 1939.

2. Correspondence ending with letter No. D1-110—38-39, dated 28th March 1939, from the Director of Industries and Commerce, recommending that, for reasons explained, the Industrial School at Gudibanda may be transferred to Chikballapur and with a view to meeting the local requirements, provision may be made for imparting instruction in Smithy and Fitter's classes in addition at a total extra cost of about Rs. 3,000 including a sum of about Rs. 150 on account of shifting charges.

ORDER NO. D. 7-10—I. & C. 104-38-8, DATED CAMP MYSORE, THE 30TH—31ST MAY 1939.

Government are pleased to sanction the transfer of the Industrial School from Gudibanda to Chikballapur, the shifting charges being met out of the sanctioned grants of the school during 1939-40.

2. The proposal to add Smithy and Fitter's classes may lie over until such time as the institution becomes popular at the place, and till the District Board and the Municipality are prepared to pay at least half the increase in expenditure towards the expansion and maintenance of the school.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

Sanctions the appointment of a Government Director for Industrial Concerns as also the redistribution of the concerns from 1st July 1939.

READ—

Government Order No. 3148-52—C. B. 164-35-1, dated the 29th June 1936, directing, among other things, that *Rajasevaprasakta* Mr. A. V. Ramanathan, be appointed Chairman, the Mysore Iron and Steel Works and Chairman and Managing Director of the Mysore Paper Mills, Ltd., and be entrusted in addition with the control of the Government Electric and Porcelain Factories.

2. Government Order No. Fl. 426-31—G. F. 11-36-1, dated the 20th July 1936, appointing *Rajasevaprasakta* Mr. A. V. Ramanathan, as a Government Director and Chairman of the Board of Directors of the Sri Krishnarajendra Mills, Ltd., Mysore.

3. Government Order No. 38-39—C. B. 17-37-1, dated the 7th July 1937, placing the Director of Sandalwood Oil Factory in administrative charge of the Government Industrial and Testing Laboratory, Bangalore, and other Factories.

4. Government Order No. D. 2533-2613—I. & C. 103-37-1, dated 27th September 1937, appointing *Rajasevaprasakta* Mr. A. V. Ramanathan, as Chairman of the Board of Directors of the Mysore Chemicals and Fertilisers, Ltd.

5. Government Order No. D. 2-12—I. & C. 176-37-8, dated the 10th June 1938, constituting the Provisional Board of Directors of the Mysore Coffee Curing Works, Ltd., Chikmagalur, and appointing the Director of Industries and Commerce as a Government Director and Chairman of the Board.

6. Government Order No. D. 9505-15—I. & C. 104-37-13, dated the 24th June 1938, sanctioning the flotation of a Joint-Stock Company under Government auspices for taking over the Mysore Tannery and constituting a Provisional Board of Directors with the Director of Industries and Commerce as a Government Director and Chairman of the Board.

7. Government Order No. D. 7310-18—I. & C. 238-38-3, dated the 8th February 1939, reconstituting the Advisory Committee of the Pharmaceutical Section of the Government Industrial and Testing Laboratory and appointing the Chairman, Mysore Iron and Steel Works, as the Chairman of the Committee.

8. Government Order No. D. 10047-10107—I. & C. 269-38-5, dated the 25th May 1939, establishing a Factory for the manufacture of agricultural and other implements at Hassan.

ORDER No. D. 43-102—I. & C. 353-38-1, DATED CAMP MYSORE, THE 6TH JUNE 1939.

The Chairman of the Board of Management, Mysore Iron and Steel Works, has also been appointed Chairman and Managing Director of the Mysore Paper Mills, Ltd. In addition, he is entrusted with the control of the Government Porcelain Factory and Government Electric Factory. Since then he has been appointed Chairman of the Mysore Chemicals and Fertilisers, the Krishnarajendra Mills and the Advisory Board of the Pharmaceutical Section of the Industrial and Testing Laboratory. In July 1937, the Office of the Director of Sandalwood Oil Factory was separated from that of the Director of Industries and Commerce, in order to enable the latter officer to devote sufficient attention to the development of Rural and Cottage Industries.

2. At present, the management and control of the several industrial undertakings belonging to or aided by Government with the exception of the Mysore Sugar Company, the Vegetable Oil Products and the Spun Silk Mills is divided among these three officers. During the last two or three years, there has been progress in several directions and new developments have taken place in connection with the industrial undertakings in the State. The more important of these are—

(1) With the development of the Steel Plant and with the establishment of a Cement Factory at Bhadravati, the value of the output of the Mysore Iron and Steel Works has increased to over Rs. 40 lakhs per annum.

(2) The erection of the Paper Mills at Bhadravati has been completed and operations have commenced.

(3) A scheme for the installation of an Electric Kiln in the Government Porcelain Factory has been sanctioned at a cost of over Rs. 5 lakhs with a view to increasing the output and improving the quality and widening the range of products manufatured in the Factory.

(4) In connection with the Government Electric Factory, additional capital has been invested for increasing the output of bakelite articles, for manufacturing machines and machine parts, water and electric meters and other appliances.

(5) The machinery and equipment required for the manufacture of chemicals at Belagola have been received and are under erection. It is expected that operations will commence in November next.

(6) Steps have been taken to establish a Coffee Curing Works at Chikmagalur and Glass Factory at Bangalore.

(7) Negotiations are in progress for resuscitating the Match Factory at Shimoga and the Mysore Tannery at Bangalore.

(8) A scheme for the manufacture of edge tools and agricultural implements at Hassan has been recently sanctioned.

(9) To ensure satisfactory progress in some undertakings in which Government have no powers of control, it may become necessary for Government to assume a certain measure of control and guidance.

(10) The development of minor and cottage industries is assuming greater importance and a large sum (Rs. 30,000) has been provided for this purpose in the budget for the current year.

3. The administrative arrangements required for the management of the various industrial concerns have been reviewed in the light of the above developments and Government have come to the conclusion that it is necessary to appoint another officer for the management of some of the large industrial concerns, and they are accordingly pleased to direct that the Chairman, Mysore Iron and Steel Works, may be in charge of the following concerns :—

(1) The Mysore Iron and Steel Works.
(2) The Cement Factory.
(3) The Paper Mills.
(4) The Mysore Implements Factory at Hassan.
(5) The Mysore Match Manufacturing Company at Shimoga (when reorganised).

His headquarters will be at Bhadravati.

4. Another officer to be styled, " Government Director, Industrial concerns " will be in direct charge of—

(1) the Government Electric Factory,
(2) the Government Porcelain Factory,

and be the Chairman of the Board of Management of—

(3) the Mysore Chemicals and Fertilisers, Ltd.,
(4) the Krishnarajendra Mills,
(5) the Coffee Curing Works, Chikmagalur, and
(6) the Industrial and Testing Laboratory.

He will also be appointed a Government Director of the Mysore Stoneware Pipes and Potteries, Ltd. His headquarters will be at Bangalore.

5. The revised arrangements will come into force from 1st July 1939 and separate orders will issue about the appointments of the officers, their salaries and allocation of the expenditure to the various concerns under their charge.

PART I

IMPORTANT GOVERNMENT ORDERS

LOCAL SELF-GOVERNMENT SECRETARIAT.

Issues the rules regulating the supply of water in Nagamangala Minor Municipality.

READ—

Letter No. D3. 1469—38, dated 4th May 1939, from the Deputy Commissioner, Mysore District, forwarding for sanction draft rules framed by the Nagamangala Minor Municipal Council for the regulation of the water-supply in the town and adding that the rules have been revised by the Director of Public Health.

ORDER No. L. 9846-9—ML. 70-38-126, DATED BANGALORE, THE 10TH JUNE 1939.

Government are pleased to issue under Section 106 (2) (i) and (3) of the Mysore Minor Municipalities Act, 1933, the accompanying rules regulating the supply and distributions, etc., of water within the limits of the Nagamangala Minor Municipality.

P. H. KRISHNA RAO,
Secretary to Government,
Local Self-Government Department.

ANNEXURE.

Water-supply rules relating to Nagamangala Municipality.

No person shall—

(*a*) remove, break, injure or open any cork, valve, pipe-work or engine or motor belonging to, or under the control of, the Municipality in connection with the water-supply ; or

(*b*) flush or draw off any water in or derived from any such water-work or do any act whereby the water in any pipe or water-work is likely to be washed or contaminated ; or

(*c*) obstruct, divert or in any way injure or alter any water-main, sub-main or duct.

2. The water supplied by the Municipal Council is intended primarily for domestic purpose, and therefore, water from a public standpost or tap shall not be taken for garden, irrigation, building purposes or for other non-domestic purposes. In the latter case, the previous sanction of the President or Vice-President should be obtained in writing on such payment and under such conditions as may be settled by the Municipal Council, provided that the use of water from the public taps for non-domestic purposes mentioned therein shall not be permitted unless there is sufficient supply of water at the tank or source.

("Domestic Purpose" means water used purely for the purpose of bathing, cooking, washing clothes and utensils.)

3. No person shall bathe or wash any animal, vehicle, clothes or utensils at any public standpost or taps.

4. No person shall do anything to damage or disfigure the standposts or platforms or to obstruct the free flow of water from the platform.

5. No person shall water any animal at any public stand, pipe or cistern, except at the places prescribed by the Municipal Council for the purpose by notice posted thereat.

6. In case of emergency, the President or Vice-President or his authorised agent may, at any time, with previous public notice by beat of tom-tom, stop the supply of water if it appears to be unfit for use by the public.

7. The President or Vice-President or his authorised agent in writing shall have power to stop or reduce the supply in any public-main or sub-main for repairs or renewals by such previous notice as is possible. But when such stoppage is over an extensive area or is due to exigencies which can be foreseen, due notice under the circumstances will be given by general tom-tom.

8. Applications for house connections from the public-mains or sub-mains are to be made in the prescribed form with the necessary plans to the President or Vice-President who is authorised by himself to comply with such requisitions by owners of property who are required to lodge with him or his agent the cost of the attachment as specified below :—

			Rs.	a.	p.
Half inch attachment	...	...	1	8	0
Three-fourths inch attachment	...	...	2	0	0

After the house connection estimate is sanctioned, the rest of the transaction will be entirely between the owner and plumber and the Municipal Council will not interfere in the matter of settlement of claims, etc., between the owner and consumer.

9. Private house service connections will be limited to houses paying house or shop tax of not less than Rs. 2 a year in localities where a supply can be given without detriment to street service, provided there are facilities to make proper arrangements for draining off the waste water to Municipal drains.

10. The number of taps to be given in any dwelling house will be limited to a maximum of three.

For houses taking half inch connection, a monthly fee of Rs. 1-8-0 and those taking three-fourths inch connection, Rs. 2-0-0 will be charged.

Non-domestic connections will be charged for all water drawn at eight annas per 1,000 gallons.

11. The Municipal Council, in consultation with the Water Works Department, may give connection to factories, firms and railways or for any other non-domestic purposes if the entire cost of the pipe line is borne by such factory, firm or railway provided such water connection does not interfere with the normal supply of water required for the Municipal area.

12. For every connection given for non-domestic purposes, such as garden, factories, presses, etc., the responsibility for installing and maintaining the meter will vest in the Municipality.

The word 'garden' does not include the garden in the compound of dwelling houses.

13. For all connections where a water rate is fixed by the Municipality, a charge of four annas per month shall be levied as the rent for the meter, in addition to whatsoever charge that may be due for the water consumed, provided that for periods when the meter is out of order no rent shall be charged.

14. If the owners or the occupiers of such houses or property vacate or abandon such houses or property either temporarily or permanently, the responsibility to communicate this fact in writing to the President or Vice-President shall rest on such owners or occupiers who should signify their intentions not to use the water till they re-occupy the house or property and upon such applications, the President or Vice-President shall arrange to cut off the water connection. In the case of houses or property remaining temporarily vacant for a month or more, meter rate only will be levied and in the case of such temporary vacancy for a portion of a month, no reduction either in water rate or meter hire shall be made or refund of amount granted.

15. Service pipes to private properties will, as a rule, be laid by plumbers duly licensed by the Municipal Council on approved plans and specifications under conditions and rules sanctioned by the Municipal Council.

The final connection between the private service pipes and the public water mains shall not be allowed until the work is inspected and passed by the President or Vice-President or his authorised agent.

(*a*) No alteration or extension of private connections will, as a rule, be allowed without previously obtaining the sanction of the Municipal Council and such works shall be carried out only by licensed plumbers.

(*b*) Repairs may however be carried out by the owners or occupiers of property after giving intimation to the President or Vice-President in writing of the nature of repairs to be done, the work being entrusted to the licensed plumbers only.

16. The water-rate and meter-rent or any water charges due under these rules shall be collected or caused to be collected by the President or Vice-President or his authorised agents every month in advance from the owners or occupiers of such property. The owners or occupiers of such houses or property shall be solely responsible for the payments of all charges or rate or rent and all such dues under these rules shall be collected as a Municipal Demand and shall be subject to the same rules as are provided in the Municipal Act of 1933, provided that the bill shall be served or presented to the owners or occupiers liable to such water-rate, meter-rent or other charges. It is necessary that a bill should be sent every month. (The Municipal Council may receive payment from the agent or the occupier:—

(*a*) In order to facilitate the adjustment of accounts between the owner of a house or property and his tenant or occupier, the President or Vice-President shall, when required, in writing furnish a memorandum showing the consumption and the probable charges on account of water-rate and meter-rent for any broken period of the month since the preparation of the last bill in his office.

17. Every meter shall be read within the 5th of every month and the meter reading will be duly intimated to the owner of the house. The meter reader will leave, with any available person in the house, a slip showing the consumption of water during the preceding month.

In calculating the charges under the clause of metering, the quantity of 500 gallons and below shall not be charged, but when it is over 500 gallons, it shall be charged for as if it were 1,000 gallons.

18. All complaints regarding the accuracy of the reading or the non-receipt of slips referred to in Rule 16 should be made in writing to the President or Vice-President within the tenth of the month concerned, after which no complaints will be entertained.

19. Any owner or occupier of a house or property having a water connection who may suspect or dispute the accuracy of the measurements indicated by water meter, may apply to the President or Vice-President and have the meter tested on payment of a fee of rupee one per test. If on actual test the quantity registered by the meter exceeds ten per cent of the correct quantity, the fee will be refunded to the party concerned ; otherwise it will be credited to the Municipal Funds.

20. The Municipal Council reserves to itself the right to test any meter for its own satisfaction at any time. Due notice shall, however, be given to the owner or occupier of the house or property concerned.

21. If on examination any meter is found to be out of order and consequently not registering correctly, the consumption during the period since the last reading, till the meter is repaired or a new meter is attached, shall be calculated at the average daily consumption of the last registered period during which, in the opinion of the President or Vice-President, the meter was registering correctly and the consumption of water was not for any reason abnormal.

22. The President or Vice-President, or his authorised agent may, at all reasonable times and with the permission of the owner or occupier if permission be refused after giving six hours' notice, enter any premises in which there is a water connection in order to inspect and examine or repair the same.

23. The President or Vice-President or his authorised agent shall have the power to cut off connection between the private pipes and the public-main in any of the following cases :—

(*a*) In default of payment of water-rate and other charges, cost of repairs or meters, due under the rules, within five days after the same shall have been demanded in writing or bill presented.

(*b*) If any house owner or occupier who is supplied with water shall use or permit the use of water for purposes in violation of the conditions on which the connection is granted, provided that five days' previous notice is given in writing.

(*c*) In cases of leakage of pipes or other defects in the private service likely to cause loss to the Municipality, provided 24 hours' notice is previously given.

(*d*) If water is allowed to run to waste after the owner or occupier has been warned against allowing such waste by written notice of six hours or such shorter period as the President or Vice-President deems fit.

(*e*) In any case of broken pipes or fittings causing loss of water likely to cause damage to property when such written notice as may be possible shall be given.

(*f*) In any case of refusal to allow the President or Vice-President or his authorised agent to enter on any land or building for the purpose of inspecting service pipes, fittings, etc., after a day's notice.

24. The rules 2, 3, 4, 5, 6, 7 and 20 stated above shall apply to public street fountains which have been or may be allowed to be erected at the expense of the private individuals for dedication to public use, and such fountains shall be further subject to the following conditions :—

(*a*) That their number is strictly restricted by the *bona fide* public requirements of particular localities which shall be decided by the Municipal Council.

(*b*) That they are not installed closer to any other public fountain than the minimum prescribed distance of 200 feet.

(*c*) That their free and unobstructed use at all hours by the public for whose use they are intended is duly safeguarded.

25. The President or Vice-President or his authorised agent shall, for the purpose of these rules, be deemed to be public servants.

26. Any person whose house connection is stopped for non-payment of dues or leakage, etc., should pay a fee of Re. 1 for re-connecting the same.

27. The Municipal Council reserves to itself the power, whenever it deems fit, to alter or modify the foregoing rules or to abolish altoghter the system of house connections established thereunder or to stop or to reduce the supply to any private attachment or any public fountain without assigning any reason whatsoever.

28. Any person infringing any of these rules shall be liable to be punished with a fine not exceeding Rs. 50 on conviction before a Magistrate.

EXEMPTION FROM WATER-TAX.

(1) Buildings belonging to this Municipality.

(2) Government buildings which are exempt from Mohatarfa and " Religious Institutions, " such as temples, masjids, grave-yards, burial and cremation grounds, (mutts and chattrams where free lodging is allowed), provided the cost of the pipe-line shall be borne by the respective institutions.

PUBLIC WORKS SECRETARIAT.

Ragimakalahalli tank in the Bowringpet Taluk to be referred to as Markandeya Tank.

READ—

Government Order No. P. W. 2070-6—S., dated 16th January 1939, sanctioning an estimate amounting to Rs. 3,10,000 for constructing a new tank across the Markandeya stream near Ragimakalahalli in the Bowringpet Taluk.

ORDER NO. P. W. 4140-5—S., DATED BANGALORE, THE 13TH JUNE 1939.

Government direct that the Ragimakalahalli tank be referred to in all future correspondence as "Markandeya tank."

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Incremental Scale of Pay to Police Constables.

READ—

Government Order No. P. 2236-46—Pol. 208-31-5, dated 21st October 1932, sanctioning in connection with the reorganisation of the subordinate staff of the Police Department, the basic pay of Rs. 15 per mensem for constables.

2. Government Order No. P. 6584-5—Pol. 119-35-3, dated the 24th May 1937, sanctioning the grant of an increment of Re. 1 to all the constables who were in receipt of a pay of Rs. 15 for a period of 7 years.

3. Government Order No. P. 5477-8—Pol. 106-37-5, dated 2nd April 1938, sanctioning in connection with the augmentation of the Police Forces, an incremental scale of pay to the Provincial Reserve Police Constables.

4. Correspondence ending with letter No. A. C. 282—38-39, dated 15th March 1939, from the Inspector-General of Police, forwarding for sanction, proposals for the introduction of the incremental scale of pay for the Regular Police Constables.

ORDER NO. P. 6481-90—POL. 42-38-5, DATED BANGALORE, THE 16TH JUNE 1939.

With a view to improve the efficiency of the Police Force and secure a better class of recruits, the basic pay of the constables was raised from Rs. 13 to Rs. 15 in 1932. Subsequently in 1937 Government sanctioned the grant of an increment of Re. 1 to all constables who had drawn a pay of Rs. 15 for seven years. The Inspector-General of Police reports that these measures have had a very beneficial effect in improving the morale of the constabulary and minimising illiteracy in the Force by the enlistment of a better class of recruits.

2. In order to prevent the stagnation of the constables of the regular Police Force on the same pay for a number of years, the Inspector-General of Police recommends that their pay be further raised to Rs. 17 after an approved service of 13 years

and to Rs. 18 after a service of 20 years. The proposal of the Inspector-General of Police does not involve extra cost to Government till 1941-42 and the extra cost thereafter is estimated to range from Rs. 13,681 in 1942-43 to Rs. 63,055 in 1951-52.

3. Government consider that the proposals of the Inspector-General of Police afford an assured future to the constabulary and are accordingly pleased to sanction the same as detailed in the margin.

1. Rs. 17 after 13 years' service.
2. Rs. 18 after 20 years' service.

4. The case for the constables of the Provincial Reserve Police has already been dealt with in the order of 2nd April 1938, and the present order does not therefore apply to them.

B. T. KESAVIENGAR,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT

Appoints Mr. M. Venkatanaranappa as Chairman of the Mysore Coffee Curing Works, and the Director of Industries and Commerce as a Director.

READ—

Government Order No. D. 2-12—I. & C. 176-37-8, dated the 10th June 1938, directing the constitution of a provisional Board of Directors for the Mysore Coffee Curing Works with the Director of Industries and Commerce as a Government Director and Chairman of the Board of Directors.

2. Government Order No. D. 8025-27—I. & C. 111-38-18, dated the 10th March 1939, directing that an additional block of 9,500 shares of the Company be subscribed for on behalf of Government and that a Government Officer be nominated to the Board of Directors in the vacancy caused by the resignation of *Dharmaprakasa* Mr. A. Chandregowda of his membership of the Board.

3. Government Order No. D. 43-102—I. & C. 353-38-1, dated the 6th June 1939, sanctioning the appointment of Government Director, Industrial Concerns, and directing the re-distribution of the charge of the industrial concerns between the Chairman, Mysore Iron and Steel Works and the new Officer.

ORDER No. D. 10760-63—I. & C. 353-38-3, DATED BANGALORE, THE 23RD JUNE 1939.

It was at first intended to place Mr. M. A. Sreenivasan, Government Director, Industrial Concerns, in charge of the Mysore Coffee Curing Works at Chikmagalur. But on further consideration, Government find it more convenient for purposes of supervision to place the concern in charge of the Chairman, Mysore Iron and Steel Works. They are accordingly pleased to modify the Government Order of 6th June 1939 and to appoint Mr. M. Venkatanaranappa, Chairman, Mysore Iron and Steel Works, a Government Director and Chairman of the Company with effect from 1st July 1939.

2. The Director of Industries and Commerce will continue to be a Director on the Board of Directors of the Company in place of *Dharmaprakasa* Mr. A. Chandre Gowda, resigned.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department.

Appoints Mr. M. A. Sreenivasan as a Government Director and Chairman of the Mysore Chemicals and Fertilisers.

READ—

Government Order No. D. 2533-2613—I. & C. 103-37-1, dated 27th September 1937, constituting a provisional Board of Directors for the Mysore Chemicals and Fertilisers and appointing Mr. (now *Rajasevaprasakta*) A. V. Ramanathan, Government Director and Chairman of the Company.

2. Notification No. D. 10437—I. & C. 127-38-14, dated 10th June 1939, appointing, among other things, Mr. M. Venkatanaranappa, Chairman of the Mysore Chemicals and Fertilisers, *vice Rajasevaprasakta* Mr. A. V. Ramanathan granted leave or until further orders.

3. Government Order No. D. 43-102—I. & C. 353-38-1, dated 6th June 1939, directing, among other things, that the Government Director, Industrial Concerns, be the Chairman of the Mysore Chemicals and Fertilisers.

4. Notification No. 4052—C. B. 222-38-1, dated 19th June 1939, appointing Mr. M. A. Sreenivasan, Government Director, Industrial Concerns.

ORDER No. D. 10769-72—I. & C. 353-38-5, DATED BANGALORE, THE 23RD—24TH JUNE 1939.

In modification of the previous orders, Government are pleased to appoint Mr. M. A. Sreenivasan, Government Director, Industrial Concerns, a Government Director and Chairman of the Mysore Chemicals and Fertilisers with effect from 1st July 1939.

2. The Director, Sandalwood Oil Factory, will continue to be the Managing Director of the Company.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department.

Nominates Mr. M. A. Sreenivasan as Chairman of the Advisory Committee of the Government Electric Factory and the Government Porcelain Factory.

READ—

Government Order No. D. 5013-18—I & C 250-36-2, dated 30th January 1937, passing orders about the revival of the Advisory Committee with Mr. A. V. Ramanathan as Chairman in connection with the working of the Government Electric Factory and the Government Porcelain Factory.

2. Notification No. 3765—C B 68-38-4, dated 3rd June 1939, appointing Mr. M. Venkatanarappa to act as Chairman of the Government Electric Factory and the Government Porcelain Factory during the absence on combined leave of *Rajasevaprasakta* Mr. A. V. Ramanathan or until further orders.

ORDER No. D. 10773-78—I. & C. 353-38-6, DATED BANGALORE, THE 22ND—24TH JUNE 1939.

Government are pleased to nominate Mr. M. A. Sreenivasan, Government Director of Industrial Concerns, as Chairman of the Advisory Committee of the two industrial concerns referred to above with effect from 1st July 1939.

P. H. KRISHNA RAO,
Secretary to Government,

Board of Visitors for the Victoria and the Minto Ophthalmic Hospitals, Bangalore.

READ—

Government Order No. G. 6087—Med. 192-36-2, dated 17th February 1937, sanctioning the continuance of the Board of Visitors for the Victoria and the Minto Ophthalmic Hospitals for a period of two years.

2. Letter No. C. 4300-1, dated 31st May 1939, from the Senior Surgeon, requesting sanction to the continuance of the same Board of Visitors for both the Victoria and the Minto Ophthalmic Hospitals for a further period of two years.

ORDER NO. G. 12644-5—MED. 327-38-2, DATED BANGALORE THE 15TH JUNE 1939.

Government are pleased to sanction the continuance of the Board of Visitors for the Victoria and the Minto Ophthalmic Hospitals for a further period of two years with the personnel as detailed below :—

1. *Rajasevasakta* Mr. R. Ranga Rao, B.A., B.L. (Convenor).
2. Lady Raman.
3. The President, City Municipal Council, Bangalore City.
4. Mr. J. R. Isaac, B A., M.B.E.
5. Mr. B. Oosman Khan, Merchant, Bangalore City.
6. Dr. J. V. Karve, M.B., Ch.B., D.P.H., (Eng.), Retired Director of Health.
7. Mr. H. Srikantia, Editor, *Federal India*, Bangalore.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department.

Change of designation of certain Local Fund Dispensaries as Hospitals or Local Fund Hospitals.

READ—

Correspondence ending with letter No. G. C. 378-2, dated 26th April 1939, from the Senior Surgeon in Mysore, recommending for reasons stated that the Local Fund Dispensary and the Tuberculosis Dispensary at Davangere and the following Local Fund Dispensaries which are in charge of well-qualified Assistant Surgeons be designated as Hospitals or Local Fund Hospitals :—

Bangalore District.

1. Channapatna.
2. Dodballapur.

Mysore District.

1. Nanjangud.
2. Mandya.

Kolar District.

1. Chintamani.

Tumkur District.

1. Tiptur.

Hassan District.

1. Saklespur.
2. Hole-Narsipur.

Kadur District.

1. Tarikere.
2. Koppa.

Shimoga District.

1. Sagar.
2. Tirthahalli.

ORDER NO. G. 12695-706—MED. 272-38-4, DATED BANGALORE, THE 16TH JUNE 1939.

The Senior Surgeon states that the change of name proposed by him is intended to indicate that the institutions in question have a large in-patient accommodation, that much operative and other high grade professional work is done in them, and that they are mostly placed in the charge of highly qualified Assistant Surgeons. In the circumstances, sanction is accorded to the recommendation of the Senior Surgeon in regard to the change of designation of the institution mentioned above. This will, however, not affect the contributions payable by the Local Bodies concerned.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department.

Reconstitution of the Mysore Medical Council.

ORDER NO. G. 12774—MED. 312-38-2, DATED BANGALORE, THE 20TH JUNE 1939.

Mr. P. Parthasarathy, L.M.S., B.S.Sc., L.R.C.P. & S., D.T.M., D.P.H., Director of Public Health in Mysore, Bangalore.

Dr. T. C. M. Royan, L.M.P., M.D., Zeugnis (Vienna), Medical Practitioner, New Taragupet, Bangalore.

By Order,
P. H. KRISHNA RAO,
Secretary to Government,
Development Department.

LAW SECRETARIAT

Fixes the number of members to be elected to the Tumkur District Board from the Turuvekere and Gubbi Taluks.

READ—

Government Order No. L. 8338-53—L. B. 27-36-28, dated 21st May 1937, issuing revised orders in the matter of fixing the strength of the several District Boards in the State with effect from their reconstitution in the year 1939, and directing that the number of members to be elected to the Tumkur District Board from the Gubbi Taluk and Turuvekere Sub-Taluk be fixed at 3 and 1, respectively.

2. Notification No. R. 472—L. R. 141-34-8, dated 23rd July 1937, directing that the Turuvekere Sub-Taluk be converted into a taluk with effect from 1st October 1937.

3. Correspondence ending with letter No. A6. C. 1105—38-39, dated 2nd June 1939, from the Deputy Commissioner, Tumkur District, stating that the taluk of Gubbi has been reduced by 79 Villages which have been added on to the newly constituted Turuvekere Taluk and recommending that the number of members to be elected to the Tumkur District Board from the Gubbi Taluk be reduced from 3 to 2 and that from the Turuvekere Taluk raised from 1 to 2 and adding that the Tumkur District Board which was consulted in the matter is agreeable to the proposal.

ORDER NO. L. 10226-30—L. B. 32-38-40, DATED BANGALORE, THE 21ST JUNE 1939.

The recommendation of the Deputy Commissioner is sanctioned.

C. SUBRAHMANYA AIYAR,
Secretary to Government,
Law Department.

PUBLIC WORKS SECRETARIAT

Irrigation Cess Fund Budget Estimates for the year 1939-40.

READ—

(i) Letter No. C. Per A. 12—38-39, dated the 1st April 1939, from the Revenue Commissioner in Mysore, forwarding the Budget Estimates under the Irrigation Cess Fund for the year 1939-40.

(ii) Un-official Note No. 851-B2, dated the 3rd May 1939, from the Comptroller to Government, furnishing his remarks on the Budget Estimates.

ORDER No. P. W. 4169-86—S., DATED BANGALORE, THE 14TH JUNE 1939.

The estimated opening balance on 1st July 1939 and the receipts during the year 1939-40 together with those for the previous year are as shown below :—

IRRIGATION CESS FUND FOR 1939-40.

Opening Balance and Receipts.

Districts	1939-40		1938-39			
	Opening balance	Receipts	Receipts		Opening balance	
			Revised	Budget	Revised	Budget
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.

2. Kolar	34,058	47,307	47,307	47,307	22,229	26,076
3. Tumkur	6,213	39,000	34,747	38,000	—34	—3,854
4. Mysore	—38,803	1,35,000	1,35,000	1,35,500	—45,078	—42,464
5. Shimoga	58,990	65,000	65,000	70,150	71,140	79,846
6. Kadur	30,895	32,500	32,500	32,504	22,432	13,049
7. Hassan	30,068	53,482	53,482	54,482	17,447	25,135
8. Chitaldrug ...	—4,053	23,955	16,955	24,220	2,001	2,133
Total ...	1,28,851	4,26,055*	4,14,591*	4,31,756*	1,02,020	1,23,608

* These figures include contribution from State Funds on account of maintenance of river channels

2. The contribution from State Funds on account of maintenance of river channels, *viz.*, Rs. 73,630 will be allotted from the provision of Rs. 1,80,000 under "23. Irrigation Works charged to Revenue—4. Repairs" in the Budget for 1939-40.

3. The Revenue Commissioner has proposed a programme of expenditure of Rs. 621,031 against his estimated receipts of Rs. 5,05,094. The expenditure proposed by him works out to percentages ranging from 75 to 226. The Comptroller estimates the probable receipts during 1939-40 at Rs. 4,26,055 only and this amount is adopted.

4. In his programme of expenditure, the Revenue Commissioner has proposed a sum of Rs. 37,000 for road works in the Shimoga District against the permissible limit of Rs. 15,000. As the financial position of the Irrigation Cess Fund is far from satisfactory due to the incurring of expenditure in the past without regard to the resources of the fund and in excess of the normal receipts, it is not desirable to allow the expenditure to exceed the normal receipts. At the same time, it is necessary to reduce the expenditure, in order to improve the balance at the credit of the districts. The Budget Estimates of expenditure as furnished by the Revenue

Commissioner are therefore modified and sanctioned, providing for a total expenditure of Rs. 3,62,791 as shown below :—

Districts	Expenditure during 1938-39		Expenditure during 1939-40	
	Budget	Revised	As proposed by the Revenue Commissioner	As now sanctioned

(1) Mr. M. Venkatanaranappa, B.A., Chairman, Mysore Iron and Steel Works, *vice Rajaseva-prasakta* Mr. A. V. Ramanathan, B.A.

(2) Mr. P. H. Krishna Rao, M.A., Secretary to Government, Development Department, *vice* Mr. M. Venkatanaranappa, B.A.

(3) Mr. M. A. Sreenivasan, B.A., Government Director of Industrial Concerns.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department.

Scale of Fees for the Floccillation Test for Malaria.

READ—

Government Order No. G. 5001-5—Med. 116-32-2, dated 20th January 1933, sanctioning a revised scale of fees for Pathological Examinations in the Public Health Institute and the Victoria and the Krishnarajendra Hospitals.

2. Letter No. 284, dated 15th May 1939, from the Durbar Surgeon and Medical Officer, Krishnarajendra Hospital, Mysore, requesting sanction to the inclusion of Floccillation Test for Malaria in the Government Order read above and to the rate of Re. 1 per test.

3. Un-official Note No. G. C. 456-1, dated 3rd June 1939, from the Senior Surgeon in Mysore, on the above subject.

ORDER No. G. 13107-12—MED. 310-38-2, DATED BANGALORE, THE 23RD JUNE 1939.

Sanctioned.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department.

ELECTRICAL SECRETARIAT.

Concessions granted in connection with the purchase of Irrigation Pumps on Hire-purchase System.

READ—

Government Order No. E. D. S. 661-3, dated the 7th October 1937, in *re* Hire-purchase Rules relating to the Irrigation Pumps.

ORDER No. E. D. S. 3040-51, DATED BANGALORE, THE 24TH JUNE 1939.

During the course of the discussion in the Representative Assembly Session of May—June 1939, a representation was made that facilities at present offered by Government for the installation of irrigation pumps under the Hire-purchase System should be extended and liberalised. Under the existing rules, 50 per cent of the cost of the installation has to be paid by the consumer before the work is started and the balance is payable in two equal annual instalments. The rate of interest which was six per cent was reduced to five per cent two years ago. In order that irrigation pumps may be more largely used, Government are pleased to reduce the rate of interest referred to in para 2 (3) of the Government order of 1937, from five to four per cent per annum for a period of two years in the first instance. They further direct that the Chief Electrical Engineer be allowed the discretion to extend the period of repayment up to a maximum of five years in suitable and deserving cases instead of two years mentioned in para 2 (2) of the Government order dated 7th October 1937.

2. The other rules and conditions mentioned in the above Government order will continue to remain in force.

H. N. COLAM,
Secretary to Government,
Electrical Department.

FINANCIAL SECRETARIAT.

Sanctions the Budget Estimates for the year 1939-40.

ORDER NO. FL. 8252-8311—G. F. 371-38-1, DATED BANGALORE, THE 30TH JUNE 1939.

The Provisional Budget Estimates for the year 1939-40 were placed before the Representative Assembly for general discussion on the 31st May and 1st and 2nd June 1939. In response to the several representations made by the members in the course of discussion in the Assembly, it was agreed on behalf of Government to increase the provision under "30. Grants for Public Improvements" by Rs. 60,000. (Rs. 50,000 for Bangalore City Drainage works and Rs. 10,000 for Village and Town Improvement).

2. The estimates with the above modification were then presented to the Legislative Council, which met from the 19th June 1939, and were dealt with by that Body in the two stages of (1) General Discussion and (2) Voting of Demands for Grants, the former on 21st, 22nd, 23rd and 24th June 1939 and the latter on the 24th, 26th, 27th and 28th June 1939.

3. In the course of general discussion of the Budget at the Legislative Council, some members urged an increase in the provision for the grant of scholarships and other facilities to the pupils of the depressed classes, and it was agreed to increase the provision under this head by Rs. 5,000.

4. All the demands, including the addition of Rs. 5,000 referred to above, were passed by the Legislative Council.

5. The sanctioned estimates for the year 1939-40, as they finally stand, providing for Revenue, Expenditure and Surplus of Rs. 3,95,58,000, Rs. 3,95,12,000 and Rs. 46,000 respectively, are herewith published for general information.

A. N. RAGHAVACHAR,
Secretary to Government,
Financial Department.

BANGALORE, THURSDAY, JULY 13, 1939.

PART I

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Amendment of the Rules for the grant of Taccavi Loans to Coffee Planters in the State.

READ—

Government Order No. Camp D. 13-18—A. & E. 265-35-2, dated Camp, Mysore, 4th June 1936, sanctioning a scheme for granting taccavi loans to coffee planters in the State.

2. The following Government Orders sanctioning the continuance of the scheme from year to year :—

No. R. 5060-72—L. R. 109-36-7, dated 3rd June 1937.
No. R. 4059-70—L. R. 240-37-3, dated 7th March 1938.
No. R. 4623-34—L. R. 389-38-2, dated 24th March 1939.

3. Letter No. A1 CC. 390—38-39, dated 6th April 1939, from the Director of Industries and Commerce in Mysore, proposing the addition of a new clause to the rules for the grant of loans to coffee planters under the scheme.

ORDER No. R. 127-39—L. R. 389-38-5, DATED BANGALORE, THE 5TH JULY 1939.

The special committee appointed by Government in Government Order No. D. 8332-45—I. & C. 184-36-11, dated 7th June 1937, considered that, for the successful working of the Mysore Coffee Curing Works established at Chikmagalur, it was desirable that all the coffee in respect of which loans are given by Government should be sent to the Mysore Coffee Curing Works at Chikmagalur for curing and accordingly recommended that all the planters who drew coffee taccavi loans should bind themselves to the above conditions, a suitable clause being added in the form of agreement to be executed by them. The Director of Industries and Commerce has now proposed that, as the Mysore Coffee Curing Works, Ltd.,

cannot immediately undertake to finance the coffee growers, it is necessary that such a clause should be inserted in the rules for the grant of taccavi loans to coffee growers so that they may hand over all their coffee to the Curing Works for curing.

2. The Revenue Commissioner who was consulted in the matter is also agreeable to the proposal of the Director of Industries and Commerce. Government consider that, in the interests of the satisfactory working of the Coffee Curing Works, it is necessary that the borrowers should be required to send all their coffee to the Curing Works for curing and are accordingly pleased to approve of the addition of the condition in the rules and in the form of the mortgage bond appended to Government Order No. R. 5060-72—L. R. 109-36-7, dated 3rd June 1937. The following sentence will be added as clause 11 (a) of the rules :—

"Every person who takes a loan under this scheme should send all the coffee, in respect of which the loan is given, to the Mysore Coffee Curing Works at Chikmagalur for curing" and the following condition will be added at the end of para (6) in the form of Security Bond (Form C) prescribed by the above rules :—

"The mortgagor further agrees to send all his coffee in respect of which the loan is given, to the Mysore Coffee Curing Works at Chikmagalur for curing."

B. T. KESAVIENGAR,
Chief Secretary to Government.

Sanctions the revival of the Horticultural School and Mali Classes from 1st July 1939.

READ—

Correspondence ending with letter No. 5031, dated 13th June 1939, from the Superintendent, Government Gardens in Mysore, stating that it is proposed for reasons explained to revive the Horticultural School and Mali Classes from 1st July 1939, having a course of two years against one of three years previously, and requesting sanction to the proposal and to the grant of allowances to the departmental staff who conduct classes, the total cost of Rs. 930 as noted in the annexure being provided in the budget from 1939-40 onwards.

ORDER No. D. 11122-82—G. G. 110-38-2, DATED BANGALORE, THE 30TH JUNE 1939.

Sanctioned.

2. The syllabus for the diploma in Horticulture and the Mali classes as approved is appended hereunto.

B. T. KESAVIENGAR,
Chief Secretary to Government.

HORTICULTURAL SCHOOL.

The School will be in direct charge of the Superintendent, Horticultural Department and managed with the help of the colleagues who are deputed to lecture or teach the students.

FIRST YEAR.

1. *Horticulture.*—Soils and manures, soil cultivation and the necessary implements and tools. Laying out of gardens. Vegetable cultivation. Preventive and remedial treatment of diseases, cultivation of fruits. Methods of propagation of fruit trees, avenue and other economic trees.

2. *Botany.—Study of the structure of plants*:—Detailed morphological studies and a general anatomical knowledge. The method of propagation and reproduction of plants. Relation of plants to the chief factors in their environment. General knowledge of nutrition, growth and response.

3. *Chemistry.*—Outlines of inorganic and organic Chemistry. Simple aliphatic and aromatic compounds, hydrocarbons (carbohydrates), proteins, etc.

4. *Book-keeping.*—Principles of double entry Book-keeping. Maintenance of Cash-book, posting to Ledger. Preparation of balance sheets, etc.

5. *Surveying.*—Rules of superficial and solid mensuration. Theory and practice of simple chain surveying with the use of the cross staff, optical square, field book, etc. Computation of areas. Theory and practice of Survey by means of a Theodolite Elementary Carpentry.

SECOND YEAR.

1. *Horticulture—Horticultural Structures.*—Orchid houses, Nursery buildings, bulb house and other problems associated with the erection of structures essential for horticultural practice. The cultivation of flowering plants in pots, in ground. The cultivation of hardy annuals and perennials, bulbous and Rhizonmetous plants, budding plants, cultivation of Rose plants, and shrubs. Formation of lawns and management. Horticultural Physiology.

2. *Botany.*—General characters of Fungus, common disease of plants and methods of control, characters of Ferns and Conifers. Important families of Angiosperms with special reference to Genera, Species, etc., weeds, their identification and methods of control. Objects and methods of seed testing.

3. *Horticultural Chemistry.*—General outlines of the Chemistry of plant products, glucoides, plant pigments, carbohydrates, fats and proteins.

Soils, materials which go to form the soil, origin and distribution, physical and chemical properties of the soil and their relation to plant growth. Principles of manuring, chemical composition of farm-yard manure and important fertilizers.

4. *Horticultural Entomology.*—Position of insects in the animal kingdom. General classification of insects. Methods of prevention and remedy of insect attacks. Insecticides, their preparation and mode of application. Use of and preparation of fungicides and weed killers.

5. *Economic.*—Rural Economics.

6. *Drawing.*—Drawing and preparation of plants.

Regulation for the Diploma in Horticulture.—Diploma in Horticulture will be granted to a student who has passed :—

(*a*) S. S. L. C. or L. Ag. Examination ;
(*b*) attended the prescribed course of instructions ;
(*c*) satisfied the examiners in the examinations held in the following subjects :—

First year.	*Second year.*
Horticulture.	Horticulture.
Botany.	Botany.
Chemistry.	Horticultural Chemistry and Entomology.
Surveying.	Drawing and Planning.

MALI CLASSES.

The course of their training should extend over one year. The syllabus of practical work to be taught to them will be as follows :—

(*a*) During the first half of the year :—

1. students for two months in the flower garden learning culture of flowers ;
2. students for two months in the fruit garden learning culture of fruits ;
3. students for two months in the vegetable garden learning culture of vegetables.

(*b*) During the second half of the year :—

1. Propagation and Potting.
2. Rose garden and attending to Florists.
3. Fernery and attending to cultivation of flowers ; foliage and bulbous plants in pots.
4. Rotation of vegetable crops and practical management of plots and studying industrial and economic crops.
5. Collection of seeds and storing, tree planting, laying out garden, making bouquets, and decoration of plants.

GENERAL SECRETARIAT

Directs that the Mysore Division of the Department of Co-operation be consisted of Mysore and Mandya Districts (including Mysore City) from 1st July 1939.

READ—

Government Order No. D. 8121-3—C. S. 73-37-6, dated 19th April 1938, directing among others that the Assistant Registrar of Co-operative Societies, Mysore Division, be in charge of societies in Mysore District (including Mysore City).

2. Government Order No. R. 5603-63—L. R. 63-38-11, dated 6th May 1939, sanctioning with effect from the 1st July 1939, the bifurcation of the Mysore District into two Districts, Mysore and Mandya.

3. Letter No. 14858, dated 20th June 1939, from the Registrar of Co-operative Societies in Mysore, requesting that in view of the bifurcation of the Mysore District into Mandya and Mysore Districts, the constitution of the Mysore Division may be modified so as to include the new Mandya District in the Mysore District with effect from 1st July 1939.

ORDER No. D. 10959-61—C. S. 107-38-2, DATED BANGALORE, THE 28TH JUNE 1939.

In modification of the Government Order dated 19th April 1938, Government are pleased to direct that the Assistant Registrar, Mysore Division, will have jurisdiction over Mandya and Mysore Districts (including Mysore City), with effect from 1st July 1939.

J. APPAJI GOWDA,
Secretary to Government,
General Department.

LAW SECRETARIAT

Reduction in Establishment, Tools and Plant Charges of the public works of the District Boards undertaken by the Public Works Department.

READ—

Para 514 of the Mysore Public Works Account Code, fixing the establishment, tools and plant charges at the rate of 17½ per cent and ½ per cent, respectively, on the outlay on works and repairs executed by the Public Works Department on behalf of local bodies.

2. Government Order No. L. 2144-62—Ml. 63-35-2, dated 18th September 1935, directing that, in respect of water-supply and drainage works executed by the Bureau of Sanitary Engineering or the Public Works Department on behalf of Municipalities and District Boards, the establishment, tools and plant charges be reduced to 12 per cent and ½ per cent, respectively.

3. Report of the District Boards Finances Committee, recommending, among other things, that the establishment, tools and plant charges now recovered from the District Boards for the execution of their public works by the Public Works Department be reduced, as a special case, from 18 per cent to 12½ per cent as in the case of water-supply and drainage schemes and that the relief thus given to the District Boards might be shown in the accounts as a grant-in-aid by Government.

ORDER No. L. 1-20—L. B. 83-38-18, DATED BANGALORE, THE 1ST JULY 1939.

The District Boards have been repeatedly representing that the levy of contribution at the rate of 18 per cent on account of the establishment, tools and plant charges on the outlay in respect of the public works—original and repair—undertaken on their behalf by the Public Works Department is pressing heavily on their slender resources and that it may be reduced.

2. This question was examined by the District Boards Finances Committee. The Committee has come to the conclusion that, although the charges incurred by the Public Works Department on this account actually work out to a higher figure, the District Boards in the present state of their finances require some relief urgently and accordingly recommends that the establishment, tools and plant charges may be reduced, as a special case, to 12½ per cent on the analogy of the rate fixed in respect of water-supply and drainage works. This recommendation has also been approved by the Standing Committee for Local Self-Government, etc.

3. Government have carefully examined the question further in consultation with the Chief Engineer, as a result of which it is found that the establishment, tools and plant charges on the total works outlay of the Public Works Department actually work out to more than 18 per cent, that the rate of 17½ per cent now fixed is not high and that any reduction involves loss to Government. Further, the District Boards have to pay more if they engage a separate engineering establishment of their own to do such work. The concessional rate of 12½ per cent allowed in respect of water-supply and drainage schemes cannot be applied to the District Board Works, as in respect of the former, the bulk of the outlay relates to machinery

and pipes which are all finished articles in respect of which the work of supervision will be comparatively little or negligible.

But, having regard to the present unsatisfactory finances of the District Boards, Government direct that the establishment, tools and plant charges in respect of the public works undertaken by the Public Works Department on behalf of the District Boards be fixed tentatively at 15½ per cent for a period of three years, the position being reviewed thereafter. The Chief Engineer is requested to submit to Government a report at the end of the above period as to how the arrangement has worked.

4. Government accept the other recommendation of the Committee that the relief given to the District Boards by the reduction of the charges may be shown in the accounts as a grant-in-aid by Government.

Physical Fitness Certificates for Students.

READ—

Representation No. 160 brought up for discussion at the Dasara Session of the Representative Assembly, 1938, regarding the abolition or reduction of fees on physical fitness certificates for students.

2. Letter No. G. C. 73-1, dated 7th September 1938, from the Senior Surgeon, furnishing his opinion on the above representation.

3. Correspondence ending with letter No. 7359, dated 27th September 1938, from the Registrar of the Mysore University, agreeing with the views of the Senior Surgeon on the above subject.

ORDER No. G. 550-4—MED. 359-38-1, DATED BANGALORE, THE 13TH JULY 1939.

It was represented that the production of a Physical Fitness Certificate signed by an Assistant Surgeon along with the application for admission is prescribed and enforced in the case of pupils desirous of joining the Engineering College and School, the Medical College and the Agricultural School and that as some District Medical Officers refuse to give a certificate unless a fee of Rs. 5 is paid, which works as a hardship, the fee may either be abolished or reduced to not more than Re. 1.

2. The Senior Surgeon states that the production of a physical fitness certificate is necessary in the interests of the student himself in regard to the professional courses referred to above as his unfitness may be discovered later during the course, resulting in considerable waste of energy, time and money. He adds that the authorities of the schools concerned consider it necessary to have such certificates from medical officers of the status of Assistant Surgeons. He states that the question of granting these certificates free is one which has to be left to the discretion of the medical officers and suggests that if educational authorities are satisfied with a certificate from a Sub-Assistant Surgeon, the fee may not exceed Rs. 2.

3. The Director of Public Instruction, the Registrar of the Mysore University and the Director of Agriculture who have been consulted in the matter, in respect of the candidates for admission to the School of Engineering, the professional courses of the University and the Agricultural School, respectively, are agreeable to the proposal of the Senior Surgeon that the certificate of physical fitness may be given by the Sub-Assistant Surgeons on payment of a fee not exceeding Rs. 2 each.

In the circumstances, the Senior Surgeon's proposal agreed to by the Director of Public Instruction, the Registrar, Mysore University and the Director of Agriculture, is approved.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department.

LAW SECRETARIAT.

Exempts the Hand-loom Products from the Levy of Octroi Duty.

READ—

Rule 91 (1) of the Municipal Accounts Manual, Part II, exempting Mysore-made Kamblies from the payment of octroi duty in all the Municipalities in the State.

2. Schedule I of the Rules regulating taxation in Minor Municipalities in the State, exempting, among other things, hand-spun khadi from payment of octroi duty.

3. Letter No. L. 5232-9—Ml. 170-35-2, dated the 15th January 1936, from the Secretary to Government, Development Department, to the Deputy Commissioners of Districts in the matter of exempting hand-spun khadi from the levy of octroi duty in the Town Municipalities in the State.

4. Correspondence ending with letter No. D5-263—38-39, dated the 28th March 1939, from the Director of Industries and Commerce in Mysore, recommending, in the circumstances stated, the grant of general exemption from payment of octroi duty in the City, Town and Minor Municipalities in the State in respect of all the hand-loom products in the State—whether of cotton, silk or wool.

ORDER No. L. 326-38—ML. 85-39-6, DATED BANGALORE, THE 10TH JULY 1939.

The Director of Industries and Commerce states that, in spite of the department making every effort to improve the hand-loom industry in the State, it is suffering from several kinds of handicaps on account of the severe competition from the Power-loom Factories and Mills working both within and without the State. As one of the practical ways of helping the weaving industry which is already hard hit, he has urged the necessity of extending the concession granted by Rule 91 (1) of the Municipal Accounts Manual in respect of the hand-made Kamblies in the State, by exempting all the hand-loom products manufactured in the State—whether of cotton, silk or wool—from the payment of octroi duty when they are imported into the Municipal limits. He further proposes to take action to restrict the concession to the local products only by arranging through the weaving demonstration section of his department for the certification of such products.

2. Government accept the recommendation of the Director of Industries and Commerce, as it will give further encouragement to this indigenous cottage industry, which is in urgent need of such assistance and are pleased, under the provisions of the marginally noted Sections of the Mysore City, Town and Minor Municipalities Acts respectively, of 1933, to exempt the imports into the Municipal limits of hand-loom products manufactured within the State from the payment of octroi duty, subject to their being certified by the Industries and Commerce Department.

(1) Section 64 proviso (d).
(2) Section 61 proviso (d).
(3) Section 65 read with Section 106.

3. The Comptroller to Government is requested to issue the necessary correction slips to the Municipal Accounts Manual, Part II.

4. The City Municipal Councils and the Town Municipal Councils are requested to incorporate this exemption in the taxation rules in force in their respective Municipalities.

C. SUBRAHMANYA AIYAR,
Secretary to Government,
Law Department.

Abolishes the Railway Cess in the Tumkur District and levies a special cess of three pies under Section 69 of the District Boards Act.

READ—

Letter No. C. 585—35-36, dated 19th February 1937, from the President, District Board, Tumkur, stating that in order to balance its budget, the District Board has resolved that the railway cess of three pies now being levied in the District may be converted into a local cess, thereby abolishing the railway cess and increasing the local cess from one anna to one anna three pies, so that the Board may utilise the extra income for normal expenditure or that in the alternative the interest on the railway cess investment may be treated as the normal income of the Board, so that it may be utilised or expenditure on normal items and requesting sanction thereto.

2. Report of the District Boards Finance Committee recommending, among other things, that as there is no prospect of a railway being undertaken in the Tumkur District; the District, Board may abolish the railway cess and levy in its stead a special cess under Section 69 of the Mysore District Boards Act which will place its finances on a satisfactory footing and adding that, as the local cess has to be dealt with on an all-State basis, the better course for the District Board is to take action as recommended by the Committee.

3. Letter No. C. 392—38-39, dated 15th February 1939, from the President, District Board, Tumkur, forwarding the resolution of the District Board that the three pies railway cess may be replaced by a special cess of three pies under Section 69 of the District Boards Act, as recommended by the District Boards Finance Committee.

ORDER No. L. 452-8—L. B. 113-35-73, DATED BANGALORE, THE 13TH JULY 1939.

Government accept the recommendation of the District Boards Finance Committee, agreed to by the Tumkur District Board and are pleased to direct that the railway cess of three pies in the Tumkur District be abolished and that a special cess of three pies under Section 69 of the District Boards Act be levied by the District Board. The levy will come into effect from the current year.

2. The Comptroller is requested to issue the necessary instructions to the treasury in regard to the receipt and accounting, etc., of the said cess.

Progress of work done in the villages selected for concentrated propaganda for Rural Welfare Work.

READ—

Letter No. C. Per Hy. 21-2—37-38, dated 25th May 1939, from the Revenue Commissioner in Mysore, forwarding a brief report showing the progress of work done in the villages selected for intensive rural propaganda for the half-year ended 31st December 1938.

ORDER No. L. 235-6—V. P. 40-38-4, DATED BANGALORE, THE 6TH JULY 1939.

Recorded.

2. The report will be published in the *Mysore Gazette* for general information.

C. SUBRAHMANYA AIYAR,
Secretary to Government,
Law Department.

ANNEXURE.

Report on the progress of work done in the villages selected for concentrated propaganda for Rural Welfare Work in the State during the half-year ending 31st December 1938.

The scheme for organising concentrated propaganda for rural welfare worked in 234 villages in the State as against 191 in the previous half-year. A list showing the selected villages is annexed. Fresh programmes were drawn up in respect of the villages newly selected for the purpose according to their local requirements.

2. The District reports narrate in detail the progress of work done in the selected villages. The following is however a brief abstract of the important improvements undertaken by the officers of the several Development Departments during the half-year under report.

I. Revenue Department.

(*i*) *Raising the standard of Village Panchayet Administration.*—Most of the selected villages have reached a much higher standard of activity in that they are collecting their taxes fairly regularly, holding monthly meetings, preparing annual budgets and undertaking works of local utility. Out of a total demand of Rs. 2,25,139 (inclusive of arrears) in respect of the selected villages, a sum of Rs. 46,009 (inclusive of remissions amounting to Rs. 3,757) was collected during the half-year under report. Although the collection work cannot be said to be satisfactory, it is decidedly an improvement as compared with the other Panchayets. One thousand two hundred and eight meetings were held by the several Panchayets during the half-year, of which 190 were special meetings. Matters relating to their local requirements such as sanitation, water supply, etc., were discussed during these meetings. One hundred and sixty-six Village Panchayets have prepared budget estimates and the accounts of 127 Village Panchayets were audited by the Revenue Officers and the Audit Staff. Thirteen Village Panchayets are levying optional taxes and proposals in respect of some more is stated to be under correspondence. Of these 13 Village Panchayets, eight in the Bangalore District are levying this additional tax to meet the annual maintenance charges of electric lights. The proposal of the Hangala Village Panchayet in Gundlupet Taluk to levy an optional tax at annas four per mensem from each house owner in order to meet the maintenance charges of the water works in the villages, has been sanctioned in Government Order No. L. 4063-65—V. P. 31-38-2, dated 17th November 1938.

(*ii*) *Water Supply.*—All the selected villages command facilities for good drinking water. Thirty-two selected villages have protected water-supply. In 105 villages separate wells have been sunk for Adikarnatakas. The construction of a separate well for the use of the Mohammedans is under progress in Jayachamarajpura village, Arsikere Taluk. The Adikarnataka well at Dudda, Hassan Taluk, was constructed at a cost of Rs. 1,000. The Bore-wells in Antharasanthe, Heggadadevankote Taluk and Chinkurli, French-Rocks Taluk, were provided with pumps. The question of giving water supply to Yeslur and Arehalli of Manjarabad and Belur Taluks respectively, is under consideration, and the projects have been called for from the Sanitary Engineer.

Besides the above, improvements to the existing sources of water supply were undertaken in many of the selected villages.

(*iii*) *Improvement of village sites and streets according to a definite plan and weekly tidying up of villages.*—The usual ordinary village improvement works such as clearing lantana and other rank vegetation, dismantling all old and ugly buildings, repairs to the existing roads, filling up of ruts and pits, white-washing the walls of houses, construction of tiled houses in place of thatched ones, etc., were undertaken. The following is a brief account of the actual works that were undertaken in the selected villages during the half-year :—

(1) Improvement of the villages according to a definite plan was undertaken in 116 villages.
(2) Separate extensions for Adikarnatakas have been formed in 45 villages.

(3) Action was taken for the acquisition of certain ugly and dilapidated structures in Dodmalur village, Chennapatna Taluk, for the formation of new sites, parks and roads according to a lay-out plan. New roads and parks have been laid out in some portions of the village and the ancient monument of Sri Aprameyaswami temple of the village made prominent.

(4) In Mattikere village, Chennapatna Taluk, the existing roads were improved by the construction of "L" shaped drains on either side of the road.

(5) Cocoanut avenues with tree guards have been planted in Mattikere and Dodmalur villages, Chennapatna Taluk.

(6) The villagers of Hebbal and Chandigal in Krishnarajnagar Taluk have proposed to conduct a plane table survey of their villages.

(7) In Belagola village, Seringapatam Taluk, two sets of model houses according to approved design have been constructed out of Government grant for being leased out to deserving Adikarnatakas at nominal rent. The construction of four more sets of houses is proposed to be taken up.

(8) In Dudda Village Panchayet, Hassan Taluk, a fine approach road was constructed with a cocoanut avenue.

(9) Drains have been completed at Shantigrama, Hassan Taluk, and a park has also been laid out.

(10) Gorur Village Panchayet, Hassan Taluk, has taken action to fill up the fort ditch at a cost of Rs. 1,000 towards which a sum of Rs. 200 has been sanctioned out of the Rural Reconstruction Grant.

(11) The construction of "V" shaped drains is under progress in Gandasi and Jayachamarajpura villages in Arsikere Taluk.

(12) The work of getting block plans prepared and incorporating therein the several improvements to be effected as per programme, has been put into effect in respect of the villages of Tangli, Lakkavalli, Balehonnur and Banakal in Kadur District. Seven Village Panchayets have placed Rs. 10 each at the disposal of the Public Works Department for the preparation of these plans.

(13) The Gurulingiah circle at Mayaganahalli, Chennapatna Taluk, was opened by the Dewan and the opening ceremony of the water works at the place was performed by the Second Member of Council.

Almost all the Village Panchayets are attending to the improvement of their villages by keeping them neat and tidy. About 129 Village Panchayets have maintained sweeping and scavanging establishments while in other villages this work is being attended to by the villagers themselves. The question of acquisition of lands for village extensions wherever necessary and possible is also under consideration.

II. Education Department.

(*i*) *Increasing the number of school-going children.*—Almost all the selected villages have been provided with schools. There are Middle Schools at Melur, Siddlaghatta Taluk, Bilichodu and Donihalli in Jagalur Taluk. Upper Primary Schools have been opened at Nandi and Peerasandra in Chikballapur Taluk, Chikjajur in Holalkere Taluk, Kondajji and Sirigere in Harihar Sub-Taluk. There was a fair increase in the number of school-going children except in a few selected villages of Tumkur and Chitaldrug where unfavourable seasonal conditions prevailed. The strength increased by 589 during the half-year under report in respect of the schools in the selected villages of Bangalore, Kolar, Tumkur and Mysore Districts.

(*ii*) *Opening of Adult Schools.*—Adult schools have been opened in 21 selected villages as noted below :—

Bangalore District	...	Varthur and Harohalli.
Tumkur District	...	Gulur, Kodigenahalli, Byalya and Hosakere.
Mysore District	...	Thandavapura and Induvala.
Hassan District.	...	Dudda and Kundur.
Shimoga District	...	Lingadahalli, Goppenahalli, Kariganur, Kaginelli, Belagavi, Salur, Yennekoppa and Keladi.
Kadur District	...	Hiregouja, Bettadahalli and Bidarahalli.

The Deputy Commissioner, Tumkur District, makes special mention of the adult school at Byalya in Madhugiri Taluk, which by its work has attracted many of the Adikarnatakas of the place who have now abstained from intoxicating drinks and has thus provided a healthy use for their leasure hours.

(*iii*) *Scouting.*—Scouting has been introduced in 77 selected villages in the several districts as noted in the margin. The several scout training camps organised throughout the State by the Boy Scout Headquarters at Bangalore, were very popular. A few Amildars and Revenue Inspectors and many village officers, Village Panchayet chairmen and members underwent training in Scout movement at these camps.

III. Department of Health.

(*i*) *Vaccination.*—It is reported that 4,764 persons in the selected villages of the several districts were vaccinated during the half-year. The Deputy Commissioner, Shimoga District, reports that Magic Lantern lectures on Health subjects were delivered by the District Health Officer, in the villages of Nidige, Bhimanakone and Chinikatte and Health talks were given in 16 selected villages.

(*ii*) *Maternity Home.*—Maternity homes have been opened in the following 13 selected villages :—

Kolar Taluk ...	... Vokkaleri and Holur.
Mulbagal Taluk ...	... Byrakur.
Chikballapur Taluk ...	... Peerasandra.
Bagepalli Taluk ...	... Marganakunte.
Gudibanda Sub-Taluk ...	... Beechaganahalli.
Pavagada Taluk ...	... Hoskote.
Tumkur Taluk ...	... Hebbur.
Chiknaikanahalli Taluk	... Huliyar.
Tiptur Taluk ...	... Honnavalli.
Hunsur Taluk ...	... Bilikere.
T.-Narasipur Taluk ...	... Gargeswari.
Hassan Taluk ...	... Dudda.

Midwives have been stationed in Bidadi, Sondekoppa and Baragur in Tumkur District, Vokkaleri and Holur in Kolar District. Fortnightly visits by the Lady Doctors have been arranged for in the villages of Thandavapura and Bilikere in Mysore District. Baby shows were organised at Nidige and Bhimanakone in the Shimoga Disttict when 80 children and mothers were examined and advised on maternity and child-welfare. A subsidised Rural Dispensary was sanctioned at Mangalwada in Pavagada Taluk and the construction of a maternity home at Ravandur, Hunsur Taluk, was completed.

(*iii*) *Distribution of Quinine.*—Arrangements have been made for the distribution of quinine wherever there was need for the same. The District Board, Kolar, distributed 15,500 pills in five villages and that of Tumkur supplied 750 tablets in three villages. Ten pounds of quinine were distributed in the Malnad parts of the Hassan District by the Medical Department and the District Board. The Village Panchayets of Bilikere, Kamalapura and Ravandur in Hunsur Taluk, Thandavapura in Nanjangud Taluk, Uppanahalli and Hadli in Malavalli Taluk, distributed 950 pills to their villages. Besides this, the Rural Health Unit at Mandya distributed 1,730 pills in the four selected villages of Mandya and Maddur Taluks.

IV. Department of Agriculture including Veterinary.

(*i*) *Better Farming methods including supply of good seeds and implements.*—Propaganda and demonstrations regarding better farming methods were undertaken by the officers of the Agricultural Department in 68 selected villages. Twenty-four ploughing demonstrations were conducted in the selected villages of Honnali and Chennagiri Taluks and 20 in the three selected villages of Jagalur Taluk. Improved seeds such as H. 22 Ragi, S 246 Paddy, H. G. 1. Groundnut and H. M. 320 Sugarcane, etc., were supplied to 86 villages. A sum of Rs. 486 was spent in the Kolar District for supplying improved seeds to the selected villages. Besides this, improved agricultural implements such as Eureka plough, K. M. Cultivator, etc., are in use in 46 villages. A sum of Rs. 1,315 in the Kolar District and Rs. 83 in the Hassan District was spent for purchase of improved implements. The experimental farm at Thandavapura, Nanjangud Taluk, is reported to have been maintained well.

(*ii*) *Poultry farming.*—Poultry farming has been introduced in the following 47 villages :—

Bangalore District	...	Yediyur, Dodbelavangala, Dodmalur, Mattikere and Bidadi.
Kolar District ...	...	Chakavelu and Margankunte.
Tumkur District	...	Gulur, Kyathasandra, Thovinakere, Mangalawada, Thandaga, Huliyar and Baragur.
Mysore District ...	...	Bogadi, Chatanahalli, Bilikere, Ravandur, Thandavapura, Gargeswari, Kodagahalli, Sriraghavapur, Budanoor, Induval and Poorigali.
Hassan District ...	...	Hirisave, Nuggihalli, Jayachamarajpur, Gandasi, Mudlahippe and Kattebelagali.
Shimoga District	...	Gajanur, Hosahalli, Santhekadur, Holalur, Nidige, Salur, Belagavi, Hosabale, Yennekoppa, Ayanur, Kariganur and Soratur.
Kadur District ...	...	Mathighatta.
Chitaldrug District	...	Adivala, Belaghatta and Doddabathi.

The supply of white Leg-horn fowls and other varieties was made to many other selected villages.

(*iii*) *Bee-keeping.*—Bee-keeping has been introduced in 14 villages. A bee-hive at a cost of Rs. 16 was supplied to Antharsanthe village, Heggadadevankote Taluk.

(*iv*) *Dairying.*—Dairying has been introduced in Yediyur village, Bangalore Taluk. This is proposed to be introduced into Doddabathi, Davangere Taluk.

(*v*) *Planting of fruit trees.*—About 48 selected Village Panchayets are rearing fruit and flower plants of different kinds in their villages. Fourteen Village Panchayets have laid out village gardens. The Central Nursery of Economic Plants at Bogadi was shifted to a more suitable place and a sum of Rs. 171 was spent during the half-year for its upkeep. A fruit orchard was laid out in Bilikere, Hunsur Taluk, on the last Vijayadasami day and the orchard is in good condition.

(*vi*) *Improvement of Live-stock.*—Forty-five Village Panchayets have maintained breeding bulls while many others have maintained Hallikar bulls also. The three Merino rams maintained in Bogadi, Mysore Taluk, are stated to be in good condition. The raiyats of Bilikere, Hunsur Taluk, are evincing great interest in sheep-breeding and have purchased Merino rams for improving the local breed. With a view to popularise goat's milk in the Malnad, Goat rearing has been introduced in five selected villages of Shimoga District, as an experimental measure.

(*vi*) *Improvement of Gomal Land.*—The scheme for the improvement of grass lands by regulated grazing is being tried in a few selected villages in each district.

V. Department of Industries and Commerce.

(*i*) *Sericulture.*—Sericulture industry has been introduced in Chikjala, Bidalur, Dodmalur, and Bidadi in Bangalore District, Talagavara, Ablodu, Melur and Nandi in Kolar District and Ummathur and Hadli in Mysore District. Seven hundred and fifty D. F. layings were supplied to the seed rearers at Bidadi free of cost, which yielded 294 lbs. of cocoons. Ninety pounds of cocoons were disposed of for seed and the rest retained for rearing. The Seed Campaign Office at Bidadi was visited by a number of Sericulturists all over the State and 709,500 seed cocoons were supplied during the half-year. The Sericultural grainage at Melur, Sidlaghatta Taluk, is stated to be working well. Mulberry cultivation as an agricultural industry is pursued by several raiyats in Melur and other surrounding villages. The Silk grainage at Talagavara, Chintamani Taluk, is being managed by the Sericultural Department.

(*ii*) *Hand-loom Weaving and other Cottage Industries.*—The Department conducted a survey of rural industries in all the selected villages of Hassan District. Hand-loom weaving has been introduced in Doddabelavangala, Dodballapur Taluk, Lakkur, Peeresandra and Doddakurugodu in Kolar District, Kodigenahalli in Madhugiri Taluk, Chinnadagudihundi in Nanjangud Taluk and Bagur in Hosadurga Taluk. A Khadi centre has been started at Kodigenahalli. Hand-loom weaving of sarees and dhoties is being practised in Chinnadagudihundi in Nanjangud Taluk

where it is contemplated to introduce the Fly Shuttle Looms. The weaving shed at Nidige, Shimoga Taluk, was completed. Demonstrations in cotton weaving and the manufacture of druggets at Bagur, Hosadurga Taluk, are stated to be progressing well. With a view to further develop the industry, the Co-operative Society at the place has resolved to purchase wool, cotton and charakas at a cost of Rs. 750. A weaving demonstration was conducted at Henthikote, Hiriyur Taluk, towards which a sum of Rs. 40 was sanctioned out of the Rural Reconstruction Grant.

(*iii*) *Standard Weights and Measures.*—It is reported that standard weights and measures are in use in Kengeri, Varthur and Bidadi Villages in Bangalore District, Nangli, Byrakur, Nandi and Peerasandra in Kolar District and Hebbal, Chandigal, Hampapura, Belagola, Kurabarasettihalli, Palagrahara, Sriraghurampura and Chinya in Mysore District.

VI. Co-operative Department.

Energetic measures were taken by the officers of the Department to revive the existing societies which have become defunct. At present, Co-operative Societies exist in 156 selected villages and considerable business is reported to have been transacted by them during the half-year. The Sericultural Co-operative Society at Melur, Sidlaghatta Taluk, sold D. F. layings worth Rs. 592 and purchased seed cocoons at a cost of Rs. 589. The Gajanur Co-operative Society in Shimoga Taluk have resolved to stock and sell pounded rice to the villagers.

VII. General.

It is just two years since the scheme was inaugurated in the State and during this period 234 villages have been selected for the purpose. The advantages of the scheme have been fairly realised by the rural population and already there has been a clamour for increasing the number of model villages. Larger grants were made available for the improvement of the selected villages, such as provision of drinking-water wells, construction of approach roads, purchase of stud bulls, opening rural maternity homes and dispensaries and for the introduction of several subsidiary rural industries. The local officers of the several departments and the local people also evinced keen interest in the working of the scheme.

Transfers Devikunte Village in the Devikunte Firka to the Gorthipalli Firka in the Bagepalli Taluk.

READ—

Letter No. C. 3307—38-39, dated 30th June 1939, from the Revenue Commissioner in Mysore, recommending sanction to the proposal of the Deputy Commissioner, Kolar District, that Devikunte Village, Bagepalli Taluk, may be separated from the Devikunte Firka and added on to the Gorthipalli Firka of the aforesaid taluk.

ORDER No. R. 500-04—L. R. 30-39-2, DATED BANGALORE, THE 18TH JULY 1939.

It is reported by the Deputy Commissioner, Kolar, that in the interests of administrative convenience, it would be better to separate Devikunte village from the Firka of the same name and to add it on to Gorthipalli Firka in the Bagepalli Taluk, and that the proposal was duly notified and that no objections from the public have been received. The Superintendent of Land Records, is agreeable to this proposal. The Revenue Commissioner also supports the proposal of the Deputy Commissioner. In the circumstances stated, Government are pleased to sanction the recommendation of the Deputy Commissioner.

B. T. KESAVIENGAR,
Chief Secretary to Government.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Rules providing for the Remission and Suspension of Assessment on Dry Lands.

READ—

Letter No. C. 5602—37-38, dated 19th January 1939, from the Revenue Commissioner in Mysore, submitting proposals for the further liberalisation of the remission rules specially to provide for the remission of assessment on dry lands when there is a general failure of dry crops.

ORDER NO. R. 753-64—R. M. 49-39-2, DATED BANGALORE, THE 29TH JULY 1939.

The question of issuing a set of rules to regulate the grant of remission of assessment on dry lands on failure of dry crops owing to absence or inadequacy of rain-fall has been urged on Government from a long time past in the Representative Assembly and the Legislative Council as well as in the District Conferences.

2. Under the system of Land Revenue Settlement in Mysore, the assessment is based on average agricultural conditions taking good and bad years into consideration and consequently, any abatement of the established assessment has been regarded as an exceptional measure. Any special rules regarding remissions in cases of failure of crop owing to the vicissitudes of the season have been considered unnecessary, as sufficient allowance has been made for this factor in fixing the assessment. Nevertheless, Government have declared their policy that where, owing to the existence of widespread distress, relief is considered necessary, they would always be prepared to consider each case separately according to its merits. Following this policy, seasonal remissions of assessment have been sanctioned from a long time in tracts in which distress was found to be prevalent. In view, however,

of the insistent representations made at successive sessions of the Representative Assembly for a change of policy so as to afford greater relief to the raiyats, Government sanctioned, in the year 1922, a scheme for the grant of remission of assessment on wet and garden lands. These rules have been liberalised from time to time in the years 1925, 1927 and 1932, and during the past three years particularly, in view of the agricultural depression, the conditions in which relief is to be granted have been relaxed and remissions of wet and garden assessment have been sanctioned on a very generous scale. During the current year, the remission rules have been extended to rainfed wet lands also.

3. In regard to dry assessment there are at present no definite rules. In view of the failure of crops in 1934-35 in certain parts of the State, the Agriculturists' Relief Committee suggested that, in tracts where crops had completely failed and where conditions of distress prevailed, the question of granting some concession by way of remission of a part of the assessment on dry lands might be favourably considered. But Government observed that, though the existing rules made no provision for the remission of dry assessment, Government would always be prepared, as a special concession outside the rules, to sanction suspension of revenue in tracts which suffered severely by drought and where necessary, to sanction even a remission of part of the demand. In accordance with this policy, Government sanctioned the suspension and remission of dry assessment in some affected parts of the Kolar District during the year 1934-35. Owing to the continued fall in the prices of agricultural produce, Government have also reduced the maximum rate of dry assessment from Rs. 3-8-0 to Rs. 2-12-0. This involved a recurring loss of revenue of nearly a lakh and a half rupees.

4. Notwithstanding these concessions, representations continue to be made in the Representative Assembly and the Legislative Council that definite rules should be formulated regarding the conditions and extent of the concession that would be allowed in regard to dry assessment. During the June Session of the Legislative Council in 1938 Government promised to examine the matter and pass suitable orders.

5. The Revenue Commissioner has since examined the question in detail and considers that, although Government are prepared to sanction remission of dry assessment in special cases, it is necessary to lay down definite rules regarding the circumstances in which such relief should be recommended, as such rules would enable local officers to initiate action when the need arises and help the raiyats to understand when and to what extent they may expect relief. Agreeing in this view, Government are pleased to approve of the following rules to regulate the suspension of the collection, and the grant of remissions of dry assessment:—

(1) Where the Deputy Commissioner has ascertained by local enquiries that owing to a partial or total failure or destruction of the crops throughout any tract on account of drought or other cause, it will be necessary to suspend the collection of land revenue in any area, he is authorised, especially where the tract is already impoverished, or the previous harvests have been poor, to grant suspension of one-fourth assessment and report the fact to the Government through the Revenue Commissioner. The suspended revenue will normally be collected in the following year along with the assessment of that year.

(2) If during the year following the year of suspension of revenue also, the crops fail, the suspended assessment will be remitted by the Deputy Commissioner after obtaining the sanction of Government.

(3) Application for relief under the rules should be made by the villagers concerned to the Amildar before the 30th November.

(4) The Amildar, shall, on receipt of such application make personal inspection of the affected tract without delay and submit a detailed report of the result to the Sub-Division Officer, who will forward it to the Deputy Commissioner before the first January, with his own opinion after personal inspection and such further enquiry as he may consider necessary, to satisfy himself about the accuracy of the Amildar's report.

(5) If in a tract there are lands which are not cultivated ordinarily in a normal year and would presumably have been left uncultivated even if the season had been a normal one, no remission should be granted in such cases.

(6) The above concessions will not be granted if only one village or a small group of villages are affected.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Orders the forfeiture of the copies of "The Case for India" by Will Durant.

ORDER No. P. 650-9—P. P. 10-39-2, DATED BANGALORE, THE 2ND AUGUST 1939.

Whereas the Government of His Highness the Maharaja of Mysore are satisfied that a book known as "The Case for India" by Will Durant, printed at the Hosali Power Press, 'Clarendon Hall,' 6, Ulsoor Road, Bangalore, tends directly or indirectly to bring into hatred or contempt the Government established by law in British India, and to excite disaffection towards the said Government and to promote feelings of hatred between different classes of His Majesty's subjects, and

Whereas the Government are satisfied that in public interests it is necessary to prohibit the entry and the circulation of the said book in the State;

It is hereby declared and ordered that every copy of the said book found in the State shall be forfeited to His Highness the Maharaja. Any Police Officer may seize any copy of the said publication wherever found in the State and any Magistrate may by warrant, authorise any Police Officer not below the rank of a Sub-Inspector to enter upon and search for the same in any premises where such publication may be or is reasonably suspected to be.

B. T. KESAVIENGAR,
Chief Secretary to Government.

Revenue Sub-Division, Bhadravati.

READ—

Correspondence ending with letter No. C. 2072—38-39, dated 14th June 1939, from the Revenue Commissioner in Mysore, submitting proposals regarding the constitution of a Revenue Sub-Division with headquarters at Bhadravati.

2. Un-official Note No. 241, dated 22nd June 1939, from the Chairman, Mysore Iron and Steel Works, on the subject.

ORDER No. R. 631-93—L. R. 516-38-4, DATED BANGALORE, THE 25TH JULY 1939.

The question of making satisfactory arrangements for the local administration of Bhadravati (new and old towns), in view of the growing importance of this

industrial area and consequently of the old town, has been under the consideration of Government for sometime past. At present, the administration of the industrial area is vested in a special board, known as the Bhadravati New Town Board, consisting of five members, of whom the General Manager of the Mysore Iron and Steel Works is the Chairman and the Assistant Commissioner in charge of the Shimoga Sub-Division is one of the members. The old town has been constituted into a minor municipal council under the Minor Municipalities Act with the Sub-Division Officer, Shimoga Sub-Division, as its President. In view of his other varied duties, the General Manager of the Iron and Steel Works cannot devote sufficient attention to the municipal administration of the new town and likewise, the President of the Old Town Municipality, who has his headquarters at Shimoga and whose visits to Bhadravati have necessarily to be infrequent, cannot exercise efficient control over the affairs of the Minor Municipal Council.

2. The population of the two towns has been on the increase and with the growth of the labour population, it is desirable to station at Bhadravati an officer who can exercise Magisterial powers.

3. Having regard to these requirements, Government are pleased to direct that an Assistant Commissioner and *ex-officio* First Class Magistrate be posted to Bhadravati as the President of the Bhadravati Old Town Minor Municipal Council and President or Vice-President of the New Town Board. As the work connected with these local bodies will not occupy his whole time, he will be the Revenue Sub-Division Officer of the Chennagiri Taluk also. This arrangement will relieve the Sub-Division Officer, Shimoga Sub-Division, of a portion of his revenue work and enable him to devote more attention to the revenue work of the rest of the Sub-Division.

4. As regards the establishment, the Revenue Commissioner has proposed that the staff as detailed in the statement appended to this order involving an extra expenditure of Rs. 8,540 may be sanctioned. The proposal of the Revenue Commissioner is sanctioned. For the present, 25 per cent of this expenditure will be debited to the Mysore Iron and Steel Works. Necessary provision has also been included in the Budget for the expenditure to be debited to State Funds.

5. Until the requisite accommodation for the office is made available, the Office of the Sub-Division Officer will be located in the Travellers' Bungalow and the Forest Ranger's Quarters will be made available for the residence of the Assistant Commissioner in charge of the new Sub-Division.

B. T. KESAVIENGAR,
Chief Secretary to Government.

Forest Settlement of the Ippadi Forest Extension Block in the Kunigal Taluk.

READ—

Government Notification No. G. 8952—Ft. 242-36-2, dated 8th May 1937, issued under Section 4 of the Forest Act in the matter of the proposed constitution of the Ippadi Forest Extension Block in the Kunigal Taluk.

2. Letter No. S. 2-57-1088—38-39, dated 22nd May 1939, from the Chief Conservator of Forests in Mysore, forwarding the Forest Settlement Officer's report on the conclusion of the settlement of the block and requesting the issue of the final notification in the matter.

3. Memo No. C. 6133—38-39, dated the 15th July 1939, from the Revenue Commissioner in Mysore, stating that he is agreeable to the proposal.

ORDER NO. A. F. 136-9—FT. 246-38-2, DATED BANGALORE, THE 29TH JULY 1939.

The settlement effected by the Forest Settlement Officer and agreed to by the Revenue Commissioner and the Chief Conservator of Forests is approved. The Notification under Section 17 of the Forest Act, constituting the block a State Forest with effect from 1st October 1939, will be published in the Gazette.

2. The Deputy Commissioner, Tumkur District, is requested to duly promulgate the boundaries of the block in the villages concerned.

J. APPAJI GOWDA,
Secretary to Government,
General Department.

ANNEXURE.

No. A. F. 140—Ft. 246-38-3, dated 29th July 1939.

The Government of Mysore are pleased to declare, under Section 17 of the Mysore Forest Act, XI of 1900, that from the 1st October 1939 the area, the boundaries of which are set forth in the Schedule appended to this notification, shall be deemed to be a "State Forest."

By Order,
J. APPAJI GOWDA,
Secretary to Government,
General Department.

District	Taluk	Hobli	Village	Area	Name of Block	Remarks
				A. G.		
Tumkur	Kunigal	Huliyurdurga	Ippadi	4 0	Ippadi State Forest Extension	This block is situated at a distance of about 10 miles north east of Huliyurdurga and abuts the north-eastern boundary of Ippadi State Forest.
			Nagenahalli ...	112 0		
			Total ...	116 0 or '18 Square mile.		

Boundaries.

North.—Starting from a point 13 chains south-east from the north-east corner of Survey No. 110 of Ippadi village on the northern demarcation line of the Ippadi State Forest, the line runs north-east through Survey No. 111 of Ippadi village for about 10 chains to the trijunction bandhs of Ippadi, Hunsekuppe and Naganahalli villages; then north-east along the southern boundary of Hunsekuppe for about 9 chains to a point about 10 chains south-west from the north-west corner of Survey No. 111 of Naganahalli.

East.—Then south-east through Survey No. 109 of Naganahalli for about 61 chains in a straight line to the north-east corner of Survey No. 96 of Naganahalli.

South.—Then south-west along the northern boundary of Survey Nos. 96 and 98 of Naganahalli for about 6 chains to the north-west corner of latter survey number; then crossing the halla, runs south-west along the halla flowing on the western side of Survey Nos. 98, 100 and 101 of Naganahalli and meets the eastern boundary of Ippadi State Forest.

West.—Then north-west along the eastern demarcation line of the Ippadi State Forest meets starting point.

STATEMENT B.—Register of claims to lands, rights to forest produce or easement in the proposed Ippadi Forest Extension Block in Kunigal Taluk, Tumkur District.

Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claim	Brief summary of the Forest Officer's arguments and evidence produced	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of court of final appeal and settlement
2	3	4	5	6	7	8
1 Shanbhog Srinivasiah of Naganahalli.	29th July 1938.	Prays for the complete exclusion of Survey No. 109 of Naganahalli included in the proposed forest for grazing of their village cattle as gomal left for them is all rocky and insufficient.	Oral statement made by them before the Settlement Officer at the time of settlement.	As sufficient gomal has been left for the village cattle and besides the proposed area contains good jalari trees no further exclusion is possible.	Though the gomal left for the village is sufficient as stated by the District Forest Officer, yet on consideration of the area left for the village being rocky and not fit for cultivation, an extent of another 53 acres has been ordered to be excluded from the proposed forest (in Survey No. 109) by shifting the present demarcation line to a distance of 10 chains from a point 10 chains south-west from the north-west corner of Survey No. 111 of Naganahalli to north-east corner of Survey No. 96 of the same village. The remaining area containing jalari trees may be reserved for the forest.	.....
2 Ippadi Village.		No thakarar.	.....	.....	An extent of four acres proposed to be taken in Survey No. 111 of Ippadi for the forest may be reserved for the above forest.	.....

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Constitutes a Committee to consider measures necessary for the economic, social and other advancement of the Depressed Classes.

READ—

Government Order No. D. 5416-86—C. S. 47-38-1, dated 13—15th December 1938, appointing the Revenue Commissioner in Mysore as the Special Officer for work connected with the amelioration of the Depressed Classes.

ORDER No. R. 1631-705—L. R. 161-39-2, DATED BANGALORE, THE 13TH SEPTEMBER 1939.

It was represented to the Government at the Session of the Legislative Council in June 1939, that it was desirable to have a Committee consisting of officials and non-officials with the Revenue Commissioner as Chairman to consider measures necessary for the economic, social and other advancement of the Depressed Classes.

Agreeing with the suggestion made, Government are pleased to constitute a Committee with the Revenue Commissioner as Chairman and the following officials and non-official gentlemen as members thereof for a period of three years :—

Official Members.

1. The Director of Public Instruction.
2. ,, Director of Agriculture.
3. ,, Registrar of Co-operative Societies.
4. ,, Director of Industries and Commerce.

Non-Official Gentlemen.

1. Mr. Mamballi Madiah, Mysore District.
2. ,, Govinda Das, Hassan District.
3. ,, R. Chennigaramiah, M.L.C.
4. ,, T. Ramachandra, M.L.C.
5. ,, R. Gopalaswamy Iyer.
6. ,, K. Seshadri, B.A., LL.B.

The Senior Assistant to the Revenue Commissioner will be the Secretary to the Committee. The Committee will meet three times in a year and review the various measures undertaken to improve the social and economic conditions of the Depressed Classes.

The Revenue Commissioner is requested to include in the annual reports of his department in future a brief report on the work of the Committee.

B. T. KESAVIENGAR,
Chief Secretary to Government.

FINANCIAL SECRETARIAT.

The limit fixed in para 7 of the Compassionate Gratuity Rules raised from Rs. 500 to Rs. 800.

READ—

Government Order No. Fl. 7418-77—S. & A. 252-28-4, dated 1st—3rd April 1929, sanctioning the introduction of a provisional scheme for grant of Compassionate Gratuity to the families of deceased officers and directing, among other matters, that if the amount of gratuity is Rs. 500 and more it may be converted into an Income Policy, etc.

ORDER NO. FL. 1514-64—S. & A. 117-39-1, DATED BANGALORE, THE 14TH SEPTEMBER 1939.

According to existing orders, payment of the gratuity is made in a lump when the amount payable is less than Rs. 500 and in cases where the amount exceeds Rs. 500 it is paid only in instalments spread over a period of not less than ten years. Experience has shown that the instalments fixed on the above basis have, in several cases, been found to be not large enough to afford adequate relief to the families concerned. With a view to removing this hardship, Government are pleased to raise the limit fixed in para 7 of the existing rules (*vide* Appendix Q to the Mysore Service Regulations) from Rs. 500 to Rs. 800 so as to permit of the whole of the gratuity being paid in one lump in cases where the amount involved is less than Rs. 800.

2. This order will have effect from the 7th August 1939. An amendment to Mysore Service Regulations will issue separately.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Re-allocation of Villages among French-Rocks, Seringapatam and Krishnarajpete Taluks and the formation of a new hobli with headquarters at Kurubarasettihalli in Seringapatam Taluk.

READ—

Government Order No. R. 4578-637—L. R. 188-35-6, dated 30th April 1937, sanctioning the constitution of a new taluk with headquarters at French-Rocks, with effect from 1st July 1937.

2. Government Order No. R. 5397-456—L. R. 188-35-13, dated 25th June 1937, sanctioning certain modifications in the re-allocation of the villages among Seringapatam, French-Rocks and Krishnarajpet Taluks.

3. Correspondence ending with letter No. C. 1324—37-38, dated 2nd August 1939, from the Revenue Commissioner in Mysore, recommending, in the circumstances explained ,sanction to—

(*i*) the further re-allocation of several villages among the three taluks referred to above,

(*ii*) formation of a new hobli with headquarters at Kurubarasettihalli village in place of the existing hobli with headquarters at Kyathanahalli village in Seringapatam Taluk, and

(*iii*) bifurcation of the present Shanbhogi Circle of Narayanapura, Chinkurli Hobli, French-Rocks Taluk.

ORDER No. R. 1837-904—L. R. 192-37-8, DATED BANGALORE, THE 22ND SEPTEMBER 1939.

During the Dasara Session of the Representative Assembly of October 1937, a representation was made that the allocation of the villages between the taluks of French-Rocks and Seringapatam had not been made properly and a re-distribution

of the villages among these taluks so as to suit the convenience of the public was urged. The Revenue Commissioner in Mysore considers that re-allocation of the villages among the three taluks in question is desirable and has accordingly recommended, in consultation with the Deputy Commissioner, Mysore District, sanction to the redistribution of the villages in certain hoblis in the French-Rocks, Seringapatam and Krishnarajpet Taluks as in the following statement, the consequential splitting up of the Shanbhogi Circle of Narayanapura, Chinkurli Hobli, French-Rocks Taluk into two circles as indicated below and the formation of a new hobli with headquarters at Kurubarasettihalli village in place of the existing hobli with headquarters at Kyathanahalli village in Seringapatam Taluk :—

Narayanapura Circle as hitherto existing.	*Narayanapura Circle after Division.*
Chinkurli Hobli, French-Rocks Taluk.—	Chinkurli Hobli, French-Rocks Taluk.—
1. Narayanapura	1. Narayanapura — One Circle.
2. Maraballi	2. Maraballi — One Circle.
3. Singapura	3. Singapura — One Circle.
4. Hosahalli	4. Hosahalli — One Circle.
5. Paduval Bagil Manchenahalli	5. Huligere — One Circle.
6. Navil Maranahalli	Kasaba Hobli, Krishnarajpet Taluk.—
7. Huligere	1. Paduval Bagil Manchenahalli — One Circle.
	2. Navil Maranahalli — One Circle.

It is also reported that the proposed re-allocation of villages among the taluks in question was notified in the Gazette under the Village Offices Act of 1908 and no objection has been received. By the re-allocation of these villages the position of the three taluks in regard to the total number of villages in each will be as follows :—

No.	Name of taluk	No. of villages as at present	No. of villages after redistribution
1	Seringapatam	106	107
2	French-Rocks	186	171
3	Krishnarajpet	299	319

2. Government are pleased to sanction the above recommendations of the Revenue Commissioner. A separate notification will issue in respect of the bifurcation of the Shanbhogi Circle of Narayanapura, French-Rocks Taluk.

B. T. KESAVIENGAR,
Chief Secretary to Government.

APPENDIX.

List of villages before and after their re-allocation among certain Hoblis of Seringapatam, French-Rocks and Krishnarajpet Taluks.

Sl. No.	As existing hitherto	Sl. No.	After re-allocation

DEVELOPMENT SECRETARIAT

The rate of ordinary interest on Loans for Rural and Cottage Industries be reduced from 6 to 5 per cent as a temporary measure.

READ—

Letter No. E1-108—39-40, dated 20th July 1939, from the Director of Industries and Commerce recommending, for reasons explained, the reduction of the rate of ordinary and penal interest chargeable on Industrial Takavi and Hire Purchase loans from 6 and 9 per cent to 4 and 6½ per cent, respectively, on the analogy of the Revenue Takavi and Sericultural loans and adding that the proposed reduction of interest would go to attract people in rural parts to come forward to start small industries of rural and cottage type.

ORDER No. D. 1675-87—I. & C. 65-39-2, DATED BANGALORE, THE 19TH—22ND SEPTEMBER 1939.

Government do not consider that there is any analogy between the Industrial loans and the Revenue Takavi and Sericultural loans, as the former loans take ten long years to repay and the industrial enterprises have other banking and credit facilities open to them and earn profits.

2. In the case of loans for developing small industries, not exceeding Rs. 500 in each case and repayable within a period of three years, Government feel that some concession may be shown. They are accordingly pleased to direct that the rate of ordinary interest in these cases be reduced from 6 to 5 per cent per annum so long as the concessional rates for Land Revenue and Sericultural Takavi loans are permitted to continue. The rate of penal interest will, however, remain unchanged.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department.

Boards of Visitors for the Vani Vilas Hospital, Bangalore, and the Cheluvamba Hospital, Mysore.

READ—

Government Order No. G. 9147—Med. 265-36-2, dated 15—18th May 1937, sanctioning the reconstitution of the Boards of Visitors for the Vani Vilas Hospitals at Bangalore and Mysore.

2, Correspondence ending with letter No. G. C. 439-10, dated 23rd August 1939, from the Senior Surgeon in Mysore, submitting for sanction proposals for the reconstitution of the Boards of Visitors for the Vani Vilas Hospital, Bangalore, and the Cheluvamba Hospital, Mysore, for a further period of two years, and stating that the Medical Officer, Vani Vilas Hospital, Bangalore, reports that Miss Pillidge has not given any information as to her availability or otherwise to serve on the Board, and recommending the name of Mrs. Ramanathan, Visweswarapuram, instead.

ORDER No. G. 2857-8—MED. 355-38-4, DATED BANGALORE, THE 18TH SEPTEMBER 1939.

Government are pleased to sanction the reconstitution of the Boards of Visitors for the Vani Vilas Hospital, Bangalore, and the Cheluvamba Hospital, Mysore, for a period of two years with the personnel as detailed below :—

VANI VILAS HOSPITAL, BANGALORE.

(1) Mrs. N. Madhava Rau.
(2) ,, A. V. Ramanathan.
(3) ,, H. V. Ramasvami.
(4) ,, Ramalinga Mudaliar (Convenor).

CHELUVAMBA HOSPITAL, MYSORE.

(1) Mrs. G. M. Rollo (Convenor).
(2) ,, Y. K. Amrutha Bai.
(3) ,, K. D. Rukmaniamma.
(4) ,, Inayeth Hussain.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department.

Annual Report of the Medical Department for the calendar year 1938.

READ—

Letter No. G. C. 51, dated 27th July 1939, from the Senior Surgeon, submitting the annual report of the Medical Department for the calendar year 1938.

ORDER No. G. 2945-7—MED. 30-39-3, DATED BANGALORE, THE 19TH SEPTEMBER 1939.

Recorded.

2. *Number of Institutions.*—During the year under report 20 new dispensaries including 3 rural dispensaries and 7 dispensaries under the scheme of subsidised medical practitioners were newly opened, bringing the total number at the close of the year to 28 hospitals and 283 dispensaries.

3. *Major Institutions.*—The essential statistics of the work done in the 13 major institutions are contained in the following statement :—

No.	Name of institution.	Beds	In-patients	Operations	Out-patients
1	Victoria Hospital, Bangalore	290	7,169	9,287	101,326
2	Krishnarajendra Hospital, Mysore	303	6,890	3,150	105,126
3	Do do Eye Department ...	...	848	5,671	20,814
4	Civil Hospital, Kolar Gold Field	52	1,955	2,720	93,073
5	District Hospital, Chitaldrug	18	409	466	28,978
6	Sri Chamarajendra Hospital, Hassan ...	42	1,086	594	27,124
7	Mallegowda General Hospital, Chikmagalur ...	60	1,994	989	59,939
8	Sri Narasimharaja Hospital, Kolar	64	1,688	1,812	45,103
9	McGann Hospital, Shimoga	44	1,085	647	23,823
10	Maternity Hospital, Shimoga	29	724	...	21,332
11	District Hospital, Tumkur	42	1,114	801	37,375
	Maternity Section	12	327	...	14,537
12	Vani Vilas Hospital, Bangalore	218	8,361	911	37,221
	Children's Hospital	44	...	...	...
13	Vani Vilas Hospital, Mysore	44	3,213	523	19,694
14	Kolar Gold Field Maternity Hospital ...	36	1,952	171	38,446
15	Minto Ophthalmic Hospital, Bangalore ...	125	3,137	7,078	43,636

4. *Special Institutions.*—Similar statistics in respect of the work done during the year in the six special institutions are given below :—

No.	Name of hospital	Beds	In-patients	Out-patients
1	Mental Hospital, Bangalore	300	637	2,140
2	Princess Krishnajammanni Sanatorium, Mysore ...	106	327	2,152
3	Leper Asylum, Bangalore	74	158	54
4	Epidemic Diseases Hospital, Bangalore ...	66	368	...
5	Do do Mysore	48	356	...
6	Epidemic Hospital, Kolar Gold Field	24	503	...

5. *Number of Patients Treated.*—The number of beds provided for accommodation of in-patients was 3,056 against 2,864 beds during the previous year. Including 13,078 parturition cases treated in the institutions, 61,537 new in-patients were admitted during the year as against 53,254 in the previous year. The number of new out-patients treated during the year was 5,612,993 as against 5,271,437 in 1937.

The total number of parturition cases conducted during the year was 32,088, of which 19,010 cases were done outside the maternities. The corresponding figure in last year was 30,355 cases.

6. *Midwives.*—The number of midwives working in the year under report was 335 against 325 in the preceding year. The average number of parturition cases conducted by midwives rose during the year to 96 cases per midwife per annum from 93 cases in the year 1937. During the year, 18 private and 16

stipendiary midwives were trained in the Vani Vilas Hospital, Bangalore, 14 pupils passed their examination in Midwifery in the Vani Vilas Hospital, Mysore, and 9 pupil midwives were trained in the Maternity Hospital, Kolar Gold Field.

7. *Subsidised Medical Practitioners.*—Under the scheme for subsidising rural medical practitioners, seven practitioners were appointed, two in the Kadur District, two in the Mysore District, two in the Shimoga District and one in the Tumkur District.

8. *Finance.*—The expenditure on the Medical Department during the year 1938 was Rs. 19,53,674 as against Rs. 18,47,905 in the previous year. Out of this, the contributions from local bodies amounted to Rs. 3,64,600 and the receipts from hospital fees Rs. 97,788.

9. *Donations.*—A total sum of Rs. 1,31,951 was received in the shape of donations during the year towards construction of buildings and wards and for their equipment.

10. *New Buildings.*—Five new buildings were completed and opened during the year under review, among which may be mentioned the female ward attached to the McGann Hospital, Shimoga, and the in-patient wards attached to the District Hospital, Chitaldrug.

11. *General.*—The work of the Department continued to be satisfactory. *Sastravaidyapravina* Dr. S. Subba Rao was in charge of the department till 18th June 1938 and *Rajasevasakta* Dr. B. K. Narayana Rao thereafter. As many as 130 institutions including hospitals and dispensaries were inspected by the Senior Surgeon during the year.

The Boards of Visitors to the several medical institutions continued to interest themselves in the improvement of the institutions and made valuable suggestions to increase their usefulness.

12. *Anti-Tuberculosis Work.*—The collections in the State towards the King-Emperor's Anti-Tuberculosis Fund amounted to Rs. 1,54,654-8-3. The State Committee wound up their work after making recommendations for the disposal of the State share of the collections and for the formation of a Mysore State Tuberculosis Association. Orders have since been passed on the recommendations of the Committee.

His Highness the Yuvaraja was pleased to visit the Sri Narasimharaja Hospital, Kolar, on 7th September 1938.

Some of the major medical institutions were visited by many distinguished visitors.

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Continuance of Tumkur Revenue Sub-Division till the end of June 1940.

READ—

Government Order No. R. 2587-646—L. R. 207-37-5, dated 2nd December 1937, sanctioning the constitution of a new Sub-Division with headquarters at Tumkur, comprising the taluks of Kunigal and Tumkur, as a temporary measure for a period of two years for acquisition of lands in connection with the Marconahalli Reservoir.

2. Letter No. C. 1199—39-40, dated 5th July 1939, from the Revenue Commissioner in Mysore, stating that the term of the new Tumkur Sub-Division temporarily constituted for a period of two years in the Government Order, read above, expires on 3rd January 1940, that the acquisition work in connection with the Marconahalli Reservoir will not be finished by this time and recommending in the circumstances explained that the term of Tumkur Sub-Division with its staff may be ordered to be continued till the end of June 1940, the cost being apportioned between the Revenue and Public Works Departments in equal shares as hitherto and the cost on account of Excise and Income-tax Clerks being deputed to the Excise and Income-tax Departments.

ORDER No. R. 1968-2035—L. R. 148-39-2, DATED BANGALORE, THE 26TH SEPTEMBER 1939.

Government are pleased to sanction the recommendations of the Revenue Commissioner.

B. T. KESAVIENGAR,
Chief Secretary to Government.

GENERAL SECRETARIAT.

Extends Malnad Raiyats' Privilege Rules to certain taluks.

READ—

Letter No. C. 459—38-39, dated the 5th September 1938, from the Revenue Commissioner, recommending the extension of the Malnad Raiyats' Special Privileges Rules to the whole of Heggaddevankote Taluk and Periyapatna Sub-Taluk (except Bettadapur Hobli) and to the Honagondu and Chikkande Hoblis in the Hunsur Taluk in the Mysore District.

2. Correspondence ending with un-official Note No. 8, dated 25th August 1939 of the Chief Conservator of Forests on the subject.

ORDER NO. A. F. 1411-15—FT. 85-38-3, DATED BANGALORE, THE 28TH SEPTEMBER 1939.

The Revenue Commissioner points out that though the conditions prevailing in the taluks of Heggaddevankote, Hunsur and Periyapatna are similar to those prevalent in the malnad taluks of the Hassan, Shimoga and Kadur Districts, the Malnad Raiyats' Privilege Rules have not been extended thereto, that the people of these parts are often urging for the extension of these concessions to them and that the Deputy Commissioner, Mysore District, is of opinion that their prayer is reasonable and deserves favourable consideration. The Chief Conservator of Forests who was consulted in the matter is of opinion that in the interests of preservation of the District Forests in the said taluks, the privileges now enjoyed by the malnad raiyats may be extended to the said areas subject to the following limitations :—

(1) That the concessions should be restricted to the agricultural purposes only as detailed in Rule 8 on page 89 of the Mysore Forest Manual.

(2) That 'Home' should be excluded from the materials to be given for building and other purposes at favourable rates as contemplated in Rule 9 on page 90 of the Mysore Forest Manual.

2. Government agree with the views of the Revenue Commissioner and are pleased to direct that the Malnad Raiyats' Privilege Rules be extended to the whole of the Heggaddevankote Taluk, Periyapatna Taluk except Bettadapur Hobli and to the Honagondu and Chikkanda Hoblis in the Hunsur Taluk, Mysore District, and also to the remaining hoblis in the Shimoga Taluk which are now excluded from enjoying such privileges.

3. The concessions will however be subject to the limitations recommended by the Chief Conservator of Forests in the case of Mysore District and will be tried for a period of two years.

4. The Chief Conservator of Forests is requested to submit a report at the end of the said period as to how the rules are working.

J. APPAJI GOWDA,
Secretary to Government,
General Department.

LAW SECRETARIAT

Special Duty Officer for the Dasara Session of the Representative Assembly 1939.

ORDER NO. RL. 263-72—R. A. 9-39-1, DATED BANGALORE, THE 29TH SEPTEMBER 1939.

LAW SECRETARIAT

Supersession of the Gubbi Town Municipal Council for a period of two years.

READ—

Letter No. A6. C. 2930—38-39, dated 1st—5th April 1939, from the Deputy Commissioner, Tumkur District, submitting a report on the working of the Gubbi Town Municipality and recommending, in the circumstances stated, that it may be superseded for a period of two years.

ORDER NO. L. 3529-32—ML. 106-39-1, DATED BANGALORE, THE 3RD OCTOBER 1939.

The Deputy Commissioner, Tumkur District, reports that for some year past the Town Municipal Council of Gubbi has not been functioning properly on account of the bitter party feelings existing among the members of the Municipal Council and their lack of co-operation with the *Ex-officio* President in Municipal administration and recommends, under Section 202 of the Town Municipalities Act of 1933, that the Town Municipal Council, Gubbi, may be superseded for a period of two years.

2. The financial position of the Municipality is unsatisfactory and in spite of instructions issued, the Municipal Council has made default in appointing a special Revenue Inspector for the purposes of improving the collections.

3. It is reported that it has been found very difficult to conduct the meeting of the Municipal Council owing to disorder and the loud and irresponsible speeches that are made at such meetings. The Municipal Council is, therefore, not competent to perform its duties.

4. Under Section 23 (10) of the Mysore Town Municipalities Act, 1933, it is only a President other than a salaried servant of Government who can be deemed to have vacated his office, if a resolution expressing want of confidence in him is passed by a majority of not less than two-thirds of the whole number of the Councillors present at a special meeting convened for the purpose. In the absence of the Official President on casual leave, the followers of Mr. Chennappa, Vice-President of the Municipal Council, held a special meeting of the Council on 8th February 193., and recorded a resolution expressing want of confidence in the President. The attendance at that meeting was only ten members against a strength of 21 members in the Council. This is clearly an abuse of the powers of the Municipal Council.

5. In the above circumstances, the Deputy Commissioner recommends that the Municipal Council may be superseded for some time.

6. After a careful consideration of all the facts of the case, Government agree with the Deputy Commissioner that the Municipal Council has failed to place public interests above party feelings and has shown itself to be incompetent to discharge the responsible duties entrusted to it under the Statute. Accordingly, by virtue of powers vested in them under Section 202 of the Town Municipalities Act, Government hereby direct that the Gubbi Town Municipal Council be superseded for a period of two years from the date of publication of this order in the Gazette. The powers and duties of the Municipal Council will, during the period of supersession be exercised by the Amildar, Gubbi Taluk, assisted by a Chief Officer to be appointed for the purpose.

C. SUBRAHMANYA AIYAR,
Secretary to Government,
Law Department.

Allotment of Funds from the Road Funds for expenditure in respect of District Fund Roads.

READ—

Paras 26, 28, 29 and 30 of the report of the Committee appointed to examine the finances of District Boards.

2. Correspondence ending with unofficial note No. 69, dated 29th July 1939, from the Chief Engineer of Mysore, furnishing his views in the matter.

ORDER No. T. 1028-50—R. T. 34-39-1, DATED BANGALORE, THE 25—26TH SEPTEMBER 1939.

The recommendations of the Committee on the subjects dealt with in the paras of their report referred to in the preamble are that :—

(1) the collection charges of 10 per cent levied in respect of the compensation for loss of toll paid to the District Boards under Section 32 (i) of the Mysore Road Traffic and Taxes Act may be waived ;

(2) the collection charges of 15 per cent in respect of the mileage cess on motor buses paid to District Boards may be reduced to 5 per cent, if they cannot be waived altogether ;

(3) the surplus of the revenue from motor traffic may be apportioned between the State and District Board roads in the proportion of 3 : 1 in the case of Bangalore and Mysore Districts and 2 : 1 in the remaining Districts, subject to certain conditions ; and

(4) the establishment, tools and plant charges may not be levied in respect of the Road Fund Grants to District Boards, the works on which the amount is expended being treated as contribution works.

2. Government have already passed orders directing that the collection charges levied in the case of compensation payable to District Boards for loss of toll revenue be waived altogether and that similar charges levied at 15 per cent in respect of other items be also reduced to 10 per cent tentatively for a period of two years for the present. (*Vide* G. O. No. T. 2991-3011 - R. T. 52-38-5, dated 10th March 1939.)

3. As regards the apportionment of surplus revenue from motor traffic, the Committee estimate that the Road Traffic and Taxes Act has brought in a surplus revenue of Rs. 3·00 lakhs as compared with the realisations from the same source during the period prior to the introduction of the said Act. It cannot be said with any certainty that the same amount would be realised in the years to come. The budget estimates for the current financial year disclose that such revenue would be only about 1·86 lakhs. The reduction of collection charges levied on the amount of compensation payable to Local Authorities with the resultant increase in the amount of compensation, the increase in the charges on account of administration and collection of taxes and the concessions recently sanctioned by Government in their Order No. L. 2204-23 - Ml. 50-38-27, dated 28th August 1939, exempting the town and minor municipal councils in the State from payment of contribution towards annual maintenance, including tar, of State Fund roads lying within their limits and directing the State Fund and the District Board roads passing through towns and villages being maintained by the Public Works Department without levying any contribution either from the Municipal Councils or the District Boards for their maintenance, have contributed to further lessening the surplus revenue from motor taxes. The amount available under the Road Fund has been found insufficient for meeting the demands of State Fund Roads. After careful consideration of all aspects of the question, Government direct that an expenditure of Rs. 50,000 per annum out of Road Fund be permitted to be incurred in respect of District Fund Roads for a period of three years for the present, subject to the following conditions :—

(i) 25 per cent of the above grant will be set apart for capital expenditure and the amount kept with Government ;

(ii) the remaining amount will be distributed among the several District Boards in the proportion of the expenditure which they incur annually on the roads within their respective charges, and

(iii) the amount thus allotted to the District Boards will be spent on repairs to the main arterial roads, the utilisation of such amount on minor roads being permitted only with the sanction of Government.

4. With regard to waiving of establishment, tools and plant charges, Government are pleased to direct that the levy be waived only in respect of capital works financed out of the 25 per cent reserve with the Government. The charges will be levied, as usual, on other maintenance works undertaken by the Public Works Department on behalf of District Boards.

Administration Report on the working of the Department of Land Records, Survey and Settlement, for the year 1938-39.

READ—

Letter No. 24, dated 22nd September 1939, from the Commissioner for Settlement and Land Records in Mysore, submitting the report on the working of the Department of Land Records, Survey and Settlement, for the year 1938-39.

ORDER NO. R. 2264-75—L. S. 13-39-3, DATED BANGALORE, THE 7TH OCTOBER 1939.

Recorded.

2. *Field Work Done During the Year.*—(*i*) Survey classification, re-classification, bandh pahani and other miscellaneous work was carried out during the year in 69 inam villages in respect of 6,302 survey numbers and 2,607 hissas comprising a total area of 13,055 acres and 17 guntas. Detailed survey was done in 12 villages and original classification in 12 villages and re-survey in one village.

(*ii*) Ten thousand one hundred and twenty-seven darkhasts and other phod records were disposed of during the year as against 10,072 in the year previous. Phod and measurement work was done in 5,363, (4,547) villages and the extent involved was 58,444 acres and 36 guntas (54,805 acres). Classification work was done in 1,823 villages in respect of 6,886 numbers comprising 30,046 acres and 31 guntas. Bandh pahani work was carried out in 1,706 villages, the numbers involved being 7,663.

(*iii*) One thousand one hundred and fifty-seven cases of encroachment involving an area of 228 acres and 16 guntas and representing an assessment of Rs. 439-4-9 were detected by the Land Records and Record of Rights staff.

(*iv*) The volume of work done during the year under report shows some improvement over that of the previous year. It is reported that better progress either in the matter of introduction of survey and settlement in inam villages or the disposal of phod records could not be shown owing to inadequacy of trained staff. The pendency of phod records is heavy and in view of the amendment of the Land Revenue Code making the survey and settlement of inam villages compulsory, a very large number of villages has to be surveyed and settled. The department has recently been strengthened by 27 Surveyors but even with this addition it may not be possible to deal with the arrears of work and complete the programme of introducing survey and settlement into all inam villages within a reasonable time. The question, therefore, of making satisfactory arrangements for preventing the accumulation of phod work and for taking up the work of introduction of survey and settlement into all inam villages according to a definite programme may be examined by the Commissioner for Settlement and Land Records and suitable proposals submitted for the orders of Government.

3. *Percentage of Field Work and Non-field Work.*—The number of field days has fallen in the Bangalore, Shimoga and Kolar Districts—perceptibly so in the former two districts—and no explanation is forthcoming for this fall. Government trust that the non-field days will be reduced to a minimum.

4. *Inams.*—Forty-eight minor inams were resumed during the year, resulting in a decrease of Rs. 66 in the revenue under inam and increase of land revenue by Rs. 434-4-0. Four village service inams of an aggregate extent of 20 acres and 10 guntas were granted afresh during the year.

5. *Remuneration to Shanbhogs and Patels.*—The decennial revision of potgi of village officers of 1,633 villages in 15 taluks and biennial revision of potgi of 68 villages of 2 taluks were sanctioned during the year.

6. *Record of Rights Scheme.*—The Record of Rights Scheme was introduced into four taluks, *viz.*, Sira, Malvalli, Mulbagal and Hassan and the preliminary work was completed during the year. Hissa survey field work was done in 16 taluks and checking work in 12 taluks. The number of hissas measured and hissas checked being 211,582 and 191,786, respectively. Besides the above work, the Record of Rights Staff attended to the preparation of the Record of Rights and Index of Land Registers of 12 taluks. Under mutation cases involving measurement, 11,981 hissas in 2,356 villages were also measured.

7. *Tours and Inspections.*—The Superintendent of Land Records toured for 122 days and inspected all the District Survey Offices and the offices of the Special Deputy Amildars of Record of Rights and also the Survey of Record of Rights Records in 18 taluks. The District Survey Officers, with the exception of the Survey Officer of Shimoga, toured for more than 150 days and inspected in detail the survey records in the taluk offices in their charge.

8. *Maps.*—Maps of 438 villages were prepared and maps of 383 villages were printed during the year and changes and corrections made were incorporated in 8,105 copies of maps of 1,621 villages.

One thousand eight hundred and twenty-nine village maps at a cost of Rs. 2,266-2-0 and 220 taluk, district, provincial and tour maps costing Rs. 223-0-0 were supplied to the public and to other departments. The total number of maps supplied free of cost was 1,282 valued at Rs. 1,641-8-0 and the total cost of maps in stock at the end of the year was Rs. 5,27,906.

9. *Cost of the Department.*—The total cost of the department was Rs. 3,49,105 (Rs. 3,64,520), of which the expenditure on the Record of Rights Scheme was Rs. 1,98,946-10-11.

B. T. KESAVIENGAR,
Chief Secretary to Government.

GENERAL SECRETARIAT

Forest Settlement of the Govardhanagiri Forest Block in the Sagar Taluk.

READ—

Government Notification No. G. 5672—Ft. 167-35-2, dated 11th January 1936, issued under Section 4 of the Forest Act in the matter of the proposed constitution of the Govardhanagiri Forest Block in the Sagar Taluk.

2. Memo. No. C. 1026—39-40, dated 13th September 1939, from the Revenue Commissioner in Mysore, forwarding the Forest Settlement Officer's report on the conclusion of the settlement of the block and stating that the Chief Conservator of Forests is agreeable to the issue of the final notification in the matter.

ORDER No. A. F. 1611-14—FT. 78-39-2, DATED BANGALORE, THE 4TH OCTOBER 1939.

The settlement effected by the Forest Settlement Officer and agreed to by the Revenue Commissioner and the Chief Conservator of Forests is approved. The notification under Section 17 of the Forest Act constituting the block a State Forest with effect from 1st December 1939, will be published in the Gazette.

2. The Deputy Commissioner, Shimoga District, is requested to duly promulgate the boundaries of the block in the village concerned.

J. APPAJI GOWDA,
Secretary to Government,
General Department.

ANNEXURE.

No. A. F. 1615– *Ft.* 78-39-2, *dated 4th October* 1939.

The Government of Mysore are pleased to declare, under Section 17 of the Mysore Forest Act, XI of 1900, that from the 1st December 1939 the area, the boundaries of which are set forth in the Schedule appended to this notification, shall be deemed to be a "State Forest."

By Order,
J. APPAJI GOWDA,
Secretary to Government,
General Department.

To—The Compiler, *Mysore Gazette.*

Schedule.

District	Taluk	Name of the State Forest	Village	Area proposed to be afforested	
				S. Nos.	Areas.
					A. g.
Shimoga ..	Sagar ..	Govardhanagiri State Forest	Nagavalli ...	121	118 5
				125	174 2
				136	61 20
				137	112 35
				Total...	466 22

Boundaries.

North:—Starting from a point on the common boundary between Nagavalli and Hosaravalli about eight chains south-west from the south-east corner of Survey No. 120 of Nagavalli village the line runs south-east through Survey No. 121 of Nagavalli Village for about 54 chains and meets the southern boundary of Survey No. 121/1 at a point about 7½ chains south-west from the south-west corner of Survey No. 123 of Nagavalli Village; then the line runs in the same direction for about 36 chains and then north-east for about 58 chains through Survey No. 125/3 till it meets Saraluhole river at a point about four chains south from the south-east corner of Survey No. 10 of Nagavalli; then it runs along the Saraluhole stream up to a point about 7½ chains north-west from the north-east corner of Survey No. 140.

East:—The line then runs from Saraluhole from a point seven and a half chains north-west from the north-west corner of Survey No. 140 and proceeds southwards straight to a length of 75 chains through Survey No. 137 of Nagavalli and meets a point on the common boundary of Nellare and Nagavalli villages at a point fifty chains from the south-west corner of Survey No. 49 of Nagavalli Village.

South:—Thence the line runs south-west along the common boundaries, between Nagavalli and Nellare and Nagavalli and Balagi villages and joins the tri-junction bandhs of Nagavalli, Balagi of the Mysore State, Hosaravalli of the North Canara District.

West:—Thence the line runs north-west for about 45 chains along the common boundary between Nagavalli and Hosaravalli villages and joins the starting point.

The boundaries of the Govardhanagiri State Forest after the afforestation of the area stated above does not alter, since the area proposed forms a separate block in the enclosure number 11 within the State Forest and therefore the boundary line will be the same as described in Government Notification No. R. 8246-50—Ft. 116-07-6, dated 16th June 1908.

STATEMENT B.—Register of claims to lands, rights to forest produce or easements in the proposed Govardhanagiri Block in the Sagar Taluk.

DEVELOPMENT SECRETARIAT

Scheme for rendering assistance to the Handloom Weaving Industry in the State.

READ—

Government Order No. D. 2433-38—C. S. 11-36-165, dated the 21st September 1937, passing orders on the question of formation of a Central Co-operative Society for weavers as recommended in Chapter III of the Report of the Committee on Co-operation.

2. Letter No. M. 4-129—37-38, dated the 21st November 1937, from the Director of Industries and Commerce, forwarding a scheme for starting a Central Co-operative Society for helping the handloom weavers in the State.

3. Letter No. 2719—C. S., dated the 23rd August 1938, from the Registrar of Co-operative Societies, forwarding a copy of the draft bye-laws of the proposed Provincial Handloom Weavers' Co-operative Society.

4. Correspondence ending with letter No. M. 4-129—37-38, dated the 10th July 1939, from the Director of Industries and Commerce, submitting a revised scheme for extending assistance to the handloom weavers in the State as a part of the activities of the Industries and Commerce Department instead of through a co-operative organisation.

5. Un-official Note No. 202—I. A. D., dated the 23rd August 1938, from the Comptroller to Government in the matter.

ORDER No. D. 2006-9—I. & C. 298-38-4, DATED BANGALORE, THE 6—10TH OCTOBER 1939.

The Director of Industries and Commerce reports that the Handloom Weavers' Co-operative Societies in the State have not proved of much assistance to the weavers, and has submitted a scheme for assisting handloom weavers in the State (as the Handloom Weavers' Co-operative Societies have not proved of much use).

He proposes that in a few selected weaving centres in the State, the supply of raw materials at favourable rates, technical assistance and canvassing of orders be done by weaving demonstrators and that an advance of Rs. 20,000 be granted to the Director to be operated upon by means of cheques on the State Huzur Treasury for purchasing raw materials at favourable rates and selling them to the weavers in the centres selected by him. It is stated that no extra staff is necessary for the purpose in the immediate future as the existing staff of the Department will be utilised for suggesting designs and patterns and also for giving technical assistance to the weavers.

The Director proposes to sell the raw materials to the weavers of the selected centres at the same wholesale rates at which the Department makes bulk purchases for cash payments and adds that the cost of transport in distributing the materials will not be much and can be met from the grant under experiments. The Comptroller, however, suggests that a small amount be added to the purchase price of raw materials to cover transport and other charges before issuing them to the weavers. This may be done so long as the Departmental selling price of the raw materials is lower than the prices that are offered by local *Sahucars.*

Government are pleased to sanction the scheme as proposed by the Director with the above modification. The work being of an experimental character, it may be started in about half a dozen centres to begin with. An advance of Rs. 10,000 (Rupees ten thousand) is sanctioned for the purpose, the amount being drawn as necessity arises.

As regards the accounting procedure, Government direct that, as suggested by the Comptroller, a separate Head of Account under "21. Industrial Advances", styled as "Advances for supply of raw materials to hand-loom weavers," be opened at the State Huzur Treasury and other Treasuries in the State and the Director of Industries and Commerce be permitted to operate on this account only at the State Huzur Treasury by means of cheques for purchase of raw materials, etc. The sale proceeds realised by the weaving demonstrators, who will hold the stock of yarn, etc., should be arranged to be remitted through the nearest treasury for credit to the above advance head of account once a week or as often as possible, the chellans being sent to the Director's Office the same day. Monthly statements showing the

amounts credited into the Treasury and stocks statement should be obtained from the several demonstrators and a consolidated statement thereof should be prepared in the Director's Office and sent to the Comptroller for verification.

The Director is requested to send up a report to Government on the results of the working of the scheme after it has worked for a year.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department.

Supplemental list of roads sanctioned in the Irwin Canal Area.

READ—

Government Order No. 341-54—K. S. S. 807-820, dated 16th August 1938, sanctioning the list of roads in the Irwin Canal tract selected by the Roads Committee in the order of their urgency.

2. Letter No. 2465, dated the 5th September 1939, from the Superintending Engineer, Irrigation Circle, Krishnaraj Sagar Works, Mysore, submitting a list of roads for being treated as supplemental to the list of roads sanctioned in the above order of the 16th August 1938.

ORDER NO. 661-75—K. S. S. 1657-71, DATED BANGALORE, THE 3RD OCTOBER 1939.

The Superintending Engineer, Irrigation Circle, has submitted a supplemental list of 4 Class III roads of a length of 10¾ miles of the first degree of urgency recommended by the Roads Committee at their fourth meeting held on 31st March 1939. The Chief Engineer, Krishnaraj Sagar Works, has recommended these four roads being included as supplemental to the list of roads sanctioned in the order of August 1938.

2. Government are accordingly pleased to convey approval to the accompanying list of four inter-village roads being treated as supplemental to the list of roads sanctioned in the Government Order No. 341-54—K. S. S. 807-820, dated the 16th August 1938.

N. SARABHOJA,
Secretary to Government,
Public Works Department,
(Krishnaraj Sagar Works).

ANNEXURE.

Statement showing the supplemental list of roads not covered by the Government orders of 1936 or 1938, but selected at the fourth meeting of the Roads Committee held on 31st March 1939, on representation from the concerned villages.

Boundaries.

'A' Block.

North.—Starting from a point about 5 chains east from the south-west corner of Survey No. 14 of Bommadigere the line runs east, north-east and north along the southern and eastern boundary of Jodi Inam Dasanpura for about 80 chains to the south-west corner of Survey No. 21 of Nagalapura; then east and south-east along the southern boundary of Survey Nos. 21 and 22 of Nagalapura for about 20 chains to the south-west corner of Survey No. 23 of Nagalapura Village.

East.—Then south-east through Survey No. 1 of Sri Rangaswamy Bettada Kaval for about 99 chains in a straight line to the north-west corner of Survey No. 24 of Muthagadahalli; then south, south-east and south along the western boundary of Survey Nos. 24, 23 and 22 of Muthagadahalli and 14 and 12 of Boralinganapalya for about 75 chains to the north-west corner of Survey No. 11 of Boralinganapalya.

South.—Then west through Survey No. 1 of Sri Rangaswamy Bettada Kaval for about 25 chains to a point about 10 chains north from the northernmost corner of Survey No. 7 of Kenkere; then in the same direction through Survey No. 1 of the said Kaval for about 48 chains to a point about 16 chains north from the tri-junction bondh of Kenkere, Nademavinpura and Sri Rangaswami Bettada Kaval villages; then in the same direction through Survey No. 1 of Sri Rangaswami Bettada Kaval for about 37 chains to the north-east corner of Survey No. 27 of Kanguni Village.

West.—Then north-west along the eastern boundary of Survey Nos. 26, 24, 25 again 24, 9 and 8 of Kanguni Village for about 72 chains to the north-west corner of Survey No. 8 of Kanguni Village; then north-west along the northern boundary of Survey Nos. 8, 7 and 6 of Kanguni for about 15 chains to the south-east gadi bandh of Jodi Inam Hadonahalli; then north-east through Survey No. 1 of Sri Rangaswami Bettada Kaval for about 62 chains to the starting point.

'B' Block.

North.—Starting from the northernmost corner of Survey No. 198 of Gunnageri the line runs south-east along the southern boundary of Survey Nos. 52 and 45 of Rayagonahalli for about 98 chains to the north-west corner of Survey No. 41 of Jangeri.

East.—Then south along the western boundary of Survey No. 41 of Jangeri for about 30 chains to the north-east corner of Survey No. 7 of Nagalapura.

South.—Then west and north along the northern boundary of Survey Nos. 7 and 8 and eastern boundary of Survey No. 9 of Nagalapura for about 25 chains to the north-east corner of Survey No. 9 of Nagalapura; then south-west along the northern boundary of Survey Nos. 9 and 10 for about 13 chains to the north-west corner of Survey No. 10; then south-west along the western boundary of Survey Nos. 12, 14 and 13 and again 14 for about 55 chains to the northernmost gadi bandh of Jodi Inam Dasanapura; then south-west, north-west and south-west along the northern boundary of Jodi Inam Dasanapura and Survey No. 7 of Bommadigere for 43 chains to the south-east corner of Survey No. 37 of Gunnageri Village.

West.—Then north-east along the eastern boundary of Survey Nos. 37, 35, 27, 26, 25, 24 and 23 of Gunnageri for about 86 chains to the north-east corner of Survey No. 23 of Gunnageri; then south-east, north east, north-west, south-west and west along the eastern boundary of Survey No. 22 for about 22 chains to the south-east corner of Survey No. 200 of the same village; then north-east and north-west along the eastern boundary of Survey No. 198 of Gunnageri for about 36 chains to the starting point.

Remarks.—The following rights of way and concessions are admitted within the above blocks.

"A" Rights of Way.

1. *Foot-path*—From Dasanapura to Madakihalli—2 yards wide and 18 chains long open for men and cattle only throughout the year. It enters the State Forest Block "A" in its northern boundary at a point about 8 chains south from the south-west corner of Survey No. 21 of Nagalapura, runs south-east through Survey No. 1 of Sri Rangasami Betta Kaval, and quits the State Forest in its eastern boundary at a point about 8 chains south-east from the south-west corner of Survey No. 23 of Nagalapura.

2. Cart-track from Nagalapura to Menasinahalli—6 yards wide and 110 chains long—open for men, cattle and carts throughout the year. It enters the State Forest "A" Block in its northern boundary at a point about 3 chains east from the south-west corner of Survey No. 21 of Nagalapura, runs south and south-east through Survey No. 1 of Sri Rangaswami Bettada Kaval, and quits the State Forest in its eastern boundary at a point about 1 chain north-east from the south-west corner of Survey No. 25 of Menasinahalli.

3. Foot-path from Kanguni to Dasanapura—2 yards wide and 58 chains long open for men and cattle only throughout the year. It enters the State Forest "A" Block in its western boundary at a point about 1 chain east from the north-east corner of Survey No. 6 of Kanguni, runs north-east through Survey No. 1 of Sri Rangaswami Bettada Kaval and quits the State Forest in its northern boundary at a point about 5 chains east from the south-east corner of Survey No. 14 of Bommadigeri.

4. Foot-path from Kanguni to Boralinganapalya—2 yards wide and 122 chains long, open for men and cattle only throughout the year. It enters the State Forest "A" Block in its western boundary at a point about one chain south from south-east corner of Survey No. 9 of Kanguni, runs south-east through Survey No. 1 of Sri Rangaswami Bettada Kaval and quits the State Forest in its eastern boundary at a point about 4 chains south-west from the south-west corner of Survey No. 22 of Muthagadahalli.

5. Cart-track from Dasanapura to Rayagonahalli—6 yards wide and 105 chains long, open for men, cattle and carts throughout the year. It enters the State Forest "B" Block in its southern boundary at a point about 21 chains east from the north-east corner of Survey No. 7 of Bommadigere, runs north-east through Survey No. 2 of Sri Rangaswami Bettada Kaval and quits the State Forest in its northern boundary at a point about 33 chains north-west from the south-west corner of Survey No. 45 of Rayagonahalli.

6. Foot-path from Gunnageri to Nagalapura—2 yards wide and 44 chains long open for men and cattle only throughout the year. It enters the State Forest "B" Block in its western boundary at a point about 2 chains south-west from the south-east corner of Survey No. 27 of Gunnageri, runs south-east through Survey No. 2 of Sri Rangaswami Bettada Kaval and quits the State Forest in its southern boundary at a point about 2 chains south-west from the south-west corner of Survey No. 13 of Nagalapura Village.

"B" Concessions.

1. Sri Rangaswami Temple situated on the top of Sri Rangaswami Betta in Survey No. 1 included in "A" Block of the State Forest.

2. Sri Anjaneyaswami Temple situated on the eastern slope of Sri Rangaswami Betta in Survey No. 1 included in "A" Block of the State Forest.

The villagers of Bommadigere, Hadonahalli, Kanguni, Nademavinapura, Boralinganapalya, Muthagadahalli, Menasinahalli and Madakihalli villages are allowed to visit the temples of Sri Rangaswamy and Sri Anjaneyaswami for worship during Sravanamasa Jatra.

An area of 4 acres of land alround the above two temples have been left and will be demarcated free from reservation for the use of these villagers for halting their cattle and carts and for other purposes during Jatra there.

Access to the above temples is given through the following paths :—

1. Foot-path from Bommadigere to Sri Rangaswami Temple and on to Sri Anjaneyaswami Temple also—2 yards wide and 58 chains long, for men and cattle only during Sravanamasa for worship. It enters the State Forest "A" Block in its western boundary at a point about 15 chains south-east from the south-east corner of Survey No. 16 of Bommadigere, runs south-east through Survey No. 1 of Sri Rangaswami Bettada Kaval as far as the two temples referred to above.

2. Foot-path from Kanguni to Sri Rangaswami Temple situated on the top of the Hill in Survey No. 1 of Sri Rangaswami Bettada Kaval—2 yards wide and 48 chains long, open for men and cattle only, for worship during Sravanamasa Jatra. It enters the State Forest "A" Block in its western boundary at a point about 3 chains south-east from the south-east corner of Survey No. 8 of Kanguni, runs north-east through Survey No. 1 of Sri Rangaswami Bettada Kaval and meets the above foot-path.

3. Cart-track from Menasinahalli to Sri Anjaneyaswami Temple situated on the eastern slope of the Hill in Survey No. 1 of Sri Rangaswami Bettada Kaval—6 yards wide and 63 chains long, open for men, cattle and carts for worship during Sravanamasa Jatra. It enters the State Forest "A" Block in its eastern boundary at the south-west corner of Survey No. 25 of Menasinahalli, runs north-west through Survey No. 1 of Sri Rangaswami Bettada Kaval as far as the temple of Sri Anjaneyaswami Temple.

STATEMENT B.—Register of claims to lands, rights to forest produce or easement in the proposed Sri Rangaswamibettada Kaval "A" and "B" Blocks State Forest.

Serial No.	Name of claimant	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claim	Brief summary of the Forest Officer's arguments and evidence produced	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of court of final appeal and settlement
1	2	3	4	5	6	7	8
1	Patel Rangegowda, Ranga and A. Anjaneyaraju of Bommadigere Village.	26th July 1938.	Pray for the exclusion of certain portion of S. No. 1 of Sri Rangaswamibettada Kaval included in the proposed Forest for grazing of their village cattle as the gomal left in their village limits is quite insufficient and no other gomal area is near to them excepting the above S. No. 1 of the Kaval. Pray for a right of way to go to Sri Rangaswami Temple situated on the top of the hill for worship during Sravanamasa Jatra.	Oral statements of the villagers made at the time of settlement before the Settlement Officer.	As no lands out of this village have been taken for the forest and as the kaval area has been proposed for State Forest, this village has no hold over this land. Hence not possible to exclude any area from the forest. This may be granted.	On enquiry, it is found that Bommadigere Village, which is adjoining the kaval, has not got sufficient grazing land for its village cattle in its village limit or in the adjoining villages and as the cattle are mainly depending upon the kaval land for grazing, it would be a great hardship if they are deprived of this kaval. It is therefore ordered that an area of about 66 acres of land to be excluded from S. No. 1 of the kaval proposed for forest by shifting the line to a point 5 chains east from the south-east corner of S. No. 14 of Bommadigere along the southern boundary of Jodi Inam Dasanapura and to the south-east gadi bandh of Jodi Inam Hadonahalli as shown in the enclosed sketch.	
2	Patel Rangegowda, Chandrasekhariah, Rangegowda, Chikrangiah, Nanjundegowda of Menasinahalli Village.		Pray for the exclusion of certain portion of S. No. 1 of Sri Rangaswamibettada Kaval included in the proposed State Forest for grazing of their village cattle as the gomal left in their village is very small and hence quite insufficient for the number of cattle existing in the village. Pray for a right of way to go to Sri Rangaswami Temple situated on the top of the hill for worship during Sravanamasa Jatra		No lands out of this village have been taken up for the proposed Forest. Hence not possible to exclude any area from the forest. This may be granted.	During the settlement of the forest, it is found that this village has also got insufficient gomal in its limits and the cattle are mainly depending upon the kaval lands for grazing from time immemorial. Hence it is not fair to deprive of this concession now. It is therefore ordered that an area of about 136 acres and 18 guntas of land adjoining this village to be excluded from S. No. 1 of the kaval included in the proposed forest by shifting the forest line to south-east corner of S. No. 23 of Nagalapura and to the south-east corner of S. No. 24 of Menasinahalli.	
3 4 5 6 7	Nagalapura Madakihalli Rayagonahalli Gunnageri Muthagadahalli.		None present and no thakarar.		.....	The following rights of way are admitted in the above State Forest A and B blocks as they are in existence and use. 1. Foot-path from Dasanapura to Madakihalli, 2 yards wide and 18 chains long in Block A, through S. No. 1 of Sri Rangaswamibettada Kaval, open for men and cattle only throughout the year. 2. Cart-track from Nagalapura to Menasinahalli, 6 yards wide and 119 chains long in Block A, through S. No. 1 of Sri Rangaswamibettada Kaval, open for men, cattle and carts throughout the year. 3. Foot-path from Kanguni to Dasanapura, 2 yards wide and 58 chains long through S. No. 1 of Sri Rangaswamibettada Kaval in Block A, open for men and cattle only throughout the year. 4. Foot-path from Kanguni to Boralinganapalya, 2 yards wide and 122 chains long in Block A through S. No. 1 of Sri Rangaswamibettada Kaval, open for men and cattle only throughut the year. 5. Cart-track from Dasanapura to Rayagonahalli, 6 yards wide and 105 chains long in Block B, through S. No. 2 of Sri Rangaswamibettada Kaval, open for men, cattle and carts throughout the year. 6. Foot-path from Gunnageri to Nagalapura, 2 yards wide and 44 chains long in Block B, through S. No. 2 of Sri Rangaswamibettada Kaval, open for men and cattle only throughout the year.	

STATEMENT B.—*concld.*

Serial Number	Name of claimant	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of court of final appeal and settlement
1	2	3	4	5	6	7	8
8	Boralinganpalya.	28th July 1938	No thakarar ...	Oral statements of the villagers made at the time of settlement before the Settlement Officer.	.....	As submerged lands under Marconahalli project have to be provided for, it is ordered that an area of 123 acres and 12 guntas of land to be excluded from S. No. 1 of the kaval included in the forest by shifting the line to the north-east corner of S. No. 27 of Kanguni and north-west corner of S. No. 11 of Boralinganapalya as shown in the sketch. The remaining area of S. No. 1 and S. No. 2 of Sri Rangaswamibettada Kaval may be reserved for the Forest as proposed. The following concessions are admitted in the Block A for the enjoyment of the villagers of Bommadigere, Hadonahalli, Kanguni, Nademavinpura, Boralinganapalya, Muthagadahalli, Menasinhalli and Madakihalli. They are allowed to visit the temples of Sri Rangaswamy and Sri Anjaneyaswami to offer worship during Sravanamasa Jatra. An area of 4 acres of land alround the above two temples have been left and will be demarcated free from reservation for the use of these villagers for halting their cattle and carts and for other purposes during Jatra time. Access to the above temples is given through the following paths. 1. Foot-path from Bommadigere to Sri Rangaswami and Sri Anjaneyaswami Temples, 2 yards wide and 58 chains long through S. No. 1 of the Kaval in Block A, for men and cattle only for worship during Sravanamasa Jatra. 2. Foot-path from Kanguni to Sri Rangaswami Temple, 2 yards wide and 48 chains long through S. No. 1 of the kaval in Block A, for men and cattle only for worship during Sravanamasa Jatra. 3. Cart-track from Menasinahalli to Sri Anjaneyaswami Temple, 6 yards wide and 68 chains long in Block A, through S. No. 1 of the Kaval for men, cattle and carts for worship during Sravanamasa Jatra.

Free grant of building materials to the poor people for the reconstruction of houses destroyed by accidental fires.

READ—

Government Order No. R. 2888-97—R. M. 16-25-3, dated 5th December 1925, enhancing the powers of the Sub-Division Officers and the Deputy Commissioners in the matter of granting building materials to sufferers from accidental fires to the extent of Rs. 50 and Rs. 75, respectively, in each case.

2. Government Order No. R. 6250-60—R. M. 1-30-62, dated 14th May 1931, empowering the Deputy Commissioners of Districts to grant relief in deserving cases up to a limit of Rs. 15 worth of unreserved wood from District Forests to persons who suffer loss from accidental fires irrespective of the fact that they pay no kandayam or pay kandayam less than Rs. 15.

3. Government Order No. G. 4070-3—Ft. 32-37-4, dated 23rd November 1937, sanctioning the free grant of building materials not exceeding Rs. 15 in value in each case calculated at the existing seigniorage rates either from the District or State Forests for the construction of dwelling houses to applicants of all communities if they are found by the Deputy Commissioners to be poor and deserving.

4. Letter No. C. 4174—37-88, dated 18th May 1938, from the Revenue Commissioner in Mysore requesting orders, among other things, to extend the scope of the Government Order of 23rd November 1937 read above, so as to include cases where the free grant of building materials is required to re-build houses destroyed by fire as well.

5. Correspondence ending with letter No. D. 3—34-329—37, dated the 11th September 1939, from the Chief Conservator of Forests on the subject.

ORDER No. A. F. 1826-37—FT. 1-37-16, DATED BANGALORE, THE 14TH OCTOBER 1939.

Under the rules in force, the Revenue Officers had no powers to sanction the free grant of building materials from the State Forests either for the construction of dwelling houses or for the re-building of houses destroyed by accidental fires. But in their Order No. G. 4070-3—Ft. 32-37-4, dated 23rd November 1937, Government authorised the Deputy Commissioners to sanction the free grant of building materials not exceeding Rs. 15 in value from the State Forests also in deserving cases to the poor and deserving applicants of all communities for the construction of dwelling houses. The Revenue Commissioner thereupon requested Government to extend the scope of the Government order of 23rd November 1937, referred to above, so as to include cases of re-building of houses destroyed by accidental fire as well. This question which was engaging the attention of Government was brought up for discussion at the meeting of officers held on 14th August 1939, when it was agreed that the Deputy Commissioners may sanction the money value of the free grant and intimate the fact to the District Forest Officers who will thereupon issue *mafi licenses* specifying the names of the State Forests, etc., from which the materials should be removed. The Chief Conservator of Forests now recommends that this practice may be allowed to continue for a period of two years subject to revision thereafter if necessary. Government are pleased to sanction the same.

J. APPAJI GOWDA,
Secretary to Government,
General Department.

DEVELOPMENT SECRETARIAT

Administration Report of the Public Health Department for the calendar year 1938.

READ—

Report on the Administration of the Public Health Department for the calendar year 1938, received from the Director of Public Health in Mysore with his letter No. V. S. 290, dated 21st August 1939.

ORDER No. 3701-24—P. H. 22-39-3, DATED BANGALORE, THE 23RD—26TH OCTOBER 1939.

Recorded.

2. *Public Health.*—Except for a rise in the incidence of plague, public health was generally satisfactory. Five thousand, one hundred and ninety six deaths from

plague were reported during the year against 4,812 in the previous year, Mysore District reporting the largest number. In connection with the control of plague, in addition to the anti-plague inoculation and disinfection of houses, cyano-gas fumigation was recommended for adoption in various places. Six thousand, two hundred and eighty four houses were cyano-gased, 2,874 in the Kolar Gold Field Sanitary Board area, 100 in the Bangalore City and 3,310 in other places. Eight hundred and eighty deaths from cholera occurred during the year against 4,239 in the previous year. During the year, 789 deaths from small-pox were reported against 1,095 in the previous year. The number of vaccinations was 250,780.

Investigation into the causes of typhoid in Bangalore City was made in September last and action was taken on the several recommendations of the Committee.

3. *Vital Statistics.*—The revised system of registration and compilation of the statistics of births, deaths and marriages introduced in the Bangalore and Mysore Cities and on the Kolar Gold Fields and the districts of Bangalore and Shimoga have given good results.

The total number of births during the year was 150,410 (146,737), the computed birth-rate being 22·0 per mille of population as compared with 21·6 in the preceding year. The total number of deaths was 102,228 (102,118) giving a death-rate of 14·9 per 1,000 of population as against 15·1 in the previous year. The highest birth-rate (25·3) was reported by the Shimoga District and the lowest (21·9) by the Bangalore District. The total number of deaths among children under one year of age was 16,082 (15,567) giving an infant mortality rate of 106·9 against 106·1 in the previous year. The death rates exceeded the birth rates in the Hassan and Kadur Districts.

4. *Public Health Institute.*—Experimental work was continued in order to determine the standards of purity of most of the common articles of food with reference to their nutritional value. As a result thereof, action was taken to discourage the use of polished rice and to encourage the use of hand pounded rice. Experiments on other articles of food are being conducted. The income and expenditure of the Institute were Rs. 25,761 and Rs. 22,228 against Rs. 43,468 and Rs. 22,932 respectively, during the previous year.

5. *Bureau of Health Education.*—During the year, 190 cinema shows were arranged in different places in all the districts. Two Health Exhibitions were held, one at the Annual Dasara Exhibition at Mysore, where a large section on nutrition and its importance was newly added and the other at Hassan in connection with the State Women's Conference.

The Health Centre at Closepet continued to do good work. Village improvement work was started by the Health League in 18 new villages. Improvements were effected to several houses by providing latrines, soak pits, manure pits, and windows and by plastering and white-washing them.

6. *Bureau of Epidemiology—Malaria Control.*—Control of malaria is a very important public health problem in the State as malaria accounts for over 30 per cent of the total mortality. Control work was continued in the Cities of Bangalore and Mysore and in Hiriyur, Mudgere, Nagenahalli, Mandya and 10 selected villages in the Irwin Canal area. It was started in Chikmagalur and Sakrepatna also. Malaria survey was completed in Shimshapura, Belur, Jog and Devarayasamudram and in 10 villages in the Marconahalli area, 17 villages in the Closepet area and 2 villages close to Bangalore City as well as in the Alageshwar Tea Estates, the area around the Princess Krishnajammanni Sanatorium, Mysore and Balehalli village near Chikmagalur. The annual spleen and parasite survey of the Bangalore and Mysore Cities was done, as usual. The spleen rate for the Bangalore City was found to be 0·13 as against 0·31 in the previous year and the parasite rate 0·91 against 0·5. The spleen and parasite rates for Mysore City were 1·3 and 2·2 per cent against 2·6 and 7·2 in the previous year. Both malariol and Paris green were used as larvicides. The effects of malaria engineering measures were observed during the year in the 3 villages, Bevenahally, Kyathanagere and Sundahalli near Mandya.

The guinea-worm staff visited 960 villages during the year, 524 step wells were examined and 66 wells were newly stocked with fish. The larvicidal fish was renewed in 111 wells, and 19 wells were treated with perchloron.

The staff on hook-worm control carried on the work of propaganda and the construction of bore-hole latrines, in the villages where infection was found to be heavy. They visited 1,539 houses in 38 villages. One hundred and thirty bore-hole latrines were constructed during the year.

7. *Bureau of Sanitary Engineering.*—In addition to the work on water-supply scheme at Mysore, Bethamangala, Kolar, Hiriyur, Harihar, Shimoga, Sagar, Saklespur, Shikarpur and Hassan, 14 towns and villages were provided with protected water-supply.

Drainage.—The work of providing underground drainage in Bangalore City was well under way. Drainage works were completed in Hassan and in 9 other places; they were in various stages of progress in Tumkur, Arsikere and in 7 other places. Comprehensive drainage projects and estimates were prepared for 5 towns.

Sanitary Fitting and Installations.—Sanitary fitting and installations were made to some hospitals, colleges and offices both in Bangalore and Mysore Cities and in some buildings in the mofussil.

Town Planning and Survey.—Plans for the improved lay out of 5 places and type designs of slaughter-houses, mutton stalls and rat proof dwelling houses were prepared during the year.

Bore-wells.—Bore-wells were completed in 9 places and were in progress in 12 other places.

8. *Important Measures.*—Among the important events of the year may be mentioned (1) the training of 25 students in the Sanitary Inspectors Training Class, (2) the appointment of four health probationers, (3) the deputation of Dr. G. M. Dominick to Bombay to study the manufacture of plague vaccine, (4) the deputation of Mr. E. R. Sundararajan as a delegate to attend the All-India Population and Family Hygiene Conference at Bombay, (5) the deputation of Mr. B. Ananthaswamy Rao to Malaya, Ceylon and Pattukottai for the study of malaria, and (6) the deputation of Mr. K. S. Krishnaswamy to America for advanced study in Sanitary Engineering on a Rockefeller Foundation Fellowship.

9. *Expenditure of the Department.*—The total expenditure on account of Public Health in the State during the year was Rs. 33·1 lakhs as detailed below against Rs. 27·5 lakhs during the previous year :—

		Rs.
1.	Health Administration	14,61,000
2.	Water-supplies	15,32,000
3.	Drainage	2,80,000
4.	Sanitary Fittings	37,000
	Total ...	33,10,000

10. The work of the department was satisfactory during the year.

PART I

IMPORTANT GOVERNMENT ORDERS

CHIEF SECRETARIAT

Passes orders on the recommendations of the Committee appointed to consider the question of Constitutional Reform in Mysore.

READ—

Government Order No. 2691-2751—C. B. 165-37-1, dated 1st April, 1938, appointing a Committee to examine the question of Constitutional Reform in Mysore.

2. Government Order No. 3271-3371—C. B. 165-37-2, dated 26th April, 1938, nominating Mr. S. C. Malliah as a member of the Committee.

3. Government Order No. 4165-4222—C. B. 165-37-10, dated 9th June, 1938, appointing five more members to the Committee.

4. Government Order No. 1634-70—C. B. 165-37-24, dated 16th November, 1938, appointing *Rajadharmapravina Diwan Bahadur* Mr. P. Mahadevayya, in place of Mr. K. V. Anantaraman (resigned).

5. Letter dated 30th—31st August, 1939, from the Chairman of the Committee, submitting the Report of the Committee.

ORDER No. 1849-900—C. B. 58-39-1, DATED BANGALORE, THE 6TH NOVEMBER 1939.

Appointment of the Committee on Constitutional Reform.

In pursuance of the undertaking given by them to the Legislative Council in January, 1938, Government in their Order No. 2691-2751—C. B. 165-37-1, dated the 1st April, 1938, appointed a special Committee consisting of two official and seventeen non-official members, with *Rajasabhabhushana Diwan Bahadur* Mr. K. R. Srinivasa Iyengar as Chairman, for the purpose of examining the working of the representative institutions in the State and formulating comprehensive proposals as to the further changes which might be desirable in order to secure the steady and harmonious constitutional progress of the State. The personnel of the Committee was enlarged or altered from time to time according to the several Government Orders read above. As thus enlarged the Committee was composed of twenty-six members including the Chairman. Government regret that five members belonging to the Mysore Congress dissociated themselves from the work of the Committee from January 17, 1939.

Committee's Report.

2. The Report of the Committee, which was submitted to Government on the 31st August, 1939, is signed by the remaining twenty-one members, subject in some cases to separate notes or minutes of dissent. The Committee has carried out its task with insight and thoroughness, and submitted a Report which will stand out as a landmark in the constitutional history of Mysore. Government desire to convey their thanks to the Chairman and the members of the Committee for the excellent manner in which they have discharged their task.

3. The Committee asked for opinions from the public, and invited the members of the Legislative Council and the Representative Assembly as well as other prominent persons and associations in the State to send in their considered views on the subject. Over a thousand communications were sent out, and 440 replies were received by the Committee and duly taken into consideration. The Committee also took the oral evidence of selected representatives of the public, and examined 31 witnesses. The Committee has thus taken account of all shades of

public opinion in the country before arriving at its conclusions. On the Committee itself practically all schools of thought were represented.

Seeing that already nearly a year and a half has elapsed since the appointment of the Committee, Government are of opinion that it is in the public interest to deal with the recommendations of the Committee at once. Careful and detailed consideration has been given to the Report of the Committee as well as to all other views placed before the Government, and the decisions arrived at in regard to the general scheme have been embodied in the Proclamation which His Highness the Maharaja has been pleased to promulgate. Government will now proceed to explain these decisions with reference to the recommendations of the Committee and to pass orders regarding matters of detail.

Continuance of the Representative Assembly and the Legislative Council.

4. The history of representative institutions in Mysore is a long and interesting one. This history has been touched upon in the Government Order relating to the Constitutional Reforms of 1923, and also in the Government Order of the 1st April, 1938, appointing the Committee whose recommendations are now under consideration. The growth and working of these bodies has been reviewed in detail by the Committee in Chapter II of its Report, which gives a clear perspective of the course of constitutional evolution in Mysore during the last six decades.

The two popular institutions, the Representative Assembly which is peculiar to Mysore and the Legislative Council, whose growth has proceeded *pari passu* with the economic development of the State and the political advance of the people, have, each in its own sphere, been serving as a forum for bringing the wants and views of the people to the notice of Government. The Representative Assembly is a unique democratic institution which Mysore has evolved in order to meet her own needs; and the bulk of the Memoranda received and the witnesses who were examined before the Committee, especially those from the rural parts, are emphatic about its usefulness and the necessity for its continuance. The two Houses do not, however, correspond to the two chambers of a bicameral legislature. It may well be said that the Representative Assembly embodies the oriental conception of government, while the Legislative Council represents its occidental conception. The two stand in a peculiar relationship to each other. They are not strictly co-ordinate, but supplement each other's functions.

Government are in entire agreement with the recommendation of the Committee that both Houses should be continued in the new constitution, practically in their present form and character, but with certain enlarged powers and functions.

Representative Assembly and legislation.

5. At present the Representative Assembly has to be consulted by the Government with regard to proposed legislation. But the draft bill itself need not be placed before the Assembly, and it is sufficient if a statement of the general principles underlying it is placed before the House to ascertain its opinion. Such consultation may be either prior to the introduction of the bill in the Legislative Council or at the earliest opportunity after such introduction, but before it is finally passed. There is also a provision that the Assembly need not be consulted at all in cases of extreme urgency in which the Government propose that the ordinary rules of business of the Legislative Council should be suspended and the bill passed at a single sitting of the Council. The opinion expressed by the Representative Assembly is not binding in character and it is open to the Government to accept or reject it without giving reasons. Finally, a member of the Assembly cannot bring a private bill before the House for its consideration.

Government bills: Prior consultation to be obligatory.

6. The Committee has now recommended that whenever any legislative measure is intended to be placed permanently on the statute book, the Assembly should invariably be consulted before the bill is introduced into the Legislative Council; and that in addition to the statement of general principles underlying the bill, a copy of the bill itself should be placed before the Assembly and its opinion ascertained. Government accept the recommendation.

Mode of consultation.

Opinion in the Committee was almost equally divided on the question whether, when a bill thus comes up before the Assembly, it should have the power of considering, as at present, only the principles underlying the bill and any of its provisions or whether its powers should be extended to the consideration of the bill in detail, clause by clause. The majority favour the latter alternative. Government,

after a careful consideration of the position, agree with the minority, that the Assembly would be handicapped in the exercise of such powers by reason of its size and composition, and also that the procedure suggested would lead to needless delay in the process of legislation. They therefore consider that the Assembly should be entitled to express its opinion only on the general principles underlying a bill or any of its provisions, and to propose amendments thereto but not to propose verbal amendments to the clauses of a bill.

The Committee has recommended that seven days' previous notice should be given of any amendment which may be proposed by a member, if he desires the House to divide and vote in respect of his amendment. Government, however, consider that this will lead to difficulties in practice and that it is unnecessary to lay down any restriction in this respect, as verbal amendments to clauses will not be allowed.

Effect of Assembly's opinion.

7. Government agree with the Committee that the opinion of the Assembly, especially when supported by a large majority, should carry due weight. They accordingly accept the Committee's suggestion that when the principles of a bill or any of its provisions are opposed or amended by a majority of members forming not less than two-thirds of the total strength of the Assembly, the verdict of the House should ordinarily be accepted by the Government.

The Committee points out, however, that there may be exceptional cases where the Government may find it necessary, in the public interest or for ensuring safety and good government, to proceed with a bill in the Legislative Council notwithstanding the adverse opinion of the Assembly. It recommends that in such cases it should be open to the Government to introduce the bill into the Legislative Council, with such modifications as may be deemed desirable by Government in the light of the opinions expressed by the Assembly, after issuing a statement giving reasons for its decision, a copy of such statement being sent to the members of the Representative Assembly as well as the Legislative Council.

Subsequent stages of legislation.

Government accept this recommendation, as well as the subsequent procedure suggested. This means that after a bill is passed by the Assembly, it may be introduced into the Legislative Council with or without the modifications proposed by the Assembly, and that, when the bill is finally passed by the Council, it need not be placed again before the Assembly but may be submitted to His Highness the Maharaja for assent together with a statement of the opinions expressed by the Assembly thereon.

Private Members' bills.

8. Government accept the Committee's recommendation that a member of the Representative Assembly should be allowed to place a bill before the House for its consideration, after obtaining the permission of the President. Any such bill, if thrown out by a majority of the members present and voting, will not be proceeded with. The same procedure will be adopted in the case of any private member's bill proposed to be introduced into the Legislative Council and placed before the Assembly to ascertain its opinion.

Emergency legislation.

9. Under the provisions of Section 9 (2) of the Representative Assembly Act, Government may, in cases of extreme urgency, place a measure on the statute book permanently without consulting the Assembly. Government have now accepted the Committee's recommendation that prior consultation of the Assembly should be obligatory in all cases where it is proposed to place a legislative measure permanently on the statute book. Emergencies necessitating legislation will therefore be met in future by the exercise of the power conferred under the Legislative Council Act of framing temporary regulations. These temporary regulations will have the force of law ordinarily for a period of six months. But in view of the fact that this interval might not always be sufficient to allow for consultation of the Assembly, the subsequent passage of the bill in all its stages in the Legislative Council and receiving His Highness's assent, the Government will take power, as recommended by the Committee, to extend, if necessary, the period of operation of any emergent enactment by a further period of six months.

Excluded subjects.

10. Under the provisions of the Legislative Council Act as in force at present, the Council is not empowered to consider any measure relating to or affecting :—

(a) the Ruling Family of Mysore;
(b) the relations of His Highness the Maharaja with the Paramount Power or with Foreign Princes or States;

(c) matters governed by treaties or conventions or agreements now in force or hereafter to be made by His Highness the Maharaja with the Paramount Power;
(d) the provisions of Legislative Council Act No. XIX of 1923;
(e) the provisions of the Mysore Representative Assembly Act No. XVIII, 1923; or
(f) such other matters as may, from time to time, be specially reserved by His Highness the Maharaja for consideration by Government.

In future, in view of the fact that the members of the Representative Assembly will have the privilege of bringing bills for consideration in the House, these exclusions will be made specifically applicable to the Assembly also.

Discussion regarding changes in the constitution of the two Houses.

11. In this connection, the Committee has recommended that, apart from legislation, it should be open to either House to discuss any subject relating to changes in the constitution and also to entertain resolutions and representations in this behalf. It has also suggested that the existing restriction which precludes each House from suggesting modifications of the constitution of the other House should be removed, and that resolutions proposing amendments to the constitution of the one or the other may be admitted with the previous sanction of the Dewan. Government are, however, of opinion that it would be inadvisable to allow either House to discuss or suggest modifications regarding the constitution of the other, as this is a matter affecting the relationship between the two Houses. Moreover the members of one House may not also have sufficient acquaintance with the conditions affecting the working of the other to be in a position to suggest any useful modifications.

Government consider that the existing restriction may therefore stand.

Bills affecting religion, etc.

12. The Committee has recommended that, with a view to safeguarding religious rights or usages, especially of the minority communities, previous sanction should be made a condition of the introduction in either of the Houses of any measure affecting the religion, religious rights or usages of any class of His Highness's subjects. Opinion in the Committee was, however, almost equally divided on the point whether the previous sanction should be that of His Highness or of the Dewan. Government consider that the existing provision that no measure of any description shall be introduced in the Council without the previous sanction in writing of the Dewan, is adequate for meeting such situations and that it will be sufficient if this is made specifically applicable to the Representative Assembly also.

Finance: Excluded heads of expenditure.

13. The Assembly already possesses the right of being consulted with regard to all proposals for the levy of new taxes or the enhancement of existing taxes. The budget is laid before the Assembly in the form of a statement which it is empowered to discuss, with the exception of certain heads of expenditure excluded from its purview. The exclusion of these heads is a necessary corollary to similar exclusions in the field of legislation. In respect of the following items, the proposals of the Government for the appropriation of revenues or other moneys for expenditure are not now open to discussion either in the Representative Assembly or the Legislative Council, nor are they liable to be submitted to the vote of the Legislative Council:—

(i) the Palace, including the staff and household of His Highness the Maharaja;
(ii) the Military Forces of His Highness the Maharaja;
(iii) the pensions of public servants;
(iv) items of expenditure relating to or affecting—
  (a) the relations of His Highness the Maharaja with the Paramount Power or with other States;
  (b) matters governed by treaties or conventions or agreements now in force or hereafter to be made by His Highness the Maharaja with the Paramount Power;
(v) interest on loans and charges on account of sinking funds guaranteed at the time of raising the loans;
(vi) expenditure of which the amount is specified by or under any law.

Expenditure on Military Forces.

14. The Committee has recommended that discussion on item (ii), *viz.*, Military Forces of His Highness the Maharaja (excepting Palace Troops), may be allowed both in the Assembly and the Council, although no resolution or voting need be permitted thereon.

Government accept this suggestion. The other heads in the list will, as recommended by the Committee, continue to be excluded from the purview of both Houses.

Budget.

15. With regard to the budget, the estimated annual revenue and expenditure of the State is now laid before the Assembly in the form of a statement, which it is empowered to discuss with the exception of the excluded heads already referred to. Resolutions can also be moved by any member on the general principles and policy underlying the budget, but not with reference to particular grants or appropriations. The Committee recommends that the Assembly's power over the budget may be extended to the moving of resolutions on any of the major heads, but without reference to particular grants or appropriations included therein. As a matter of fact, Government have been admitting such resolutions and they have no hesitation in accepting the suggestion of the Committee which only confirms the existing practice. This will enable the Assembly to raise specific issues relating to the expenditure of the several departments.

Proposals for enhancement of grants.

16. Government are in agreement with the Committee, which has reiterated the opinion of the Seal Committee, that it is not safe to allow specific money grants to be dealt with by two sets of people's representatives in two different Houses. They also agree with the Committee's view that no proposal for the imposition of taxation or for the appropriation of public revenues, nor any proposal affecting or imposing any charge upon those revenues should be made except on the recommendation and responsibility of the Executive. This principle is one of the recognised canons of public finance.

Resolutions.

17. The right to move resolutions on matters relating to the public administration was first conferred on the Assembly under the Reforms of 1923. At present, the number of general resolutions that may be moved at a session is fixed for each district. Thus the districts of Bangalore and Mysore may each send up four resolutions and the other districts three each for the Dasara Session; and two each and one each, respectively for the Budget Session. In addition, it is provided that not more than one resolution concerning any minority or special interest may be sent up by any member representing such interest, subject to the usual restrictions. The order in which the resolutions are to be moved is at the discretion of the President.

Abolition of the system of district meetings for the selection of resolutions, etc.

18. The Committee now recommends that every member of the Assembly may send up one resolution for each session, Budget and Dasara; that the number of days allotted for the discussion of resolutions may be increased; and that the order in which resolutions are to be discussed may be determined by the drawing of lots. The Committee has recommended the abolition of the method now in use by which the resolutions to be sent up are selected at a meeting held at the District Headquarters under the presidentship of the Deputy Commissioner. It is of opinion that the method is prejudicial to minority parties. Government consider that there is some force in this criticism, and accordingly accept the Committee's recommendation, and direct that the present system of selecting at preliminary meetings in each district, the resolutions, representations and interpellations which are to come up before the Assembly may be abolished, and that the members may be allowed to send their resolutions direct to Government, the order in which resolutions are to be discussed being determined by drawing lots.

Interpellations.

19. The number of questions which may be sent is now fixed at eight each for the districts of Bangalore and Mysore and six each for the other districts for each session. Government accept the Committee's recommendation that each member may be allowed to send up one question for each session, that a preliminary selection is unnecessary, and that no maximum limit need be placed on the total number of questions to be sent by the members for any session. Supplementary questions may be allowed at the President's discretion.

Representations.

20. Similarly, in the case of representations, each member will be allowed to send one subject for each session as recommended by the Committee. Government agree with the Committee's suggestion that a matter falling within the competence of a local body or officer should not ordinarily be made a subject of representation, and that if any such local subjects are sent up by the members, they may be referred by the Government to the competent authority for disposal. This merely represents the existing practice. Government also accept the Committee's suggestion that a statement should be placed before the House regarding the action taken by them in respect of what they regard as local subjects.

Sessions of the Assembly.

21. The Committee considers that it is sufficient if there should ordinarily be two sessions of the Assembly every year as at present, one during Dasara and one at Budget time.

Government agree with this view.

Order of business.

22. It is now provided that the maximum duration of the sessions shall not exceed 8 sitting days for the Dasara Session and 6 sitting days for the Budget Session, it being open to the President to extend the term of any session for the completion of Government business. The Committee is of opinion that sufficient time is not being allotted at present to non-official business, *viz.*, resolutions and representations; and that many of these do not come up for discussion at all, but lapse for want of time. It therefore recommends that the time allotted for the consideration of representations and resolutions should be increased and the maximum period for the Dasara Session should be raised to 14 days and the Budget Session to 10 days. Government, while agreeing that greater scope should be allowed for the consideration of resolutions and representations, consider that the periods suggested by the Committee are too long. They therefore direct that the period for the Dasara Session be fixed at 10 days and that for the Budget Session at 8 days as follows:—

Dasara Session—

Address of the Dewan-President, questions and Government business	2 days
Representations (not more than)	5 ,,
Resolutions (not more than)	3 ,,
Total ...	10 days

Budget Session—

Dewan's Address, etc.	1 day
General discussions on the Budget (not more than) ...	2 days
Resolutions on the Budget (not more than)	2 ,,
Representations (not more than)	2 ,,
Other resolutions	1 day
Total	8 days

Consultation on important measures and policies.

23. The Committee has recommended that in the case of legislative, financial and administrative measures under contemplation, Government should as far as possible consult the Assembly and ascertain its views on such measures before taking a final decision. The Committee recognises that it has already become a practice or convention for Government to consult the Assembly on all important measures, but it considers that a formal recognition of the practice, combined with more frequent resort to it, whenever the Government could do so without prejudice to their own initiative and responsibility, would not merely enhance the status of the Assembly, but would also be one more means of establishing a closer nexus between the people and the administration.

Government are in entire sympathy with the Committee's recommendation.

Strength and composition of the Assembly.

24. The ordinary strength of the Assembly is at present fixed at 250, Government having the power to increase the number up to a maximum of 275 for the purpose of removing inequalities, if any, of representation, or for the representation of any new interests or constituencies that might develop. Membership is confined to non-officials, and it is provided that not less than 150 members shall be representatives of rural areas, and not less than 30 and not more than 55 representatives of urban areas, not less than 15 representatives of approved special interests, and not less than 35 representatives of minorities. There are 81 rural constituencies comprising all the taluks and sub-taluks and the Kolar Gold Field Sanitary Board Area. These return 164 members. There are 40 urban constituencies—the cities of Bangalore and Mysore and 38 town municipalities. These return 46 members. Forty-four members represent the minority communities, and 20 the recognised special interests, making up a total strength of 274 for the Assembly as last constituted in 1937. Of these, 239 have been elected either by general or special constituencies, and the remaining 35 have been nominated by Government.

Recommendation of the Committee.

25. The Committee has recommended that the strength of the Assembly may be increased to 300 ordinarily, Government taking power to increase this number by 10 or 15 more, in order to provide for the representation of any new interests or constituencies that may develop in future. The distribution proposed by the Committee is as follows:—

	Seats.
(1) Rural Constituencies	165
(2) Urban Constituencies	45
(3) Minorities—	
(a) Muslims	26
(b) Depressed Classes	30
(c) Indian Christians	5
(d) Europeans	1
(4) Special Interests	28
Total ...	300

Rural and urban constituencies.

26. Government agree with the Committee that the distribution of seats among the rural constituencies may be as at present, with the following modifications which are necessitated by territorial adjustments between taluks. The seats allotted to Gubbi and Krishnarajpete taluks may be respectively reduced from 3 to 2, an extra seat given to Turuvekere, which has been converted into a pucca taluk, and 2 seats to the newly constituted French-Rocks taluk. The taluks of Bangalore North and Bangalore South will have 2 seats each. The number of seats for rural constituencies will thus be 166. With regard to urban constituencies, Government approve of the recommendation of the Committee that the number of seats provided for each of the cities of Bangalore and Mysore may be reduced from 4 to 3, in view of the fact that a certain number of seats will be allotted to these cities out of the number of seats reserved for minority communities like Muslims and the Depressed Classes. Bhadravati town, which is growing in size and importance, will also be recognised as an urban constituency. The number of members representing the urban constituencies in the Assembly will thus be 45.

Reservation of seats for minority communities: Muslims.

27. As at present, a certain number of seats will be reserved for the minority communities, namely Muslims, the Depressed Classes and Indian Christians. In view of the increased strength proposed for the Assembly, as well as for the purpose of giving adequate representation to the Muslim community, the Committee has recommended that the number of seats reserved for them may be raised from 18 to 26. Opinion in the Committee was divided as to whether these seats should be filled through joint or separate electorates. The Muslim members of the Committee were emphatically in favour of separate electorates but a section of the Committee was strongly opposed to such a system. The majority of the Committee, while generally favouring joint electorates, have suggested that if joint electorates should be unacceptable to the community, some qualified system might be adopted as a compromise, at least in selected centres, with the safeguard that the successful candidate should get a prescribed percentage of the communal votes. Their conclusion, however, is that this is a question which should be decided in accordance with the wishes of the community.

On general considerations, and also in view of the fact that joint electorates have hitherto been in force in Mysore, Government would have preferred if the present system could be continued, or in the alternative, some system of qualified electorates adopted, *e.g.*, with the safeguard suggested by the Committee. It is, however, seen that the leaders of the Muslim community, whom Government have consulted in this connection, are at one regarding the advisability of having separate electorates in Mysore as in British India. In view of the unanimous desire of the representatives of the community, Government consider it desirable to accede to their wishes. They trust, however, that the system will not retard the growth of a sense of common citizenship and that it may be possible, at no distant date, to adopt a qualified system of joint electorates, if not of entirely common electorates.

Regarding the number of seats to be reserved, the leaders of the community have urged that they should be granted adequate weightage as in the Provinces. Government feel that there is considerable force in this representation and have decided to raise the number of seats reserved for the Muslim community to 30.

Depressed Classes.

28. The Committee has recommended that the number of seats to be reserved for the Depressed Classes may be raised from 6 to 30, in view of their large population and of the fact that a larger number of educated and competent persons will be available to fill the seats. As regards the electorate for these seats, the Committee has recommended a system under which the successful candidate, in addition to getting a prescribed percentage of his own community's votes, should also get a certain small prescribed percentage of the non-communal votes polled.

Government accept the recommendations of the Committee. The detailed electoral rules in this matter will form the subject of separate orders.

Indian Christians.

29. With regard to the Indian Christians 5 seats will, as at present, be reserved for them as recommended by the Committee. The method of election for the seats reserved for this community will be similar to that adopted in the case of the Muslim community.

European community.

30. The Committee has recommended that the European community also should be recognised and allotted one seat in the Assembly, and that the European Association should be the constituency for this seat.

Government approve of this recommendation.

Anglo-Indians.

31. Government consider that it is desirable to reserve one seat for Anglo-Indians also, and to throw it open for election by the members of that community, the electorate being similar to that for the European community.

Special Interests.

32. The Committee has recommended the allotment of 28 seats to the special interests. Government consider that separate representation is unnecessary in the case of Inamdars and Agriculture including Sericulture, and that the number of seats proposed by the Committee for Trade and Commerce, and for Industries is capable of reduction by one each, and that under present conditions in the State, 3 seats will provide adequate representation for Labour. The total number of seats for the special interests will thus be reduced to 22 and distributed as follows :—

Name of Interest.	*No. of Seats.*
University	1
Planting	2
Trade and Commerce	1
Industries	2
Women	11
Labour	3
Co-operation and Banking	1
Gold Mining	1
Total ...	22

Government accept the Committee's recommendations that out of the two seats reserved for the Planting Interest, one may be set apart for election by European Planters and the other by Indian Planters ; and that out of the 11 seats assigned to the Women one seat may be allotted to Muslim and one to Harijan women, and the cities of Bangalore and Mysore may form a single constituency for the seats reserved for Muslim and Harijan women. The Committee has recommended that the remaining seats for Women may be assigned to general constituencies, with joint electorates, with liberty to contest additional seats in the general constituencies.

Regarding the electorate for women, Government consider that for some time to come, it may be inconvenient for women to contest seats in general constituencies. They therefore accept the suggestion made by Sri K. D. Rukminiamma, the lady member on the Committee, that election for the women's seats may for some time to come be through specially formed associations in each district, except in the cities of Bangalore and Mysore where women may come through the general electorates.

Delimitation of constituencies.

33. Government accept the Committee's recommendation that the members of the Senate and the registered graduates of the University of Mysore should form the electorate for the seat allotted to the University as at present. Except in this case and that of Muslim and Harijan women, the Committee has not made specific proposals regarding the delimiting of the constituencies for the seats reserved for special interests nor have they done so in respect of the Depressed Classes or the

Indian Christians. In view of the fact that the number of seats allotted by Government to the Muslim community differs from the Committee's proposals, a fresh delimitation of constituencies for the seats reserved for this community is also necessary.

Government, therefore, accept the recommendation of the Committee that a special committee may be appointed for the purpose of considering these questions in respect of the Representative Assembly and the Legislative Council and of submitting specific proposals for the consideration of Government. Separate orders will be issued in this matter.

Nomination of members to the Assembly.

34. At present, Government may nominate members to the Assembly only for the purpose of making up deficiencies in the number of seats reserved for the minority communities, or the special interests, or removing inequalities of representation, if any. A suggestion was put forward in the committee that Government might take power to nominate a few members, so as to make it possible for the Assembly to obtain the services of persons with expert knowledge or special experience. Although the proposal was not supported by the majority of the members of the Committee, Government consider that the suggestion is a useful one; and they accordingly direct that 10 seats should be reserved for nomination by Government on special grounds such as those proposed. The advantages that the Assembly would derive from the arrangement are considerable, while the democratic character of the institution would be practically left untouched. Except for this purpose and for the representation of minorities or special interests where constituencies either have not been formed or are not functioning properly, there will be no nominated members in the Assembly.

Government also agree with the Committee that it is unnecessary to provide special representation for Hindu sub-communities, as this would tend to perpetuate internal cleavages. The present system, which is based on the recommendations of the Seal Committee, was envisaged only as a temporary measure to be abandoned as soon as circumstances justified it. Government consider that there is no need at present for the continuance of such an arrangement, and that the larger interests of the country as well as those of the communities themselves demand its abolition.

Strength and composition of the Assembly as accepted by Government.

35. As modified by Government, the distribution of seats in the Assembly will be as follows :—

(1) Rural Constituencies	166
(2) Urban Constituencies	45
(3) Minorities :—	
(*a*) Muslims	30
(*b*) Depressed Classes	30
(*c*) Indian Christians	5
(*d*) Europeans	1
(*e*) Anglo-Indians	1
(4) Special Interests	22
(5) Nomination for special purposes	10
Total	310

Government will also have the power to increase this number by 15 in order to provide for the representation of any new constituencies that may develop in the future. The maximum strength will be 325. The number of rural and urban constituencies and the seats provided for them is provisional and will be subject to further scrutiny by the Special Delimitation Committee to be constituted.

President of the Assembly

36. In view of the fact that one of the principal functions of the Representative Assembly is to serve as a forum for the making of representations to Government and obtaining direct redress regarding the wants and grievances of the people, the Committee consider it appropriate that the Dewan and the Members of Council (or Ministers) should continue to be, respectively, the President and Vice-Presidents of the Assembly, and are of opinion that a non-official President, being merely an officer of the House and having no connection with the administration, would not be in the same advantageous position to deal with representations as the members of the administration.

Government accept the recommendation.

Term of the two Houses.

37. The term of the Representative Assembly and of the Legislative Council is at present 3 years. The Committee has recommended that it may be raised to 4 years in each case.

Government accept this recommendation.

Allowances of members.

38. The Committee has made certain proposals in regard to the allowances payable to members of both the Houses and the amenities to be provided during the sessions.

Government will issue separate orders in this matter after consulting the Houses, if necessary.

The Legislative Council.

39. The Legislative Council, which was established in 1907 for the purpose of making laws and regulations, possesses full powers of legislation on all matters other than those specifically excluded from its jurisdiction. Its scope extends to all matters pertaining to the internal administration of the State, the subjects excluded being those relating to the Ruling Family, Treaty Relations and changes in the constitution of the State. The members of the Council are authorised to ask questions and move resolutions on matters of public interest or importance. In respect of finance, the proposals of Government for the appropriation of revenues or other moneys, on all heads other than those excluded from its purview, are submitted to the Council in the form of demands for grants; and the Council is empowered to assent, or refuse to assent, to a demand or to reduce the amounts specified therein either by reduction of the whole grant or by the omission or reduction of any of the items of expenditure included in the demand. The vote of the Council rejecting or reducing any demand is binding, except in cases where the Government consider that the expenditure provided for by the demand is necessary for the carrying on of any department or for the discharge of Government's responsibility. The Government are further empowered to authorise in cases of emergency such expenditure as may, in their opinion, be necessary for the safety or tranquillity of the State or any part thereof, or for the discharge of Government's responsibility.

Its powers: legislation.

40. The position which the Legislative Council will occupy under the new scheme in respect of legislation has been indicated in the paragraphs dealing with the powers of the Representative Assembly regarding legislation. Government have stated therein that they accept the Committee's recommendation that all bills should in the first instance be placed before the Assembly. Subject to this modification in the existing legislative procedure, the Council will continue to exercise its powers as heretofore, as recommended by the Committee.

Excluded subjects and heads of expenditure.

41. The subjects and heads of expenditure which are to be kept out of the purview of the Legislature will be common to the Council and to the Representative Assembly, and have already been dealt with in paragraphs 10 and 14. The legislation required in the field of the excluded subjects will be framed by Government as proposed by the Committee, and will come into force on receiving the assent of His Highness the Maharaja.

Finance.

42. As regards the financial powers of the Council, the Committee has recognised the need of giving Government the power of restoring any demand reduced or rejected by the Council, and of authorising expenditure in times of emergency. It accordingly recommends the continuance of the powers now vested in Government. The Committee, however, suggests that as "Government" is an impersonal body, the power of restoration should be vested in the highest administrative authority in the State, *viz.*, the Dewan, on the analogy of the practice in British India where a similar power is exercised by the Governor-General or the Governor, as the case may be, and that there should be a formal certification that the restoration of a rejected or reduced demand is necessary for the carrying on of the administration or for the discharge of Government's responsibility.

Government accept these recommendations.

Strength and composition of the Legislative Council

43. Exclusive of the Dewan and Members of Council the strength of the Council is now 50, of whom 21 are elected, while the remaining 29 are nominated by Government. The Committee proposes that the Legislative Council should be made an effective democratic instrument by giving it a decisive elected majority. It also recognises the need for Government to nominate some officials and non-officials, so as to enable them to secure the co-operation of men of experience

and eminence whose presence in the Council would be of great advantage. It has accordingly suggested a measure of nomination which, in its opinion, while adding weight to the deliberations of the Council, will not checkmate or defeat the will of the elected element. Government fully agree with the proposal of the Committee and accept its recommendation that the strength of the Council should be increased to 68, with 44 elected and 24 nominated members, the elected element consisting of 24 members elected from general constituencies and 10 representatives each of minorities and special interests.

General constituencies.

44. The general constituencies and the number of seats allotted to each of them will be as follows, as proposed by the Committee :—

Districts of Bangalore, Mysore, Kolar and Tumkur ; three each	...	12
Districts of Hassan, Shimoga, Chitaldrug, Kadur and Mandya ; two each	...	10
Cities of Bangalore and Mysore ; one each.		2
Total	...	24

Each district will be a multi-member constituency, returning two or three members, as the case may be.

Minority communities.

45. Minority communities are now represented on the Council by nomination. Muslims are guaranteed two seats, and the Depressed Classes and Indian Christians one seat each. The Committee proposes that four seats each may be reserved for Muslims and Depressed Classes and one seat each for Indian Christians and Europeans. It further proposes that, except in the case of Europeans, the representatives for these seats should be directly elected from territorial constituencies. Government accept these proposals with the modification that, for the reasons which have already been given by them, the number of seats to be reserved for Muslims will be fixed at five.

Special Interests.

46. Four special interests are now recognised for the purpose of representation in the Council, *viz.*, Mysore University, Trade and Commerce, Planting, and Labour, which have been given one seat each. The Committee proposes that the number of seats given to Planting and to Labour may be increased to two, and suggests two seats for Women and one seat each for Mining and other Industries.

Government approve of these proposals but they do not consider it necessary to allot a seat to "other industries." The special interests to be represented on the Council and the number of seats allotted to them will be as follows :—

University	...	...	...	...	1
Trade and Commerce		...	...	...	1
Mining	...	...	...	...	1
Planting—					
(*a*) Indian	...	...	...	...	1
(*b*) European	...	...	...	...	1
Labour	...	...	...	...	2
Women	...	...	...	...	2
				Total	... 9

Nomination of members.

47. Government accept the proposal of the Committee that Government may nominate 16 officials and 8 non-officials to the Council, and that a member of the Anglo-Indian community may be nominated to one of the seats provided for nominated non-officials, with a view to securing representation of that community. They take note of the observations of the Committee that the number of officials may be kept at the lowest possible limit, and that the number of nominated officials and non-officials proposed by the Committee is not to be regarded as a fixed number, but rather as a maximum which is not to be exceeded.

President of the Council.

48. The Dewan is now the *ex-officio* President of the Legislative Council, and the Members of the Executive Council are *ex-officio* members. The Committee has recommended that the Council should in future have a non-official President elected by the House itself, subject to the approval of His Highness the Maharaja.

Government accept this recommendation. But for the first term, as recommended by the Committee, the President will be nominated by His Highness the Maharaja, and he will hold office during the pleasure of His Highness.

Deputy President.

49. The Committee has further recommended that the Council may be allowed to have an elected Deputy President, the choice being subject to the approval of His

Highness the Maharaja, and further that a panel of four Chairmen may be selected by the President from among the members of the House to preside over the deliberations of the Council in the absence of both the President and the Deputy President.

Emoluments of the President and the Deputy President.

Government approve of these recommendations, as also the recommendations of the Committee that the salary of the President nominated by His Highness the Maharaja, for the first term, may be fixed by His Highness, and that the rank and status of the President, whether nominated or elected, should be that of a Minister. The emoluments of the elected President and the Deputy President will be fixed by the Council itself as recommended by the Committee. But Government consider that these should be subject to the approval of His Highness the Maharaja.

Term of office of the President and the Deputy President.

50. The term of office of the elected President and the Deputy President will be coterminous with that of the Council, as recommended by the Committee. They will, however, be removable earlier by His Highness the Maharaja on the submission to him, as recommended by the Committee, of a resolution of no-confidence, passed by a majority of not less than two-thirds of the total strength of the House, provided that 15 days' previous notice has been given by a member of a proposal to bring a motion of no-confidence against the President or Deputy President, and that such proposal has the support of at least 15 members before discussion on it is permitted.

Secretary and staff.

51. Government accept the recommendation of the Committee that the Council should be provided with a Secretary and staff adequate for the conduct of the work of the Council. These will, as recommended by the Committee, form part of the Government Secretariat staff, but they will work in subordination to, and be subject to, the control of the President, who will have an effective voice in the selection and appointment of the Secretary as well as of the staff.

Sessions of the Council.

52. Government approve of the proposal that statutory provision may be made providing that there should be not less than two sessions of the Council every year.

The Executive.

53. Government have perused with special interest the paragraphs in the Committee's Report dealing with the nature and composition of the Executive, and are in general agreement with the view taken by the Committee regarding the necessity for the inclusion of a popular element in the executive administration, while holding that it would be inadvisable to adopt any dyarchical system with a division of responsibility for the administration of "transferred" and "reserved" subjects. They consider that the scheme recommended by the Committee provides for joint responsibility and seems to be best suited to the present conditions of Mysore, as it does not entail too sudden a break with the existing system.

Composition of the Executive Council.

54. The Executive Council will consist of the Dewan and not less than four Ministers. For the present, the number will be fixed at four. The Dewan will be the President of the Council, and will be appointed by His Highness the Maharaja at his pleasure either from among officials or non-officials. He will not be a member of the Legislative Council, but will have the power to attend its meetings and address it whenever he desires to do so. Of the four Ministers, not less than two will be non-officials selected from among the elected members of the Representative Assembly or the Legislative Council, one from each body, if possible. These Ministers will continue to be members of the Houses to which they belong, and all the Ministers will be *ex-officio* members of the Legislative Council.

Term of office of Ministers.

55. Subject to the pleasure of His Highness the Maharaja, the term of office of the Ministers drawn from among the elected members of the Legislature will be co-extensive with the term of the Houses; official Ministers will hold office during the pleasure of His Highness, but subject to the provisions of the Mysore Service Regulations.

Relation between the Executive and the Legislature.

56. The distribution of portfolios between the Dewan and the other Members will be at the discretion of His Highness the Maharaja, no Minister being under a disability to hold any portfolio on the ground of being a non-official. The Ministers will not be removable on a vote of no-confidence and there will therefore be no provision for a motion of no-confidence against them.

Government agree with the Committee that the provisions for the rejection of demands for grants, or cut motions on demands, for discussing the budget and for

passing resolutions provide sufficient opportunities for bringing to the knowledge of His Highness the Maharaja any deficiencies or defects in the administration, and for giving expression to the views of the Legislature in respect of the policies and measures of Government, and that it must be left to the pleasure of His Highness to take such notice of this as he may consider suitable in the circumstances.

Franchise for the Legislative Council.

57. Government are in general agreement with the recommendations made by the Committee with regard to the franchise. The existing qualifications of voters for the Legislative Council will be retained, except that, as recommended by the Committee, the educational qualification for women voters for the Legislative Council will be reduced to the possession of the Secondary School Leaving Certificate.

Franchise for the Representative Assembly: Property qualifications.

58. With regard to the Representative Assembly, the property qualifications in urban areas, which are already sufficiently low, will be retained as at present. The qualifications based on taxation, etc., in the case of rural voters to the Representative Assembly will be reduced. Government, however, consider that in respect of registered occupants of lands and *kadim* tenants, it will be sufficient if the assessment to land revenue or annual rent, as the case may be, is reduced from Rs. 25 to Rs. 15 instead of Rs. 10, as recommended by the Committee. The assessment to taxes under the Panchayets, Mines and Municipal Acts entitling a person to be registered as a voter will be reduced from Rs. 5 to Rs. 4. The qualification of inamdars based on the *beriz* of inam villages owned by them will be reduced from Rs. 125 per annum to Rs. 100 per annum; and the present restriction requiring them ordinarily to reside in the constituency in order to be eligible to vote, will be abolished, as recommended by the Committee.

Educational qualification.

59. The eligibility to be a voter for the Representative Assembly on grounds of education is restricted at present to a graduate of a University who ordinarily resides in the constituency. As recommended by the Committee, the qualification will be reduced to the possession of the Secondary School Leaving Certificate in the case of men, and to a pass in the Upper Primary, Middle School or Lower Secondary examination in the case of women. The general effect of the extension of the franchise will be to increase the number of voters for the Representative Assembly more than two-fold. There are practical difficulties in the way of further enlarging the electorate at one step.

Franchise for the Depressed Classes.

Government agree with the Committee that some form of differential franchise should be devised for levelling up the Depressed Classes votes by enfranchising in those classes the same percentage of population as is enfranchised among the caste Hindus. The extent to which the franchise qualifications could be reduced in order to secure the desired percentage will, as suggested by the Reforms Committee, be remitted, for consideration to the Special Committee which is to be set up to advise on the delimitation of constituencies.

General qualifications for voters.

60. With regard to the general qualifications for voting, Government accept the following modifications in the existing rules suggested by the Committee with regard to the Representative Assembly and also the Legislative Council:—

(i) The period of six months prescribed for residence in the State, in order to qualify a person to have his name entered on the electoral roll, will be raised to one year.

(ii) The period entitling a person to claim to be a subject of His Highness the Maharaja by domicile will be extended from five to ten years.

(iii) The period of operation of the disqualification in the case of persons convicted of certain criminal offences or of dismissed Government officials, which is now fixed at ten years, will be reduced to five years.

(iv) The disqualification on the ground of a sentence or conviction for criminal offences will be applicable only to such offences as involve moral turpitude, it being left to Government to determine whether moral turpitude exists in each case.

Qualifications of candidates.

61. In respect of the qualifications of candidates, Government accept *in toto* the modifications recommended by the Committee as follows:—

(i) The minimum age for candidates for the Representative Assembly will be fixed at 25 years, instead of 21 years as at present.

(ii) The educational qualification for a member of the Representative Assembly, in the absence of any other qualification, will be that of a graduate of a University.

(iii) A person who possesses the necessary qualifications as an elector in any constituency but does not possess the qualification above prescribed for a member will be entitled to stand as a candidate for election to the Representative Assembly only in that constituency.

(iv) The minimum age for candidates for the Legislative Council will be raised from 25 to 30 years.

(v) The amount of income-tax qualifying a person as a candidate for the Legislative Council will be reduced from Rs. 200 to Rs. 50 ; and the *beriz* on inam villages from Rs. 250 to Rs. 100.

(vi) The existing rule under which shanbhogs and patels are treated as non-officials and allowed to stand as candidates for election to the Representative Assembly will be retained.

Modified rules embodying these recommendations will be issued separately.

Privileges of members of the two Houses.

62. A Committee appointed by Government in 1935 for the purpose of examining and suggesting modifications in the Representative Assembly and the Legislative Council Acts had considered the question of the privileges of members of the two Houses, and had recommended that the same freedom of speech as is allowed in the Indian Legislative Assembly might be granted to the members of the Legislative Council in Mysore. The Committee on Constitutional Reform has now recommended that provision may be made in the constitution for freedom of speech in both the Houses on lines similar to those of Section 71 (i) of the Government of India Act, 1935, which reads as follows :—

"Subject to the provisions of this Act and to rules and standing orders regulating the procedure of the Legislature, there shall be freedom of speech in every Provincial Legislature, and no member of the Legislature shall be liable to any proceedings in any court in respect of anything said or any vote given by him in the Legislature or any committee thereof, and no person shall be so liable in respect of the publication by or under the authority of a Chamber of such a Legislature of any report, paper, votes or proceedings."

The Committee also proposes that the members of the two Houses should be exempted from arrest under civil process (excepting in respect of insolvency proceedings) during the sittings or any meetings of the House.

Government accept both these recommendations.

Appointment of State's representatives to the Federal Legislature.

63. The Committee has made certain recommendations in regard to the mode of appointment of the State's representatives on the Federal Legislature. These will be considered by the Government at the appropriate time.

Fundamental Rights.

64. Among other recommendations, the Committee urges the necessity for a declaration of fundamental rights. This subject has been a fruitful ground of controversy, and it is a debatable point whether a declaration of such rights would serve any useful purpose. As observed by the Committee, it is well known that most of these rights are now being actually enjoyed by the people of Mysore. Government, while sympathising with the considerations which actuated the Committee to make their recommendation, consider it unnecessary to make any formal declaration in this behalf.

Public Services Commission.

65. The Committee has recommended the appointment of a Public Services Commission to assist Government in regard to recruitment to, and organisation of, the public services.

Government accept the principle underlying the recommendation and the details will be examined and orders passed separately on this proposal.

The Judiciary.

66. Government consider it unnecessary to lay down any special provisions as recommended by the Committee to ensure the independence of the Judiciary. The Committee has pointed out that in Mysore the judges of the High Court are appointed by the Ruler and they function under statute. Their uprightness and integrity as well as their efficiency have always been above reproach, and there has not been a breath of suspicion that the Executive has sought to put pressure upon them or to influence them in any manner. The Committee's recommendation merely follows the usual practice in framing modern constitutions of providing for the independence of the Judiciary by statute, as has been done to some extent in the Government of India Act of 1935.

Government consider that in the actual circumstances of Mysore such provisions are superfluous.

Local self-government.

67. With regard to the Committee's recommendation regarding local self-government, Government accept the principle that all City and Town Municipalities should be given the privilege of electing their own Presidents. This has

been conceded by Government already, and steps will be taken by Government to give effect to the decision as circumstances permit.

Government take note of the Committee's suggestion that a whole-time officer may be appointed with necessary powers to watch and supervise local self-governing institutions, to co-ordinate their work and do all things necessary for improving their efficiency. They are, however, of opinion that there is no immediate necessity for the appointment of such an officer. The matter will be kept in view and considered when occasion arises.

Declaration of the goal of constitutional reform.

68. Referring to the general effect of its recommendations, the Committee has observed : " We believe that these proposals embody the largest possible measure of advance on democratic lines compatible with the existing political conditions in the State." These proposals have, in the main, been accepted by Government. Only one point remains to be considered, *viz.*, the recommendation of the Committee regarding a declaration of the goal of constitutional reform in the State. Government observe that the Committee considered three alternative formulas, and that opinion was almost equally divided as regards the suitability of each. Each formula lays emphasis on different factors of constitutional progress and safety. The recommendation, moreover, is also not unanimous, and a minority is emphatically opposed to any such declaration. The Committee has fully realised the difficulties inherent in the question. Government, while appreciating the considerations which prompted the Committee to urge the necessity for such a declaration, consider that as is observed by the Committee itself in another connection, " we are passing through times of such rapid change that it is impossible for any one to foresee the trend of political actualities a decade ahead."

Principle underlying the reforms.

69. As has been pointed out by the Committee, "The principle which has inspired all constitutional developments in Mysore was first indicated in the Government Order of the 25th August, 1881, calling into being the Mysore Representative Assembly, *viz.*, that it should serve to convince the people that the interests of the Government are identical with those of the people. In the successive schemes of reform that have been adopted in the State from time to time during the last fifty-eight years, this purpose of enabling the citizens to realise the fundamental oneness between themselves and the State, by allowing them to participate in the shaping of the policies and measures of the Government, has found progressive fulfilment."

The Proclamation announcing the Reforms of 1923 affirmed His Highness's constant and earnest desire to provide for the increasing association of his people with his Government in the administration of the State. There need be no doubt whatever that the same policy will be pursued in the future and that the constitution will continue to develop by natural process determined by reason and reality, so that progress will be genuine and secure.

B. T. KESAVIENGAR,
Chief Secretary to Government.

Concessions in connection with the Economic Depression.

READ—

Government Order No. R. 1579-89—L. R. 130-38-2, dated 22nd September 1938, sanctioning certain concessions in the payment of land revenue and other miscellaneous demands during 1938-39.

2. Un-official Note No. C. 2156—39-40, dated 11th October 1939, from the Revenue Commissioner in Mysore, recommending that the concessions referred to in the Government Order read above, may be continued during the current year also.

ORDER NO. R. 2599-610—L. R. 219-39-2, DATED BANGALORE, THE 24TH OCTOBER 1939.

Government are pleased to sanction the continuance of the following concessions until the close of the official year 1939-40 :—

I. RECOVERY OF LAND REVENUE ASSESSMENT.

(1) All notice and Istihar fees to be invariably remitted if the arrears are paid before the end of the official year, the power to remit such fees being vested in the Amildar.

(2) In cases where lands have been brought to sale and resumed to Government for want of bids and the parties, after payment of all arrears and costs, apply for restoration of khate within a reasonable time, no penalty by way of levy of an upset price or otherwise to be recovered for such restoration.

(3) Forfeiture of lands for arrears of land revenue to be confined to those survey numbers in a khate on which arrears are known to have accrued.

(4) Where lands are resumed to Government after forfeiture and the khatedar or other person interested applies for the restoration of one or more of the survey numbers in the khate paying the arrears on such survey number or numbers, such restoration to be permitted even if the arrears on the remaining survey numbers in the khate were not cleared.

(5) Deputy Commissioners to make a liberal use of the powers vested in them under Rule 35 of the Land Revenue Rules, as regards the remission of arrears without recourse to further process by distraint of moveables or by proceeding against the other properties of the defaulter in cases where a holding which has been forfeited for default in payment of land revenue due thereon is not sold or when the sale proceeds thereof are not sufficient to meet the arrear.

(6) Notice fee leviable under Section 158 of the Land Revenue Code, to be fixed at four annas irrespective of the amount of revenue due.

(7) Time to be allowed at the discretion of the Deputy Commissioners for the payment of land revenue proper in the case of persons who have to make large payments.

II. TAKAVI, LAND IMPROVEMENT AND FRUIT CULTURE LOANS.

(1) Amildars to be allowed in their discretion to suspend the repayment of the instalments due for the current year and in special cases to suspend the repayment of one annual instalment in arrear, if such repayment is found to be unduly burdensome, the relief being given only on the application of the party.

(2) Rates of ordinary and penal interest on land improvement loans issued from 1st January 1934, to be reduced from 6½ per cent and 8 per cent to 5½ per cent and 6½ per cent, respectively.

(3) Rate of ordinary interest on takavi loans to be reduced to 4 per cent per annum and the rate of penal interest thereon from 8 per cent to 6½ per cent.

III. CONTRIBUTION FOR TANK RESTORATION AND TANK MAINTENANCE CHARGES.

In regard to the recovery of contribution for tank restoration where it has to be paid in instalments and also of tank maintenance advances, Deputy Commissioners to give time for payment in appropriate cases.

B. T. KESAVIENGAR,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT

Additional Member for the Board of Visitors of the Cheluvamba Hospital at Mysore.

READ—

Government Order No. G. 8964-7—Med. 243-36-4, dated 8th May 1937, directing that a lady member of the household of Mr. A. S. Rangaswami Iyengar be appointed on the Board of Visitors of the New Maternity Hospital at Mysore.

2. Government Order No. G. 2857-8—Spl. Med. 355-38-4, dated 18th September 1939, sanctioning the reconstitution of the Board of Visitors for the Cheluvamba Hospital at Mysore.

3. Letter No. G. C. 439-14, dated 2nd October 1939, from the Senior Surgeon in Mysore, requesting sanction of Government in the circumstances explained to the appointment of Sri A. N. Aravindamma c/o *Dharmapravartha* Mr. A. S. Rangaswami Iyengar, Seetharanga Nivasa, Lakshmi Vilas Agrahar, Mysore, as an additional member on the reconstituted Board of Visitors of the Cheluvamba Hospital at Mysore.

ORDER No. G. 3827—MED. 355-38-6, DATED BANGALORE, THE 27TH—31ST OCTOBER 1939.

The recommendation of the Senior Surgeon is sanctioned.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department.

GENERAL SECRETARIAT

Forest Settlement of the Kudarur Forest Blocks I and II in the Sagar Taluk.

READ—

Government Notification No. G. 3074—Ft. 79-30-74, dated 13th October 1931, issued under Section 4 of the Forest Act in the matter of the proposed constitution of the Kudarur Forest Blocks I and II, in the Sagar Taluk.

2. Memo No. C. 1403—39-40, dated 26th September 1939, from the Revenue Commissioner in Mysore, forwarding the Forest Settlement Officer's report on the conclusion of the settlement of the blocks received from the Chief Conservator of Forests and stating that the final notification in the matter may be issued.

ORDER No. A. F. 1748-51—FT. 86-39-2, DATED BANGALORE, THE 10TH OCTOBER 1939.

The settlement effected by the Forest Settlement Officer and agreed to by the Revenue Commissioner and the Chief Conservator of Forests is approved. The notification under Section 17 of the Forest Act constituting the block a State Forest with effect from 1st December 1939 will be published in the Gazette.

2. The Deputy Commissioner, Shimoga District, is requested to duly promulgate the boundaries of the block in the village concerned.

J. APPAJI GOWDA,
Secretary to Government,
General Department.

ANNEXURE.

No. A. F. 1752—*Ft.* 86-39-3, *dated* 10*th October* 1939.

The Government of His Highness the Maharaja of Mysore are pleased to declare under Section 17 of the Mysore Forest Act, XI of 1900, that from the 1st December 1939, the area the boundaries of which are set forth in the schedules appended to this notification, shall be deemed to be a 'State Forest' subject to the exercise of rights specified at foot thereof.

By Order,
J. APPAJI GOWDA,
Secretary to Government,
General Department.

To—The Compiler, *Mysore Gazette.*

Schedule I.

District	Taluk	Name of Block	Approximate area	Boundaries
Shimoga ...	Sagar ...	Kudarur Block No. 1 ...	4,397 acres and 33 guntas or 6·69 sq. miles	Please see below

Boundaries.

North.—Starting from the trijunction bondhs of Survey No. 35 of Hunagal and 251 and 285 of Kudarur villages on the eastern boundary of Survey No. 35 of the former village, the line runs north for a distance of 6 chains through Survey No. 251 of Kudarur to a point of 7 chains south-west from the southern most corner of Survey No. 195 of Kudarur; then the line runs north-east for a length of 50 chains through Survey No. 251 of Kudarur to a point 11 chains south of the south-west corner of Survey No. 216 of the same village; then the line runs south-east for a length of 15 chains through Survey No. 251 of the same village and meets the trijunction bondhs of Survey Nos. 250, 285 and 502 of the same village; thence the line runs east through Survey No. 502 for a length of 16 chains along the southern boundary of Survey No. 250 of the same village to its south-east corner; then slightly north-east through the same survey number along the eastern boundaries of Survey Nos. 249, 248 and 247 to the south-west corner of Survey No. 245. Then runs east for a length of 4 chains through Survey No. 502, along the southern boundary of Survey No. 245 to its south-east corner. Thence north-east through Survey No. 502, for a length of 24 chains and meets the trijunction bondhs of Survey Nos. 250, 239 and 502 on the eastern boundary of Survey No. 251, of the same village. Then the line runs north-east for a length of 62 chains along the common boundary of Survey Nos. 251 and 502 to the trijunction bondhs of Survey Nos. 251, 79 and 39 of the same village at the north-east corner of Survey No. 502. Thence the line runs east through Survey No. 39 of Kudarur for a distance of 30 chains until it meets a point 4 chains about the west from the north-westernmost corner of Survey No. 37; thence south-east through the same survey number for about 30 chains along the western boundaries of Survey Nos. 37 and 32 until it meets a point 5 chains south from the south-west corner of Survey No. 32 of Kudarur. Thence the line turns slightly east and runs in the same direction through Survey No. 39 of Kudarur for a length of about 30 chains and meets the cart-track from Hurali-Chimale, on the common boundary of Malur and Kudarur villages at a point 5 chains west from the north-west corner of Survey No. 12 of Malur.

East.—Then the line runs in the southerly direction through Survey No. 16 of Malur along the same cart-track for a distance of 25 chains, then slightly south-west through the same Survey No. along the same cart-track for a length of 8 chains to a point which is 8 chains north-east from the north-eastern corner of Survey No. 18 of Malur; thence the line runs south-west through Survey Nos. 16 of Malur and 496 of Kudarur for a distance of 105 chains in a straight line and meets the north-east corner of Survey No. 472 of Kudarur. Then the line runs north-west along the eastern boundary of Survey No. 472 of Kudarur for a length of 27 chains to its northern corner, thence south-east for 23 chains along its western boundary and then slightly turning south-west runs in the same direction through Survey No. 285 of Kudarur for a distance of 19 chains to a point 3 chains west from the

north-westernmost corner of Survey No. 470 of the same village; thence south through Survey Nos. 285 and 428 for a length of 24 chains till it meets a point 3 chains north-west from the south-west corner of Survey No. 469. Then the line runs south-east through Survey No. 428 of Kudarur for a length of 24 chains till it meets a point on the common boundary of Survey Nos. 428 and 438 which is 15 chains south-east from the south-east corner of Survey No. 468. Thence the line runs north-east through Survey No 438 for a length of 36 chains until it meets the cart-track from Huruli to Malur on the common boundary of Survey Nos. 438 and 460 at a point 22 chains west from the north-west corner of Survey No. 459. Then the line runs south-east through Survey No. 438 for a length of 20 chains to a point 15 chains north from the north-west corner of Survey No. 454. Thence east for a distance of 17 chains through Survey No. 438 to a point 5 chains south of the southernmost corner of Survey No. 458. Then slightly north-east through the same survey number for a length of 12 chains to a point 6 chains south-east from the south-east corner of Survey No 459. Thence north through Survey Nos. 438 and 496 to a point on the bank of halla about 5 chains north-east from the north-east corner of Survey No. 461. Then the line runs slightly north and north-east along the bank of Kudarur nala through Survey No. 496 for a length of 28 chains to a point 5 chains south-west from the north-east corner of Survey No 481. Thence south-east through Survey Nos. 496 of Kudarur and 9 of Malur for 7 chains to a point 7 chains south-west from south-eastern corner of Survey No. 58 of Malur; thence south through Survey No. 9 of Malur for about 50 chains to a point 6 chains west from the north-west coner of Survey No. 220 of Malur, then slightly north-west through Survey Nos. 9 and 438 of Kudarur for a length of about 28 chains to a point on the foot-path about 6 chains north-east from the north-east corner of Survey No. 454 of Kudarur. Thence south-west along the foot path, through Survey No. 438 for a length of 30 chains and meets the cart-track (old Huruli) from Chimale village to the frontier, then south along the cart-track for a length of 6 chains. Then south-west through Survey No. 438 for a length of 21 chains to the north-west corner of Survey No. 437; thence south for about 5 chains to the north-west corner of Survey No. 436; thence south-east through Survey No. 438 to the west of Survey Nos. 436, 435 and 434 for 23 chains to the trijunction bondhs of Survey Nos. 429, 432 and 431; thence again south-east through Survey No. 429 for about 21 chains to the north-west corner of Survey No. 430, thence in the same direction through the same survey number and along the western boundary of Survey No. 430 for 7 chains to its north-western corner; thence east along the southern boundary of Survey No. 430 for about 15 chains to its south-western corner; thence north for 42 chains through Survey No. 215 of Malur to the trijunction bandhs Survey Nos. 215 and 216 of Malur and 438 of Kudarur, on the common boundary of Malur and Kudarur villages, thence south-east along the western boundary of Survey No. 216 for 40 chains to the southern corner of the said survey number; thence south-east along the same boundary for a length of 32 chains to the south-east corner of Survey No. 216 (Halla) thence along the southern bank of the halla to where the south-east corner of Survey No. 229 touches it, then east for 29 chains till it meets the south-east corner of Survey No. 195; then south-east through Survey Nos. 211 and 193 till it meets the southernmost point of Survey No. 192; then in the same direction for a distance of 6 chains till it meets the south-east corner of Survey No. 189; then again south-east along the eastern boundary of Survey No. 193 for 20 chains to its south-east corner; thence south-west through Survey No. 211 for 15 chains to the north-west corner of Survey No. 201; thence again south-west for 16 chains through Survey No. 211 to the north-west corner of Survey No. 210; thence south for about 30 chains through Survey No. 211 to a point 5 chains north-west from the southernmost corner of Survey No. 208; thence slightly south-east for 39 chains through Survey Nos. 211 and 165 to a point 5 chains south-west from the south-west corner of Survey No. 166; thence east for a length of 4 chains through Survey No. 165 until it meets the common boundary of Survey Nos. 165 and 120 at a point 5 chains south from the south-east corner of Survey No. 166, thence the line runs south along the eastern boundary of Survey No. 165 for a length of 23 chains until it meets the common boundary of Malur and Shankana Shanubhog villages at the southernmost corner of Survey No. 165 of Malur: thence south-west for about 100 chains along the western boundary of Survey No. 47 of Shankana Shanubhog and meets the common boundary of Marrati and Shankana Shanubhog villages at the south-west corner of Survey No. 48 of Shankana Shanubhog.

South.—Thence the line runs north-west and west for a distance of 106 chains along the western boundary of Survey No. 48 of Shankana Shanbhog and southern boundary of Survey No. 93 of Adagalale which are common boundaries of Shankana Shanubhog and Marratti and Adgalale villages.

West.—Then the line runs north-west along the western boundary of Survey No. 93 of Adgalale for a distance of 47 chains and meets the trijunction bhands of Survey Nos. 93 and 96 of Adagale, Marratti villages; thence in the same direction along the western boundary

of Survey No. 96 of Adagalale for a length of 18 chains to a point on the common boundary of Survey Nos. 94 and 96 of Adagalale and 136 of Marrati village which is 15 chains south-west from the north-west corner of Survey No. 95 of Adagalale. Then the line runs east through Survey 96 of the same village for a length of 25 chains till it meets the southernmost corner of Survey No. 95 of the same village. thence in the same direction along the northern boundary of Survey No. 94 of the same village for a length of 23 chains till it meets the trijunction bondhs of Survey Nos. 44, 45 and 93 of the same village. Then again in the same direction the line runs straight through Survey Nos. 93 and 92 of the same village for a distance of 55 chains till it meets a point on the common boundary of Survey Nos. 93 of Adagalale and 48 of Shankana Shanubhog which is 14 chains south from the trijunction bhands of Survey Nos. 93 of Adagalale and 48 and 49 of Shankana Shanubhog. Then the line runs south-east through Survey No. 48 of Shankana Shanubhog for a distance of 54 chains till it meets the southernmost corner of Survey No. 49 of the same village; then north-east along the common boundary of Survey Nos. 48 and 49 for a length of 53 chains till it meets the south-east corner of Survey No. 49; thence slightly north-west along the same boundary for a length of 10 chains till it meets the trijunction bandhs of Survey Nos. 48, 49 and 32 of the same village; thence north-east along the eastern boundary of Survey No. 32 till it meets the trijunction bondhs of Survey Nos. 32, 28 and 48 on the common boundary of Malur and Shankana Shanubhog villages. Then the line runs north-west in a straight line through Survey Nos. 28 and 6 of Shankana Shanubhog for a distance of 80 chains till it meets the north-west corner of the latter survey number on the southern boundary of Survey No. 4; then west in a straight line through Survey No. 4 of Shankana Shanubhog and 43 of Adagalale for a length of 61 chains till it meets the north-east corner of Survey No. 42 of Adagalale; thence north-west along the western boundary of Survey No. 43 of Adagalale for 30 chains and meets the quadrijunction bondhs Survey Nos. 43, 161 and 160 of Adagalale and 438 of Kudarur villages; thence north-west along the southern boundary of Survey No. 431 of Kudarur for 40 chains till it meets the Malur halla at a point 2 chains south-east from the trijunction bondhs of Survey Nos. 438 and 320 of Kudarur and on the same common boundary of Kudarur and Adagalale; thence running north along the halla for 15 chains crosses the same and runs straight through Survey No 320 of Kudarur for 35 chains and meets the north-east corner of Survey No. 333 of Kudarur; thence north-west for 4 chains along the northern boundary of Survey No. 333 to its north-west corner, thence south-west straight through Survey No. 320 for 27 chains till it meets the northernmost west corner of Survey No. 325, again south-west for 9 chains till it meets the north-west corner of Survey No. 323, thence along the northern boundary of Survey Nos. 322 and 321 till it meets the north-west corner of the latter survey number; thence again south-western direction in a straight line through Survey No. 320 for 15 chains till it meets the north-westernmost corner of Survey No. 319, thence south to the south-west corner of Survey No. 319. Then the line runs west, north-west and again west for 53 chains on the southern boundary of Survey No. 320 till it meets the south-east corner of Survey No. 315. Then the line runs north straight through Survey No. 320 for 27 chains till it meets the north-east corner of Survey No. 318: thence along the northern boundary of Survey No. 318 to its north-west corner; then south-west through Survey No. 320 for 30 chains till it meets the north-east corner; of Survey No. 312, then again south-west for 10 chains till it meets the north-west corner of Survey No. 309, then west for 13 chains through Survey No. 320 till it meets the south-west corner of Survey No. 304 on the common boundary of Kudarur and Kodarahalli villages. Then the line runs north for 30 chains on the common boundary of Kudarur and Kodanavalli villages towards the west side of Survey No. 304 of Kudarur till it meets the north-east corner of Survey No. 303; thence west on the same common boundary along the south side of Survey No. 303 for 38 chains to its south-west corner where it meets the trijunction bhands of Kodanavalli, Babbigi and Kudarur villages. Thence north along the west side of Survey No. 303 on the common boundary of Kudarur and Babbigi for 44 chains till it meets the cart-track from Erandur to forest; thence north-east in a straight line along the same cart-track for 34 chains till it meets the south-east corner of Survey No. 302, thence south straight through Survey Nos. 303 and 304 for 40 chains to a point of one chain south-west from the south-west corner of Survey No. 305, then east through Survey No 304 for 18 chains and meets the south-east corner of Survey No. 305, then north-east through Survey No. 304 for 14 chains till it meets the trijunction bhands of Survey Nos. 306, 307 and 308; thence in the same direction through Survey Nos. 308 and 334 for 20 chains to a point 3 chains south-west from south-west corner of Survey No. 353, then the line runs south-east straight through Survey Nos. 334 and 320 for 55 chains till it meets a point 5 chains south from the south-west corner of Survey No. 335. Then the line runs south-east, north, north-west, and again north-east, north and north-west, by direction through Survey Nos. 320 and 428 for 72 chains along the southern boundary of Survey Nos. 335 and 5 chains east of the eastern boundaries of Survey Nos. 335, 336, 337, 338, 339, 340 341, 344, 380, 381, 382, 384, 388, 389, 391, 392, 393, 394, 395, 396, 397,

398, 399, 400, 401, 402, 403, 404 and 418 at 5 chains distance from the south-east and north-west corners of the same survey numbers to a point 5 chains east from the trijunction bhands of Survey Nos. 417, 287 and 418. Then the line runs east through Survey Nos. 428 for 20 chains to a point 5 chains west from the north-west corner of Survey No. 422. Then the line runs south-east for 24 chains through Survey No. 428 to a point 5 chains south-west from the south-west corner of Survey No. 426, then again, south-east through the same survey number for 15 chains to a point 7 chains south from the south-west corner of Survey No. 427, then north-east for 13 chains through Survey No. 428 to a point 7 chains south-east from the north-east corner of Survey No. 427. Then the line runs slightly north-west in a stright line through the same survey number for 35 chains to a point 4 chains south-west from the south-westernmost corner of Survey No. 469 where the eastern boundary of the forest meets. Then the line runs north-west through Survey No. 428 for 26 chains till it meets a point about 5 chains north-east corner of Survey No. 420. Then the line runs north in a straight line through Survey No. 285 for 59 chains till it meets a point 13 chains north-east from the north-east corner of Survey No. 253. Then the line runs west through Survey 285 in a straight line for 55 chains and meets the starting point on the common boundary of Hanagal and Kudur villages.

Remarks.

I. The following rights of way are admitted in the block for men and cattle throughout the year:—

1. Cart-track from Sasigoli to Kudarur and on to Marakattu, the tract is 15 feet wide and passes through Survey Nos. 428 and 304.
2. Foot-path for men and cattle 6 feet wide from Sasigoli to Bichchugolu. This foot-path passes through Survey No. 428.
3. Foot-path for men and cattle 6 feet wide from Baganamane to Hillodi. This foot-path passes through Survey No. 502.
4. Foot-path for men and cattle 8 feet wide from Kaligal to Wudikesara.

The following shall be treated as enclosure—Survey Nos. 497, 498, 499 and 500 and 501 assessed waste.

II. The following concessions are conceded with the block and free permits to be granted by the Range Officer.—

1. Free grazing of their own cattle.

Bullocks	...	...	364
Cows and calves	...	...	538
Buffaloes	...	...	195
Sheep	...	...	42

2. Fuel for domestic use and for areca and jaggery boiling. Twenty-five cart-loads of firewood per family per year.

3. Junglewood poles and maragalas for constructing cattle sheds and dwelling houses—5 cart-loads per family per year.

4. Timber for making agricultural implements—Materials required for 6 ploughs per family per year.

5. Rattan (cane) for agricultural works and house construction including cattle sheds—15 head-loads per family per year.

6. Karada grass—for thatching sheds—25 cart-loads per family per year.

7. Dodasalu palm leaves—for brooms—2 head-loads per family per year.

Schedule II.

District	Taluk	Name of block	Approximate area in acres	Situation
Shimoga	Sagar	Kudarur Block No. II	8,992 acres and 1 gunta or 6·23 square miles.	...

Boundaries.

North.—Starting from the north-east corner of Survey No. 42 of Kudarur, the line runs north-east for a distance of 15 chains along the western boundary of Survey No. 40 of the same village and meets the trijunction bhands of Survey Nos. 77 and 40 then the line runs south-east through Survey No. 77 for 25 chains and meets on the eastern boundary of Survey No. 77, the trijunction bhands of Kudarur, Kumari and Brahmanavada Keppinge villages, then the line runs south-east through Survey No. 38 of Brahmanavada Keppinge for 20 chains to a point 13 chains north-east from the trijunction bandhs of Kudarur, Chimale and Brahmanavada Keppinge villages on the western boundary of Survey No. 80 of the same village; then the line runs north-east through Survey No. 38 for 28 chains and meets the north-west corner of Survey No. 80 which is 5 chains north-west from the north-west corner of Survey No. 49 of Brahmanavada-Keppinge; then the line runs in the southerly and south-east directions along the eastern boundary of Survey No. 38 for 38 chains till it meets the south-east corner of the same survey number; thence south-east for 7 chains through Survey No. 80 and meets in the southern boundary of Survey No. 80, the trijunction bhands of 80 and 93 of Brahmanavada-Keppinge and 222 of Chimale; then south-east along the common boundary of Chimale and Brahmanavada-Keppinge towards eastern side of Survey No. 222 of Chimale for 43 chains till it meets on the same boundary the trijunction bhands of Survey No. 110 of Brahmanavada-Keppinge 222 of Chimale. Then in the same direction through Survey No. 22 of Chimale for 16 chains until it meets the high road from Cogar to Sagar at a point 5 chains north-west from the south-west corner of Survey No. 240; thence again south-east in a straight line through Survey No. 222 for 50 chains to the north-west corner of Survey No. 43, then south for 19 chains along the western boundaries of Survey Nos. 43, 20, 21 and 22 to the north-west corner of Survey No. 48; then again south for 16 chains along the western boundary of Survey No. 48 to its south-west corner; then south-east for 13 chains along the southern boundaries of Survey Nos. 48 and 49 to the north-west corner of Survey No. 50 to the south-west corner of Survey No. 52; then along the southern boundaries of Survey Nos. 52, 53 and 58 slightly in the north-east direction for 10 chains and meets the south-east corner of Survey No. 58; then north-west for a distance 16 chains till it meets the easternmost corner of Survey No. 44 and then north-east for 27½ chains in a straight line through Survey No. 43 and meets the common boundary of Chimale and Nadakiruvase villages at the south-east corner of Survey No. 14 of Chimale.

East.—Then the line runs south for 58 chains along the common boundary of Survey No. 43 of Chimale and 3 of Herakeri until it meets the north-east corner of Survey No. 59 of Chimale on the right bank of Chimale-nala; then the line runs west and south-westerly directions for 45 chains on the right bank of the river along the northern boundaries of Survey Nos. 63, 61 and 60 till it meets the north-west corner of Survey No. 60; then the line runs south for 26 chains through Survey No. 59 until it meets the north-west corner of Survey No. 81; then south-west for 18 chains through Survey No. 147 to the north-western corner of Survey No. 82; then again south-west for 7 chains through Survey No. 147 to a point on the common boundary of Survey Nos. 147 and 146; then south-east to a point one chain south from south-west corner of Survey No. 145; then south-east through Survey No. 143 for 20 chains to the southernmost corner of Survey No. 136; then again in the same direction through Survey No. 143 for 13 chains to the westernmost corner of Survey No. 128; then the line runs south-west through Survey No. 143 for 21 chains and meets a point on the common boundary of Survey Nos. 120 and 143; one chain north-west from the south-west corner of Survey No. 126; then runs west through Survey No. 120 for 15 chains and meets the north-west corner of Survey No. 123; thence south-west for 35 chains through Survey No. 120 to a point one chain north-west from the south-west corner of Survey No. 12; then the line runs slightly south-east for 9 chains through Survey No. 120 and meets the south-west corner of Survey No. 119 on the northern boundary of Survey No. 9 of Brahmanavada-Talagodu; then runs south-east for 50 chains through Survey No. 9 till it meets a point 4 chains near katte from the western corner of Survey No. 17; then slightly south-east for 26 chains through Survey No. 16 to a point on the common boundary of Brahmanavada-Talagodu and Nadagalu villages at a point 6 chains from the trijunction bhands of Brahmanavada-Talagodu Bylagi and Malur villages of South Canara District, Brahmanavada-Talagodu, Bylagi and Malur villages which meet at the south-west corner of Survey No. 16 of Brahmanavada-Talagodu.

South.—Then the line runs north-west for 46 chains along the common boundary of Brahmanavada-Talagodu and Malur villages on the west side of Survey No. 16 of Brahmanavada-Talagodu and meets on the same boundary the trijunction bhand of Survey Nos. 9 and 16 of Brahmanavada-Talagodu and 60 of Malur; then south-west for 62 chains above the common boundary of 120 and 60 of Malur on the east side of the latter Survey Number to the north-west corner of Survey No. 113; then north for 65 chains in a straight line through Survey No. 60 to a point 12 chains north-east from the northernmost corner of

Survey No. 61 ; then west in a straight line for 45 chains through Survey No. 60 to a point 11 chains north-west corner of Survey No. 83 ; then the line runs south in a straight line through Survey No. 60 and 189 for 56 chains till it meets the north-west corner of Survey No. 85 ; thence the line runs north-west in a straight line through Survey Nos. 60, 189 and 139 for 29 chains till it meets the north-east corner of Survey No. 190 ; then in the same direction for 4 chains to the north-westernmost corner of Survey No. 191 ; then the line runs west through Survey No. 193 for 25 chains and meets a point 10 chains slightly north-east from the south-east corner of Survey No. 195 of Malur.

West :—Then the line runs north through Survey Nos. 193 and 60 of Malur for 53 chains and meets a point on the common boundary of Survey Nos. 9 and 60, 10 chains north-east from the north-east corner of Survey No. 237 of the same village ; then runs north-west through Survey Nos. 9 and 59 for 33 chains to a point on the northern boundary of Survey No. 59, 10 chains north-east from its north-west corner ; then again north-west through Survey No. 9 for 18 chains to a point on the southern boundary of Survey No. 10, 11 chains north-east from the south-east corner of Survey No. 52 ; then again the same direction through Survey No. 10 for 34 chains to a point on the southern boundary of Survey No. 11, 10 chains north-east from the south-east of Survey No. 39 ; then the line runs slightly north-east through Survey No. 11 for 29 chains and meets the southernmost east corner Survey No. 36 ; thence north along the eastern boundary of Survey No. 36 for 18 chains to its north-east corner thence again north through Survey Nos. 11 and 12 for 16 chains to the corner on the western boundary of Survey No. 12 which is 3 chains east from the south-east corner of Survey No. 13 ; thence west and north along the western and eastern boundaries of Survey Nos. 12 and 13; respectively to the north-east corner of the latter survey number ; thence slightly north-west for 22 chains along the common boundary of Survey Nos. 16 and 12 towards the west side of the latter Survey No. 12 until it meets on the common boundary of Kudarur and Malur villages, the trijunction bhands of Survey Nos. 12 and 16 of Malur and 39 of Kudarur ; then the line runs north-east along the northern boundary of Survey No. 12 for 41 chains to the trijunction bhands of Kudarur, Malur and Chimale villages at the north-east corner of Survey No. 12 of Malur, then runs east along the northern boundary of Survey No. 227 of Chimale and 30 of Herasalinge, then the line runs south through Survey No. 30 for 39 chains to a point on its southern boundary 3 chains south-west from the north-west corner of Survey No. 39 of the same village ; then south-east through Survey No. 47 and 39 for 14 chains to the south-west corner of Survey No. 40 ; thence again south-east through Survey Nos. 39 and 47 for 16 chains to the south-west corner of Survey No. 46 ; then south-west through Survey Nos. 47 and 48 for 48 chains to the south-west corner of Survey No. 27 ; then south for 11 chains through Survey No. 48 to the north-west corner of Survey No. 15 ; then south-east for 29 chains through Survey Nos. 15 and 14 to a point on the northern boundary of Survey No. 10 ; 2 chains west from the south-west corner of Survey No. 13 ; then again in the same direction for 45 chains through Survey Nos. 10 and 8 to the south-west corner of Survey No. 6 ; then along the southern boundary of Survey No. 6 to its south-east corner ; then runs north for 16 chains through Survey Nos. 8 and 7 till it meets the south-east corner of Survey No. 5 ; then the line after running north-west along the eastern boundary of Survey No. 5 for 4 chains runs in the same direction through Survey Nos. 7, 4 and 3 for 35 chains and meets the south-east corner of Survey No. 2, then north along eastern boundary of Survey No. 2 to its north-eastern corner, thence in the same direction for 16 chains through survey number to its north-eastern corner on the common boundary of Heggasaru and Herasalinge villages ; then the line runs south-east through Survey No. 13 of Heggasaru for 27 chains and meets the southernmost eastern corner of Survey No. 12 ; thence east through Survey No. 13 for 20 chains to the quadrijunction bhands of Survey Nos. 1 and 13 of Heggasaru and 146 and 147 of Chimale on the common boundary of Chimale and Heggasaru villages, thence runs north along the said common boundary for 5 chains ; thence north-west through Survey No. 1 of Heggasaru for 46 chains to a point on the northern boundary of Survey No. 1, 5 chains north-east from the north-west corner of Survey No. 1 of Heggasaru ; then the line runs north for 4 chains through Survey No. 143 and meets the Halla on the western boundary of the same number at a point 4 chains from south-west corner of the same No. 148 ; then the line runs north, north-west, east, again north-west and south-east along the said Halla through Survey No. 148 for 22 chains until it meets the south-west corner of Survey No 219 ; then south-east for 36 chains through Survey No. 148 the south-west corner of Survey No. 150 ; then east through Survey No. 148 for 22 chains to a point on the southern boundary of Survey No. 59, 2 chains south-east from the south-east corner of Survey No. 183 ; then runs north for 35 chains through Survey Nos. 59 and 218 and crossing the Halla meets a point on its left bank which is 3 chains north-east from the north-east corner of Survey No. 179 ; then the line after running south-west for 2 chains along the said Halla runs north-west and west for 36 chains through Survey No. 218 until it meets the south-east corner of Survey

No. 210, then runs west for 12 chains through Survey No. 218 till it meets north-east corner of Survey No. 214; then north-west for 9 chains until it meets the north-east corner of Survey No. 217, thence west through Survey Nos. 218 and 222 for 22 chains to the north-east corner of Survey No. 221, then along the northern boundary of Survey No. 221 to its north-west corner. then south-west through Survey No. 222 of Chimale and 30 of Herasalinge villages for 30 chains to the trijunction bhands of 43, 44 and 30 of Herasalinge on the eastern boundary of Survey No. 30 of the same village; thence the line runs north through Survey No. 30 of Herasalinge and 222 of Chimale for 43 chains to the north-east corner of Survey No. 238 · then the line runs in a north westerly direction along the northern boundary of Survey No 238 to its north-west corner. Then in the same direction through Survey No. 222 for 2 chains and meets the high road from Kogar to Sagar. Thence the line runs in westerly direction along the said high road for about 65 chains through Survey No. 222 until it meets the Halla; then the line runs north-west through Survey No. 222 of Chimale and 39, 77 and 40 of Kudarur in a straight line for 105 chains and meets the north-east corner of Survey No. 42 of Kudarur, the starting point :—

Remarks.

The following rights of way are admitted in the block throughout the year.—

(1) Cart-track for men and cattle, 15 feet wide from Karur to Herakere. It runs through Survey No. 43 of Chimale village.

(2) Cart-track for men and cattle from Chimale hamlet to the high road. It is 15 feet wide and runs through Survey Nos. 218 and 222 of Chimale village.

(3) Cart-track for men and cattle from Ivalli to Heggasaru. It is 15 feet wide and runs through Survey No. 148 of Chimale and 1 and 13 of Heggasaru.

(4) Foot-path for men and cattle 6 feet wide from Chimale hamlet to Ivalli hamlet runs through Survey No. 218 of Chimale and continues to Kirethodi through Survey Nos. 148 and 147 of Chimale village.

(5) Foot-path for men and cattle 6 feet wide from Kirethodi to Talagodu it runs through Survey Nos. 146 and 120 of Chimale village.

The following concessions are conceded in the block to the raiyats of the village Managode Hesaralige, Brahmanavada, Thalegodu-Heggasaru and Chimale throughout the year. Mafi permits to be issued by the Range Forest Officer :—

(1) Free grazing of their cattle—

Bullocks	...	...	... 291
Cows and calves	...	...	... 525
Buffaloes	...	...	... 162
Sheep	...	..	... 19
		Total	... 997

(2) Fuel for domestic use and for arecanut and jaggery boiling 25 cart-loads of firewood per family per year.

(3) Junglewood poles and maragalas for constructing cattle-sheds and dwelling houses—5 cart-loads per family per year.

(4) Timber for making agricultural implements-materials required for making 6 ploughs per family per year.

(5) Rattan (cane) for agricultural works and house construction including cattle sheds—15 head-loads per family per year.

(6) Karada grass—for thatching sheds—25 cart-loads per family per year.

(7) Dodasalu palm leaves for brooms—2 head-loads per family per year.

STATEMENT B.—Register of claims to lands, rights to forest produce or easements in the proposed State Forest Kudarur Block No. I, Sagar Taluk.

Serial Number	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision if any of court of final appeal and settlement	Remarks

				ADAGALALE.				
1	Chenduvalli Devappa Gowda, Patel, Adagalale S. Vamana Rao, Shanbhogue.		State that if the demarcation lines close to cultivated lands in Magodu, Javali, Adagalale as now proposed they will have no lands left for bringing leaves for manure or fuel. They therefore pray that the line be removed so as to exclude a fair portion of Survey Nos. 92, 95, 45, 93 and 96.	Long possession and enjoyment.	The Forest Sub-Division Officer who is present agrees.	On the eastern boundary of Adagalale Village, the demarcation line will be shifted to a point 15 chains to the south of the north-east corner of Survey No. 93. From there the line will run due west for a distance of 102 chains through Survey Nos. 93, 92, 94 and 96 till it meets the western boundary of Survey No. 96 at a point 18 chains north-west from the north-west corner of Survey No. 93.	...	...
2	Do		They state similarly that if the line will run through their village to the north as now proposed, the raiyats of Javali, Adagalale and Chenduvalli, will not have any grazing ground or forest for fuel or leaf manure and pray that Survey Nos. 44, 161, 160 and 120 be excluded and that a portion of Survey No. 48 be given back to them for their use.	Do	The Forest Sub-Division Officer agrees.	Survey Nos. 44, 161, 160 and 120 will be excluded from the proposed reservation area. The line will enter the eastern boundary of Survey No. 43 at a point 35 chains north-west from the south-east corner of the said survey number and will run north-west for a distance of 11 chains till it meets the north-east corner of Survey No. 42 and will then run along the eastern boundaries of Survey Nos. 160 and 161 till it meets the line as proposed on the bank of the Malur Halla.	...	...
3	Do		Pray that free grazing be permitted.	...	Cannot be permitted as a large area has been excluded from the proposed area.	Prayer rejected as much as 580 acres have now been ordered to be excluded from the area proposed to be reserved.	...	...
				SANKAN SHANBHOGE.				
1	Lakshmi Naranabhatta of Talenir, Venkatagiriappa of Kaligal, Mahabala Bhatta of Kanmane.	20th August 1934.	Pray that as the proposed line is too close to their cultivated lands in Kaligal and Kanmane, the line may be shifted so as to exclude Survey Nos. 32 and 49 and portions of Survey Nos. 28, 48 and 4.	Do	The Forest Sub-Division Officer agrees.	Survey Nos. 32 and 49 will be excluded from the area proposed to be reserved. From the southernmost corner of Survey No. 49, the line will run north-west for a distance of 55 chains through Survey No. 48 till it meets the western boundary of the said survey number at a point 18 chains south-west from the south-east corner of Survey No. 78. From the north-east corner of Survey No. 32 the line will run north-west through Survey No. 28 for a distance of 63 chains till it meets the southern boundary of Survey No. 6 at a point 5 chains west from the south-east corner of the said survey number and will continue in the same direction till it meets the north-east corner of Survey No. 7. Then the line will run north-west till it meets the western boundary of Survey No. 4 at a point about 29 chains south of the north-west corner of the same survey number.	...	...
2	The same persons.		They pray for the following rights in the reserved portion of Survey No. 48, as this is the only region near them where they can exercise those rights.— (1) That the inhabitants of Kaligal hamlet be permitted to graze their cattle free, and (2) That they be permitted to remove grass for thatching their houses.	Long enjoyment.	There cannot be any further exclusion from the proposed area. These rights have to be conceded.	The inhabitants of Kaligal hamlet will be permitted to graze their cattle free in the reserved area of Survey No. 48. They will also be permitted to remove from this area free, all the thatching grass that they may require.	...	...
3	Wudikesarada Devaru Bhattam, Talur Rama Bhattam.		Pray that as the proposed line runs too close to the cultivated lands in the hamlet, it may be shifted so as to run along the southern boundary of Survey No. 48.	Do	The Forest Sub-Division Officer has no objection.	This portion of the eastern boundary of the proposed line will be shifted so as to run along the southern boundary of Survey No. 48.	...	...
4	Do		Pray for the right of way through the proposed forest for people who go from Kaligal to Wudikesara.	Do	Do	This right of way is conceded. The foot-path enters the forest at a point 7 chains north-east of the southernmost corner of Survey No. 49 and leaves it at a point 10 chains west from the westernmost corner of Survey No. 44.	...	...

STATEMENT B—*contd.*

Serial Number	Name of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and the evidence produced by him	Brief abstract of the decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of the decision, if any, of court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
			MALUR.					
1	Payappa Gowda, Land Lord, Patel Lakshminaranappa, Kesavinamane Naranappa, Ramabhatta.		Pray that as the inclusion of Survey Nos. 216 and 9 deprives them of the grazing ground essential for the cattle of Melina-Malur, these numbers may be excluded from the proposed reservation.	Long enjoyment	Survey No. 216 may be excluded. But the whole of the area in Survey No. 9 proposed to be included should not be excluded as even otherwise they have enough gomal.	Survey No. 216 will be excluded from the proposed reservation. As for Survey No. 9, the line will cut the eastern boundary of Survey No. 438 of Kudarur Village at a point 25 chains south from the north-east corner of the said survey number and runs east for about 12 chains. Then it will turn north and meets the suth-west corner of Survey No. 50 on the southern bank of the Malur Halla.	...	...
			KUDARUR.					
1	S. Krishna Murthy, Shanbhog and Hurali Kollappa Gowda.	20th August 1934	Represent that the present proposal will cut off the residents of Kudarur and Sasigoli entirely from the few grazing and forest facilities that they are now enjoying because of the tree-less nature of the country, and pray that Survey Nos. 304, 308, 320 and 428 be fully excluded.	Long enjoyment	This area cannot be excluded as it involves the exclusion of the heavily wooded area in Survey No. 303. There is no objection to grant them grazing and other facilities as these hamlets are close to the tree-less area of the proposed forest.	The exclusion prayed for is not possible. The line will be shifted by half a furlong from near the South-West Corner of Survey No. 853, al-round Kudarur lands up to where the line meets the Devalikoppadahalla to the north of Survey No. 418. Then it will follow the course of the halla up to the western boundary of Survey No. 422. It will then go round the cultivated lands of Sasigoli at a distance of half a furlong al-round and will cross the stream at a point five chains east of the North-East corner of Survey No. 422. The line will again be shifted by half a furlong alround the lands of Sasigoli. The people of Kudarur and Sasigoli will be permitted to graze their cattle free in the State Forest as well as to remove fuel, soppu, Karada and thatching grass therefrom.	...	...
2	Hurali Kollappa Gowda, Balegal Kolluriah, Shanbhog Krishna Murthy.	21st August 1934	Represent that the proposed line will inconvenience the raiyats of Balagudde, Vokkodi, Arodi, and Ballodi, and pray for the exclusion of Survey Nos. 285 and 251, from the proposed reservation.	Long possession	Exclusion as prayed for cannot be permitted. The line may be shifted to the extent necessary.	From the vicinity of the North-East corner of Survey No. 422, the line will run in a North-Westerly direction for a distance of 26 chains to a point 5 chains east from the North-East corner of Survey No. 420. Then the line runes due North for about 60 chains through Survey No. 285 to a point 18 chains North-East from the North-East corner of Survey No. 253. Then it runs West through the said Survey No. for a distance of 55 chains till it meets the South-West Corner of Survey No. 251. Then it will follow the proposed line to a distance of 7 chains. Then the line will run North-East for a distance of 50 chains through Survey No. 57 to a point 14 chains North-West from the South-East corner of Survey No. 251. Then it follows the proposed line till it meets the Southern Boundary of Survey No. 239.	...	...
3	Balegal Kolluraiya, Hurali Kollappa Gowda, Kudarur Dyavappa Gowda.		Represent that the proposed line deprives them entirely of all grazing and other facilities and pray for the exclusion of the portion of Survey No. 251 to the South of Balegal, Survey No. 79 and Survey No. 89.	Long enjoyment.	Portions of Survey Nos. 251 and 79 may be excluded as they are found necessary for the use of the residents of Balegal and Kodasara. But Survey No. 89 should not be excluded.	The line will run from the Southern edge of Survey No. 239 in a North-Easterly direction for a distance of 61 chains till it meets the trijunction bondhs of Survey Nos. 251, 79 and 89. Then it will run in a South-Easterly direction for a distance of 33 chains to a point 8 chains West from the North-West corner of Survey No. 87. Then the line runs South-East for a distance of 32 chains to a point 5 chains South-West from the South-West corner of Survey No. 32. Then the line runs east through the said Survey No. 89 for a distance of 32 chains to a point 7 chains South-East from the South-East corner of Survey No. 29 at the Malur village boundary.	...	...

STATEMENT B—*concld.*

Serial Number	Name of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and the evidence produced by him	Brief abstract of the decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of the decision, if any, of court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
4	Patel Dyavappa Gowda of Kudarur.	21st August 1934	*Says that the inclusion of Survey No. 501 in the State Forest will absolutely choke the cultivators of Survey Nos. 498, 499, 500 and 501. This should therefore be released.*	Long enjoyment	The Forest Sub-Division Officer agrees as this is found necessary. Says it will also have to be treated as an enclosure as it is right in the heart of the forest.	Survey No. 501 will be excluded from the proposed reservation. This number will also be treated as an enclosure.	...	
5	Hurali Kollappa Gowda.		The proposed line near Balagal, Hurali, Hillodi and Sunagodu will deprive the inhabitants of these hamlets of all the grazing and other facilities. It is absolutely necessary that the line should be shifted so as to exclude No. 496, 472, 285 and 438 from the reservation. Otherwise they will have to abandon their hamlets.	Long possession	Survey No. 472 may be excluded. The other numbers should not be excluded. Necessary shiftings may be made.	From the limits of Malur village, the line will enter Kudarur limits, at a distance of 8 chains North-West from the North-West corner of Survey No. 19 of Malur. It will then run in a Westerly direction through Survey No. 496 for a distance of 90 chains till it meets the Eastern most corner of Survey No. 472. Then it will run along the two arms of the Survey No. on its eastern and Western sides till it meets a point 5 chains North-West from the North-Western corner of Survey No. 471. It will then run parallel to the proposed line at a distance of 5 chains from it till it reaches a point 5 chains from the South-West corner of Survey No. 469. Then it will take a South-Easterly direction and will run for a distance of 22 chains till it meets a point on the Eastern boundary of Survey No. 428 at a point 13 chains to the South of the Southern most corner of Survey No. 468. Then it will run North-East for a distance of 85 chains through Survey No. 488 till it meets a point 5 chains South-West from the Southern most point of Survey No. 462. Then the line runs South, East and North parallel to the proposed line at a distance of 5 chains from it alround till it meets the Malur Halla. Then it follows right bank of the halla till it meets the South-West corner of Malur village.	...	*The right of way for men and cattle from Ballodu to Bagammane will be conceded. Way to be 16 feet wide.

I. The following rights of way are conceded :—
1. Cart-track from Sasigoli to Kudarur and on to Marukallu. The trackt is 15 feet wide and passes through Survey Nos. 428 and 804.
2. Foot-path for men and cattle, 6 feet wide, from Sasigoli to Bichchugolu. The foot-path passes through Survey No. 429.
3. Foot-path for men and cattle, 6 feet wide from Baganemane to Hillodi. This foot-path passes through Survey No. 502.
4. Foot-path for men and cattle, 8 feet wide, from Koligal to Wudikesara.

II. The following shall be treated as an enclosure :—Survey Nos. 497, 498, 499, 500 and 501, assessed waste.

H. A. GOVINDA RAO,
Forest Sub-Division Officer,
Sagar Sub-Division.
(Camp, Hurali.) *21st August 1934.*

T. VENKATARANGAN,
Forest Settlement Officer.
21st August 1934.

The following concessions have been granted within the State Forest free of cost. Free permits to be issued by the Range Forest Officer :—
(1) Free grazing of cattle of Kudarur, Malur, Adagalale and Sankana Shanbhoga villages—Bullocks 364, Cows and Calves 588, Buffaloes 195, Sheep 42.
(2) Fuel for domestic use and for arecanut and jaggery boiling—25 cart-loads per family per year.
(3) Jungle wood poles for constructing cattle sheds and dwelling houses—five cart-loads per family per year.
(4) Timber for making agricultural implements—Materials required for 6 ploughs per family per year.
(5) Rattan for agricultural works and house construction including cattle sheds—15 head-loads per family per year.
(6) Karada grass for thatching sheds—25 cart-loads per family per year.
(7) Dadasalu palm leaves for brooms—Two head-loads per family per year.

N. VENKATARAMAIYA,
District Forest Officer,
Sagar Division.
8th May 1939.

C. RAMACHANDRA RAO,
Forest Settlement Officer.

STATEMENT B.—Register of claims to lands, rights to forest produce, or easements in the proposed State Forest Kudarur Block No. II in the Sagar Taluk.

Serial No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of the decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of court of final appeal and settlement
1	2	3	4	5	6	7	8
				MALUR.			
1	Payappa, Land Lord, Patel Lakshminaranappa.	21st August 1934	They represent that the proposed line is too close to the cultivated lands of Banasagadde and pray that it may be shifted by at least a furlong as that would give moving space for their cattle.	Long enjoyment	The Forest Sub-Division Officer is agreeable to the shifting of the line by half a furlong.	The line after it touches the north-west corner of Survey No. 113, will run due north to a distance of 63 chains to a point 10 chains north-east from the north-east corner of Survey No. 61. Then it will turn west and will run through Survey No. 60 for a distance of 45 chains to a point 13 chains north-west from the north-west corner of Survey No. 83. Then the line will run due south till it meets the south-west corner of Survey No. 84.	
2	Do		They represent that the proposed line runs too close to the cultivated lands of Heggavu and Doddamalur and pray for the line being shifted by a furlong.	Long enjoyment	The Forest Sub-Division Officer agrees as it is found that such shifting is necessary.	The line will be shifted by a furlong from the proposed line in Survey Nos. 193, 9, 59, and 10. So that it will cut the northern boundary of Survey No. 11 at a point 10 chains north-east from the north-east corner of Survey No. 89. Then the line will run in a north-easterly direction till it meets the south-east corner of Survey No. 86.	
6	Patel Laksminaranappa, Managode.		Represents that the present proposal deprives his cattle of all the grazing facilities that they had so farand he has absolutely no forest from where he can bring soppu, of fuel, or thatching grass and prays for permission to graze his cattle free and to bring fuel, soppu, and thatching grass free from the forest.	Long enjoyment	Agrees that these concessions may be shown to the residents of Managode hamlet.	To the residents of Managode, the right to graze their cattle (upto 100 in number) free in the forest, and to remove soppu, fuel and thatching grass therefrom is accorded.	
				HERASALAGI.			
1	Patel Lakshminaranappa, Papayya Gowda, Kesavinamane Naranappa.		They represent that as no shiftingof the line in their village is possible, the village being in the heart of the Forest, they may be given the necessary grazing and other facilities.	Long enjoyment	As no shifting is possible, the concessions they pray for may be granted.	The following concessions are granted to the raiyats of Herasalige in the proposed forest. The line will remain unaltered:— (1) They will be permitted to graze their cattle free in the State Forest. (2) They will be permitted to remove free from the State Forest all the fuel, soppu, karda and thatching grass that they may want.	
				BRAHMANA-TALAGODU.			
2	Patel Lakshminaranappa.		Represents that as the line cannot be shifted, the villagers may be given the right to graze their cattle in the State Forest and also to remove therefrom, the fuel, the soppu, the karada, and the thatching grass that they want.	Long enjoyment	As no shifting is possible, the concessions they pray for may be granted.	The following rights are granted to the raiyats of Brahmana-Talagodu. (1) They will be permitted to graze their cattle free in the State Forest. (2) They will be permitted to remove free from the State Forest, all the fuel, soppu, karada, and thatching grass that they may want.	
				HEGGASARA.			
1	Appannabhatta of Heggasara, and Shanbhog of Heggasara Krishnaiya.	22nd August 1934	Say that an area of 18 acres and 15 guntas in Survey No. 18 of the village is Hiduvalikan and should be excluded from reservation. That as the village is in the very heart of the area proposed to be reserved, the grazing and other facilities regarding soppu, etc., should be continued.	Long enjoyment	As no shifting of the line is possible in this village, the concessions prayed for may be granted. The area in Hiduvali out of Survey No. 18 may also be excluded.	This village is within the heart of the area proposed to be reserved. The villagers have to get into the area proposed to be reserved for their daily necessaries. The following concessions will therefor be granted to them:— (1) They will graze their cattle in the State Forest free. (2) They will be permitted to remove from the State Forest all the fuel, soppu, karada and thatching that they may want. The Hiduvalikan of 18 acres and 15 guntas will also be excluded.	

STATEMENT. B—*concld.*

Serial No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of the decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of court of final appeal and settlement
1	2	3	4	5	6	7	8
				KUDARUR.			
1	Hurali Kollappagowda.ru	21st August 1934	Prays that as the proposed line runs too close to the cultivated lands in the hamlet of Kodasara, the line may be shifted so as to give the residents of this hamlet moving space.	...	The Forest Sub-Division Officer is agreeable to shift the line to a certain extent.	The demarcation line will enter the Kudarur village limits at a point about 15 chains north-west from the south-east corner of Survey No. 59 near the road to Malur and will then run in a north-westerly direction for about 85 chains through Survey Nos. 59 and 40 till it meets the western boundary of Survey No. 40 about one chain south-east from the eastern-most corner of Survey No. 41.	
				CHIMALE.			
1	Patel Manjappa, Puttaiya, Padmaiah, Subba Rao and Appanna Bhatta.	22nd August 1934	The proposals relating to this village, they represent, cut off from the villagers of all the hamlets in the village all the facilities relating to grazing, fuel, soppu, etc., that they have been so far enjoying. It is as though they are asked not to step into their own village street from their houses they say. They pray for the exclusion of Survey Nos. 218, 43, 59, 148, 147, 146, 143, and 120 from the proposed reservation. If this is not possible, they pray that they may be granted in the State Forest all facilities relating to fuel, soppu, karada, thatching grass and grazing.	Long enjoyment	Exclusion of the survey numbers in question, though they are not of much value as a forest, is not possible, as that would divide the present proposal into two Blocks, which is not permitted under the rules. The concessions they pray for may be granted.	The proposed line in this village is a big zig-zag. The area comprises the only tract from which a major number of the hamlets of this village is having its daily agricultural needs satisfied. This area is dotted on either side by a number of hamlets which have their cultivated tracts in front and the proposed reservation area behind. Narrowing the demarcation line is not possible as at a number of points this would make the lines almost touch. The only course left open is to grant them the concessions they pray for. The following concessions are therefore granted to the residents of Chimale in the State Forest:— (1) They will graze their cattle free in the State Forest. (2) They will be permitted to remove the refrom all the soppu, karada, thatching grass and fuel that they want.	
				BRAHMANAVADA—KEPPIGE.			
1	Dugginakodlu Nagappa, Honagodu Mahabala Bhatta, Patel Subba Bhatta and Tumri Subba Rao.		State that the present proposal brings the line too close to cultivated lands in the hamlets of Dugginakodlu, Honagodu, Golagadu and Jaddinabilu and deprives them of their grazing and soppu facilities and pray for the shifting of the line so as to give them enough moving space.	Long enjoyment	The present line is too much of a zig-zag and there is no corresponding advantage. The line may be shifted as prayed for.	The line will enter the limits of Brahmana Keppige village at the trijunction bondhs of Tumri, Kudanur and Brahmana Keppige and will run along the proposed line till it meets the north-west corner of Survey No. 80. It will then run due south along the eastern boundary of Survey No. 88 till it meets the south-east corner of the said survey number; then south-east for about 8 chains till it meets the Chimale village boundary. It will then continue along the northern boundary of Survey No. 222 of Chimale village till it meets the high road about 5 chains west from the south-west corner of Survey No. 108 of Brahmana Keppige village.	

The following rights of way through the forest are permitted:—

1. Cart-track from Karur to Herekere, 15 feet wide. It runs through Survey No. 43.
2. Cart-track from Chimale hamlet to the High Road 15 feet wide runs through Survey Nos. 218 and 222.
3. Cart track from Ivalli to Heggasara, 15 feet wide runs through Survey No. 148 of Chimale and 1 and 13 of Heggasara.
4. Foot-path for men and cattle 6 feet wide from Chimale hamlet to Ivalli hamlet, runs through Survey No. 218; it continues to Kirethodi through Survey Nos. 148 and 147 of Chimale village.
5. Foot-path for men and cattle, 6 feet wide from Kerethodi to Talagodu. It runs through Survey Nos. 146 & 120 of Chimale village.

H. A. GOVINDA RAO,
Forest Sub-Division Officer,
Sagar Sub-Division.
22nd August 1934.

CAMP KARUR.

T. VENKATARANGAN,
Forest Settlement Officer,
Sagar Sub-Division.
22nd August 1934.

The following concessions have been granted within the State Forest free of cost to Managodu, Chimale, Herasalige, Heggasara, and Brahmanavada Thalgodu; free permits to be issued by the Range Forest Officer:—

(1) Free grazing of their cattle.—Bullocks 291, Cows and Calves 525, Buffaloes 162, Sheep 19.
(2) Fuel for domestic use and for arecanut and joggery boiling—25 cart loads of firewood per family per year.
(3) Junglewood poles and maragalas for constructing cattle sheds and dwelling houses.—5 cart loads per family per year.
(4) Timber for making agricultural implements, materials required for making 6 ploughs per family per year.
(5) Rattan for agricultural works and house construction including cattle sheds—15 head loads per family per year.
(6) Karada grass for thatching sheds—25 cart loads per family per year.
(7) Dadasalu palm leaves for rooms—2 head loads per family per year.

N. VENKATARAMAIYA,
District Forest Officer,
Sagar Division.

C. RAMACHANDRA RAO,
Forest Settlement Officer,
8th May 193
